The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering, for the year 1940, various kinds of lumber material, for the Department of School Buildings, for W. P. A. use, at various schools, of the kind and quality as per specifications, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 p. m. of Friday, March 15, 1940, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for the opening of proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(March 9.) *Superintendent of Construction.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING BASEBALL UNIFORMS AND SUPPLIES FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing baseball uniforms and supplies for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Baseball Uniforms and Supplies." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, March 19, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening bids. The School Committee reserves the right to reject any or all bids, and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(March 9.)

CITY OF BOSTON.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The list established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

INDUSTRIAL THERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$840 a year; the maximum salary, with maintenance, is \$1,140 a year.

The present vacancy is at the Westboro State Hospital.

Duties: Under supervision to teach patients in a State Hospital furniture making, repairing and finishing, and other related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PHYSIOTHERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,080 a year; the maximum salary, with maintenance, is \$1,320 a year.

At the present time, there are two vacancies—one at the Taunton State Hospital and one at the Worcester State Hospital.

Duties: Under immediate supervision, to administer treatment in one or more or all the various branches of physiotherapy, including remedial exercise, massage, hydrotherapy, electrotherapy and mechanotherapy, X-ray or other heat or light producing apparatus; to note and report upon the condition of patients under treatment and to perform related work as required.

Entrance Requirement: Applicants must have one year of full-time, paid, satisfactory experience as a physiotherapist.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF MACHINERY, METROPOLITAN DISTRICT COMMISSION, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: General supervision over the operation, repair, maintenance, assignments and transfers of all internal combustion equipment and apparatus in all divisions of the commission. General supervision over such stationary equipment as laundry machinery, heating and plumbing, garage equipment, pumps, compressors, irrigation systems, electrical apparatus, etc. The preparation of speci-

fications for procurement of automotive equipment of all classifications, the study of the relative desirability of equipment on which bids are submitted and the writing of recommendations on the award of contracts for the purchase of such equipment. Supervision over a system of cost accounting and performance records for all pleasure cars, trucks, tractors, road rollers, power shovels, power lawn mowers, spraying machines, air compressors, power graders and other road machinery, golf course equipment, motor sweepers, patrol wagons, ambulances, catch-basin cleaners, etc. Supervision over the selection, procurement and operation of snow-removal equipment, inspection of privately owned snow-removal equipment to determine suitability, and preparation and negotiation of contracts for the rental of such equipment. Supervision over all inspections required by state or local laws and ordinances for motor-driven equipment, boiler inspections, air-receiver inspection, etc., and the responsibility for a strict compliance to all such regulations. Assignment to other miscellaneous duties of a related nature to the foregoing as they may arise from time to time.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

SCHOOL MATRON, BOSTON SCHOOL
DEPARTMENT, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

Salary: \$22 a week.

Duties: To have charge of the health rooms. To assist the school physicians in the annual physical examinations of pupils and at such other times as may be required. To annually weigh and measure pupils, and oftener for under-nourished children. To render first aid treatment when necessary and care for ill pupils who go to the health room. To attend the physicians in daily clinics. To supervise locker and lunchrooms daily. To keep records of health room cases and of dismissals of pupils because of illness, and perform such other clerical work in connection with the health room as the head masters may request.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

REVISION OF ASSESSMENT.

The Acting Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Margaret M. Loftus, Sanborn avenue, West Roxbury, lot 58, 1938 apportionment, \$8.40, assessed October 4, 1929.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, MARCH 16, 1940.

No. 11

BOSTON'S TAX FOR 1940 TO INCREASE DESPITE ALL EFFORTS OF MAYOR TOBIN TO KEEP IT DOWN—JUMP DUE TO SNOW REMOVAL COSTS FOLLOWING RECENT STORMS, ACCEDED TO HAVE BEEN SEVEREST IN YEARS—MAYOR EXPRESSES HOPE TO STILL BE ABLE TO KEEP RATE FROM EXCESSIVE INCREASE BY TIME IT HAS BEEN DEFINITELY FIXED—MAKES ANNOUNCEMENT IN COMMUNICATION SENT TO CITY COUNCIL PRESENTING COMPARATIVE FIGURES AND ESTIMATES.

Fear has been expressed by Mayor Maurice J. Tobin that the tax rate for 1940 will be higher than that of last year, though every effort is being made to prevent such an event. The fear expressed by the Mayor was voiced in a communication sent to the City Council on Monday in which he presented a table of comparison in expenditures and receipts covering the years 1939 and 1940. This has been requested by the Council. Many of the items are only estimates, and Mayor Tobin hopes that figures may be pared before the final announcement of the tax rate for this year is made. The increase in the rate is very largely attributable to the cost of removal of snow following the recent most severe storm. In his communication to the Council Mayor Tobin writes as follows:

CITY OF BOSTON,
OFFICE OF THE MAYOR, March 11, 1940.

To the City Council.

GENTLEMEN,—In reply to your order of February 19, 1940, I submit herewith a statement of the probable expenditures and receipts of the city for the year 1940, as estimated by the financial officers of the city.

Many of the items, of course, are pure estimates and while the statement indicates a possible tax rate of \$41.50, I am hopeful I will be able, before the final announcement of the rate, to reduce it to some extent.

It should be noticed that the increases in the rate indicated by these figures is to a large extent due to the cost of snow removal, amounting to \$1,100,000, a decrease in the payment to the City from the State of \$1,200,000 and a continued decrease in real estate valuations.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

Two-Year Tax Rate Comparison.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 18, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Ponds, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

Blue Hill Avenue, Dorchester.

East side, from Abbot street to Esmond street.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

X-RAY AND LABORATORY TECHNICIAN, CAMBRIDGE HEALTH DEPARTMENT, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to residents of the State.

Requisition is for a female, but the examination is open to both males and females.

The entrance salary is \$1,020 a year and maintenance.

Duties, X-Ray Work: To take, develop and finish X-ray pictures. Applicants should be familiar with the taking of X-ray films of the chest, including stereoscopic films; radiographs of the gastrointestinal tract; with the method of taking fluoroscopic examinations; the filing of films; and such general X-ray work as may be required in a hospital.

Duties, Laboratory Work: To make blood counts, urine examinations, take measurements of vital capacity, and make tests for basal metabolism. Applicants should have a general knowledge of bacteriology.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF MEDICAL SOCIAL WORK, DEPARTMENT OF PUBLIC WELFARE, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to females only.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To assist in the formulation of policies and procedures relative to granting assistance for medical care. To review case records submitted by local agencies where a question of state policy is involved or where unusual expenditures are indicated in order to advise local agencies as to state reimbursement or plans for the medical and social needs of the individual. To review through the area offices, local practices and procedures with regard to the system for authorization of medical care. To assist in the formulation of policies and procedures in public assistance where technical advice is needed in relation to the medical social work aspects of a departmental program. To assist in the formulation of training programs for medical social workers. To develop plans for the use of public and private medical resources and facilities such as free clinics, hospitals, etc., in local communities.

Entrance Requirement: Applicants must have six (6) years within the last twelve (12) years of satisfactory, full time, paid social work experience in a public or private agency adhering to acceptable standards. Three (3) years must have been spent in performing medical social case work in a hospital, dispensary or other organized medical service. One

(1) year of the three (3) years in medical social case work must have been under supervision. Of the six (6) years experience, two (2) years must have been in the capacity of supervisor, consultant, or administrator.

Substitution of Education: Education may be substituted for experience other than supervisory or consultant experience, year for year of graduate study in a recognized school of social work, and one year undergraduate college for six months' experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 4, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Ward.

SAFETY ISLANDS, BENNINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the erection of safety islands at every intersection along Bennington street, Ward 1, from Neptune road to Orient Heights.

Very truly yours,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5, 1940:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to erect safety islands at every intersection along Bennington street, Ward 1, from Neptune road to Orient Heights."

Plans showing the locations of the proposed safety islands have already been prepared, and a project providing for the construction of these islands is being drafted, for submission to the W. P. A. authorities, for the approval of that Body.

I anticipate that the actual construction work will start some time in April.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ARCHITECTS EMPLOYED BY HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Housing Authority with reference to your order of February 10 concerning employment of architects by the Housing Authority.

The opinion of the American Institute of Architects coincides with that of the Housing Authority in the employment of architects and the inclosed communication from said Institute is forwarded for your information.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

Boston Housing Authority,
18 Oliver Street,
Boston, March 1, 1940.

William T. Doyle,
Chief Clerk, Office of the Mayor.

Dear Sir,—With further reference to the letter of this Authority under date of February 10, concerning the order passed January 15, 1940, by the City Council with respect to choice of architects for housing projects, you will find herewith a copy of a letter sent to this Authority by the Boston Society of Architects.

The letter indicates the feeling of the Society relative to the methods suggested in the City Council order.

This for your further information.

Very truly yours,
JOHN A. BREEN, Chairman.

Chapter of
The American Institute of Architects,
Boston, Mass.
February 16, 1940.

Mr. John A. Breen,
Chairman, Boston Housing Authority.

Dear Mr. Breen,—Mr. Whitmore has referred to me your letter of the 10th instant addressed to him.

I brought it before the meeting of the Executive Committee of the Boston Society of Architects which was held on the 14th instant. On the understanding that the order which you quote refers to contracts with architects for their professional services, the Committee voted that I should express to you their unanimous disapproval.

The intent of the order is contrary to the very essence of all proper relations between professional men and the public. It is further in direct conflict with recent action of the U. S. Housing Authority covering suitable fees for architects and engineers. (See U. S. H. A. 426-427, Rev. 12-1-39.) Its enactment into law would result in securing for the Boston Housing Authority the

services of those least well qualified to meet its needs and to serve the best interests of the public. In other words it would actually be uneconomical for all concerned.

Sincerely yours,
WILLIAM EMERSON, President.

Placed on file.

LIGHTING FACILITIES, BENNINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the making of a survey of the lighting facilities on Bennington street, East Boston, with a view to installing such additional lights as may be required to eliminate the hazards to pedestrians from vehicular traffic.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
February 12, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This is in reference to the following order that was passed in the City Council, January 29, 1940:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the lighting facilities on Bennington street, East Boston, with a view to installing such additional lights as may be required to eliminate the hazards to pedestrians from vehicular traffic."

Plans are being prepared, at the present time, by the Traffic Commission and this department, for the installation of 4-foot wide safety islands at all car stops on Bennington street, between Neptune road and Saratoga street, in order to provide adequate protection for patrons of the Boston Elevated Railway Company, and pedestrians who have occasion to cross this wide thoroughfare.

In connection with the installation of these safety islands, it is contemplated installing street lights on each island in order to have them, and the adjacent street area, adequately lighted. I feel that the installation of these safety islands, and the locating of at least one additional street light on each of them, will provide additional and adequate street lighting facilities and eliminate the dangerous condition now existing to pedestrians.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

INSTALLATION OF ELECTRIC STREET LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, March 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the provision for the immediate installation of electric lights on all poles now available in the City of Boston.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5:

"Whereas, Gas lighting is greatly inferior both in cost and efficiency to electric lighting; and
"Whereas, Gas lighting is subject to failure in cold weather; and

"Whereas, Many streets in the City of Boston have been in darkness during the past three weeks; therefore be it

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the immediate installation of electric lights on all poles now available in the City of Boston."

I am precluded from complying with the provisions of the above order, due to the existing contract with the Boston Consolidated Gas Company, which provides, in substance, that the City of Boston shall not, during the life of the contract, which expires on March 31, 1941, reduce the number of gas lights by more than 5 per cent of the total number in operation on the date that bids on the existing contract were opened. This date was December 26, 1935, and at that time the gas lamps in the city numbered 9,500. At the present time there are 9,382 gas lamps in service, thus allowing only 357 more to be eliminated without violating the provisions of the contract.

It is my intention, within the next six months, to replace approximately 300 existing gas lamps

with electric lights in locations where it is determined that it would be advisable and practical to do so.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

UNDERPASS, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, February 29, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the making of suitable repairs to the underpass at the foot of Greenfield road and Rector road, Ward 18, running under the New York, New Haven & Hartford Railroad, and also make repairs to the stairs leading from the street to the underpass.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make suitable repairs to the underpass at the foot of Greenfield road and Rector road, Ward 18, running under the New York, New Haven & Hartford Railroad, and also make repairs to the stairs leading from the street to the underpass."

An immediate inspection will be made of the underpass, in order to determine the extent of the repairs that it will be necessary to make to the existing structure, including the stairways. If the repairs are of a minor nature, they will be immediately made by department forces.

If, however, it is found that it will be necessary to make extensive repairs, a project for the work will be submitted to the W. P. A. authorities, for their approval. In such an event, the project will start immediately upon receipt of such approval.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRAFFIC SIGNS, NORFOLK STREET.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of February 5, 1940, concerning the making of a survey of Norfolk street, Dorchester, to determine the advisability of placing "Slow" signs, "School" signs and "Curve" signs along Norfolk street, particularly at Stanton and Crowell streets, for the purpose of eliminating, if possible, accidents such as recently caused a death in this vicinity.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Traffic Commission, February 27, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated February 5, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a survey of Norfolk street, Dorchester, to determine the advisability of placing "Slow" signs, "School" signs and "Curve" signs along Norfolk street, particularly at Stanton and Crowell streets, for the purpose of eliminating, if possible, accidents such as recently caused a death in this vicinity."

The fatal accident which recently occurred in Norfolk street cannot be considered as having been caused by any traffic hazard existent in this area. The Police Department report and the newspaper versions of the accident show that the victim, a driver of a truck, lived in the immediate vicinity and therefore knew conditions in the street, and furthermore, that the accident was caused by a mechanical failure in his vehicle which caused it to swerve completely across the street. We do not believe that any type of safety device can prevent accidents of this type.

Norfolk street is a local thoroughfare. Therefore, practically all motorists using the street are aware of conditions and potential hazards.

We do not believe that the erection of a series of warning signs would serve any useful purpose.

The records in this office show that at the intersection of Crowell street and Norfolk street no motor vehicle accidents involving personal injury occurred during the years 1936 to 1939, inclusive.

During the same period our records show that two personal injury accidents occurred in the intersection of Norfolk street and Stanton street.

Considered with comparative records throughout the city this shows that there is no serious inherent traffic hazard at either of these two locations.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

RAMP, COLUMBIA ROAD.

The following was received:

City of Boston

Office of the Mayor, March 5, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 19, 1940, concerning the construction of an overhead pedestrian ramp from the sidewalk on the Old Harbor Village side of Columbia road to the sidewalk of Columbus park, the work to be done as a W. P. A. project.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,

Public Works Department,
March 2, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 19:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct an overhead pedestrian ramp from the sidewalk on the Old Harbor Village side of Columbia road to the sidewalk of Columbus park, the work to be done as a W. P. A. project."

Plans are being prepared for the construction of a pedestrian overpass, which will be located adjacent to Old Harbor Village, as noted in the above order. After the plans have been completed, a project will be submitted to the W. P. A. authorities, for the approval of that body. Immediately upon the receipt of such approval, the actual construction work will start, which, I anticipate, will be some time in the month of May.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

UNDERPASS, BRIGHAM CIRCLE.

The following was received:

City of Boston,

Office of the Mayor, March 4, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Transit chairman relative to your order of January 29, 1940, concerning the advisability of constructing an underpass for vehicular traffic at Brigham Circle, Ward 10.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,

Transit Department, February 2, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor—I return herewith order of the City Council dated January 29, as follows:

"Ordered, That the Commissioner of Public Works and Transit Commission be requested, through his Honor the Mayor, to consider the advisability of constructing an underpass for vehicular traffic at Brigham Circle, Ward 10, from a point opposite Smith street to a point opposite Wait street."

Until such time as the street railway cars are eliminated from the surface of Huntington avenue, between the Opera House and South Huntington avenue and a widening of Huntington avenue in the vicinity of Wait street is accomplished, it would be impossible to build an underpass between Smith and Wait streets as suggested in the order.

Respectfully yours,

THOMAS F. SULLIVAN,
Chairman.

Placed on file.

TRAFFIC CONTROL, BLUE HILL AVENUE.

The following was received:

City of Boston,

Office of the Mayor, February 29, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the installation of automatic traffic control devices in conjunction with the proposed widening of Blue Hill avenue, from Seaver street to American Legion Highway, Ward 14.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,

Public Works Department,
February 12, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—This is in reference to the following order that was passed in the City Council, January 29, 1940:

"Ordered, That the Traffic Commissioner and Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the installation of automatic traffic control devices in conjunction with the proposed widening of Blue Hill avenue, from Seaver street to American Legion Highway, Ward 14."

I have taken this matter up with the Traffic Commissioner in order that this department may be informed as to the location of the intersections at which the Traffic Commission contemplates operating traffic signals, subsequent to the completion of the work necessitated by the construction of a so-called double-barrelled highway in Blue Hill avenue, between American Legion Highway and Seaver street. I have been informed that additional traffic signals will be installed at the intersection of American Legion Highway and Blue Hill avenue, and at the intersection of Glenway street and Blue Hill avenue.

It is also the intention of the Traffic Commission to effect certain changes in the traffic signals now located at Blue Hill avenue and Columbia road, and at Blue Hill avenue and Seaver street, in order to provide a proper traffic control subsequent to the completion of the project.

This department will cooperate with the Traffic Commission at the time that the street construction work is in progress, by installing any underground duct lines, or doing any other work in connection with the installation of traffic lights, at any of the intersections that the Traffic Commission contemplate installing additional lights, or making changes in the existing system of lights.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STREET SURVEY, "BELNEL VILLAGE," WARD 18.

The following was received:

City of Boston,

Office of the Mayor, March 4, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the making of a complete survey of the streets in the "Belnel Village" section of Ward 18.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,

Public Works Department,
February 12, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council, January 29, 1940:

"Ordered, That the Board of Street Commissioners and the Commissioner of Public Works be requested, through his Honor the Mayor, to make a complete survey of the streets in the 'Belnel Village' section of Ward 18, and formulate plans to have these streets accepted as public highways and laid out under the W. P. A. plan of construction."

All surveys on so-called private streets prior to their acceptance as public highways are conducted under the jurisdiction of the Board of Street Commissioners. This department has no authority to enter private streets to do any work, except to install sewerage and surface drainage facilities, and, in such cases, only after a taking has been made by the Board of Street Commissioners, providing for the installation of the necessary sewerage works.

Anticipating the acceptance, as public highways, of the streets in "Belnel Village" at sometime in the current year, a project has been submitted by this department, and approved by the W. P. A. authorities, which provides for the installation of surface drainage facilities in all of the private streets located in "Belnel Village." It is contemplated that the surface drainage project will start within the next ten days and should be completed not later than June 1. If the streets are accepted as public highways by the Board of Street Commissioners, and, it is my opinion that it would be to the best interests of all concerned to do so, I feel certain that the construction of all of them can be completed not later than November 1 of the present year.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

GAS LAMP OUTAGES.

The following was received:

City of Boston,

Office of the Mayor, March 4, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the submitting to the City Council a report of the number of gas lamp outages in the City of Boston during the past three weeks.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to submit to the City Council a report of the number of gas lamp outages in the City of Boston during the past three weeks."

During the three weeks referred to in the above order, the department received reports of 2,918 gas lamp outages. Therefore, in accordance with the provisions of the contract between the Boston Consolidated Gas Company and the City of Boston, an amount, equal to twice the rate charged by the Gas Company for the maintenance and operation of the gas lamps and the supplying of illuminating gas, was credited to the account of the city.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REBATE FROM GAS COMPANY.

The following was received:

City of Boston,

Office of the Mayor, February 29, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the request of a rebate from the Boston Consolidated Gas Company.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,

Public Works Department,
March 2, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5:

"Whereas, The City of Boston has a contract with the Boston Consolidated Gas Company providing for the lighting of approximately 9,300 gas lamps; and

"Whereas, A substantial number of gas lamps throughout the City of Boston have been unlighted during the past three weeks; therefore be it

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to request a rebate from the Boston Consolidated Gas Company."

The contract between the City of Boston and the Boston Consolidated Gas Company for the lighting of the street gas lamps provides that, for all outages, the city will be credited with an amount equal to twice the rate charged by the Gas Company; that is, if a gas lamp is out of service for one hour, a rebate, equal to the normal charge made by the Gas Company for a lamp in service for two hours, is granted.

The total amount to be credited to the city in any particular month, due to outages, is deducted from the monthly bill submitted by the Gas Company.

Rebates are always requested by the department for all outages that are reported.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRAFFIC SIGNS, WARD 18.

The following was received:

City of Boston,

Office of the Mayor, March 4, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of January 29, 1940, concerning the erection of "Stop" and "Enter" signs at the intersection of Reservation road and Business street, Ward 18, the scene of many recent accidents.

Respectfully,

WILLIAM J. GALVIN,
Acting Mayor

City of Boston,

Traffic Commission, February 27, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 29, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of erecting 'Stop' and 'Enter' signs at the intersection of Reservation road and Business street, Ward 18, the scene of many recent accidents."

The records in this office show that four motor vehicle accidents involving personal injury have occurred at this location during the four years 1936 to 1939, inclusive. Happily this record does not establish this location as a particularly dangerous area.

On December 17, 1936, we erected a "Slow" sign in Business street about 18 feet east of Reservation road.

We do not consider that conditions at this intersection warrant the erection of signs which would require all motor vehicles approaching the intersection to stop before passing through.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

EMPLOYMENT OF BOYS FOR SNOW SHOVELING.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 19, 1940, concerning the engaging of high school boys to do snow shoveling.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 19:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take immediate steps to reprimand those in his department who are responsible for engaging boys of high school age to do snow shoveling with the consequent result of depriving able-bodied men, who are of age, getting the work to which said men are entitled. Many of the men so deprived are married and fathers of families, and distressingly in need of employment. Be it emphatically requested that the said commissioner take such steps as are necessary to insure the impossibility of such intolerable unfairness again occurring."

The foremen in charges of the various districts hired the emergency workers that were engaged on snow removal work. These workers were selected in the order in which they reported for work; the only requisite being that they should be able-bodied. That, in my opinion, was the fairest way and did not discriminate against anyone. It was impossible to determine the financial status of an applicant. The age of an applicant certainly could not necessarily be considered as being a factor in determining his need of employment.

The foremen, most of whom worked to the point of exhaustion, are to be commended for the loyalty and conscientious devotion to duty that they exemplified in the work necessitated by the snowstorms of February 14 and 20.

Reprimanding them would serve no purpose except to indicate ungratefulness.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

LIGHTING CONDITIONS, WARD 14.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the making of a survey of lighting conditions in Ward 14.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of lighting conditions in Ward 14."

There is no reason why a survey should be made of lighting conditions in Ward 14 in preference to any other ward in the city. It is my opinion that the streets in that ward are lighted as adequately as those in any other district.

Aside from this point, it is impossible, due to the existing financial condition of the city, for the department to embark on any extensive program providing for additional street lights.

While none of the residential streets in the suburban districts of the city could be considered as "white ways," they are, nevertheless, lighted as adequately as are the residential streets of the cities and towns in Metropolitan Boston, and in conformity to the accepted standard of street lighting for such a type of street.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

EVACUATION DAY PARADE ROUTE.

The following was received:

City of Boston,
Office of the Mayor, February 29, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 19, 1940, concerning the inspection of all streets included in the route of the Evacuation Day Parade at the earliest possible opportunity in order that all holes may be filled and the streets cleaned prior to March 16.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 19:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inspect all streets included in the route of the Evacuation Day Parade at the earliest possible opportunity in order that all holes may be filled and the streets cleaned prior to March 16."

All streets included in the route of the Evacuation Day Parade will be cleaned and the necessary repairs made prior to the scheduled date of both the "Horribles" parade, which, I understand, is to be held on March 15, and the dress parade, which is to be held on March 16.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

"STOP" SIGNS, MILTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of January 29, 1940, concerning the installation of a "Stop" sign on Milton avenue, at the intersection of Evans street, Dorchester, Ward 17.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Traffic Commission, February 27, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 29, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a 'Stop' sign on Milton avenue at the intersection of Evans street, Dorchester, Ward 17."

The records in this office show that no motor vehicle accidents involving personal injury have occurred at the intersection of Evans street and Milton avenue during the four years 1936 to 1939, inclusive. This is an admirable record and proves conclusively that no serious potential traffic hazard exists at this location.

We do not believe that conditions in this intersection warrant the installation of "Stop" signs.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Placed on file.

YELLOW LIGHTS, AUDUBON CIRCLE.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of February 5, 1940, concerning the placing of a yellow signal light at the corner of Beacon street and Park Drive.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Traffic Commission, February 27, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated February 5, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner, through his Honor the Mayor, be directed to place a yellow signal light at the corner of Beacon street and Park Drive."

This request contemplates amending the operation of the traffic signal in the intersection of Beacon street and Park Drive (Audubon Circle) by adding an exclusive pedestrian period. It is the opinion of the engineers of this commission that the volume of vehicular traffic passing through this intersection is so great that all of the traffic signal time is required for vehicular movements.

Even as operated at present there are many times when traffic approaching this intersection is seriously delayed. We believe that the introduction of a pedestrian period, which would require that all vehicular traffic must stop during the period, would result in serious congestion and increase rather than lessen the potential hazard to pedestrians.

To substantiate the statement that the present method of operating this signal results in irksome delays to motorists is the fact that we have been importuned on many occasions to discontinue the signal completely and substitute for it a rotary movement of vehicular traffic. We have consistently refused these requests because, as is well known, a rotary concept permits continuous vehicular movements and therefore provides no safety for pedestrians.

During the past year this commission sponsored, and the Public Works Department installed, center divisional islands in Beacon street. The presence of this island has made the longest pedestrian crossing in the intersection much safer than before.

For the above reasons it is our sincere belief that the present method of operating this traffic signal is more conducive to safety than would be the case if the request in the Council order were to be granted.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

FLOODING OF RONAN PARK PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department chairman relative to your order of December 30, 1939, concerning the flooding of Ronan Park and Ceylon Street Playground.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Park Department, January 10, 1940.
William T. Doyle,
Chief Clerk Mayor's Office.

Dear Sir,—I have your memorandum of January 9, with inclosure, order from the City Council requesting the Park Department to flood Ronan Park and Ceylon Street Playground for skating purposes.

I regret to inform you that neither of these places are graded for skating. In Ronan Park, the water would percolate through the side of the hill and over the bank if we attempted to flood it. Ceylon street is built and graded towards Columbia road.

The houses on both of these places are kept open for the use of those using the playground, but there is no way in which I can provide skating in either of these places without a very large expenditure of money, which has not been provided in my budget.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

SHOWER BATHS, CLARENCE R. EDWARDS SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, March 4, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the School Department Superintendent of Construction relative to your order of January 29, 1940, concerning the arranging for the installation of shower baths at the Clarence R. Edwards School.

Respectfully,
WILLIAM J. GALVIN,
Acting Mayor.

City of Boston,
Department of School Buildings,
February 14, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I acknowledge receipt of the order from the City Council requesting installation of shower baths at the Clarence R. Edwards School. This building is an intermediate school. Under the ruling of the School Committee shower bath equipment as such is not standard equipment for intermediate schools. Until the standards are changed I cannot honor a requisition for shower baths in this building.

Very truly yours,

JAMES J. MAHAR,
Superintendent of Construction

Placed on file.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

H. F. Allen, for compensation for damage to car by city car.

The Arnold-Roberts Company, for compensation for damage to property at 78 West Second street, caused by water being shut off.

Louise M. Atkinson, for compensation for damage to car by city truck.

John J. Bach, Jr., for refund on Sunday license. Frank Balleto, to be reimbursed for judgment issued against him.

Catherine J. Burns, for compensation for injuries caused by an alleged defect at Washington and La Grange streets.

Marcia Cohen, for compensation for damage to car by city car.

Jack and Gladys Cohen, for compensation for injuries caused by fire apparatus.

Anne Collins, for compensation for injuries and damage to glasses by city employee.

Daniel D. Conway, for compensation for injuries caused by an alleged defect at 5 and 7 Gardner street.

Mrs. T. C. Corliss, for compensation for injuries caused by an alleged defect in Evans street, Dorchester.

Ellen M. Delaney, for compensation for damage to property at 137 Hamilton street, caused by snow tractor.

Jeremiah Dow, for compensation for damage to car by city truck.

Dyer & Co., Inc., for compensation for damage to property at 1483 Dorchester avenue, caused by water being shut off.

Arthur Gilman, for compensation for damage to car by city truck.

Cecilia Hanchfield, for compensation for injuries caused by an alleged defect at 60 Washington Street North.

Arnold G. Harms, for compensation for damage to car by fire truck.

Warren I. Higgins, for compensation for damage to car caused by an alleged defect at 345 Pond street.

Vera Howe, for compensation for damage to property at 8 Myrtle street, caused by broken hydrant.

Michael Kaczka, for reimbursement for judgment issued against him.

Michael Kaczka, for reimbursement for judgment issued against him.

Michael Kaczka, for reimbursement for judgment issued against him.

Michael Kaczka, for reimbursement for judgment issued against him.

Constance Tybure, for compensation for damage to car caused by an alleged defect at 60 Washington Street North.

Regina Tybure, for compensation for injuries caused by an alleged defect at 60 Washington Street North.

United States Trucking Corporation, for compensation for damage to car by city truck.

Bernard Visnick, for compensation for damage to car by city truck.

T. R. Wahlstrom, for compensation for injuries caused while shoveling snow.

Margaret Wallace, for compensation for injuries caused by an alleged defect in Tremont street.

Frank D. Washburn, Jr., for compensation for damage to car by police car.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.: Skating Club of Boston, Skating Club Rink, March 7, 8, 9, 10.

Edith E. Kelleher, Dorchester Plaza, March 31. Edith E. Kelleher, Ronan Memorial Hall, March 10.

Evacuation Committee Celebration, South Boston, Municipal Building, March 12 and 13.

Committee on Jitney Licenses.

Petition of Rapid Transit, Inc., for license to operate motor vehicles Saratoga street from Winthrop-Boston line, over Saratoga street to Bennington street, over Bennington street to Chelsea street at Day square, over Chelsea street from Day square to Sumner street at Maverick square, over Sumner street from Chelsea street at Maverick square to Bremen street, over Bremen street to Maverick street, over Maverick street to Chelsea street at Maverick square; from the intersection of Chelsea street and Sumner street at Maverick square over Sumner street to Bremen street, over Bremen street from Sumner street to Bennington street at Day square.

BORROWING CAPACITY FOR 1940.

The following was received:

City of Boston,
Board of Commissioners of Sinking Funds,
February 13, 1940.

To the City Council.

Gentlemen,—In accordance with the provisions of chapter 93, Acts of 1891, chapter 267, Special Acts of 1916, and chapter 225, Acts of 1931, it is estimated that the amount which the city will be able to borrow during the present municipal year within the debt limit established by law, is \$9,209,006.51, as per schedule annexed.

Respectfully,
Guy W. Cox,
P. A. O'CONNELL,
JOHN E. HANNIGAN,
WM. ARTHUR DUPEE,
MICHAEL H. CORCORAN,
Board of Commissioners of Sinking Funds.
CHARLES J. FOX,
City Auditor.
JAMES J. MCCARTHY,
City Treasurer.

Placed on file.

THANKS TO FEDERAL GOVERNMENT FOR SNOW ASSISTANCE.

Coun. GOTTIEB offered the following:
Whereas, In the recent snow emergency, the City of Boston received \$50,000 from the Federal Government, enabling it to better meet the severe and unusual hardships of the snowstorm; therefore be it

Resolved, That the Boston City Council express the heartfelt thanks and appreciation of the citizens of Boston to Congressman John W. McCormack and Thomas A. Flaherty for their speedy and successful efforts in obtaining this emergency relief.

Passed under suspension of the rule.

TRAFFIC SIGNS, TALBOT AND WELLES AVENUES.

Coun. WICKES offered the following:
Ordered, To have the Traffic Department survey Talbot avenue and Welles avenue, to erect "Slow" signs on Talbot avenue and Welles avenue, both sides, also "Stop" signs on Welles avenue, entering Talbot avenue on both sides.

Passed under suspension of the rule.

DISTRIBUTION OF SNOW SHOVELING JOBS TO WARDS.

Coun. CHASE offered the following:
Ordered, That his Honor the Mayor be requested to adopt the following system in order to

provide a more equitable distribution of emergency snow shoveling jobs amongst the citizens of Boston's twenty-two wards.

1. Each ward shall be assigned an equitable proportion of the total number of jobs.

2. There shall be at least one regular city worker acting as assigning officer for each ward.

3. Each applicant for a job shall produce a voter's certificate before he is assigned to work.

4. The assigning officer shall hire in accordance with the policy of "First come, first served."

Coun. CHASE—Mr. President, I have introduced that order solely because of what has transpired in the past bringing out the difficulties of the citizens of Boston in securing snow shoveling jobs. As I understand it, in some wards 1,000 to 2,000 men were put at work, while in others there were only 50 or 100. In other words, there was very far from an equitable proportion of the total number of jobs assigned to each ward. When it comes to taxation, the city assessors do not give preference to any particular ward. Taxation in Boston and elsewhere is imposed on the basis of popular equality. Everyone is taxed the same. In view of this and other serious criticisms of the way in which the snow shoveling jobs were distributed, I have introduced this order, urging the Mayor to adopt some such system as I have here suggested. I know of no better way of ascertaining, for instance, whether or not a person is eligible for such work than through the suggestion I have made, that each applicant for a job shall produce a voter's certificate before he is assigned to work. It has been called to my attention that men living outside of Boston have been given preference in snow shoveling jobs in this last snowstorm. If at that time the policy had been observed of each

applicant producing a voting certificate, there would have been no such trouble. I believe, too, as stated in my order, that the assignment of an equitable number of snow shoveling jobs to each ward and having at least one regular city worker acting as assigning officer for each ward, the men being hired in the policy of "First come, first served," is the best way of giving everyone a fair chance of going to work. I sincerely trust, therefore, Mr. President, that his Honor the Mayor will recognize the importance of adopting some such system.

The order was referred to the Executive Committee.

REMOVAL OF SNOW FROM CITY SIDEWALKS.

Coun. CHASE offered the following:

Ordered, That the Park Commissioner and division engineer of the Bridge and Ferry Division be requested, through his Honor the Mayor, to arrange for a prompt removal of the snow from all sidewalks under their jurisdiction immediately upon the termination of future snowstorms.

Coun. CHASE—Mr. President, I have received a good many complaints, not only in connection with this last snowstorm but in prior snowstorms, about city officials not clearing sidewalks under their jurisdiction. We all know there is a law to the effect that within a certain time after a snowstorm home owners must remove snow from their sidewalks, and that the police of Boston enforce that law. Nevertheless, it has been called to my attention on numerous occasions that city officials neglect to clean sidewalks under their jurisdiction. If owners and private citizens are obliged to clean their sidewalks, why in God's heaven shouldn't city officials clean sidewalks under their jurisdiction? I know of places on Westland avenue and other streets where for four or five days after a snowstorm sidewalks coming under the jurisdiction of city officials have not been cleaned, although individual home owners and private citizens are obliged to clean their sidewalks. The same is true in other sections, where many such cases have been brought to the attention of all of us. Surely the police officials should not penalize or force home owners to clean their sidewalks where city officials are not obliged to comply with the law about cleaning sidewalks coming under their jurisdiction. I hope, therefore, that his Honor the Mayor will most emphatically tell these department heads to be sure to clean sidewalks under their jurisdiction immediately on termination of future snowstorms.

The order was passed under suspension of the rules.

Coun. GOODE—Mr. President, I would like to say a few words on the first order presented by the councilor from the Back Bay.

President GALVIN—The order has been referred to the Executive Committee, and will be discussed and considered there.

Coun. GOODE—Thank you, Mr. President.

INCREASE OF SUPPLEMENTARY AID.

Coun. CAREY offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to immediately look into the matter of increasing the supplementary aid to those individuals or families who are employed in private industry at very low rates of pay and are absolutely unable to provide the bare necessities of life out of their meager earnings.

Coun. CAREY—Mr. President, we have here in the city quite a number of individuals and families who are reluctant to accept public aid in full. In other words, they are to a certain extent still engaged in private employment, but are not being paid enough to properly care for or provide the bare necessities of life for themselves and their families. I think this is a matter that should be very thoroughly gone into by the Overseers of Public Welfare, with a view to increasing the supplementary aid to such individuals or families. If such supplementary aid were increased, I am quite sure that there would be a lessened welfare allotment, due to the fact that there are many people now who do not feel that they can resort to private employment because of the fact that in doing so they are lessening their chances of obtaining welfare aid, although the low rate of pay that they are receiving in private industry is such that they are absolutely unable to provide the bare necessities of life out of their meager earnings. I believe we should encourage private employment of every individual, in so far as is possible, because such employment to a certain extent helps to relieve our welfare load. But certainly the very meager amounts that many of those who are trying to piece out with private employment receive is not sufficient to take care of their families, and therefore they should be given sufficient supplementary aid to encourage them to piece out their income, in so far as they are able, through private employment. Therefore, I move the passage of this order.

The order was passed under suspension of the rule.

CASHING OF CHECKS AT CITY YARDS.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make an inquiry into, and report to the City Council, as to with what authority an armored car or any individual was permitted to cash checks of snow workers at city yards.

Coun. CAREY—Mr. President, it has come to my attention that when payment by check was being made to snow shovelers at the Highland street yard during the past week an armored car was in the vicinity cashing certain of these checks for 10 cents each, and an individual was present near the entrance to the yard who was charging 50 cents for the same privilege. We read in the newspapers of painstaking efforts on the part of the Public Works Commissioner, the yard foreman, City Treasurer McCarthy and his assistant, Mr. Swan, in an attempt to disclose any underhanded methods by individuals to get on various pay rolls during the recent heavy snowstorm. To this extent it was decided to adopt a system of paying by check, which, because of the necessity for the payee to make proper identification of himself, would undoubtedly assist in eliminating certain racketeering in the snow shoveling work. Any possible arresting of this racketeering was however seriously interfered with because of the presence of these convenient cashiers. The aims of the above-named city authorities were definitely defeated therefore and I accordingly ask that a thorough inquiry be made to ascertain what, if any, collusion was intended, and if so to bring those responsible to account.

Passed under suspension of the rule.

Coun. TAYLOR in the chair.

NAMES OF PERSONS RECEIVING SNOW BUTTONS.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to furnish the City Council with the names of the persons, other than the yard foremen, who received allotments of snow buttons for distribution in connection with recent snow removal work.

Passed under suspension of the rule.

NUMBER OF MEN WORKING ON SNOW REMOVAL.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council as to the number of men placed at work on snow removal, incident to the recent storm, in each city yard.

Passed under suspension of the rule.

PAYMENT FOR TRUCKS ON SNOW REMOVAL.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council as to whether or not trucks employed on W. P. A. projects were used in connection with recent snow removal work and were receiving pay from both the W. P. A. and the city while engaged in this work.

Passed under suspension of the rule.

SNOW SHOVELERS WORKING UNDER DIFFERENT NAMES.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council as to the identity of those persons who, according to his statement, worked on snow removal under eight or nine different names.

Coun. COFFEY—Mr. President, the reason why I introduced this order requesting this information from the Commissioner of Public Works, through his Honor the Mayor, is because the press of Boston last week carried the story that the Public Works Commissioner, after a thorough check-up, had found certain individuals who had worked on snow removal under eight or nine different names. I would like to have the commissioner, through his Honor the Mayor, make known those names.

The order was passed under suspension of the rule.

CHECKING OF SNOW SHOVELERS BY FINANCE COMMISSION.

Coun. COFFEY offered the following:

Ordered, That the Finance Commission be requested to investigate and check from the Police List all the names and addresses of men who received pay for snow removal work incident to the recent storm.

Coun. COFFEY—Mr. President, just a word on that order. The reason why I am asking the Finance Commission to investigate and check from the Police List the names and addresses of men who received pay for snow removal work incident to the recent storm, is because of a statement that has been issued by the Public Works Commissioner. He claimed, according to a statement that was published in the Boston papers last week, that there were men who improperly received pay for snow removal work in the recent storm. I know that in my own district there were cases that would bear examination, and I think we should have the names and addresses of such men. There were men who collected under three or four or eight or nine names, and I think probably the Finance Commission will find if it makes an investigation and check-up that there was in that way an over-expenditure by the city of perhaps \$60,000 or \$100,000. It would be also interesting to find out whether men who are on city pay rolls benefited. Certainly there should be an investigation and a check-up from the Police List of all the names and addresses of men who received pay for snow removal work in the recent storm, and I think such an investigation by the Finance Commission will furnish some very interesting information.

The order was passed under suspension of the rule.

COMMITTEE ON SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of March.

Report accepted; said order passed.

JURORS DRAWN.

Jurors were drawn under the law, Coun. GOTTLIEB presiding at the box in the absence of the Mayor, as follows:

Eighty-eight traverse jurors, Superior Criminal Court, to appear April 1, 1940:

Patrick Boyle, Ward 1; Warren Chase, Ward 1; Joseph E. Dolan, Ward 1; Samuel Frank, Ward 1; Benjamin F. Jewkes, Jr., Ward 1; William Francis Lawson, Ward 1; David H. Sachs, Ward 1; Wilfred J. Sweeney, Ward 1; John M. Coyne, Ward 2; John J. Farrell, Ward 2; James G. Mahoney, Ward 2; William R. Murphy, Ward 2; James F. Neville, Ward 2; James J. Brown, Ward 3; Carroll W. Walters, Ward 3; John D. Brown, Ward 4; Charles L. Douglas, Ward 4; Richard J. Burton, Ward 5; Walter T. Hall, Ward 5; George C. McDonald, Ward 5; Oscar I. Sundberg, Ward 5; Clifford H. Young, Ward 5; Frank E. Banks, Ward 6; Oscar E. Lavoie, Ward 6; John L. Lenane, Ward 6; Paul R. Johnston, Ward 7; Henry P. Mahoney, Ward 7; Mathew J. Rosemond, Ward 7; Harry J. Wilde, Ward 7; John C. Zulon, Ward 7; Walter F. Brown, Ward 8; John F. McCabe, Ward 8; Timothy O'Rielly, Jr., Ward 8; Frank B. Smedile, Ward 8; Arnold G. Andersen, Ward 9; Neil J. Blaney, Ward 9; Joseph W. Fitzgerald, Ward 9; Joseph F. Galvin, Ward 9; Harry Handler, Ward 9; William A. Singer, Ward 9; Maurice Aherne, Ward 10; Charles J. Lynch, Ward 10; Thomas J. Gavin, Ward 11; Henry F. Getz, Ward 11; Carl Schrader, Ward 11; John W. Dalton, Ward 12; James M. Gaffney, Ward 12; John C. Gentry, Ward 12; Henry Smith, Ward 12; Joseph P. Doyle, Ward 13; William E. Dudley, Ward 13; Thomas J. Hannon, Ward 13; George E. Parsons, Ward 13; Nathan R. Sohn, Ward 13; Myer H. Fox, Ward 14; Hyman A. Hurwitz, Ward 14; Abraham H. Roberts, Ward 14; Abraham Shapiro, Ward 14; Herbert E. Silk, Ward 14; James A. Donohue, Ward 15; Francis H. Gorman, Ward 15; William J. Hughes, Ward 15; John H. Lanigan, Ward 15; Francis A. Seaverns, Ward 15; Arthur H. Ward, Ward 15; Francis P. Hughes, Ward 16; James H. Northall, Ward 16; Joseph A. O'Neil, Ward 16; Edward E. Slattery, Ward 16; Daniel McGonigle, Ward 17; Alfred Minehan, Ward 17; Albert B. Card, Ward 18; John F. LeBlanc, Ward 18; Arthur F. Connolly, Ward 19; William R. Denny, Ward 19; Edward F. Gilchrist, Ward 19; Charles H. Kennedy, Ward 19; William A. Erlandson, Ward 20; Wilbur W. Johnson, Ward 20; Frank A. Metz, Ward 20; Joel R. Nichols, Ward 20; Lawrence S. Smith, Ward 20; Edward I. Kaplan, Ward 21; Alfred S. Newhall, Ward 21; Joseph W. Ratcliff, Ward 21; John J. Ackerly, Ward 22; Michael Donovan, Ward 22; Charles H. O'Donnell, Ward 22.

One hundred sixty-one traverse jurors, Superior Civil Court, April Sitting, to appear April 1, 1940:

Herbert C. Cahill, Ward 1; Albert J. Calla, Ward 1; Joseph G. Cancellari, Ward 1; Charles A. Donovan, Ward 1; Richard J. Hawes, Ward 1; William R. Jacobs, Ward 1; Edgar P. McCormick, Ward 1; William L. O'Brien, Ward 1; William G. Rich, Ward 1; John W. Seneson, Ward 1; Patrick E. Haney, Ward 2; Frank J. Melville, Ward 2; Patrick Murphy, Ward 2; John T. Riordan, Ward 2; Joseph F. Santos, Ward 2; John J. Walsh, Ward 2; Michael R. Ambrosini, Ward 3; Ralph D. B. Hill, Ward 3; John J. Kennedy, Ward 3; Meyer L. Miller, Ward 3; George Rahwan, Ward 3; Julius Rosenberg, Ward 3; Silas Silverman, Ward 3; Michael F. Waldron, Ward 3; Melvin G.

Wesley, Ward 3; John E. Boyle, Ward 4; Jeremiah F. Daley, Ward 4; Edward W. Egan, Ward 4; Julius C. W. Jones, Ward 4; Walter H. Lantz, Ward 4; Frederick J. MacRae, Ward 4; Edward O'Neil, Ward 4; Frank G. Stephens, Ward 4; Thomas W. Dalton, Ward 5; Frederick L. Good, Jr., Ward 5; Norman V. Jones, Ward 5; James L. Little, Jr., Ward 5; George A. Felch, Ward 22; Thomas Monahan, Ward 22; Edward A. Morrissey, Jr., Ward 22; Thomas A. O'Connell, Ward 22; Thomas K. Sliney, Ward 22.

CLOSING OF CITY HALL ON GOOD FRIDAY.

Coun. KELLY offered the following:
Ordered, That his Honor the Mayor be requested to close City Hall between the hours of twelve noon and 5 p. m., on Good Friday, March 22, 1940.
Passed under suspension of the rule.

NUMBER OF DAYS' WORK FOR WELFARE RECIPIENTS.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to study the advisability of limiting the maximum number of days for welfare recipients to work in any or all departments to four days in any one week in order that they may have an opportunity to seek private employment.

Coun. LINEHAN—Mr. President, this may appear like an attempt to give the boys who are working on welfare at the present time an opportunity of taking a day off, although that is not the reason for the order. It seems to me that under the present system where men work five days a week for the small amount they get from the Public Welfare Department, it has a tendency to continue them on welfare work in perpetuity; and this order is introduced in order to give them a day off, so that they can go and look for a job in

private employment. I feel that if this order is passed and it becomes the policy of the department to give one day off for this purpose, in order that the men may have an opportunity to seek private employment,—while I will agree that some will not do so,—it will afford the majority of the men on welfare the opportunity, which I feel that most of them would welcome, to go out and look for a private job and thereby be able to get off relief. I hope, therefore, that the Body will adopt the order.

The order was passed under suspension of the rule.

WARD 22 IMPROVEMENTS.

Coun. M. H. SULLIVAN offered the following:
Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to lay out and accept Adair road, Ward 22, under the W. P. A. plan of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Leicester street, Ward 22, under the W. P. A. type of construction.
Severally passed under suspension of the rule.

PRICE OF MILK.

Coun. M. H. SULLIVAN offered the following:
Whereas, The one cent per quart increase in the retail price of milk selling in the Metropolitan Boston Area militates against the best interests of Boston's poor and needy; and

Whereas, The price increase has been of special benefit to the wholesalers that constitute the "milk trust"; and

Whereas, The Massachusetts Milk Control Board will meet tomorrow, Tuesday, March 5, 1940, to discuss the advisability of rescinding this price increase; therefore, be it

Resolved, That the members of the Boston City Council go on record as favoring an immediate rescission of the milk price increase.

Passed under suspension of the rule.

TRAFFIC SIGNS, WARD 9.

Coun. D. F. SULLIVAN offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to arrange for the erection of "Slow" signs on Columbus avenue, Ward 9, between Camden street and Burke street, at the Carter Playground.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic "Stop" signs which might be operated by pedestrians at the junction of Davenport street and Columbus avenue, Ward 9.

Severally passed under suspension of the rule.

OVERCOATS FOR WELFARE DEPARTMENT.

Coun. D. F. SULLIVAN offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to turn over to the Welfare Department all discarded overcoats for the use of the recipients.

The rule was suspended and the question came on the passage of the order.

Coun. D. F. SULLIVAN—Mr. President, it has been recently brought to my attention that these discarded overcoats have been sent to the Far East. By reason of the fact that we are facing a very serious situation, because of the financial problems of our own citizens, I believe that these overcoats should be turned over to the Welfare Department for the use of the Welfare recipients.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. LYONS, for the Committee on Ordinances, submitted the following:

1. Report on ordinance (referred February 19) providing for licensing of indoor hockey or basketball games on Lord's Day as authorized by chapter 169 of Acts of 1935—recommending passage of ordinance in accompanying new draft, viz.:

An Ordinance Concerning Sunday Sports Licenses. Be it ordained by the City Council of Boston, as follows:

Section 1. Chapter one of the Ordinances of 1929, concerning professional outdoor sports on the Lord's Day, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in section one by inserting after the word "games" in the third line of said section the words "or indoor hockey or indoor basketball games."

Section 2. Chapter one of the Ordinances of 1929, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in clause four of section one thereof by inserting after the word "games" at the end of the third line thereof the words, "or indoor hockey or indoor basketball games."

Section 3. Chapter one of the Ordinances of 1929 is hereby amended in section one by striking out clauses 5, 6, 7 and 8 set forth in chapters one and two of the Ordinances of 1935, and inserting in place thereof the following:

5. The license fee for any privately owned park, field or place to be used for outdoor athletic sports on the Lord's Day for the term or any part thereof beginning March 15 and ending with October 10 in each year shall be \$1,000 where the seating capacity is 20,000 persons or more; \$500 where the seating capacity is 10,000 to 20,000 persons; and \$100 where the seating capacity is less than 10,000 persons; and for the term or any part thereof beginning October 11 and ending with March 14 the fee shall be one-half the amount set forth in the foregoing schedule in each case.

6. The license fee for any building or premises to be used for indoor hockey games or indoor basketball games on the Lord's Day for the term or any part thereof beginning September 1 and ending with the last day of February shall be \$1,000 where the seating capacity is 10,000 persons or more; \$500 where the seating capacity is 5,000 to 10,000 persons; and \$100 where the seating capacity is less than 5,000 persons; and for the term or any part thereof beginning March 1 and ending with August 31 the fee shall be one-half the amount set forth in the foregoing schedule in each case.

The report was accepted and the question came on the passage of the ordinance in the new draft.

Coun. SHATTUCK—Mr. President, I would like to have the councilor from West Roxbury (Coun. Lyons) explain briefly, if he will, what is the present ordinance, as well as the proposed change.

Coun. LYONS—Mr. President, at the present time nothing is paid to the City of Boston in the way of license fees for indoor hockey or basketball games, and nothing is paid at the Boston Garden for Sunday hockey. This proposed ordinance is to cover these indoor sports.

The ordinance was passed under suspension of the rule.

2. Report on order (referred January 29) that position of telephone operator to City Council be established at annual salary of \$1,600—that same ought to pass.

Coun. D. F. SULLIVAN—Mr. Chairman, I move that the Ordinance Committee's report be laid on the table.

The motion was lost.

Coun. SHATTUCK—Mr. Chairman, I doubt the vote and ask for a roll call.

The motion to lay on the table was lost, yeas 5, nays 14:

Yeas—Coun. Carey, Fish, Goode, Shattuck, D. F. Sullivan—5.

Nays—Coun. Coffey, Englert, Galvin, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, M. H. Sullivan, Taylor, Wickes—14.

The question came on the passage of the ordinance.

Coun. D. F. SULLIVAN—Mr. Chairman, I move reference to the Executive Committee.

The motion to refer was declared lost. Coun. SULLIVAN doubted the vote and asked for the yeas and nays.

The motion to refer to the Executive Committee was lost, yeas 7, nays 12:

Yeas—Coun. Carey, Fish, Goode, Langan, Shattuck, D. F. Sullivan, M. H. Sullivan—7.

Nays—Coun. Coffey, Englert, Galvin, Gottlieb, Hurley, Hutchinson, Linehan, Lyons, Russo, Scannell, Taylor, Wickes—12.

The question came on the passage of the ordinance.

Coun. D. F. SULLIVAN—Mr. Chairman, the Council has been in existence for a good many years and has never had any need for a switchboard up to the present time. There is no need for a switchboard. The main switchboard in City Hall is doing a very good job. At the State House, where there are 240 Representatives and 40 Senators, there is no switchboard for either body. If some of the members find a little fault with the service they receive here, I think that whatever defect there may be in the service can easily be remedied. Some of the regularly appointed switchboard operators who have been here working for the city for a number of years are not getting \$1,600 a year. This is certainly no time to create unnecessary jobs and to embarrass the Mayor by passing such an ordinance and sending it to him for signature or veto. I do not think, Mr. Chairman, that this ordinance should pass.

Coun. CAREY—Mr. President, there isn't a member of this Body who, if he desires to be honest with himself, will not agree that there is already plenty of help attached to the City Council. True it is that improvement can be made in the telephone system in use in the Council Chambers, but I certainly don't feel that an operator is necessary solely for this purpose. There is no question in my mind but that Mr. Shillue can capably handle this job. If a telephone operator's job is to be created, what is Mr. Shillue going to do? I am sure there is not sufficient other work here to warrant the continuance of his position, if we are to have a switchboard operator too. After all, there are only twenty-two members of the City Council and there is no day in the week, with the possible exception of meeting time on Monday, when anywhere near twenty-two councilors are here at any one time. I have no objection to the creation of a position that is reasonably necessary but this is positively not the case here.

Some sort of audition system can be installed to be operated by Mr. Shillue that can adequately take care of our telephone requirements and thereby save this totally unnecessary expenditure.

Coun. HUTCHINSON—Mr. Chairman, several people have told me at times that they have called up the Council Chamber and asked for me, that somebody has answered the phone and that they have waited fifteen minutes before they could get me on the telephone. And the same thing has happened with other members of the Body. Of course, it all leads to a great deal of annoyance and to telephone expense. Frequently my wife will tell me that she has called up several times before she is able to get in touch with me here in the Hall, although I have been here at the time perhaps for five hours on a steady stretch. I do think that we should have some system here with a switchboard operator, so that people can get in touch with us in a reasonable time. There are many who wish to consult us in trying to solve their problems, and there should be proper service. It seems to me that a switchboard operator will solve the problem, enabling those who wish to get in touch with members of the Council to do so at all times.

Coun. HURLEY—Mr. Chairman, I heartily agree with Councilor Hutchinson. When reference is made to telephones at the State House, I think there is no comparison between the duties of representatives there and councilors of the City of Boston here. As a matter of fact, there are a number of attendants up there at the State House whose duty it is to get in touch with Representatives or Senators, and they can usually do so with very little delay. We here in this Body, of course, are classified as errand boys for our constituents, and we are continually being appealed to by people all over the city to do things that these people are interested in having done. Personally I am glad to be classed as an errand boy, if thereby I can be of any assistance to my constituents. But the result down here is that we are appealed to at all times in an intimate way by people all over the city, and it is very important that they shall be able to get in touch with us with as little delay as possible. I think a switchboard here and a switchboard operator are very much needed things in the interests of the City of Boston, especially in the interests of the constituents of the councilors, and I believe if this system is installed it will be of great benefit to the people of our district and a great help in the conduct of the city's business.

Coun. SHATTUCK—Mr. Chairman, even if there were a switchboard installed here, it might take some time to bring the desired person to the telephone, because somebody would have to search around for him, and any councilor might at any time be in any part of the building. I might say that I served in the House of Representatives for eleven years, a body with 240 members, whose duties are much more arduous than the duties of members of this Council, and they did not have a switchboard there then and do not now. I believe that the telephone calls here are handled efficiently through the messengers of the Council and through the booths in the Council lobby. It seems to me wholly unnecessary for twenty-two members to establish another switchboard system in this Hall, which already has a switchboard. It seems to me particularly unnecessary when the Council is compared with the much larger body on the Hill, which is confronted with much more important problems and which during the time it is sitting is in continuous session. As I say, even if there were a switchboard here for the Council, somebody would have to search the building for the particular councilor who was desired, and there would be just as much delay in getting a person to the phone as there is now claimed to be. Mr. Shillue is very efficient and active and keeps the members informed when anybody desires to get in touch with them. Therefore, I am opposed to the ordinance.

Coun. COFFEY—Mr. Chairman, I believe the ordinance should pass. This is no reflection on Mr. Shillue who is here every morning at ten o'clock and stays until five in the afternoon, but, while he is very efficient and active, of course he cannot be on the spot every moment. He has other duties to perform and he has occasionally to go out to lunch. And it is difficult to get councilors here at times, with the business that the general operators of the Hall have to perform. I have myself lost a good deal of time in trying to get in touch with somebody here at the Hall. I was delayed for seven or eight minutes this morning. There is a slowness of our service here which cannot be helped under the present system. I think, therefore, we should have a system through which we can get service. We could obtain such service through an operator for the Council. As far as the State House is concerned, I am a member of the Legislature, and there have been plenty of occasions when I have lost a great deal of time up there, and when those trying to get in touch with me have lost time, although, of course, they do have a number of messengers, but there are certain necessary delays at times when you cannot leave the chamber, and so on, and when you have to get somebody to get the message and then call back. In this chamber, however, all the work is left to Mr. Shillue. Certainly our work would be very greatly facilitated and much more efficiently done if we had a switchboard here with an operator. Messages would then be taken down, and there would be much more satisfaction all around. I certainly trust that the ordinance will pass.

Coun. D. F. SULLIVAN—Mr. Chairman, I would like to ask the councilor from Dorchester (Coun. Hutchinson) who has served here for two full years in the Council if the condition he speaks of started within the last two months, and whether the necessity for creating a switchboard for the Council has only just become apparent?

Coun. HUTCHINSON—Mr. Chairman, I will say that the situation to which I have referred has existed for a long time, but in the last two years there has been so much work going on here in the Hall through the W. P. A. projects resulting in our meeting at Faneuil Hall, that it has necessarily delayed the attempts to put this present plan into effect. It has all the time been apparent, however, that something should be done and when we have now settled down here after the W. P. A. job, in our new quarters, it is clear, I think, to most of the members that the time has arrived to take the action proposed.

Coun. M. H. SULLIVAN—Mr. Chairman, the need of some such action has been apparent for a long time. I know that my constituents have had trouble in calling me, and frequently I have not received the messages. In the desire to be of service to the people of my district I brought the situation to the attention of the Superintendent of Public Buildings, and he took it into consideration, thinking that there might be something done. I certainly trust that the ordinance will be passed, and I think it is a very important one for the members of this Body.

Coun. CAREY—Mr. Chairman, the new Council of twenty-two members has been here since 1926, and for fourteen years it was never found necessary to install a switchboard operator here. True it is that very recently the services of one of the W. P. A. attachés has been used in messenger service, but I don't think a W. P. A. project permits messenger service here as a part of that project. One might think that we covered an area here of four or five square miles. We simply have four rooms and it will not take a fraction of a minute to find any member who is in or about the chamber. I certainly feel that there is no need of a switchboard operator for the Council, and I trust that the ordinance will not pass.

The question came on the passage of the ordinance, and Coun. SCANNELL asked for the yeas and nays. The clerk called the roll, and the ordinance was declared passed, yeas 13, nays 4:

Yeas—Coun. Coffey, Englert, Galvin, Gottlieb, Hurley, Hutchinson, Linehan, Lyons, Russo, Scannell, M. H. Sullivan, Taylor, Wickes—13.

Nays—Coun. Carey, Goode, Shattuck, D. F. Sullivan—4.

Later in the session Coun. D. F. SULLIVAN moved a reconsideration of the passage of the ordinance.

The motion to reconsider was declared lost. Coun. D. F. SULLIVAN doubted the vote and asked for the yeas and nays.

The motion to reconsider the passage of the ordinance was lost, yeas 5, nays 11:

Yeas—Coun. Chase, Goode, Kelly, Shattuck, D. F. Sullivan—5.

Nays—Coun. Coffey, Englert, Gottlieb, Hurley, Hutchinson, Lyons, Russo, Scannell, M. H. Sullivan, Taylor, Wickes—11.

OFFICIALS PAID BY HOUSING AUTHORITY.

Coun. SHATTUCK offered the following: Ordered, That the Boston Housing Authority be requested to submit promptly to the City Auditor in accordance with the terms of chapter 263 of the Acts of 1938 the semi-annual lists of paid officials and employees serving the Authority since its date of organization, that such lists be summarized and published by the City Auditor in the *City Record* as a supplement to past semi-annual summary tabulations, and that future lists be provided by the Boston Housing Authority in accordance with the time schedule established by chapter 263 of the Acts of 1938.

Coun. SHATTUCK—Mr. President, I have in my hand a copy of the *City Record* of March 2, on the front page of which is a tabulation of the number of paid officials and employees of the city, under the terms of chapter 263 of the Acts of 1938. That tabulation does not include the employees of the Boston Housing Authority, although it does include, for instance, the employees of the Port Authority. The employees of the Housing Authority are paid by the City of Boston, and it would seem that the same information should be given with regard to that department as other departments reported in the *City Record* of March 2. The purpose of my order is to obtain similar information in regard to the Boston Housing Authority that is furnished in regard to other departments.

Coun. HUTCHINSON—Mr. Chairman, I think the salaries of the Boston Housing Authority are paid from money given by the Federal Government and that the money given by the city does not include the salaries of the employees.

The order was passed under suspension of the rule.

MUNICIPAL GYMNASIUM, SOUTH BOSTON.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to submit

a W. P. A. project for the erection of a municipal gymnasium and recreational center in the South Boston district.

Passed under suspension of the rule.

EVACUATION DAY PARADE ROUTE.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the removal of snow from all streets along the route of the Evacuation Day parade, which is to be held on March 16.

Passed under suspension of the rule.

RECESS.

By direction of Chairman TAYLOR the Council took a recess at 3.35 p. m. The members re-assembled in the Council Chamber and were called to order by Chairman TAYLOR at 4.02 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Skating Club of Boston, Skating Club Rink, March 7, 8, 9, 10; Edith E. Kelleher, Dorchester Plaza, March 31; Edith E. Kelleher, Ronan Memorial Hall, March 10; Evacuation Committee Celebration, South Boston Municipal Building, South Boston, March 12 and 13,—recommending that leave be granted under the usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred today) regulating assignment of snow shovelers—that same ought to pass.

Report accepted; order passed.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

On motion of Coun. CAREY, the Council took from the calendar, under unfinished business, Nos. 1 and 2, viz.:

1. Action on appointment submitted by the Mayor February 19, 1940, of John Smyth, to be a Constable without authority to serve civil process and to serve without bonds.

2. Action on appointment of Dominick Di Nicola, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Russo and D. F. Sullivan. Whole number of ballots 16, yeas 15, no 1, and the appointments were confirmed.

REPAVING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement, as W. P. A. projects, the following streets in Ward 13: Victor street, Brook avenue.

Passed under suspension of the rule.

CONSTRUCTION OF WARD 16 STREETS.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct Linwood road, Ward 16, under the W. P. A. type of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct Ashmont park, Ward 16, under the W. P. A. type of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct Lombard street, Ward 16, under the W. P. A. type of construction.

Severally passed under suspension of the rule.

REGULATION OF "BEANO" GAMES.

Coun. FISH offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to inform the City Council whether or not the alleged violations of the so-called "Beano" games regulations are confined to the Dorchester district, and if not, why have the complaints been centered on that particular district.

Coun. FISH—Mr. Chairman, it is not my intention, or at least my hope, that I shall be labeled as an opponent of the Beano games. On the contrary, I strongly favor the thousands of men and women who patronize this once innocent and harmless pastime being allowed to continue to do so, at least while the gates of the horse and

dog tracks are allowed to remain open. That order speaks for itself, and I am not going into a long discussion of it. I merely introduce it at this time because tonight and for the balance of the week the closed door signs will be up on all Beano games in my district, namely, at the Old Dorchester Post, the Old Dorchester Post Auxiliary, the O'Connell Post and the Redberry Council of the Knights of Columbus. Each and every one of those games are not only sponsored by the organizations, but are operated by members of the organizations. I know that Commissioner Timilty recommended some time ago the closing down of some Beano games in Boston, and the only reason he gave to the City Censor, for whom I hold no brief, was complaints that came to him. But I don't believe the so-called alleged minor violations, if they did exist in these organizations, were sufficient reason for Mr. Timilty to recommend the abolition of all Beano. That is the information I seek in this order, and I hope it will pass.

Coun. COFFEY—Mr. Chairman, I too am heartily in accord with the councilor from Dorchester in this matter. I probably know as much about Beano as anyone in the state. I am familiar with its start in the state, largely in connection with local church organizations, and it has been taken up by some other organizations of which I am a member. As the gentleman from Dorchester says, why should anybody else be penalized for the way in which some of these games are run? I believe his order should pass, and that proper organizations should be allowed to go up as high as \$100 in prizes. As the councilor says, people can go to the horse or dog races and bet \$2 on each race, without limit, and still organizations that are not racketeering, but churches and fraternal organizations, are not allowed to give as much as \$100 in prizes at Beano games.

The order was passed under suspension of the rule.

PRIZES AT "BEANO" GAMES.

Coun. COFFEY offered the following:

Ordered, That the City Censor be requested, through his Honor the Mayor, to allow churches or *bona fide* organizations to give as much as \$100 in prizes at Beano games.

Coun. CHASE—Mr. President, if I remember correctly, and I am subject to correction, Cardinal O'Connell a few months back urged his denomination not to indulge in Beano games. I don't know of any other religious denomination or society conducting Beano games today. I do know that we have a considerable number of Beano games running in Boston through various organizations which are supposedly donating a substantial part of their profits to charity, although I personally question whether a substantial amount in some cases is being donated to charity. I do personally feel, however, that inasmuch as the City Council has no authority in the matter of granting Beano licenses and inasmuch as the matter of granting Beano licenses rests wholly with the Mayor and not with the City Council, we should not urge the City Council, through the Mayor, to increase the permissible amount for prizes at Beano games. I say this in the honest belief that most of the Beano games in Boston today are conducted by racketeers, and not by good substantial citizens of Boston. I assert this in view of the fact that I know of more than one case where people on welfare and old age assistance are playing these games to their detriment. I know of more than one case, Mr. Chairman, where the unfortunates on welfare and old age assistance have used money that should have gone to their landlords or for food, from their week's allowance, for Beano games, and I say that the majority of the citizens of Boston do not desire to put up with such a condition. I certainly feel that Cardinal O'Connell would not have given out the statement that he is reported to have given out about three months ago in regard to Beano games unless there was something wrong with them. And so I say we should not go on record as urging his Honor to do anything about enlarging Beano prizes in Boston.

Coun. COFFEY—Mr. President, in answer to the gentleman from the Back Bay I wish to make this statement. If there are racketeers in this game, they are not in my town. I went to the Legislature in the last two years and recommended that Beano be allowed to give at least \$100 in prizes. The objection to Beano is simply as it is conducted by some of the racketeers, and that, I understand, is what Cardinal O'Connell had particularly in mind, not as it is being carried on in some of the church societies and the fraternal organizations, such as the St. Vincent de Paul and other societies affiliated with the church, the Knights of Columbus and some of the other fraternal organizations. As a matter of fact, people can spend a pleasant evening which will not cost them over 75 cents or a dollar, have a good evening's entertainment, with a chance of winning reasonable prizes, and the money goes for some good purpose. Of course, it has been abused at times in the past and has had to be restricted. Where there used to be prizes as high as \$300, it got down to the point where they gave cups, saucers and spoons. But there is no reason whatever why the games should not be run on a proper basis, or why churches or *bona fide* organizations should not give as much as \$100 in prizes at Beano games. There is certainly no Beano racketeering

in my town, and the games as conducted give innocent pleasure, recreation and entertainment.

The order was referred to the Executive Committee.

Adjourned, on motion of Coun. ENGLERT, at 4.45 p. m., to meet on Monday, March 11, 1940, at 2 p. m.

CORRECTION.

In the Council meeting of February 19, 1940, in the debate on "Investigation of Issuance of Snow Buttons," on an order introduced by Coun. Coffey, on page 64, second column, at the end of the first paragraph, just before Coun. Wickes' speech, the following was accidentally omitted:

Coun. GOODE—Mr. President, I am of the opinion that the councilor from East Boston (Coun. Coffey) has an axe to grind. There was an emergency, and I think the Mayor, the Superintendent of Public Works and the district foreman made the best of a bad condition. Personally, I feel that the situation was handled in the best manner possible, under the circumstances, and I think the men responsible for doing it are to be congratulated upon doing as good a job as they did.

Coun. COFFEY—Mr. President, in answer to the councilor from Ward 18, I wish to say that I have no personal axe to grind, as far as I am concerned, but that a telephone employee and the man I have referred to, from the Mayor's office, apparently had charge of the giving out of the snow buttons in East Boston. I certainly was unable to do anything for men whom I knew needed the work. I knew a number of cases of family men who were out of employment who needed the job and who were unable to get it, one a man with seven children, who along with others was passed by, while men who were in no such great need were put at work. It certainly is high time that something should be done about this sort of thing, and in the near future, let me say in answer to the gentleman from Ward 18 (Coun. Goode), I will see that there are investigations and will do my best to correct a situation that, in my personal opinion, stinks to heaven.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

BUILDING INSPECTOR, DEPARTMENT OF PUBLIC SAFETY, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary is \$2,040 a year; the maximum salary is \$2,640 a year.

Duties: To enforce the provisions of chapter 143 of the General Laws relating to the construction, maintenance and operation of public buildings, theaters, halls, churches, schools, places of public assembly, places of public resort, factories, hotels, lodging and apartment houses, and any building containing eight or more rooms above the second floor occupied by human beings. To enforce certain provisions of chapter 143 of the General Laws relating to unsafe buildings and their condemnation in cities and towns having no building inspector. To enforce the provisions of chapter 143 relating to inspection of elevators in cities and towns having no building inspector and the provisions of law relating to the operation of motion picture machines. To examine applicants for licenses to operate motion picture machines. To be subject to detail by the commissioner at his discretion for temporary duty in the Division of State Police. To perform such other related incidental or emergency duties as may be assigned.

Entrance Requirements: In accordance with Rule 8, Class 13 (c), applicants who have not reached their twenty-fifth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have not less than four years' experience in the inspection of materials and methods of building construction or in a skilled trade involving the practical application methods of building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TELEPHONE OPERATOR, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

This examination is open to both males and females.

This examination is to establish a list for telephone operators for State service, as well as for cities and towns classified under Civil Service.

The entrance salary, with maintenance, for State service is \$480 a year; the maximum salary, with maintenance, for State service is \$900 a year. The entrance salary, without maintenance, for State service is \$840 a year; the maximum salary, without maintenance, for State service is \$1,260 a year. The entrance salaries in the various cities and towns range from \$12 to \$18 a week.

Subjects and Weights: Training and experience, 5; memory tests, 1; practical questions, 4; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

INLAND MATE (INTERMITTENT), BOSTON INSTITUTIONS DEPARTMENT, APRIL 13, 1940.

Last date for filing applications, Saturday, March 30, 1940, at 12 noon.

Salary: \$2,000 a year.

Duties: To assign passengers to the space they may occupy on board the vessel. To direct and advise the passengers in case of any emergency. To enforce proper conduct among passengers and crew. To direct the activities of the deck crew. To inspect the labels of any packages, freight, or other cargo to see whether it can be legally transported, and supervise the stowage of same. To take charge of life preservers. To launch and handle life boats. To handle and operate fire apparatus. To perform related duties assigned by the captain.

Entrance Requirements: Applicants must possess a life boat certificate, and an inland mate's license for vessels of two hundred tons or over for or including the waters of Boston Harbor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE. Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

(Continued from page 241.)

applicants for the Civilian Conservation Corps and for maintaining necessary relationships with C. C. C. enrollees in camp; to maintain liaison with other agencies cooperating in the work of the Civilian Conservation Corps; to interpret to local welfare officials nationally announced C. C. C. policies through bulletins, letters and direct field contact; to coordinate C. C. C. activities with other functions of the State Department of Public Welfare, in cooperation with other division heads and district supervisors; to conduct periodic training conferences of officials concerned with the C. C. C. selection program; to supervise a State C. C. C. headquarters staff for the handling of correspondence, the preparation of reports and the maintenance of necessary records; to conduct necessary study and research with a view to improving selection methods and techniques; and to perform related work as required.

Entrance Requirement: Applicants must have five (5) years within the last seven (7) years of satisfactory full time, paid experience in a responsible capacity in a welfare agency serving as State or local C. C. C. selecting agency; or in a public or private agency, adhering to acceptable standards, dealing with boys' work, or youth counseling, guidance and placement; or in a responsible supervisory capacity in the Civilian Conservation Corps; or a suitable combination of above-listed types of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STENOGRAPHIC SERVICE.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1;

following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 453.

The department, in connection with its Free Employment Bureau, has established a class in business training for boys and young men between the ages of sixteen and twenty-one years. A free course of instruction by a competent teacher is offered, embracing general business training and public speaking, which will better equip unemployed boys for employment.

Classes are held at the Practical Arts High School, Winthrop and Greenville streets, Division 9, every Wednesday from 7.30 to 10 p. m.

Commanding officers will issue instructions to all officers and supervisors of the Police Free Employment Bureau in their respective stations to acquaint unemployed youths with this opportunity.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 454.

Patrolmen Frank N. Reynolds and Timothy J. O'Keefe, both attached to Division 4, are commended for effective service performed on the occasion of a fire which occurred on March 4, 1940, at a South End hotel.

The commissioner is pleased to recognize and commend these officers for their prompt response and devotion to duty shown in entering the building and arousing the occupants, which may have prevented serious injury or loss of life.

It is hereby further ordered that the punishment duty imposed on Patrolman Frank N. Reynolds under General Order 442, dated February 6, 1940, remaining to be performed, be, and hereby is, remitted.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

PROCEEDINGS OF SCHOOL COMMITTEE.

Feb. 12, 1940

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:15 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

TUITION OF NON-RESIDENT PUPILS IN STATE-AIDED CLASSES

Communications were received from the Director, Division of Vocational Education, Massachusetts Department of Education, reporting that the Commissioner of Education has directed him to notify the School Committee that on the basis of information on file in that office, tuition rates are approved and effective for non-resident pupils in attendance upon the schools indicated:

Boston Trade School, \$210 per year, Jan. 2, 1940.

Trade School for Girls, \$180 per year, Jan. 2, 1940.

Placed on file.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Vocational High and Opportunity School—Alice McCarthy, trade assistant, Feb. 5, 1940.

Roslindale High School—Marguerite H. Findlen, assistant, Jan. 25, 1940.

John Cheverus District—Adeladie G. Nelson, assistant, elementary, Jan. 31, 1940.

Placed on file.

The Superintendent reported the deaths of the following-named teachers, who had been retired on pension:

Agassiz District—Clara I. Metcalf, Jan. 27, 1940.

Bigelow District—Margarette H. Price, Jan. 11, 1940.

Mary Hemenway District—Anne M. Drowne, Dec. 30, 1939.

Placed on file.

RESIGNATION

The following resignations reported by the Superintendent to take effect on the dates stated, were presented:

Dillaway District—Dorothy L. Sullivan, assistant, special class, Jan. 12, 1940.

Patrick F. Lyndon District—Catherine J. Mangan, assistant, elementary, Jan. 31, 1940.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teachers are hereby retired

on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 369 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Joseph H. Barnes Intermediate District—Mary A. G. Jones, assistant, intermediate, Jan. 16, 1940, \$600.

Dudley District—Grace L. Pomeroy, master's assistant, Feb. 5, 1940, \$600.

Passed unanimously.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the date stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by death, resignation, or retirement on pension)

Brighton High School—Alice M. Hurley, assistant, Mar. 1, 1940.

Charlestown High School—Katherine P. Gallagher, assistant, Mar. 1, 1940.

East Boston High School—Mary G. Sweeney, assistant, Mar. 1, 1940.

Girls' High School—Leonora R. Connors, assistant, Mar. 1, 1940; Ann C. Murphy, assistant, (from assistant, intermediate, William Barton Rogers Intermediate District), Mar. 1, 1940.

High School of Practical Arts—Gretchen K. Connors, assistant, Mar. 1, 1940.

Jeremiah B. Burke High School for Girls—Eileen E. O'Neill, assistant, Mar. 1, 1940.

Mechanic Arts High School—Alan Furber, junior master, Mar. 1, 1940.

Roslindale High School—Arthur J. Hartin, instructor, mechanic arts (from shop instructor, Department of Manual Arts), Mar. 1, 1940. G. Pauline Gordon, industrial instructor (from teacher of sewing, intermediate, Department of Household Science and Arts), Mar. 1, 1940.

Roxbury Memorial High School (Girls)—Dorothy M. Mutch, assistant, Mar. 1, 1940.

Trade School for Girls—Grace R. Whittaker, assistant, Mar. 1, 1940.

Abraham Lincoln District—Emmet T. Morrill, assistant, intermediate, twelfth year, Mar. 18, 1940; Harold E. Sanford, assistant, intermediate, ninth year, Mar. 1, 1940.

Francis Parkman District—Harriet L. Nee, assistant, intermediate, Mar. 1, 1940.

Donald McKay Intermediate District—Eileen R. Donovan, assistant, intermediate, Mar. 1, 1940.

Grover Cleveland Intermediate District—Pauline Miller, assistant, intermediate, Mar. 1, 1940.

Horace Mann School for the Deaf—Marion P. Doherty, assistant, Mar. 1, 1940.

John Marshall District—Helen F. Freeman, assistant, special class, Mar. 1, 1940.

John Winthrop District—Gertrude M. Kinsman, assistant, special class, Mar. 1, 1940.

Joseph H. Barnes Intermediate District—Mary V. Martin, assistant, intermediate, Mar. 1, 1940; Samuel Schlifer, assistant, intermediate, Mar. 1, 1940; Mary Crehan, assistant, intermediate, physical education, Mar. 1, 1940.

Michelangelo Intermediate District—Marie H. Michaels, assistant, intermediate, Mar. 1, 1940.

Oliver Hazard Perry District—William Fishman, assistant, intermediate, Mar. 1, 1940.

Oliver Wendell Holmes Intermediate District—Domenica M. Sturniolo, assistant, intermediate, Mar. 1, 1940.

Patrick F. Gavin Intermediate District—Concetta C. Alibrandi, Helen M. Attridge, assistants, intermediate, Mar. 1, 1940.

Patrick T. Campbell Intermediate District—Cecilia A. Dunphy, assistant, intermediate, Mar. 1, 1940.

Thomas A. Edison Intermediate District—Edward G. Halligan, assistant, intermediate, Mar. 1, 1940.

Thomas N. Hart District—Francis H. Reilly, assistant, intermediate, Mar. 1, 1940.

Washington Irving Intermediate District—A. Patricia Travers, assistant, intermediate, Mar. 1, 1940.

William Howard Taft Intermediate District—Eileen G. Hebron, assistant, intermediate, Mar. 1, 1940.

Department of Household Science and Arts—Mary J. Benson, Honora P. Crehan, Mary E. Hennessey, Margaret M. Mullen, Louise E. Wolf, teachers of sewing, elementary, Mar. 1, 1940.

Department of Manual Arts—James N. McCormick, assistant, manual training, elementary, Mar. 1, 1940.

Department of School Hygiene—Eleanor Howe, school nurse, Mar. 1, 1940.

Laid over.

(To fill vacancies caused by promotions)

Brighton High School—Joseph L. McNamara, junior master, March 1, 1940.

Mechanic Arts High School—Andrew G. Lofgren, instructor, mechanic arts (from assistant, manual training, elementary), March 1, 1940.

Patrick F. Gavin Intermediate District—Beatrice A. Sullivan, assistant, intermediate, March 1, 1940.

Solomon Lewenberg Intermediate District—Thomas G. Dolan, assistant, intermediate, March 1, 1940.

Department of Household Science and Arts—Julia C. Riordan, teacher of sewing, elementary, March 1, 1940.

Department of Manual Arts—Richard E. Dow, assistant, manual training, elementary, March 1, 1940; Walter L. Curran, assistant, manual training, elementary, sixth year, March 1, 1940.

Laid over.

(BY PROMOTION)

(To fill vacancy caused by promotion)

Department of Manual Arts—Charles D. Plumb, shop instructor (from assistant, manual training, elementary), March 1, 1940.

Laid over.

Mr. Lee: As to that appointment in the field of Latin, (Solomon Lew-

enberg Intermediate District), is that compulsory under our rules or is it a matter which may be considered by the School Committee?

Superintendent: No appointment is compulsory, but at that school there was a teacher with a full Latin program, who was promoted to sub-master in the Quincy School. This is filling the vacancy caused by his promotion.

Mr. Lee: I have no doubt as to the qualifications of this man, but if we are going to carry out some of the points in the Chairman's inaugural address in meeting the problems of the changing social order, we shall have to make some changes in the schedules. If the girls are going to take up household arts and the boys are going to take up economics, unless we lengthen the school day, some subjects will have to be discontinued to some extent. It would be a poor service to appoint this man this year only to find that he had no place in a year or two years. I think it would be better to postpone the appointment until after our budget is discussed and we know whether we are going to contemplate as much Latin as before, or whether we are going to contemplate more subjects.

Mr. Sullivan: Until such change is made I would hesitate to hold up any appointment. Of all the lists that we have had here, the Latin list has been one of the least used. I understood the Superintendent to say, and I believe myself that we have not had a Latin appointment in our system for four or five years.

I think it would be grossly unfair, while our existing rules are in force and while no serious discussion has been given to changing our present practice, to cut out such an appointment at this time.

Mr. Norton: I am inclined to think that the Superintendent fully recognizes the changes in the curriculum that are coming about and the changes in pupil numbers that are apt to occur and if he, in the light of those circumstances, recommends the appointment of a teacher in a basic classical subject, such as Latin, that we have had with us for years, I am inclined to go along with the Superintendent.

I would also like to congratulate the Superintendent in taking the appointments off the list in one-two-three order. I hope the time will never come when we will transgress that rule in a single instance. The one-two-three order on the list makes it easier for us all, and what is the fair thing to do is the best thing for everybody.

Chairman: While we recognize and will continue to recognize the changing social order, I would like to say that I understand this is a full-time Latin vacancy, and in fairness to the man who is No. 1 on the list he should be appointed. So I vote to fill this vacancy.

Mr. Sullivan: With that in mind, I move that the nomination of the Superintendent be accepted.

Chairman: And laid over under the rules?

Mr. Sullivan: Yes.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Mary V. Carty, John G. S. Carmody, Anne I. Connelly, Carmelita S. Corbett, Mary E. Davey, Catherine A. Herlihy, Rita P. Kaufman, Elizabeth M. Kelley, Dorothy A. Martin, Anne B. O'Brien, Sara C. Oginsz, Mary T. Sullivan.

Day Intermediate Schools—Virginia A. Cady, Eleanor M. Dwyer, Eva M. McLeod, Bernice J. Miller, Celestina Myrick, Bernice Rosenberg, Jennie Taitel, Morton D. Weinert.

Kindergartens—Marion G. Connolly, Lenore E. Gordon, Alice L. Humphrey, Doris Orkin, Anita Stellar, Edith Weisberg.

Boston Clerical School—Katherine M. Delaney.

Boston Trade School—Herbert Kopins, Abraham Rosenfeld.

Trade School for Girls—Anna F. McDermott, Frances A. Watson.

Vocational High and Opportunity School—Gertrude M. Ahearn, Ella E. Bryant, John W. Kelley, Mary J. Kenney.

Special Classes—M. Rita Donnelly, Sylvia Freedman, Katherine M. Lovett, Elizabeth A. McLaughlin, Ruth F. L. Prendergast.

Department of Household Science and Arts—Anna F. McDermott, Frances A. Watson, teachers of sewing.

Approved.

TEMPORARY TEACHERS

Charlestown High School—Arthur P. Maher, co-operative instructor, Jan. 12, 1940.

East Boston High School—Philip E. Wollock, instructor, mechanic arts, Jan. 19, 1940.

South Boston High School—Forrest L. Regan, instructor, mechanic arts, Jan. 17, 1940.

Boston Trade School—Stephen C. Higgins, shop instructor, Jan. 10, 1940; Paul V. Moloney, shop instructor, Jan. 22, 1940.

Vocational High and Opportunity School—George T. Horigan, shop instructor, Jan. 10, 1940; James S. Celeste, shop instructor, Jan. 16, 1940.

Department of Manual Arts—William E. Gabele, shop instructor, Dec. 12, 1939; Arthur P. Maher, assistant, manual training, intermediate, Jan. 22, 1940.

Approved.

EMERGENCY EMPLOYMENT OF TEMPORARY TEACHERS

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons is hereby authorized for emergency service on the dates indicated when no certificated person for the assignment was available:

Day High Schools—Aurelia M. Kelley, Jan. 29, 1940; Irene M. Bennett, Feb. 2, 1940.

Day Intermediate Schools—Stephen Peters, Jan. 30, 31, 1940; Bernice K. Langenfeld, Feb. 7, 1940; Louis I. Strymish, Feb. 5, 1940; John G. S. Carmody, Feb. 9, 1940 (one-half day).

Day Elementary Schools—Paul E. Partridge, Jan. 9, 10, 1940; Doris L. Corbett, Jan. 19, 22, 1940; Kathleen R. Lyons, Jan. 22, 1940 (one-half day), Jan. 23, 1940 (one-half day), Feb. 8, 9, 1940.

Speech Improvement Classes—Irene A. Hennessey, Jan. 16, 17, 19, to 23, 1940.

Department of Household Science and Arts—Anita D. Zepf, teacher of sewing, Jan. 23, 1940.

EVENING SCHOOLS

Term 1939-40

Central Evening High School—John F. Desmond, assistant, Jan. 2, 1940.

East Boston Evening Commercial High School—Charles J. Hamlin, assistant, Jan. 18, 1940 (one evening).

Michelangelo Evening School—Julia M. Clifford, assistant, Jan. 25, 1940 (one evening); John J. Fiunaro, assistant, Jan. 25 and Jan. 29, 1940 (two evenings).

Patrick F. Gavin Evening School—Loreto M. Creed, assistant, Jan. 23, 1940 (one evening).

Patrick T. Campbell Evening School—Joseph E. Hughes, assistant, Jan. 15 and Jan. 16, 1940 (two evenings); Arline D. A'Hearn, assistant, Jan. 22 to Jan. 30, 1940 (five evenings).

Roger Wolcott Evening School—Mary J. Larkin, assistant, Jan. 22 to Jan. 25, 1940 (three evenings); Paul E. O'Donnell, assistant, Jan. 29, 1940 (one evening).

Approved.

Boston Trade School (Evening Classes)—Francis J. Sullivan, assistant, Jan. 23, 1940.

Approved.

A communication was received from the Superintendent, under date of Feb. 5, 1940, reporting that subject to the approval of the School Committee, he has appointed the following-named clerical assistants for the evening school term 1939-40, to take effect as designated:

Charlestown Evening Commercial High School—Theresa B. O'Connell, Jan. 22 to Jan. 25, 1940 (three evenings).

Dorchester Evening Commercial High School—Muriel J. E. Connell, Jan. 8 to Jan. 25, 1940 (nine evenings).

Roger Wolcott Evening School—Mary A. Walsh, Jan. 15 and Jan. 29, 1940 (two evenings).

Approved.

SPECIAL ASSISTANTS

Day School for Immigrants—Mildred M. Sughrue, Jan. 17, 1940; Mildred P. Clausmeyer, Jan. 18, 1940.

Approved.

TOOLKEEPER

(New appointment)

Vocational High and Opportunity School—John W. Frazier, Jan. 16, 1940.

Approved.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1939-40

A communication was received from the Superintendent, under date of Feb. 5, 1940, reporting that subject to the approval of the School Committee, he has assigned

Joseph F. X. Doherty as Special Manager in the Department of Extended Use of the Public Schools for the term 1939-40.

Approved, Mr. Lee not voting.

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools, for the term 1939-40:

Leaders—A. Louise Frazer, Jan. 17, 1940; Marion D. Macaskill, Feb. 16, 1940; Helena C. McMahon, Feb. 14, 1940; Sarah G. Reynolds, Jan. 5, 1940.

General Helpers—John P. Callen, Warren W. French, Feb. 1, 1940.

Helpers—James F. Doherty, Jan. 20, 1940; William E. Martin, Michele F. Mazola, Jan. 24, 1940; Thomas J. McCloin, Jan. 13, 1940; Willard B. Pickett, Feb. 1, 1940.

Attendants—James F. Doherty, William E. Martin, Jan. 31, 1940.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Alice C. Haggerty, assistant, elementary, Quincy District, to the same position in the Patrick F. Lyndon District, Mar. 1, 1940.

Helen R. Jones, assistant, intermediate, Francis Parkman District, to the same position in the William Howard Taft Intermediate District, Mar. 1, 1940.

Francis M. Keady, junior master, Public Latin School, to the same position in the Roslindale High School, Mar. 1, 1940.

Alma M. Wolfe, assistant, Roxbury Memorial High School (Girls), to the same position in the Roslindale High School, Mar. 1, 1940.

Approved.

Elizabeth M. Cronin, assistant, Roxbury Evening Commercial High School, to the same position in the Dorchester Evening Commercial High School, Jan. 29 and Jan. 30, 1940 (two evenings).

William J. Cunningham, assistant, Roxbury Evening Commercial High School, to the same position in the Girls Evening Commercial High School, Jan. 16 to Jan. 22, 1940 (three evenings).

Approved.

TRANSFER OF CLERICAL ASSISTANT

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee, he has made the following transfer of a clerical assistant, to take effect Feb. 1, 1940:

Frances M. Fee, clerical assistant, full time, Bennett District to clerical assistant, Bennett and Patrick F. Lyndon Districts.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent leaves of absence were granted as follows:

Mary Hemenway District—Gertrude M. F. Treanor, assistant, elementary, Jan. 9, 1940, one day, court summons.

Patrick F. Lyndon District—Anne M. Callahan, assistant, elementary, Jan. 3, 1940, one day, court summons.

DESIGNATIONS

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1940:

Agassiz District—Eleanor P. FitzGerald, assistant, elementary, as acting master's assistant (vice Emma F. West, absent on leave), Jan. 2, 1940.

Bennett District—Florence M. Taft, assistant, elementary, as acting master's assistant (vice Frances M. Spooner, absent on leave), Jan. 29, 1940.

Hlyde District—Eve H. Feldman, assistant, elementary, as acting master's assistant (vice Laura E. Preble, absent on leave), Jan. 2, 1940.

Mary Hemenway District—Mary A. Sullivan, assistant elementary, as acting master's assistant (vice Besie M. Cosgrove, absent on leave), Jan. 2, 1940.

Longfellow District—James H. Nolan, sub-master, as acting master (vice Walter C. Winston, absent on leave), Jan. 22, 1940.

Placed on file.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that, subject to the approval of the School Committee, he has assigned Mary F. Nolan, assistant, intermediate, Patrick T. Campbell Intermediate District, to the Department of Vocational Guidance, without change of rank or salary, to take effect March 4, 1940, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

Mr. Lee: Is that the carrying out of a regular policy, or is it an emergency matter?

Superintendent: Miss Sweet was married in December, and this is merely an assignment for the rest of this school year to take Miss Sweet's place.

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee, he has assigned Grace D. Lennon, assistant, elementary, Agassiz District, to the Disciplinary Day School, without change of rank or salary, to take

effect Feb. 27, 1940, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

TEACHERS OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers for home instruction of physically handicapped children, to take effect on the dates stated:

Eunice R. Hinckley, Mary C. Manning, Loretta T. Ryan, Feb. 5, 1940; Lillian C. Cronin, Feb. 8, 1940.

Approved.

APPRENTICESHIP AND JOURNEYMAN CLASSES FOR VARIOUS TRADES

A communication was received from the Superintendent, under date of Feb. 5, 1940, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of July 17, 1939 (see p. 145), he has appointed the following-named persons to the apprenticeship and journeyman classes for various trades, to take effect on the dates stated:

William H. Glynn, instructor, Jan. 20, 1940; John A. Crotty, toolkeeper, Jan. 13, 1940.

Approved.

ESTABLISHMENT OF CLASSES FOR FUR WORKERS

On motion of the Superintendent, it was

ORDERED, That during the school year ending August 31, 1940, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct classes for fur workers in the Trade School for Girls, the cost of the instructor's salary to be covered by Federal funds administered by the Commissioner of Education and allotted by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in connection with the maintenance of the classes in the amount of fifty per cent (50%).

On motion of the Superintendent, it was

ORDERED, That for the current school year, the employment of a temporary instructor in fur work at the Trade School for Girls is hereby authorized for three days a week, compensation to be at the rate of seven dollars (\$7) per day.

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named person to the class for fur workers,

Trade School for Girls, to take effect on the date stated:

Mabel B. Skerry, temporary instructor, Jan. 30, 1940.

Approved.

ESTABLISHMENT OF CLASSES IN DISTRIBUTIVE OCCUPATIONS

On motion of the Superintendent, it was

ORDERED, That during the fiscal year ending Dec. 31, 1940, the Superintendent is hereby authorized in his discretion and in co-operation with the State Department of Education, to conduct classes in distributive occupations, the sessions of each class to be not more than four hours weekly on not more than two evenings per week, reimbursement for the cost of instructors' salaries and all other expenses in connection with the maintenance of the classes in the amount of fifty per cent (50%) to be covered by Federal funds administered by the Commissioner of Education and allotted by special distribution made by the State Department of Education to the City of Boston.

On motion of the Superintendent, it was

ORDERED, That the employment of such instructors as are necessary for the conduct of classes in distributive occupations is hereby authorized, compensation to be at the rate of five dollars (\$5) per evening session of two hours.

A communication was received from the Superintendent, under date of Feb. 12, 1940, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of even date, he has appointed the following-named persons to the classes in distributive occupations, to take effect on the dates stated:

Charles E. Barry, instructor, Jan. 24, 1940; Raymond C. Babb, Dorothea S. Taylor, instructors, Jan. 29, 1940; John Buckley, instructor, Jan. 30, 1940.

Approved.

SUBSTITUTE TEACHER COACHES

On motion of the Superintendent, it was

ORDERED, That the employment of John M. Kilroy as substitute teacher coach in the High School of Commerce is hereby authorized for one day, January 9, 1940, compensation for such service to be at the rate of six dollars (\$6) per day.

On motion of the Superintendent, it was

ORDERED, That the employment of Harold F. Stevens as substitute teacher coach in the Hyde Park High School is hereby authorized for six days, January 25, 26, 27, 29, 30 and 31, 1940, compensation for such service to be at the rate of six dollars (\$6) per day.

ATTENDANCE AT CONVENTION

On motion, it was ORDERED, That the Superintendent is hereby authorized to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at St. Louis, Mo., Feb. 22 to Mar. 1, 1940, inclusive, at an expense to the city not to exceed one hundred and fifty dollars (\$150).

On motion of the Superintendent, it was

ORDERED, That Joseph E. Lynch, Master, Hugh O'Brien District, is hereby granted leave of absence without loss of pay for the period Feb. 26 to Mar. 1, 1940, inclusive, to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at St. Louis, Mo.

W. P. A. CLASSES IN SEWING

On motion of the Superintendent, it was

ORDERED, That beginning Jan. 31, 1940, and for the remainder of the current school year, the employment of Rose E. Riley, temporary teacher in the sewing classes in the W. P. A. sewing units as a department in the Trade School for Girls, is authorized for four days a week from 8.30 A. M. to 5.30 P. M., instead of five days a week from 8.20 A. M. to 4 P. M. as previously authorized; compensation to be at the rate of six dollars and twenty-five cents (\$6.25) per day.

APPOINTMENT OF ASSISTANT NUTRITION CLASS ATTENDANT

A communication was received from the Secretary, under date of Feb. 12, 1940, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as assistant nutrition class attendant:

Eunice A. Maguire, Mary M. McMullen, Catherine M. Wallace.

Placed on file.

The Chairman stated the question was on the appointment of assistant nutrition class attendant to fill a vacancy.

On motion, Eunice A. Maguire, who stands at the head of the list, was appointed assistant nutrition class attendant, Department of School Hygiene, to take effect Feb. 13, 1940.

AMENDMENTS TO RULES

A communication was received from the Board of Superintendents, under date of Feb. 12, 1940, recommending the passage of accompanying orders to provide for the inclusion under Section 80, paragraph XXX, and Section 302, paragraph 1, of the rank of shop instructor in cooperative branches in day high schools; and the establishment of the salary of the rank.

Placed on file.

The following was offered:

ORDERED, That the Rules and Regulations are hereby amended as follows:

Section 80, paragraph XXX. Day and Evening Industrial Schools. In the second line, insert to immediately follow the word "schools"; the words—to shop instructors in cooperative branches in day high schools;—so that the paragraph shall read as follows:

XXX. Day and Evening Industrial Schools. To shop instructors and vocational assistants in day and evening trade and continuation schools; to shop instructors in cooperative branches in day high schools; to trade assistants in day and evening trade schools; to trade assistants in power machine operating in continuation schools; and to heads of departments (both shop and academic) in the Trade School for Girls.

Section 302, paragraph 1. In the eighth line, insert to immediately follow the word "instructors" the words—and shop instructors—so that the paragraph shall read as follows:

Sect. 302. 1. Teachers in Latin and day high schools shall consist of a principal, holding the rank of head master, and subordinate teachers as follows: masters, heads of departments; masters; first assistants, heads of departments; junior masters; assistants; cooperative assistants; senior instructors, mechanic arts; instructors; assistant instructors; coordinators; instructors and shop instructors in cooperative branches; industrial instructors; and industrial assistants.

Laid over.

On motion of the Superintendent, it was

ORDERED, That for the school year ending Aug. 31, 1940, the salary of the rank of shop instructor in cooperative branches in day high schools is hereby established as follows: Minimum, \$1,536; annual increment, \$96; maximum, \$2,592.

LEAVE OF ABSENCE TO SUPERVISOR OF ATTENDANCE

A communication was received from the Head Supervisor of Attendance, under date of Feb. 12, 1940, reporting that Daniel F. Sutton, supervisor of attendance, has been absent because of personal illness for the period Jan. 5 to Feb. 5, 1940, inclusive.

Placed on file.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 5, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John H. Bohan from the Pauline Agassiz Shaw to the custodianship of the Roger Wolcott School-house, Feb. 18, 1940.

John A. Callanan from the Winchell to the custodianship of the Cudworth School-house, Feb. 11, 1940.

Eugene P. Corey from the Elihu Greenwood to the custodian of the Sherwin School-house, Feb. 11, 1940.

Philip D. Doherty from the Sher-

win to the custodianship of the Julia Ward Howe School-house, Feb. 11, 1940.

Angelo Macello from the Richard C. Humphreys to the custodianship of the Hugh Roe O'Donnell School-house, Feb. 11, 1940.

John J. Timmins from the Theodore Roosevelt to the custodianship of the Grover Cleveland School-house, Feb. 11, 1940.

Thomas J. Watson from the Cyrus Alger to the custodianship of the Audubon School-house, Feb. 11, 1940.

Placed on file and the transfers approved, to take effect on the dates stated.

LEAVES OF ABSENCE

A communication was received from the Schoolhouse Custodian, under date of Feb. 12, 1940, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Frederick A. Fitzgerald, custodian, William Ellery Channing School-house, Jan. 30 to Feb. 29, 1940, inclusive.

John J. Downey, custodian, Lucretia Crocker School-house, Feb. 2 to 29, inclusive.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

ANNUAL REPORT, BOARD OF TRUSTEES OF THE PERMANENT SCHOOL PENSION FUND

The thirty-second annual report of the Board of Trustees of the Permanent School Pension Fund for the financial year ending Dec. 31, 1939, was received. The total amount appropriated for pensions during the year was \$41,000; the balance unexpended, 1938, from pension appropriation was \$3,093.72; reimbursement received from the State, \$107,396.57; total, \$151,490.29; total payments to pensioners, \$143,461.49; balance unexpended, 1939, \$8,028.80. The total fund, Dec. 31, 1939, was \$1,412,353.05. Total number of teachers drawing pensions, Dec. 31, 1938, 277; number added during the year, 26; deaths during the year, 23; number now drawing pensions, 280.

The report was accepted.

GIFT OF PICTURE TO JOHN BOYLE O'REILLY SCHOOL

Chairman: The School Committee would announce the acceptance of a gift of a portrait of John Boyle O'Reilly, bequeathed to the School Department by his daughter, the late Miss Mary Boyle O'Reilly, the portrait to be placed in the John Boyle O'Reilly School in South Boston.

The School Committee accepts the gift with full appreciation and gratitude. Appropriate ceremonies will be held when it is placed in the school.

Mr. Norton: I suggest that the grandchildren of the New Bedford fishing captain who brought John Boyle O'Reilly here to Massachusetts, after he had been a prisoner

in a penal colony in Australia, be invited to be present when that picture is received.

Mr. Lee: I would like to know whether you contemplate anything of a historical or biographical nature describing Mr. O'Reilly's life or whether that would come in the regular curriculum.

Superintendent: "The Pilgrim Fathers" is one of John Boyle O'Reilly's well-known poems and in connection with the study of that or any other poem, the poet's life is touched upon.

Mr. Lee: If we have any biographical material we should have it ready. Does it come in our history books or in our literature course? His was a very interesting life.

Superintendent: When you teach a man's poems you tell the pupils about the man and his life.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

Feb. 19, 1940.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:15 o'clock, P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

APPROPRIATIONS—LAND AND BUILDINGS

The following communication was received:

City of Boston—Department of School Buildings

February 19, 1940

Ellen M. Cronin, Secretary

Boston School Committee

15 Beacon Street

Boston, Massachusetts

My dear Miss Cronin:

Under date of February 14, 1940, you forwarded to the Board of Commissioners of School Buildings, the following proposed appropriation order:

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made.

LAND AND BUILDINGS FOR SCHOOLS	
Item 1—Administration Expenses, Salaries	\$66,403.00
Item 2—Administration Expenses, Office Expenses	5,870.00
Item 3—Rent of Hired Accommodations	3,375.00
Total	\$75,648.00

We have included in this appropriation order the balances of \$3,457.16 in the appropriations for 1939 which is in accordance with

the provisions of the 1936 Statute. It is understood that the estimates of Administration Expenses shall be spread upon the records.

At a meeting of the Board of Commissioners of School Buildings held on February 19, 1940, it was voted to report favorably on the above proposed appropriation order, all in accordance with the requirements of Chapter 351 of the Acts of 1929.

Yours very truly,

WILLIAM L. BAXTER

Chairman, Board of Commissioners of School Buildings.

Placed on file.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR LAND AND BUILDINGS 1940

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$50 on each \$1,000 of the average valuation\$771,805.47

Unexpended balances, 1939:	
a. Administration expenses, salaries	\$2,113.43
b. Administration expenses, office expenses	972.56
c. Rent of Hired Accommodations	371.17

3,457.16

Total money available.....\$775,262.63

The following was offered:

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made:

LAND AND BUILDINGS FOR SCHOOLS	
Item 1—Administration Expenses, Salaries	\$66,403.00
Item 2—Administration Expenses, Office Expenses	5,870.00
Item 3—Rent of Hired Accommodations	3,375.00
TOTAL	\$75,648.00

The above total of \$75,648.00 appropriated for land and buildings is obtained as follows:

a. From the amount available under the \$50 allowance	\$72,190.84
b. Unexpended balances for 1939:	

Administration expenses, Salaries	\$2,113.43
Administration expenses, Office Expenses	972.56
Rent of Hired Accommodations	371.17
Total	3,457.16

TOTAL

The order passed by the following vote:

YEAS—Messrs. Lee, McDevitt, Norton, Sullivan, and White—5.
NAYS—0.

The following is the detail for "Administration Expenses, Salaries and Office Expenses" in connection with Land and Buildings for Schools, as submitted by the Department of School Buildings.

The amount specified for Rent of Hired Accommodations is the amount required for the current financial year.

Total of Office Expenses

*Represents one-half of salary; remaining half charged to Alterations and Repairs.
†Represents portion charged to appropriation for Land and Buildings; remainder charged to Alterations and Repairs.

Placed on file.

Mr. Lee: On the whole question of this budget I have it in mind, and I think it has appeared from the Report of the Board of Superintendents as a future prospect, that we might have to enlarge the Boston Trade School, as we have a waiting list of 300 applicants who would like to benefit by that course of instruction if there were room in the building.

I realize that our passing this budget tonight does not preclude our bringing in an additional appropriation of money, if we later vote it.

I make the statement now for the record so that it is clear that in voting for this I still have in mind the possibility of an extension. It is not enough merely to make savings, for if we should run our schools for a total budget of \$1 per year instead of fifteen million dollars, we could not raise that dollar if our population was so poor in prosperity that we could not export Boston services to the rest of the world and exchange them for the things we need in Boston. We would not sustain ourselves here. Situated as we are, we must import our food and the raw materials for our clothing from elsewhere. And if we were importing and not exporting, as the result of merely saving, the taxpayers would not be able to pay a dollar to support the school system.

Our problem is in equipping our school children to be professional

men and women or useful workers the product of whose labor may be exported or used as a means of procuring food and clothing and other necessities, and in considering this whole economic question I want very much to have recorded the feasibility of providing for an addition to the Trade School in order for our future citizenry to carry on that degree of business in Boston and regain that prosperity without which no economy could ever meet the problem.

Mr. Norton: What can we do if we have 300 pupils unable to get into the Trade School? Can we shift some of them to other schools?

Superintendent: We have shifted some to the Vocational High and Opportunity School. We probably can shift more there.

Mr. Lee: I think we still have a shortage of accommodations for those who want trade training. If there are 300 who, knowing the doors are pretty much closed, would like to apply, there might be a thousand or two thousand who would apply if they knew there was the opportunity. This is not mentioning the adults who would like to use it in the evening. With the Evening Opportunity School, we would not need to enlarge our building. Letting a man who is out of work equip himself for some trade is the best means of recapturing prosperity.

I have an item in those estimates which the Board of Apportionment will bring in, to include the reopening of the Evening Opportunity School, which was held in the Trade School.

APPROPRIATIONS—ALTERATIONS AND REPAIRS

The following communication was received:

City of Boston—Department of School Buildings

February 19, 1940.

Ellen M. Cronin, Secretary
Boston School Committee,
15 Beacon Street,
Boston, Massachusetts.

My dear Miss Cronin:

Under date of February 14, 1940, you forwarded to the Board of Commissioners of School Buildings, the following proposed appropriation order.

REPAIRS AND ALTERATIONS OF SCHOOLS

ORDERED, That to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards" for the fiscal year 1940, based on the accompanying detailed estimates, the following amounts are hereby appropriated for the purposes indicated below:

A. Administration Expenses, Salaries	\$134,383.00
B. Administration Expenses, Office Expenses and other items	26,950.00
C. Alterations, furniture and equipment for special educational needs	30,000.00
D. Tools, materials and trucking in connection with the W. P. A. program	240,000.00
E. General alterations and repairs	329,000.00

Grand Total for Alteration and Repair of School Buildings

We are including in this appropriation order the balances in the appropriation of 1939 which is in accordance with the provisions of the 1936 Statute.

It is understood that the estimated costs for general alterations and repairs shall be spread upon the records of the School Committee. We note the detail of Item C, alterations, furniture and equipment for special educational needs; which we understand is not to be spread upon the records.

Included in this communication are the following comments which the Board of Commissioners desire to make at this time. We respectfully call your attention to the unexpended balances from Alterations and Repairs Appropriation for the financial year 1939 as follows:

Item A	\$11,339.36
Item B	44.88
Item C	10,208.37
Item D	4,695.70
Item E	25,398.84
Total	\$51,687.15

Our Board respectfully calls attention to:

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$.85 on each \$1,000 of the average valuation

Unexpended balance, 1939

Total money available

Whereas, the total of \$760,333.00 appropriated for alteration and repair of school buildings, etc., for the financial year 1940, is obtained as follows:

From the amount available under the \$.85 allowance

Unexpended balance, 1939

Total

In approving the order referred to above, our Board desires to make the following comment:

We are asking for a total amount of \$760,333.00 for alterations and repairs which your Committee will notice is a little in excess of our budget for the financial year 1939. This slight increase is accounted for because during the coming year this Department faces the necessity of renewing its boiler insurance contract, the installation of new boilers in the Boston Clerical School, and the installation of an oil burner plant in the Teachers' College.

You will agree that the amount to be appropriated for alterations and repairs for the financial year 1940 is extremely low when it is considered that the average yearly appropriation for the same purpose for a fourteen-year period previous to 1938 was \$1,410,320.09.

Our Board is pleased to know that in the proposed appropriation of \$760,333.00, the School Committee has included Item D, \$240,000.00 for tools, materials and trucking in connection with the W. P. A. program. The inclusion of this amount will enable us to continue the program already started, for providing permanent improvements in school buildings throughout the City. A list of the improvements already completed is contained in our letter to the School Committee under date of February 5, 1940.

In view of the foregoing, the Board of Commissioners of School Buildings at a meeting held this

date voted to report favorably upon the above appropriation order, all as provided in Chapter 351 of the Acts of 1929.

Our Board at this time extends to your School Committee its heartfelt appreciation for the fine spirit of cooperation extended to this Board throughout the past year.

Yours very truly,
WILLIAM L. BAXTER,
Chairman, Board of Commissioners
of School Buildings.
Placed on file.

ESTIMATED TOTAL MONEY AVAILABLE FOR ALTERA- TIONS AND REPAIRS, 1940

The following statement was ordered spread upon the records:

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$.85 on each \$1,000 of the average valuation\$1,312,069.29
Unexpended balance, 1939.... 51,687.15

Total money available.....\$1,363,756.44

The following was offered:

ORDERED, That to meet the estimated cost of "Alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards" for the fiscal year 1940, based on the accompanying detailed estimates, the following amounts are hereby appropriated for the purposes indicated below:

A. Administration Expenses, Salaries\$134,383.00
B. Administration Expenses, Office Expenses and other items 26,950.00
C. Alterations, furniture and equipment for special educational needs 30,000.00
D. Tools, materials and trucking in connection with the W.P.A. program 240,000.00
E. General alterations and repairs 329,000.00

Grand Total for Alteration and Repair of School Buildings...\$760,333.00

The above total of \$760,333.00 appropriated for "alteration and repair of school buildings," etc., is obtained as follows:

a. From the amount available under the \$.85 allowance...\$708,645.85
b. Unexpended balance, 1939... 51,687.15

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265 paragraph 2 of the regulations the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Kathleen E. Murphy.

Day Intermediate Schools—Esther Levine, Mary T. Sullivan.

Vocational High and Opportunity School—Hilda Cohen.

Approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—Felix Consilvio, co-operative instructor, Feb. 12, 1940.

Mechanic Arts High School—Daniel J. Nolan, instructor, manual arts, Feb. 14, 1940.

Roxbury Memorial High School (Boys)—Philip E. Wollock, co-operative instructor, Feb. 13, 1940; Paul V. Moloney, co-operative instructor, Feb. 5, 1940.

South Boston High School—Arthur F. Leddy, co-operative instructor, Feb. 1, 1940.

Boston Trade School—Joseph A. Martin, shop instructor, Feb. 9, 1940.

Trade School for Girls—Mabel B. Skerry, trade assistant, Jan. 30, 1940.

Department of Manual Arts—Wellington B. Fairweather, shop instructor, Feb. 1, 1940; Edmund Tarallo, shop instructor, Feb. 5, 1940.

Approved

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons is hereby authorized for emergency service on the dates indicated when no certificated person for the assignment was available:

Day High Schools—Irene M. Bennett, Feb. 5, 1940.

Day Intermediate Schools—Stephen Peters, Feb. 1, 2, 1940; Frances E. Castleman, Mildred Dungan, Feb. 16, 1940.

Day Elementary Schools—Kathleen R. Lyons, Feb. 6, 1940 (half-day), Feb. 12, 1940; Virginia Cady, Ruth E. M. Pearce, Feb. 7, 1940 (half-day); Dorothy M. Pearce, Feb. 7, 1940 (half-day), Feb. 8, 1940 (half-day); Doris L. Corbett, Feb. 8, 1940 (half-day), Feb. 9, 1940; Herbert Kopins, Feb. 9, 1940; Alma G. Ellis, Rose M. Fodale, Evelyn D. Griffin, Jennie Taital, Feb. 16, 1940.

Classes for Conservation of Eyesight—Anna Andler, Feb. 16, 1940.

Horace Mann School—Alma G. Ellis, Feb. 7, 1940.

Special Classes—Adele R. Kaplan, Feb. 16, 1940.

Speech Improvement Classes—Yvonne A. Habert, Feb. 12, 1940; Phyllis M. Harvie, Feb. 13, 1940 (half-day).

Department of Household Science and Arts—Hilda E. S. Stenberg, Anita D. Zepf, Feb. 6, 1940; Ella E. Bryant, Feb. 8, 9, 12, 13, 1940; Lucille M. Guaragna, Feb. 12, 13,

1940; Jennie Zinkowski, Feb. 6, 1940 (half-day), Feb. 12, 13, 14, 1940; teachers of sewing.

TRANSFERS OF TEACHERS

A communication was received from the Superintendent, under date of Feb. 19, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers to take effect on the date stated:

May E. Armstrong, assistant, elementary, Edmund P. Tileston District, to the same position in the Henry L. Pierce District, Mar. 1, 1940.

Alice L. O'Connor, assistant, elementary, Edmund P. Tileston District, to the same position in the William E. Russell District, Mar. 1, 1940.

Approved.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED, That Helen E. Cleaves, Director of Manual Arts, is hereby authorized to attend the meeting of the Eastern Arts Association to be held at Philadelphia, March 27, 28, and 29, 1940, at an expense to the city not to exceed fifty dollars (\$50).

APPOINTMENTS OF NUTRITION CLASS ATTENDANTS AND ASSISTANT NUTRITION CLASS ATTENDANT

A communication was received from the Secretary, under date of February 19, 1940, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as nutrition class attendant:

Rose N. Collins, Margaret M. Knightly, Agnes C. Riley, Mary G. Melia.

Placed on file.

The Chairman stated the question was on the appointment of nutrition class attendants to fill two vacancies.

On motion, Rose N. Collins and Margaret M. Knightly, Nos. 1 and 2 respectively on the list, were appointed nutrition class attendants (from assistant nutrition class attendants), Department of School Hygiene, to take effect Feb. 26, 1940.

A communication was received from the Secretary, under date of Feb. 19, 1940, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as assistant nutrition class attendant:

Mary M. McMullen, Catherine M. Wallace, Thelma E. Ruggles.

Placed on file.

The Chairman stated the question was on the appointment of an assistant nutrition class attendant to fill a vacancy.

On motion, Mary M. McMullen, who stands at the head of the list, was appointed assistant nutrition class attendant, Department of School Hygiene, to take effect Feb. 26, 1940.

AMENDMENTS TO REGULATIONS

BUDGETARY PROCEDURE

The following was offered:

ORDERED, That Section 109, paragraph 1, of the Rules is hereby amended by striking out said paragraph and inserting in place thereof the following:

Section 109. 1. He shall annually prepare and submit to the School Committee not later than February 1 of each financial year, detailed estimates showing the probable cost of the maintenance of the school system for the current financial year, based on the conditions existing as of January 1, and shall provide in such estimates, unless otherwise instructed by the School Committee, for the continuance throughout the financial year of the current salary schedules for teachers and other employees. The detailed estimates shall include provision for vacancies and provision for temporary teachers and other employees who are not filling vacancies or substituting for teachers on leave of absence, based on the membership as of September 30 of the financial year immediately preceding, which information shall be submitted to the business manager by the superintendent not later than November 1.

Laid over.

The following was offered:

ORDERED, That Section 141, paragraph 2 of the rules is hereby amended by striking out the paragraph and substituting in place thereof the following:

2. The board of apportionment shall prepare and submit to the School Committee within a week following the organization of the School Committee in January of each financial year, a statement showing the cost of all proposed additions to and extensions and expansions of the school system, including additional teachers or other expenses necessary to meet the estimated growth of the system, which statement shall also include any reduction or economies which may be deemed desirable.

Laid over.

Mr. Lee: The upper part of the new regulation (Section 109) uses the phrase "based on conditions existing as of January 1." Later on we have the phrase "based on the membership as of September 30 of the financial year immediately preceding," which would be submitted not later than November 1. Is there some conflict?

Business Manager: No, there is no conflict, because if there are any changes in membership after September 30, the Superintendent will take care of them in a supplementary report.

Mr. Lee: Which will be incorporated in it?

Business Manager: That is right.

APPROPRIATIONS AND EXPENDITURES FOR 1939

A communication was received from the Business Manager, under date of Dec. 31, 1939, submitting the final statement on the cost of maintenance of the public schools for the

financial year 1939, showing the appropriations, the expenditures, and the balances for the financial year 1939, the expenditures for the financial year 1938, and the increases and decreases in the several items.

Placed on file.

Chairman: Speaking for the members of the School Committee, the Chairman is pleased to note in Mr. Sullivan's report that the savings in the maintenance appropriations for 1939 over 1938 amounted to \$205,000. We are pleased to make this announcement at this time.

Business Manager: To clarify that a little; the expenditures for maintenance for 1939 are less than the expenditures for maintenance for 1938, by \$205,000. It is expenditures over expenditures, rather than appropriations over appropriations.

MILK AND HOT LUNCHEONS FOR UNDERNOURISHED CHILDREN

Chairman: The Chair announces that last Wednesday evening there was a conference of the School Committee with a group of men and women whose cooperation we sought in plans to establish means of supplying milk and hot lunches to the undernourished children of Boston. We were pleased to have a very fine, cooperative group of people assembled, all of whom have had experience in this field of endeavor.

From that group the Chair now appoints the following committee to devise plans and report, for the approval of the School Committee, first, as to the feasibility of undertaking a W.P.A. project on a city-wide basis to care for the undernourished children in the schools; and second, as to the most effective means of sponsoring and providing the City's share of financing the project:

Mr. William G. O'Hare, Executive Director, Overseers of the Public Welfare, City of Boston;

Mr. Harold G. Dunney, State Director of Professional and Service Division, W.P.A.;

Mrs. Catharine Ahearn, Professional and Service Division, W.P.A.

Mrs. Reginald Parker, Director, Junior Red Cross;

Mrs. David Murray, School Service Division of the Community Federation;

Mr. Harry G. Watling, Special Representative, Surplus Commodities Division, Agricultural Adjustment Administration;

Mr. George W. Dunn, Regional Director, Surplus Commodities Division, W.P.A.;

Mrs. Bartlett Harwood, Women's Civic Federation;

Dr. James A. Keenan, Director of School Hygiene, Boston Public Schools;

Miss Helen F. McCaffrey, Supervising Nurse, Boston Public Schools

Upon receipt of the Committee's report, the School Committee plans to appoint a committee of representatives of teachers' organizations to devise ways and means of aiding in financing the nutrition program. The Boston Elementary

Teachers' Club is already working toward this end and has given us two very substantial checks to help defray the expense for one month, so that the work may be started immediately in one school. We also are pleased to announce that the Junior Elementary Teachers' Club has presented another substantial check to help defray expenses. The Chair wishes to express the appreciation and gratitude of the Committee for this hearty co-operation.

Mr. Norton: Mr. Chairman, would it be possible to put on that Committee the head of the Elementary Teachers' Club, the head of the Junior Elementary Teachers' Club, and the representatives of other teachers' organizations?

Chairman: We have reserved that for another committee. Upon receipt of the report from the committee which has been appointed this evening, we are going to establish another committee. We anticipate that representation of the teacher groups will be vital in the success of this endeavor.

Mr. Lee: Besides the generous co-operation shown by the teachers' groups and the others that you have spoken of, Mr. Chairman, I think our own executive officers have been seeing to it that no time is lost in setting up machinery looking toward a better program for the undernourished children. I would like to ask the Superintendent if he will report on the steps he has taken to get at W.P.A. project drawn up and to explore the possibilities of raising money from the public with the aid of our school staff.

Superintendent: I have not gone very far with it as yet, Mr. Lee, other than to confer with the W.P.A. authorities as to the possibility of establishing a city-wide project.

I have not had any report as to whether the Department of Public Welfare will sponsor it.

I have had one interview with a representative of the men teachers and tomorrow I have an appointment with a representative of the Elementary Teachers' Club. That is as far as I have been able to go.

Mr. Lee: In our discussion of budgetary changes and procedural methods there have been disagreements between other members of the Committee and me, and between the Business Manager and me, on certain points. That has simply been on matters of procedure. To offset any other interpretation I would like to say that my meaning has never been that our present Business Manager, Mr. Alexander M. Sullivan, is less than excellent as an accountant, as a watchdog of \$15,000,000 annually, as a recognized master-craftsman in budgetary construction, and as a most conscientious votary of good government.

In a city of some drifting buoys, Mr. Sullivan stands and has stood for twenty years as a landmark of conscientiousness in public service. He has vastly improved budgetary practice since the form it had before he became Business Manager. He is one of the most admirable forces in Boston.

Chairman: I think that expresses the unanimous opinion of the Committee.

UNFINISHED BUSINESS

The order laid over at the meeting of Feb. 12, 1940, (see p. 21) amending Section 80, paragraph XXX, of the rules and Section 302, paragraph 1, of the regulations, to provide for the establishment of the rank of shop instructor in cooperative branches, day high schools, was taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

READVERTISEMENT.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO LUMBER DEALERS.

The Superintendent of Construction of the City of Boston invites sealed proposals for furnishing and delivering, for the year 1940, various kinds of lumber material, for the Department of School Buildings, for W. P. A. use, at various schools, of the kind and quality as per specifications, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 p. m. of Friday, March 22, 1940, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for the opening of proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AUTOMOBILE MOTOR OIL.

The Supply Department of the City of Boston invites proposals for furnishing automobile motor oil, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR AUTOMOBILE MOTOR OIL." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Wednesday, March 27, 1940 at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PROPOSALS FOR FURNISHING PORTABLE COMPRESSOR TO THE BOSTON FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing a compressor to the Boston Fire Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR COMPRESSOR." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, March 25, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(March 16.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven thousand thirty (7,030) square feet of land with buildings thereon, on the easterly side of Washington street, Dorchester, numbered 204, 204A, 206, 206A, 208 and 208A in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5440, page 436, on Wednesday, March 27, 1940, at 10 a. m., on the premises, at a minimum price of twenty-three hundred dollars (\$2,300).

A deposit is required at the time and place of sale of two hundred and thirty dollars (\$230), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(March 16-23.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING LABORATORY SUPPLIES AND EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing laboratory supplies and equipment for the Boston Public Schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Laboratory Supplies and Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, April 1, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

SCHOOL PHYSICIAN, BOSTON SCHOOL DEPARTMENT, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$5 a day.

Applicants should have a general knowledge of medicine and surgery and of the statutes relating to school hygiene and child hygiene; sanitation; causes, prevention, and correction of bad posture in school children; pediatrics, epidemiology; the differential diagnosis of the various communicable diseases and contagious skin diseases common to school children, including the prevention and methods of curing same; nutrition; malnutrition, its etiology, diagnosis, and treatment; childhood tuberculosis, diagnosis and care of known cases; practical methods of examining the eyesight and hearing of school children; standards of admission to classes for the conservation of eyesight and lip-reading classes; the ten-point examination used in connection with special class (mentally retarded) children; the Schick test and the Dick test; methods of immunizing children against diphtheria by means of toxin-antitoxin and toxoid methods; the procedure to be followed in the examination of food handlers; the procedure to be followed in detecting the diplococcus intracellularis meningitis organism among health carriers; serology (in so far as it relates to typing of pneumonia); and diseases reportable to the Massachusetts Department of Public Health.

Applicants must be registered physicians under the State Division of Registration in Medicine.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, *i. e.*, admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MALE ASSISTANT PHARMACIST, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$25 a week. (The hours are from 7.30 a. m. to 5 p. m. daily, with two afternoons off each week, and every other Sunday and holiday.)

Duties: Manufacturing U. S. P. and N. F. pharmaceutical preparations. Preparing laboratory reagents. Dispensing and compounding prescription work and formularies compiled by the hospital. Supervising the filling of the requisitions requested by the Medical Staff for the use of the patients; and the various details of the work of the department. To keep the records of the narcotics and alcohol used; and a constant check on the supplies needed in the pharmacy.

Entrance Requirement: Applicants must be registered pharmacists under the State Board of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkenness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559; licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, MARCH 23, 1940.

No. 12

MAYOR TOBIN MAKES VIGOROUS REPLY TO ADMINISTRATION CRITICS AND ORGANIZATIONS WHO URGE WHOLESALE DISCHARGES OF CITY EMPLOYEES AS SOLUTION OF TAXATION PROBLEM — IN ADDRESS BEFORE THE LONGFELLOW LODGE OF ODD FELLOWS, HE DISCUSSES FINANCIAL PROBLEMS AND SHOWS THAT \$40 TAX RATE TODAY IS EQUIVALENT TO \$30 RATE TEN YEARS AGO — CITES FACTS TO SUPPORT STATEMENTS POINTING TO GREATLY INCREASED WELFARE BURDEN DUE TO RELIEF DEMANDS AND FUNDS THAT HAVE TO BE DEVOTED TO DEFICIT IN "EL," TUNNEL AND OTHER GENERAL SERVICES WHICH BOSTON IS FORCED TO ASSUME BECAUSE OF UNFAIR DIVISION OF FINANCIAL RESPONSIBILITY.

Mayor Maurice J. Tobin, speaking before the Longfellow Lodge of Odd Fellows at the Washington Irving School Wednesday night, replied vigorously to critics and so-called reform organizations who have been urging wholesale discharges of city employees to curb municipal expenses.

The Mayor explained in detail the various factors which are part of the Boston tax rate structure and discussed at length the financial problems confronting the city, showing that a \$40 tax rate today is equivalent to a \$30 rate ten years ago.

Although he mentioned no individuals or organizations, Mayor Tobin made it clear that he was answering with facts and figures the demands of self-styled critics who, he said, are either ignorant of the real facts and the true picture of the city government or are deliberately endeavoring to confuse the public and create a false impression.

Mayor Tobin asserted he has made every possible and feasible economy, that he has adhered rigidly to a no-hiring policy just as far and just as closely as the efficient operation of the city and the welfare of its citizens would permit. He cited drastic cuts made in the allowance of various municipal departments to lighten the burden on the taxpayers.

Services Cut to Bone.

Pointing out that some persons talk broadly and vaguely of the need for "economy in the city government," Mayor Tobin declared that every practicable saving has been made and that none has been missed. "The budget allowances for this year have been reduced to the bare minimum of absolute necessity," asserted the Mayor. "They can be cut no lower without curtailing and impairing vital municipal services which the people of Boston expect and demand."

Mayor Tobin stoutly defended city employees against the attacks of those who have been advocating wholesale discharges and pay cuts, quoting figures to show that the average pay of city workers is in the neighborhood of \$30 a week, and that only the presence of 2,000 police officers and 1,500 firemen on the municipal pay roll raise the average that high. He declared that the great bulk of city employees are striving to do an honest day's work and that many persons performing similar duties in private industry are much more highly paid.

A feature of the Mayor's address was a comparison of the present day costs of city government with the expenses of ten years ago. He cited the great economies that have been made and showed how drastically many city departments have been cut.

Mayor Tobin said that in 1930 the city raised \$60,756,789 by its levy on real estate and last year raised \$60,639,759 from the same source. Yet, despite the fact that virtually the same amount of money had to be raised in taxes in each of the two years, the tax rate was \$30.80 in 1930 and \$39.90 in 1939. The reason for that strange and seemingly impossible situation, the Mayor said, was a staggering drop in the real estate valuation of the city.

"The result has been that in 1930 where every million dollars spent represented about 50 cents on the tax rate, today every million dollars expended represents 67 cents on the tax rate," he commented.

The total real estate valuation of the city, Mayor Tobin said, has dropped from \$1,972,148,000 in 1930 to \$1,524,806,000 last year, a reduction of \$447,342,000 in valuation.

Less From State.

Where the city in 1930 received \$11,400,000 as its share of the State income and corporation taxes, last year it received but \$4,509,125 from that source, a reduction of almost \$7,000,000, he declared.

Comparatively few persons realize that the amount of money received by the city from State income taxes and corporation taxes has anything whatsoever to do with the tax rate, Mayor Tobin stated. Yet, he pointed out, if the city's share of the income and corporation taxes had been the same last year as in 1930, Boston's 1939 tax rate would have been \$35.40 instead of \$39.90.

The fact that the city last year raised approximately the same amount of money by taxes as in 1930 should not be taken as evidence that expenses have not been cut, the Mayor told his listeners. He pointed out that welfare and relief costs last year were \$14,478,596 as compared to \$5,366,492 in 1930, a jump of over \$9,000,000, representing an increase of \$6.25 on the tax rate. Economies had to be made in other branches of the city government to offset this tremendous increase in relief expenses, he said.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 25, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 16, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 175; nonresidents, 37; total, 212.
Death rate per 1,000 of population: All deaths, 13.52; nonresidents deducted, 11.16.

Death rate per 1,000 of population:

Last week, 16.39; corresponding week last year, 17.87.

Deaths by age periods, sex, etc.: Under one year, 6; one year to four years, inclusive, 1; sixty years and over, 123. Total deaths: Male, 114; female, 98; deaths in hospitals and institutions, 127; deaths of colored, 5.

MAYOR TOBIN DISCUSSES BOSTON TAX RATE.

(Continued from page 257.)

What Makes Burden.

In 1930 Boston taxpayers had no Elevated deficit to make up, the Mayor said. Last year in compliance with the law they had to pay \$2,055,644 to the road, representing \$1.35 on the tax rate.

In 1930 the taxpayers had no East Boston traffic tunnel deficit to meet. Last year they had to meet \$437,868 to make up tunnel losses.

In 1930 the State assessment levied against the city was \$2,258,502. Last year it was \$4,325,697, the Mayor said.

"Those are some of the reasons why your tax rate last year was \$9.10 higher than in 1930," the Mayor declared.

He pointed out by way of comparison that if the total real estate valuation in the city last year had been at the 1930 level, if the city had received the same amount of money from the State in income and corporation taxes as in 1930, if the welfare and relief expenses had been at the 1930 levels, if the State deficit had been the same as in 1930, and if there had been no Elevated and traffic tunnel deficits last year as in 1930, the tax rate last year would have been no greater than \$23.

To cite the economies which have been made in the city government, Mayor Tobin contrasted the following 1930 expenditures with the corresponding budget allowances for 1940.

	1930.	1940.
Public Works Department	\$8,923,279	\$5,034,036
Park Department	1,775,992	945,298

MAYOR DISAPPOINTED STAMP PLAN NOT EXTENDED TO BOSTON.

Upon March 14 Mayor Tobin made public the following letter:

MILO PERKINS, Esq., Federal Surplus Commodity Corporation, Washington, D. C.

MY DEAR MR. PERKINS,—Naturally, I am extremely disappointed at your announcement that present conditions indicate it will be impossible to extend the Stamp Plan to include Boston in the very near future.

While I appreciate the scope of the problems you face, I believe that the administrative difficulties which would be encountered in launching the stamp program in Boston would not be as great as is apparently assumed.

I am prepared to offer every possible cooperation and to do everything within my power to facilitate the work of introducing the plan in Boston, and I feel that City of Boston officials would be able to do much to lighten the burden of your administrative problem here.

It would seem that the greatest need for the stamp plan system of distributing surplus commodity foodstuffs exists in such great population centers as Boston. I believe that if you would experiment with the stamp plan in Boston you will find that it will be an immediate and definite success.

I am particularly enthusiastic about the stamp plan and its possibilities for a better distribution of our surplus foodstuffs, resulting in a decidedly healthier and more balanced diet for our welfare families.

I am writing to the Boston Congressmen to ask their help and cooperation in this matter and to urge that they do everything in their power to have funds made available so that this program may be widened to include Boston.

Sincerely,

MAURICE J. TOBIN,
Mayor of Boston.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 21:

HOSPITAL DEPARTMENT.

The monthly increases are as follows: \$10.00 to \$12.50 a month: Catherine Barrese, Alice Broccio, Mildred Compos, Florence Gorham, Eleanor Griffin, Marie Horne, Catherine MacInness, Mary J. McCarthy, Hannah Moore, Mary Mulry, Margaret O'Sullivan, Catherine Powers, Gertrude Roberts, Josephine Santangelo, Catherine Zadrozny.

\$12.50 to \$16.67 a month: Josephine Abazaid, Manda Alina, Marion Brennan, Irene Burpee, Anna Crosbie, Vincenzine Giarusso, Anna Hauer, Catherine Irving, Gertrude Moriarty Elizabeth Murray, Madeline Sivachek, Mildred Smith.

\$12.50 to \$16.67 a month: Florence Jacobs, Alice McGowan, Rosemary Toolan, South Department.

The following special nurses have been employed at \$4.50 a day:

Stacia Andrews, 1 day; Leona Bertrand, 2 days; Alice Chamberlain, 1 day; Martha Costello, 2½ days, Edith DeLoffi, 5 days; Lorretta DuBois, 1 day; Mary Doherty, 7 days; Julia Driscoll, 1 day; Madeline Finnegan, 3½ days; Ruth Flanagan, ½ day; Emily Gallagher, 1½ days; Helen Grimley, Rita Gaffney, Grace Jones, 1 day; Madeline Kelley, 3 days; Mary B. MacAuley, 8 days; Evelyn Mason, 1 day; Alma Nobile, 7 days; Ina Nulty, 1 day; Helen Paul, Mildred Pratt, 7 days; Wanda Prsygodski, 2½ days; Frances Slinger, 1 day; Douglass Spencer, 4 days; Helen C. Sullivan, Margaret M. Sullivan, 1 day; Doris Sutherland, Catherine Twombly, 2 days; Agnes Wall, 1 day; Doris Walker, 3 days.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months from March 15, at \$900 a year:

Rose E. Beattie, Dorothy Brown, Esther Capitman, Elizabeth H. Carroll, Esther M. Cohen, Norina DiSalvo, Catherine T. Donovan, Dorothy Down, Sybil C. Fagan, Mary M. Fitzgerald, Anna Gale, Mary M. Geaney, Jean Gordon, Anna M. Greal, Evelyn Keefe, Mary E. Kiley, Mary Kinsella, Mary A. C. Krantz, Helen L. Moriarty, Katherine I. Murray, Mary I. McGah, Elizabeth M. McGovern, M. Virginia McGowan, Mary M. Paterson, Elinor T. Pendergast, Maryland Rodgers, Florence Rogers, Jenne C. Rossetti, Clara M. Rothstein, Agnes G. Sheehan, Grace V. Sloan, Margaret Sullivan, Edna Swan, Dolores Tonnuci, Mary B. Walsh.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months from March 15, at \$900 a year:

Edward J. Bossi, Leo H. Deitch, Carol A. Harrington, William T. Leahy, Walter T. McDonald, John D. O'Connell, Myron Ryter, Francis P. Sullivan.

PARK DEPARTMENT.

Approval has been given for the emergency employment on snow removal work on March 3, 4 and 5, 1940, at Boston Airport, as follows:

Richard J. Geehan, truck driver, 3 days, \$15.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the emergency employment of twenty laborers at 62½ cents an hour in the clearance of streets of snow and ice in the South Boston district, from March 8 to March 15, inclusive, and charged to snow removal.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT.

Mary McBrearty, floor duty nurse, \$1,200 a year.
Ethel M. Branca, floor duty nurse, \$1,200 a year.
Eva L. Durgin, floor duty nurse, \$1,200 a year.

Catherine Suplee, floor duty nurse, \$1,200 a year.
Mary McBrearty, floor duty nurse, \$1,200 a year.
Dora Barretto, floor duty nurse, \$1,200 a year.

Mary McBrearty, floor duty nurse, \$1,200 a year.
Catherine Suplee, floor duty nurse, \$1,200 a year.

Mary McBrearty, floor duty nurse, \$1,200 a year.
Margaret Keagan, floor duty nurse, \$1,200 a year.
Loretta M. DeBois, floor duty nurse, \$1,200 a year.

Dora Barretto, floor duty nurse, \$1,200 a year.
Mary Condon, floor duty nurse, \$1,200 a year.

Catherine Suplee, floor duty nurse, \$1,200 a year.
Catherine Monahan, ward helper, \$15 a week.

Margaret E. Keegan, floor duty nurse, \$1,200 a year.

Mary Anne McDonough, floor duty nurse, \$1,200 a year.

Dr. Elliot Giddon, resident physician, East Boston Relief Station, \$1,500 a year.

Ann M. Wall, stenographer, \$900 a year.

Helen M. Bolduc, ward assistant, \$15 a week.

Walter P. Daley, floor duty nurse, \$1,200 a year.

John J. Clinton, laundry porter, \$17.50 a week.

Margaret F. Sutherland, laundress, \$17 a week.

Margaret A. Adams, laboratory assistant, \$1,300 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

Mrs. Olive T. Keyes, temporary female intermittent telephone operator, \$3 a shift.

Francis McSherry, temporary desk supervisor, \$4 a shift.

Dr. Paul T. Moore, interne, \$1,000 a year.

Frank Huckle, patient male nurse, \$480 a year.

Mary E. Rogers, permanent nurse, \$1,020 a year.

Francis McSherry, temporary elevator operator, \$2.50 a shift.

William Walsh, temporary elevator operator, \$2.50 a shift.

Salvatore Fano, permanent patient male nurse, \$480 a year.

Charles MacEachern, temporary supervisor, \$4 a shift.

Charles MacEachern, temporary elevator operator, \$2.50 a shift.

Francis McSherry, temporary elevator operator, \$2.50 a shift.

LAW DEPARTMENT.

Nora E. Harrington, temporary stenographer, \$900 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Grace Nicoala, temporary clerk-typist, \$900 a year.

Rita L. Regan, temporary clerk-typist, \$900 a year.

Helen A. Daly, temporary clerk-typist, \$900 a year.

Hazel Murphy, temporary clerk-typist, \$900 a year.

Julia K. Robinson, temporary clerk-typist, \$900 a year.

Mary F. O'Toole, temporary clerk-typist, \$900 a year.

Sylvia M. Ring, temporary clerk-typist, \$900 a year.

Rita B. Mulrey, temporary clerk-typist, \$900 a year.

Rita E. Minahan, temporary clerk-typist, \$900 a year.

Virginia L. Davis, temporary clerk-typist, \$900 a year.

Ruth E. Mednicov, temporary clerk-typist, \$900 a year.

Eleanor C. Freeley, temporary clerk-typist, \$900 a year.

Felicia E. Edmonds, temporary clerk-typist, \$900 a year.

Helen David, temporary clerk-typist, \$900 a year.

Helen L. Cunniff, temporary clerk-typist, \$900 a year.

PRINTING DEPARTMENT.

Cornelius E. Cusack, cylinder press feeder, \$36.60 a week.

George L. Boyer, monotype caster operator, \$34 a week.

The Mayor has approved the following extension of temporary appointments:

HOSPITAL DEPARTMENT.

John E. Sweeney, laundry porter, \$17.50 a week.

Margaret M. Driscoll, Sunday and holiday laundress, \$3 a shift.

Margaret M. Hall, Sunday and holiday laundress, \$3 a shift.

Thornton J. Smith, ambulance driver, \$34.50 a week.

The Mayor has approved the following promotions or adjustments in compensation:

HOSPITAL DEPARTMENT.

Joseph Marble, from orderly at \$16.50 a week to elevator operator at \$16 a week.

LAW DEPARTMENT.

Alvin L. Ostrows, junior law clerk, from \$1,825 a year to \$1,575 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Park Department.

For the week ending March 5:

Anthony Angelosanto, John Banks, Golf Course workers, 1 day, \$5 each; John Brennan, gardener-laborer, 2 days, \$10; Patrick J. Burke, gardener, 2 days, \$11; Louis A. Bird, garage floorman, 1 day, \$6; Neil P. Canney, tractorman, 1 day, \$5.50; James D. Carroll, gardener-laborer, 3 days, \$15; Bernard J. Casey,

**MAYOR TOBIN DEFENDS CITY'S HANDLING OF RECENT SNOWSTORMS—
OVER STATION WAAB, HE BROADCASTS ADDRESS ON DIFFICULTIES FACED
AND THE ADVERSE CIRCUMSTANCES UNDER WHICH ALL DEPARTMENTS
LABORED TO COMBAT CONDITIONS CREATED BY MOST UNPRECEDENTED
BLIZZARD IN MODERN EXPERIENCE—DETAILS EFFORTS EXPENDED BOTH
BEFORE AND DURING STORM WHICH PILED IN HUGE DRIFTS, STALLED
CARS AND TRUCKS, JAMMED SWITCHES, AND OTHERWISE SERVED TO
HAMPER AND HINDER WORK—COMPARES BOSTON CONDITIONS WITH
THOSE OF OTHER COMMUNITIES.**

The following is the radio address of Mayor Maurice J. Tobin, over Radio Station WAAB, Boston, on March 15, relative to recent snowstorms and their difficulties:

Ladies and Gentlemen.

On the fourteenth day of last month—a day of honor and celebration in memory of St. Valentine—New England and Boston were visited with one of the worst snowstorms within the memory of our oldest inhabitants. It was a storm which by its very nature and character, its force and intensity, paralyzed beyond untanglement the activities of this and other communities for many anxious hours. It was a manifestation, brought home to us in no uncertain manner, of the great power of the elements, a striking example that Mother Nature in her angry moods can well defy the combined forces of man and machines.

The vast, snowy blanket left behind by the blizzard might well have been the source of inspiration to those of a poetical bent of mind, and a source of great pleasure to children and devotees of winter sports, but to the vast majority of us who are engaged in business pursuits of one kind or another, that snowy blanket was a source of annoyance, delay and hardship. To those of us who were charged with the duty of removing that snow so that the normal life of the community might be quickly resumed, the recent blizzard was a source of tremendous obstacles and difficulties to be faced under the most adverse of circumstances.

Weather Bureau Misled.

Tonight—in the belief that a great majority of our citizens are interested in knowing some of the facts relating to the city's activities in the removal of snow—I propose to lay before you the essential facts concerning the blizzard, leaving to your own judgment the decision as to whether or not your city officials met the blizzard emergency in a manner that deserves your sympathy and approval, or your censure and rebuke.

In the very first place, let me state that city officials have no extraordinary gifts, not held by all in common which gives them a preview, as it were, of the time a snowstorm will arrive, the duration of the storm, the accumulation of snow to be expected, and the character of the storm itself. City officials, for this information, must and do rely upon reports of the United States Weather Bureau, and Mr. E. B. Rideout, noted meteorologist.

Without any attempt to criticize, directly or indirectly, either of these sources of information, or to shift any responsibility to their shoulders, let me summarize the reports received by our city officials just prior to the coming of the storm.

On Tuesday, February 13, the day before the storm, the official report of the United States Weather Bureau was as follows: Quote—Forecast till 7.30 p. m., Wednesday. For Boston and vicinity, increasing cloudiness and slightly colder tonight, with lowest temperature twenty to twenty-four degrees; Wednesday unsettled, probably light snow; moderate winds, mostly northeast—end of quote. Surely that report gave no indication of what was coming.

On Wednesday, February 14, the day the storm struck, the weather report issued to us by Mr. E. B. Rideout was as follows: Quote—Snow, becoming heavy this afternoon and tonight, followed by clearing Thursday. East to northeast winds, increasing to gale force and shifting to northwest gales early Thursday. Snow will start in forenoon and accumulation of four to six inches expected—end of quote. This report, while it gave warning of heavy snow and winds of gale force, nevertheless did not predict more than six inches of snow, and certainly aroused no fears of the severe storm to come. This report, by the way, was issued at half-past ten in the morning—the day of the storm.

Later on the same day, Wednesday, a report issued by the United States Weather Bureau was as follows—quote—Forecast until 7.30 p. m., Thursday. For Boston and vicinity, snow this afternoon and tonight, probably mixed with rain on the coast; lowest temperature tonight about twenty-six degrees. Thursday fair, not much change in temperature; strong easterly winds, gales off-shore, shifting to northwest late tonight—end of quote. Certainly, this report, issued by the United States Weather Bureau at noontime on the day of the storm did not prognosticate that a storm of great intensity was about ready to strike our community.

The storm reached Boston, according to official reports of the Weather Bureau at 3.18 p. m. on Wednesday. At about four o'clock—three quarters of an hour after the start of the storm—Commissioner Hyland called the Weather Bureau for further reports. Mr. Hyland was then informed that we could expect a fall of three or four inches of snow.

(Continued on page 263.)

MAYOR TOBIN DEFENDS CITY'S HANDLING OF RECENT SNOWSTORM.

(Continued from page 261.)

No Advance Warning.

I cite these weather reports not in any spirit of complaint of Mr. Rideout's reports, or the reports of the United States Weather Bureau—for I have for both of these sources of information the highest respect and regard. I merely cite them to dissipate the charge—falsely made and perhaps innocently repeated—that city officials had advance warning of the blizzard and neglected to take the proper precautions.

As a matter of actual fact, it would have made but slight difference if the city had been warned of a storm of blizzard proportions, except that such an advance warning might have resulted in fewer private automobiles in the city to interfere with the progress of snowplows. The city officials responsible did all in their power to keep abreast of the storm. There is no question in my mind as to that. But the storm was of such a nature, coming as it did in the early evening and night, that no better progress was possible no matter what the warning and what the preparation.

Fourteen inches of snow on level ground fell during the storm. Winds of gale force whipped the snow into mountainous banks. The problem of the city—its main problem—was to bend every effort to keep open the chief arteries of travel so that the normal life of the city would not be completely paralyzed. The primary concern of the city government in the recent storm, or in any storm, is to open up as rapidly as possible the highways of the city so that milk, fuel, and the necessities of life may be delivered, and so that the outbreak of fire or other calamity might be controlled. To this end, city-owned plows and plows hired by the city are sent out into the highways whenever an accumulation of snow warrants.

The initial steps taken by the city to fight the storm I shall recount later in this broadcast. At this point, let me say that the blizzard cost the taxpayers of Boston over one million, one hundred thousand dollars. If we attempted to remove all of the snow which fell in the streets and highways of our city, the cost to the city would have been at least five millions of dollars, and the work would still continue. In the days of puns and sleighs, a blizzard was not the serious problem it is today, when the automobile is the chief mode of conveyance and when the life of the community is so dependent on the free movement of motor-driven vehicles.

On our streets today there are three times as many automobiles as there were twenty years ago. To make possible their speedy and free movement is imperative, and likewise an extremely costly endeavor. To actually remove snow from all the intown and suburban streets of our city is a financial impossibility on the part of the city. The business sections must be and are cleared of snow as soon as can be done. The residential streets cannot be cleared of snow by this or any other city, unless at a stupendous cost, beyond the ability of the city to meet. To plow out these streets, and at least make them passable, is the aim of the city, and I do not believe it can be successfully claimed that this was not done in a reasonable time considering all the adverse circumstances which had to be met.

Plows and Trucks Out.

At five o'clock on the day of the storm, when only one and a half inches of snow had fallen, the city ordered forty-five of its own plows, and one hundred and eighty contractors' trucks equipped with plows to begin plowing at seven o'clock. At seven o'clock only three inches of snow had fallen. In ordinary storms this preparation at such an early stage would have been more than sufficient. However, we were to have far from an ordinary storm.

Before six o'clock in the evening, automobiles were stalled all over the city. The streets on Beacon Hill were impassable

because of abandoned automobiles and slippery surfaces. The snow, driven by a wind of gale force, was filtering into the ignition systems of cars, and by eight o'clock at night, even though there was an accumulation of only three and one half inches of snow, hundreds of automobiles were abandoned in every conceivable position—and many left right in the middle of roadways. The plows sent out by the city not only had the same handicaps as private automobiles—that is, lack of traction and ignition troubles—but had the more serious handicap of making progress in spite of abandoned and parked automobiles.

Between the hours of eight o'clock and midnight, seven inches of snow fell in rapid accumulation. Streets plowed out one half-hour later were again in need of plowing. The driving wind and drifting snow made progress both slow and difficult. The most powerful plows obtainable bogged down. At one time the Boston Elevated Railway Company had four of their largest, heaviest plows bogged down in one location. Street car switches were frozen, buses were stalled, and many of the main highways where the city was concentrating its snow-plowing equipment were impassable because of these unnatural barriers.

At eleven o'clock on Wednesday night, every snow-removal contractor was ordered to be ready to start removal as early Thursday morning as possible. Plows, trucks, by dozens were hired by the city from points as far away from Boston as the Western part of the State. Thousands of snow shovelers were employed. Every effort was made during the storm and immediately after the storm to open up our streets and clear our business sections.

It would be possible for me to talk to you for the next hour on the city's activities both before and after the storm. Time, however, does not permit. But to summarize, let me offer that in the opinion of experienced persons the recent blizzard was the worst storm from the viewpoint of snow removal, in the modern history of our city. Slippery roads, poor traction, jammed car line switches, parked and abandoned automobiles, a relentless northeast gale, mountainous snowdrifts, and a heavy accumulation of snow within a few hours, all contributed in making this blizzard one long to be remembered. Considering all the facts involved, the character of the blizzard and the time of its greatest intensity, I am convinced that our city forces did as well as humanly possible to do, and under extreme adverse conditions.

In my absence from the city, Acting Mayor Galvin performed highly meritorious work. City officials responsible for snow removal worked tirelessly without rest or relief. Department heads and white collar workers with no snow experience threw themselves into the breach and gave exceptional service.

The troubles we experienced in Boston were not much greater than the troubles experienced in New York City where the fall of snow was only half that which fell in our own city.

The tempo of modern life is geared up to great rapidity. Even a minor snowstorm is the cause of much delay and inconvenience. A blizzard, do what we will about it—and whenever it comes—will have a paralyzing effect on our normal activities, at least for a brief period of time. We who are charged with the responsibility of meeting the challenge of a blizzard like the recent one do not flinch from that challenge. We face it and we fight it. We fought the recent blizzard—and while here and there somebody might have faltered, we believe we have the right to say that we did as well as men and machines could possibly do under all the circumstances.

The blizzard was one we shall not soon forget. It will mean an additional seventy-three cents on our tax bills. Let us hope that Nature, at times a benevolent friend and at times a cruel enemy, will not soon again visit us with her wrath.

Thank you and good night.

DEPARTMENT CHANGES.

gardener-laborer, 1½ days, \$8.25; William E. Collins, battery and ignition man, 3½ days, \$21; John J. Connelly, gardener-laborer, 4 days, \$20; Patrick M. Conington, gardener-laborer, 3 days, \$15; James J. Connolly, John J. Connolly, 3d, gardener-laborers, 1 day, \$5 each; Thomas J. Costello, gardener, 1 day, \$5.50; Louis F. Corbett, scytheman, 1½ days, \$7.50; William Cullinan, laborer, 1 day, \$5; Edward A. Cummings, gardener-laborer, 1 day, \$5; Harris W. Dauphinee, aero mechanic, 1½ days, \$7.50; Elmer A. Delano, team-

ster, 1½ days, \$7.50; Augustus P. Devaney, gardener-laborer, 1 day, \$5; James T. Doherty, truck chauffeur, 1 day, \$5.50; William F. Donahue, gasoline engine operator, 1 day, \$6; Jeremiah Donovan, scytheman, 1 day, \$5; John Elliott, Michael F. Fay, gardener-laborers, 1 day, \$5 each; Michael Farrell, truck chauffeur, 1 day, \$5.50; Laurence Fitzgerald, John Flahive, gardener-laborers, 1 day, \$5 each; John P. Gettings, gardener-laborer, 1½ days, \$7.50; William P. Graham, truck chauffeur, 1 day, \$5.50; John Griffin, gardener, 1 day, \$5; Charles F. Guiney, laborer, 1 day, \$5; John A. Hammond, gardener, 1 day, \$6; Andrew W. Harney, gardener-laborer, 1 day, \$5;

Henry L. Higgins, gardener-laborer, 1½ days, \$7.50; John Keeley, gardener-laborer, 2 days, \$10; Patrick Kelliher, gardener-laborer, 1 day, \$5; Patrick Leonard, gardener, 1 day, \$5.50; Albert J. Libbey, chauffeur, 1 day, \$5.25; Michael Lynch, chauffeur, 2½ days, \$13.75; Michael F. Lynch, park keeper, 2 days, \$11; Martin Mannion, gardener-laborer, 2½ days, \$12.50; Felix Marchesi, chauffeur, 1 day, \$5.25; John Marino, temporary laborer, ¾ day, \$3.75; Herbert A. Mathis, laborer, 1 day, \$5.50; Arthur Mayo, chauffeur, 1 day, \$5; Patrick F. Mulvey, John D. Murphy, gardener-laborers, 1 day, \$5 each; William P. Murray, chauffeur, 1 day, \$5; Henry

P. McCoy, gardener, 1 day, \$5.50; Patrick J. McDermott, machinist, 1 day, \$6; Hubord McKiernan, Michael J. McKenna, gardener-laborers, 1 day, \$5 each; John McDewitt, gardener-laborer, 2 days, \$10; John P. Nagle, chauffeur, 1 day, \$5.25; John Newton, temporary laborer, 1 day, \$5; Luke Nicholson, gardener-laborer, 1 day, \$5; Thomas H. Nicholson, scytheman, 1 day, \$5.50; Hugh F. O'Brien, tractorman, 1 day, \$5.50; John Prior, Patrick J. Scully, gardener-laborers, 1 day, \$5 each; Walter E. Shaughnessy, teamster, 1 day, \$5; Harry Sheehan, chauffeur, 1½ days, \$7.50; Arthur P. Sullivan, Golf Course worker, 2 days, \$10; Thomas Wall, chauffeur, 1½ days, \$7.50; Charles J. Woods, tree climber, 1 day, \$5. Total, \$458.50.

Public Works Department (Water Service).

Between February 15 and February 25:

P. Benson, repairer, ½ day, \$3.75; B. Donohue, repairer, 1½ days, \$9; G. Mulvey, repairer, ½ day, \$3.75; R. Murray, repairer, 1½ days, \$7.56; M. Nicastro, repairer, 2½ days, \$17.25; Joseph Sullivan, repairer, 1½ days, \$8.63; F. DeAngelo, repairer, 4½ days, \$29.25; A. Brennan, repairer, 2½ days, \$13.50; P. Flynn, repairer, 1½ days, \$7.50; A. Iula, repairer, ½ day, \$3.75; J. Leonard, repairer, 1 day, \$6; J. McGregor, J. O'Toole, repairers, 2½ days, \$13.50 each; R. McLaughlin, repairer, 5½ days, \$34.50; E. Rafferty, repairer, 4½ days, \$28.50; M. Botte, repairer, 2½ days, \$12.94; G. Cozza, repairer, 2 days, \$11.50; J. Curtin, repairer, 2½ days, \$12.94; B. Dello-russo, repairer, ¾ day, \$2.16; J. F. Daley, repairer, 4 days, \$24; J. Durand, repairer, 2½ days, \$12.94; E. Kelley, repairer, 4 days, \$23; A. Martin, repairer, 2½ days, \$12.94; G. Cataldo, repairer, 1½ days, \$8.94; J. Grant, repairer, 4½ days, \$24.75; J. F. McGovern, machinist, 4½ days, \$25.88; J. Rice, repairer, 2½ days, \$12.38; J. Wall, repairer, 5½ days, \$33.07; J. Carlin, repairer, 3½ days, \$18.38; E. Cunningham, repairer, 2½ days, \$11.81; R. McDonough, repairer, 5½ days, \$30.19; G. Venezia, repairer, 2½ days, \$11.81; E. Dubow, plumber, 1½ days, \$6.75; B. Powers, W. Walker, carpenters, 1½ days, \$9.75 each; J. Gannon, carpenter, 1 day, \$5.75; M. Vozella, blacksmith, ½ day, \$3.75; R. Diellio, blacksmith's helper, 2½ days, \$14.35; J. McCormack, repairer, 1½ days, \$8.25; R. Welch, repairer, 5 days, \$30; C. Driscoll, chauffeur-repairer, 3½ days, \$18.69; J. Broderick, repairer, 2 days, \$11; J. Burns, chauffeur, 5½ days, \$28.88; J. Conlon, chauffeur, 2 days, \$11; J. C. Dolan, chauffeur, 5½ days, \$31.63; M. Walsh, chauffeur, 4 days, \$22; W. Burke, chauffeur, 2½ days, \$15.13; F. Cassidy, chauffeur, 6½ days, \$33.69; J. A. Dolan, chauffeur, 2½ days, \$12.38; J. Horgan, repairer, 2½ days, \$11.81; J. F. Kenney, repairer, 6 days, \$31.50; A. LoPilato, C. McCarthy, E. F. O'Brien, repairers, 2 days, \$10.50 each; J. E. O'Brien, repairer, 4½ days, \$23.63; A. Buono, laborer, 2½ days, \$11.25; B. Brass, laborer, 1 day, \$5; C. Concannon, laborer, 2½ days, \$11.25; J. J. Dillon, laborer, 3½ days, \$16.25; W. Duffy, laborer, 4½ days, \$21.25; B. Hill, laborer, 1 day, \$5; W. Hines, laborer, 5½ days, \$27.50; P. J. Kelly, laborer, 4½ days, \$22.50; A. Jenness, laborer, 1½ days, \$5.63; M. Keene, laborer, 6 days, \$30; A. Larriarello, M. Miani,

laborers, 2½ days, \$11.25 each; A. O'Leary, laborer, 1 day, \$5; G. Ryan, laborer, 7½ days, \$38.75; J. E. Sullivan, laborer, 4½ days, \$22.50; A. Torpey, laborer, 5½ days, \$28.75; J. J. Walsh, laborer, 2½ days, \$14.38; T. Monahan, laborer, 2 days, \$10; E. Beckwith, laborer, 2½ days, \$11.25; T. Fleming, laborer, 7½ days, \$38.75; H. Kenney, laborer, 2½ days, \$12.50; E. Marks, R. McCue, laborers, 2½ days, \$11.25 each; C. McGrath, laborer, 3½ days, \$18.75; J. McMahon, laborer, 2½ days, \$14.38; M. Rizzo, repairer, 4½ days, \$24.44; E. Curcio, repairer, 4½ days, \$23.38; N. DiEsio, repairer, 2 days, \$11; J. Jeffrey, repairer, 5½ days, \$30.19; A. Citrone, C. D. Duffy, laborers, 2½ days, \$11.25 each; M. Spolino, laborer, 1 day, \$5; S. Mickewicz, repairer, 2½ days, \$17.25; F. Laskey, repairer, 2 days, \$11; P. Gorham, J. Hanlon, T. McNamara, repairers, 2 days, \$10 each; D. Spiers, G. Schlehuber, repairers, 4½ days, \$21.25 each; W. Greene, repairer, 4½ days, \$23.75; W. Shields, repairer, 1 day, \$6; E. Sullivan, repairer, 2½ days, \$13.50; J. F. Cunningham, repairer, 2½ days, \$12.94; T. Joyce, repairer, 2½ days, \$13.50; H. Cassidy, F. Cleveland, repairers, 1 day, \$5.50 each; J. Feeley, G. Waters, repairers, 2½ days, \$12.38 each; C. Pasquale, laborer, 2½ days, \$11.25; P. Coleman, laborer, 1 day, \$5; R. Alveres, M. Milano, laborers, 2½ days, \$11.25 each; J. Manning, laborer, 1½ days, \$6.88; J. Orlando, E. Phipps, laborers, 2½ days, \$11.25 each; B. Washington, laborer, 1½ days, \$6.25; G. Ward, J. Waugh, laborers, 2½ days, \$11.25 each; H. Krause, A. Padrevite, laborers, 2½ days, \$12.38 each; R. McCarthy, repairers, 3½ days, \$21 each; P. Ippolito, repairer, 2½ days, \$17.25; J. C. Reilly, repairer, 3 days, \$18; C. Ring, repairer, 3½ days, \$20.13; A. McDougall, repairer, 1 day, \$5.75; W. P. Dolan, repairer, 3½ days, \$19.25; G. DeGrann, repairer, 2½ days, \$13.75; J. Long, repairer, 3½ days, \$19.25; B. McMannus, repairer, ¼ day, \$1.38; T. Casey, repairer, 3½ days, \$18.38; A. DeErlo, repairer, 2½ days, \$13.13; C. Cronin, laborer, 2½ days, \$12.50; J. Jesseau, laborer, 3½ days, \$17.50; J. P. McLaughlin, laborer, 2½ days, \$12.50; J. Melvin, laborer, 3½ days, \$17.50; M. Morro, laborer, 2½ days, \$12.50; J. Niland, laborer, 3½ days, \$17.50; E. Murphy, laborer, 1 day, \$5; W. Hammond, repairer, 2½ days, \$13.50; L. Morgan, repairer, 3½ days, \$18.69; M. Adley, repairer, 3½ days, \$18.56; W. Behan, repairer, 2½ days, \$14.44; B. Anzaldo, laborer, 2½ days, \$11.25; A. Calderone, laborer, 1 day, \$5; J. P. Callahan, laborer, 3½ days, \$16.25; P. F. Clougherty, laborer, 3½ days, \$16.88; T. Cusick, laborer, 1½ days, \$6.25; W. Hooley, W. Murphy, E. Salerno, laborers, 2½ days, \$11.25 each; J. F. Leonard, laborer, 4½ days, \$23.13; T. Magee, repairer, ½ day, \$3.75; J. P. O'Hara, repairer, 10 days, \$57.50. Total, \$2,316.63.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 8 the Mayor approved a contract with the Commonwealth Hardware Company for the furnishing and delivering of 2,500 gallons of brown dado paint, in the sum of three thousand dollars (\$3,000).

1, Advertisement in *City Record*, January 27, 1940; 2, Bids received and opened publicly, February 6, 1940; 3, Material to be used by W. P. A. workmen; 4, Paint meets specification according to test made by Skinner & Sherman, Incorporated, chemists and engineers; 5, List of bids on this item as follows:

Commonwealth Hardware Company, Incorporated, \$1.20 per gallon; total, \$3,000; Gould & Cutler Corporation, \$1.29 per gallon; total, \$3,225; Forde Vogt Company, Incorporated, \$1.42 per gallon; total, \$3,350 (bid deposited at Department of School Buildings without prices inserted. Prices copied from auditor's copy); Carpenter Morton Company, \$1.80 per gallon; total, \$3,780; George D. Wetherill Company, Incorporated, of Massachusetts, \$1.82 per gallon; total, \$4,650.

SUPPLY DEPARTMENT.

Upon March 6 the Acting Mayor approved a contract with the Sheehan, O'Brien Company for furnishing plumbing supplies for delivery to the Long Island Hospital, Institutions Department. Item No. 11, calling for 5 Kohler K-7595 exposed shower assemblies, was eliminated from this bid in order that they may ascertain whether or not this is the proper assembly for their use. Bids, opened February 7, were as follows:

Requisition No. 448, Plumbing Fixtures.

Item 1, 12 Powers Style A One Half Inch Safety Shower Mixing Valves, With Elbow Connections, Exposed Type, With Wall Plates, Each.—Sheehan, O'Brien Company, \$31.50*; Monroe Company, \$33; Marshall-Horner Company, \$31.75; Conley Supply Company, \$30.85; alternate bid, deduct \$7.90, Doran valves.

Item 2, 12 Chrome-Plated, Exposed Type Shower Assemblies, Complete, for Above Valves, Each.—Sheehan, O'Brien Company, \$2.75*; Monroe Company, \$5; Marshall-Horner Company, \$3.50; Conley Supply Company, \$3.78, gooseneck and head.

Item 3, 1 Powers One and One Quarter Inch Pressure Equalizing Valve for Powers Water Controller.—Sheehan, O'Brien Company, \$48*; Monroe Company, \$50; Marshall-Horner Company, \$48.75; Conley Supply Company, \$46.60.

Item 4, 6 Kohler-Hudson No. K2815P Enameled Iron Lavatories, Complete, to be Acid-Resisting Enamel, Each.—Sheehan, O'Brien Company, \$11.40,* 20 inches by 18 inches; Monroe Company, \$11; Marshall-Horner Company, \$10.85; Conley Supply Company, \$13.15, 22 by 19.

Requisition 432, Chrome-Plated Fixtures.

Item 5, 5 Westchester Lavatories, 20 Inches by 24 Inches, Complete, Except Cold Water Faucet, Kohler-K-2645 P-A. N., Each.—Sheehan, O'Brien Company, \$15*; Monroe Company, \$15.90; Marshall-Horner Company, \$15.11; Conley Supply Company, \$15.45.

Item 6, 5 Cold Water Faucets and Bubblers for Above Lavatories, Chicago No. 153

Combination, Each.—Sheehan, O'Brien Company, \$8.35*; Monroe Company, \$8.65; Marshall-Horner Company, \$9; Conley Supply Company, \$8.20, Trenjer C-A-10, all metal, all chrome.

Item 7, 5 Westchester Lavatories 20 Inches by 24 Inches, Complete, Kohler-K-2645 F-A. R., Each.—Sheehan, O'Brien Company, \$15.85*; Monroe Company, \$21.40; Marshall-Horner Company, \$21.25; Conley Supply Company, \$20.50.

Item 8, 6 Lavatories, K-2750BA-AR, Complete, Each.—Sheehan, O'Brien Company, \$11.25*; Monroe Company, \$11.85; Marshall-Horner Company, \$11.26; Conley Supply Company, \$11.40.

Item 9, 1 Standard F-6120 Chinall 24-Inch 2-Still Urinal with Overhead Enamelled Tank and C. P. Flush Pipe.—Sheehan, O'Brien Company, \$87.* 18-inch with No. 2 overhead enamelled inside tank; Monroe Company, \$105.60, 21-inch; Marshall-Horner Company, \$90, 18-inch; Conley Supply Company, \$96.50, Ford's porcelain No. 144-B; alternate bid, Kohler K-4945 T, 18-inch, deduct \$7.50.

Item 10, 3 Standard Madera F-2223 Syphon Jet Bowls with Enamelled High Tanks and C. P. Flush Pipe and No. 2500 Church Sani-Black Seatless Cover, Each.—Sheehan, O'Brien Company, \$29.40,* with No. 3 enamelled inside high tanks with automatic fittings; Monroe Company, \$33.40; Marshall-Horner Company, \$27.25; Conley Supply Company, \$27.40, Kohler K-4290-ET.

Requisition 433, Chrome-Plated Fixtures.

Item 12, 5 Floor Drains for Above Shower Assemblies, Each.—Sheehan, O'Brien Company, \$1.90,* Arri No. 67, 5 inches by 2 inches; Monroe Company, \$6; Marshall-Horner Company, \$3; Conley Supply Company, \$3.14, less trap.

Total.—Sheehan, O'Brien Company, \$1,061.85; Monroe Company, \$1,199.40; Marshall-Horner Company, \$1,100.46; Conley Supply Company, \$1,111.11; alternate bid, \$1,008.81.

Cash Discount, Ten Days.—Sheehan, O'Brien Company, 2 per cent; Monroe Company, 2 per cent; Marshall-Horner Company, 2 per cent; Conley Supply Company, 2 per cent.

Remarks.—Sheehan, O'Brien Company, Items 4, 9, 10, 12, see specifications; Monroe Company, Item 9, see change in specifications; Marshall-Horner Company, Item 9, see change in specifications; Conley Supply Company, Items 2, 4, 6, 9, 10, 12, see specifications.

* Contract awarded.

Upon March 6 the Acting Mayor approved a contract with the Trimount Bituminous Products Company for furnishing approximately 5,000 tons bituminous patching mixture for the city departments, as required, until December 31, 1940, at a price of \$3.71 per ton. The approximate amount of the contract was \$18,550. Bids, opened February 19, were as follows:

Approximately 5,000 Tons Bituminous Patching Mixture, Per Ton.—Trimount Bituminous Products Company, \$3.71; Samuel J. Tomasello Corporation, \$4.94; Vulcan Construction Company, \$4.71; National Contractors Company, \$3.97.

Approximate Total.—Trimount Bituminous Products Company, \$18,550; Samuel J. Tomasello Corporation, \$24,700; Vulcan Construction Company, \$23,550; National Contractors Company, \$19,850.

BUILDING PERMITS ISSUED FOR THE WEEK ENDING MARCH 20.

OWNER.	Location.	Ward.	Nature.	Estimated Cost.
Louis DeSanctis, Lessee...	419 and 421 Bremen street.	1	Second-class store and offices.	\$4,000

Cash Discount for Payment in Ten Days.—Trimount Bituminous Products Company, 2 per cent; Samuel J. Tomasello Corporation, 2 per cent; Vulcan Construction Company, 2 per cent; National Contractors Company, 2 per cent.

Furnished and delivered to the city yards, or to any street designated in the City of Boston, East Boston, South Boston, Charlestown, City Proper, Ashmont and Hyde Park.

Upon March 6 the Acting Mayor approved a contract with the Trimount Bituminous Products Company for furnishing approximately 1,500 tons OA-3 or OA-4 road asphalt for the Public Works Department, as required, until December 31, 1940, at a price of \$20.97 per net ton, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract was \$31,455. Bids, opened February 26, were as follows:

Approximately 1,500 Tons OA-3 or OA-4 Road Asphalt, as Per Specifications, Per Net Ton.—The Lake Asphalt and Petroleum Company of Massachusetts, \$22.95; Trimount Bituminous Products Company, \$20.97; D. J. Cronin, Incorporated, \$27.30; Socony-Vacuum Oil Company, Incorporated, \$22.08; Shell Oil Company, Incorporated, \$23; New England Asphalt and Tar Company, \$23.50; Mystic Bituminous Products Company, \$22.31; Somerset Bituminous Company, \$22.

Approximate Total.—The Lake Asphalt and Petroleum Company of Massachusetts, \$34,425; Trimount Bituminous Products Company, \$31,455; D. J. Cronin, Incorporated, \$40,950; Socony-Vacuum Oil Company, Incorporated, \$33,120; Shell Oil Company, Incorporated, \$34,500; New England Asphalt and Tar Company, \$35,250; Mystic Bituminous Products Company, \$33,465; Somerset Bituminous Company, \$33,000.

Cash Discount, Ten Days.—The Lake Asphalt and Petroleum Company of Massachusetts, 2 per cent; Trimount Bituminous Products Company, 2 per cent; D. J. Cronin, Incorporated, 2 per cent; Socony-Vacuum Oil Company, Incorporated, 2 per cent; Shell Oil Company, Incorporated, 2 per cent; New England Asphalt and Tar Company, 2 per cent; Mystic Bituminous Products Company, 2 per cent; Somerset Bituminous Company, 2 per cent.

Source of Crude Oil.—The Lake Asphalt and Petroleum Company of Massachusetts, Barber Asphalt Corporation; Trimount Bituminous Products Company, Venezuela; Socony-Vacuum Oil Company, Incorporated, Mexico; Shell Oil Company, Incorporated, Venezuela; New England Asphalt and Tar Company, domestic crude; Mystic Bituminous Products Company, Colonial-Beacon Oil Company, Incorporated; Somerset Bituminous Company, Mexico or Venezuela.

CONTRACTS AWARDED.

(Continued from page 265.)

WITHOUT ADVERTISING.

Upon dates as indicated the Mayor approved contracts as requested by the following branches of the Suffolk County Courts.

SUPERIOR COURT (CRIMINAL BUSINESS).

BOSTON, January 31, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—I respectfully request written authority to be exempt from compliance with the provisions of chapter 156 of the Acts of 1939 in so far as it effects expenditures under Item D-1 in the budget of this office for the following reasons:

It is impossible to estimate in advance, purchases which might come within the provisions of this law.

Although the Item D-1 is charged against this office on the budget, the District Attorney, Probation Department and the Court all make purchases which are charged against this item. I have no control over the purchases or amounts expended by these departments.

Respectfully yours,

WILLIAM M. PRENDIBLE, Clerk.

MUNICIPAL COURT OF THE CITY OF BOSTON.

BOSTON, January 8, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—By virtue of the provisions of Statute 1909, chapter 486, section 30, as amended by Statute 1939, chapter 156, section 1; I hereby request from your Honor written authority to dispense with advertising for proposals for doing work or making purchases for the Municipal Court of the City of Boston, particularly with respect to Items C-9 and D-1 of the budget.

I submit herewith a letter dated January 5 from William D. Collins, Clerk of the Municipal Court of the City of Boston for Criminal Business, which shows the desirability of your furnishing this court with the authority requested. Substantially the same arguments as those advanced by Mr. Collins are true with respect to the office of the clerk of this court for civil business and, if you desire, I can obtain from that clerk, Mr. Edmond J. Hoy, a similar letter.

Very truly yours,

F. DELANO PUTNAM,

Chief Justice.

MUNICIPAL COURT (CRIMINAL BUSINESS).

BOSTON, January 5, 1940.

CHIEF JUSTICE F. DELANO PUTNAM,
Municipal Criminal Court, Boston.

MY DEAR CHIEF JUSTICE,—Mr. Crockwell, Mr. President, Mr. Hoy and myself discussed the matter affected by Acts of 1938, chapter 156, and I find that Mr. Crockwell and Mr. Prendergast use but very little of the item that is involved. The larger part of this item is used by this office and that of Mr. Hoy's.

Included in this item are dockets, indexes and the various printed forms used, as required, as court papers and no single or several items as ordered by this office would at any time of ordering amount to a thousand dollars, but the ordering of the twelve months put together would run into several thousand dollars.

To begin with, the printing of these forms, which is our largest expenditure, cannot be given to any ordinary printer, for the reason that care must be used in their preparation, completion and delivery of the same.

We have in this office approximately two hundred and fifty forms, most of which differ in the amount of printing on them and many also differ on the size of the paper used. These are ordered in lots as low as five hundred and as high as ten thousand, all depending upon the number of cases of the various types of crime the forms represent. Some are required to be replaced once in several years, others once in a year and still others several times per year.

Then there is the Legislature which at its various sessions is making new laws, or changing the existent laws. The point I want to make is simply that it would not be possible with any degree of accuracy to estimate at the beginning of the year just what and how much material as to forms and dockets would be used.

For example, in round figures for 1937 we had 8,000 traffic and automobile cases, 1938 more than 15,000 cases and in 1939 more than 21,000 cases; likewise, the dockets for this line of business were 9 in 1937; 15 in 1938; 21 in 1939. Parking tags, 1937, 40,000; 1938, 84,500; 1939, 127,500 with a similar increase in dockets. Likewise, how can anyone tell how many warrants will be issued for the arrest of offenders, how many warrants issued for search, or how many committed to the various institutions which require mittimus.

The increase in general cases is not so great and some years there may be a decrease, therefore the impossibility of determining in advance what would be required. One of the two printers doing the work of this office has been handling the work for about twenty years and the several times I have had bids on the work, his was by far the lowest of them.

Therefore, with your permission may I submit that owing to the uncertainty of what forms and the number of which shall be used, also the same uncertainty applies to the dockets, the fact it is impossible to tell what the legislative acts shall require of us as to forms and the importance of having an experienced and reliable printer to do the work, combined with the fact that there is no knowing the number of cases which require the forms, are sufficient to exempt this office from the act under the language of the Act "which may properly be included."

I truly feel that any change in the present system might cause the office serious trouble and upset the routine of the Court.

Very truly yours,

WILLIAM D. COLLINS, *Clerk.*

EAST BOSTON DISTRICT COURT.

EAST BOSTON, December 29, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Permission is herewith requested to dispense with advertising in the *City Record* for contracts involving printing and stationery and the transportation of prisoners, budget Items D-1 and B-4, respectively, for the year 1940. I made the same request of you on August 15, 1939. At that time you granted me permission to dispense with advertising both items.

For further details on these two items may I refer you again to my letter of August 15, 1940.

Very truly yours,

AUGUSTUS LOSCHI,
Assistant Clerk.

MUNICIPAL COURT OF THE SOUTH
BOSTON DISTRICT.

SOUTH BOSTON, December 18, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with chapter 156 of the Acts of 1939, I write to ask if you will grant me the written authority to dispense with advertising in the *City Record* proposals for bids for the transportation of prisoners to and from the South Boston Municipal Court for the year 1940. The proposed charges for transportation are as follows:

One prisoner to or from boat or jail, \$2; two prisoners to or from boat or jail, \$3.50; three prisoners to or from boat or jail, \$3.50; four prisoners to or from boat or jail, \$4; five prisoners to or from boat or jail, \$4.50. One trip can accommodate five prisoners.

I inclose a signed statement which may be published in the *City Record*, giving in detail the reasons for not inviting bids by advertisement.

Yours respectfully,

LEO H. LEARY, *Justice.*

SOUTH BOSTON, December 18, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with chapter 156 of the Acts of 1939, I herewith furnish you with signed statement giving in detail the reasons for not inviting bids by advertisement for the transportation of prisoners to and from the South Boston Municipal Court for the year 1940:

1. The physical condition of some prisoners, both men and women, demand responsibility of operator as well as immediate transportation.

2. This work has been done satisfactorily for several years by present operator, who is available for the year 1940.

3. Prices charged and to be charged are reasonable.

4. Although impossible to estimate exactly, average cost per year is about \$1,300.

Respectfully submitted,

LEO H. LEARY, *Justice.*

CONTRACTS AWARDED.

(Continued from page 267.)

MUNICIPAL COURT OF ROXBURY
DISTRICT.

ROXBURY, December 28, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—You will recall having given the writer written permission to enter into a contract for the transportation of prisoners and, also, one for the purchasing of supplies on the same basis that this Court has worked upon for years. In other words, this covers the provisions of the law that calls for the Mayor to give written permission for a department or building to enter into contracts whose aggregate amounts total more than one thousand dollars (\$1,000) for the year.

As I explained to you, the transportation of prisoners is done on the basis of so much per trip, *i. e.*, three dollars (\$3) per car to places in Boston; where two stops are made for the same car the price is five dollars (\$5). Thus, you see the sum to be paid daily varies and it is impossible to ascertain in advance just what it will be. This item for 1938 amounted to forty-four hundred eighty-nine dollars and fifty-six cents (\$4,489.56) and so far in 1939 amounts to approximately forty-five hundred twenty-eight dollars and sixty-five cents (\$4,528.65), with the December supplement to be taken care of. Out of this sum the Probation Officers' expenses are taken. Too, this year they attended two national conventions. (Chapter 276, section 94, General Laws, Tercentenary Edition.)

Again, it is impossible to figure out what the costs of court forms will be or when we will need them, or how many.

The printing is ordered from the lowest bidder—we get three bids on each in the above order, one being from the Printing Department of the City of Boston. As I told you, if it is your wish, I shall be only too happy to have this work done by the City Printing Plant, regardless of cost.

And so, once again I request of you written permission to expend the sums required for Items B-4 (Transportation) and D-1 (Office Supplies) for the year 1940 without advertising.

Cordially and respectfully,

FRANKLAND W. L. MILES,
Justice.PROBATE COURT AND COURT OF
INSOLVENCY.

BOSTON, January 3, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—As you are aware, it is necessary for me to purchase supplies for the Registry of Probate and the Probate Court under the item known as D-1 in the budget. The principal expenditures from this item are for the purchase of blank forms, of which we have approximately three hundred kinds. With such a variety it is very difficult, if not impossible, to anticipate the needs of the bar, the public and the office in that connection, and very often we find it necessary to order some items for quick delivery, so that we cannot wait until our needs would amount to one thousand dollars.

We do not usually expend as much as one thousand dollars at any one time for the purchase of such blank forms and other supplies. I believe that if we were required to build up our orders to the one thousand dollar mark and advertise

GAS FITTING PERMITS ISSUED FOR THE WEEK ENDING MARCH 23.
— Concluded.

John S. Powers	941 East Broadway	6	Installing water heater, new piping to furnace.	125
Louis Rubinovitch	357 Main street	2	New connections to meter, new piping.	20
Thomas F. Smith	455 Marlborough street	5	Reconnecting inside service after repairs.	15

for bids, such action would be likely to result (no matter how unintentionally) in over purchasing. In the light of the foregoing, I respectfully request authority to dispense with advertising for bids for the purchase of supplies under budget Item D-1.

This request is made under the provisions of chapter 156 of the Acts of 1939.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register.MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.SCHOOL PHYSICIAN, BOSTON SCHOOL
DEPARTMENT, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$5 a day.

Applicants should have a general knowledge of medicine and surgery and of the statutes relating to school hygiene and child hygiene; sanitation; causes, prevention, and correction of bad posture in school children; pediatrics, epidemiology; the differential diagnosis of the various communicable diseases and contagious skin diseases common to school children, including the prevention and methods of curing same; nutrition; malnutrition, its etiology, diagnosis, and treatment; childhood tuberculosis, diagnosis and care of known cases; practical methods of examining the eyesight and hearing of school children; standards of admission to classes for the conservation of eyesight and lip-reading classes; the ten-point examination used in connection with special class (mentally retarded) children; the Schick test and the Dick test; methods of immunizing children against diphtheria by means of toxin-antitoxin and toxoid methods; the procedure to be followed in the examination of food handlers; the procedure to be followed in detecting the diplococcus intracellularis meningitis organism among health carriers; serology (in so far as it relates to typing of pneumonia); and diseases reportable to the Massachusetts Department of Public Health.

Applicants must be registered physicians under the State Division of Registration in Medicine.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

MEDICAL SOCIAL WORKER, BOSTON CITY
HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, *i. e.*, admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STENOGRAPHIC SERVICE.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

MALE INDUSTRIAL INSTRUCTOR—SHOE,
STATE PRISON, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To instruct inmates to operate shoe machines used in the Goodyear welt process. To inspect the work produced by inmates. To be able to correct unsatisfactory adjustments of the machines employed. To cooperate with the prison officers in maintaining discipline and morale. To perform such other duties as may be properly required by the Warden and his subordinate staff.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time the following vacancies exist: Female Psychologist, Springfield Child Guidance Clinic, \$1,140 a year (to be employed two-thirds time); and Male Psychologist, State Farm, \$1,680 a year.

Duties: To assist in determination of mentality of patients by applying standard tests and making case studies. To perform related work as required.

Entrance Requirement: Applicants must have at least two years' clinical experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STATE SELECTING AGENT FOR CIVILIAN CONSERVATION CORPS, DEPARTMENT OF PUBLIC WELFARE, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under the general direction of the Commissioner of Public Welfare to organize and supervise the activities of local welfare agencies in the conduct of a State-wide program for selecting junior applicants for the Civilian Conservation Corps and for maintaining necessary relationships with C. C. C. enrollees in camp; to maintain liaison with other agencies cooperating in the work of the Civilian Conservation Corps; to interpret to local welfare officials nationally announced C. C. C. policies through bulletins, letters and direct field contact; to coordinate C. C. C. activities with other functions of the State Department of Public Welfare, in cooperation with other division heads and district supervisors; to conduct periodic training conferences of officials concerned with the C. C. C. selection program; to supervise a State C. C. C. headquarters staff for the handling of correspondence, the preparation of reports and the maintenance of necessary records; to conduct necessary study and research with a view to improving selection methods and techniques; and to perform related work as required.

Entrance Requirement: Applicants must have five (5) years within the last seven (7) years of satisfactory full time, paid experience in a responsible capacity in a welfare agency serving as State or local C. C. C. selecting agency; or in a public or private agency, adhering to acceptable standards, dealing with boys' work, or youth counseling, guidance and placement; or in a responsible supervisory capacity in the Civilian Conservation Corps; or a suitable combination of above-listed types of experience.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

**MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.**

INLAND MATE (INTERMITTENT), BOSTON
INSTITUTIONS DEPARTMENT, APRIL 13,
1940.

Last date for filing applications, Saturday, March 30, 1940, at 12 noon.

Salary: \$2,000 a year.

Duties: To assign passengers to the space they may occupy on board the vessel. To direct and advise the passengers in case of any emergency. To enforce proper conduct among passengers and crew. To direct the activities of the deck crew. To inspect the labels of any packages, freight, or other cargo to see whether it can be legally transported, and supervise the stowage of same. To take charge of life preservers. To launch and handle life boats. To handle and operate fire apparatus.

To perform related duties assigned by the captain.

Entrance Requirements: Applicants must possess a life boat certificate, and an inland mate's license for vessels of two hundred tons or over for or including the waters of Boston Harbor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

CIRCULAR LETTER NO. 1.

CITY OF BOSTON,
MAYOR'S OFFICE, March 13, 1940.
To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, on the day of the Evacuation Day Parade, March 16, 1940, to all employees in your department who participate in the parade.

Respectfully,
MAURICE J. TOBIN, *Mayor.*

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

X-RAY AND LABORATORY TECHNICIAN,
CAMBRIDGE HEALTH DEPARTMENT,
APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to residents of the State.

Requisition is for a female, but the examination is open to both males and females.

The entrance salary is \$1,020 a year and maintenance.

Duties, X-Ray Work: To take, develop and finish X-ray pictures. Applicants should be familiar with the taking of X-ray films of the chest, including stereoscopic films; radiographs of the gastrointestinal tract; with the method of taking fluoroscopic examinations; the filing of films; and such general X-ray work as may be required in a hospital.

Duties, Laboratory Work: To make blood counts, urine examinations, take measurements of vital capacity, and make tests for basal metabolism. Applicants should have a general knowledge of bacteriology.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BIOMETRICIAN, DIVISION OF ADULT
HYGIENE, DEPARTMENT OF PUBLIC
HEALTH, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$2,640 a year; the maximum salary is \$3,180 a year.

Duties: To plan, direct, analyze, and report statistical investigations in cancer; to analyze critically and prepare technical reports, monographs, or bulletins embodying the results of such investigations; to plan and execute the transference to code for an eighty-line punch card of the material on individual cancer records at Pondville and Westfield with special attention to the types of tumors, their grading, and changes that occur in subsequent life history.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven thousand thirty (7,030) square feet of land with buildings thereon, on the easterly side of Washington street, Dorchester, numbered 204, 204A, 206, 206A, 208 and 208A in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5440, page 436, on Wednesday, March 27, 1940, at 10 a. m., on the premises, at a minimum price of twenty-three hundred dollars (\$2,300).

A deposit is required at the time and place of sale of two hundred and thirty dollars (\$230), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1003 City Hall Annex, Boston, Mass.

Custodian of Foreclosed Real Estate.
(March 16-23.)

PROCEEDINGS OF CITY COUNCIL.

Monday, March 11, 1940

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Gottlieb, Shattuck, Wickes.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighters of Goods: P. H. Sheridan, 70 Alder street, Waltham, Mass.; John T. Shanahan, 96 Berkshire street, Cambridge, Mass.; John Lowney, 8 Washington square, Charlestown, Mass.

Weighter of Coal: Thomas T. N. Irwin, 420 Freeport street, Dorchester, Mass.

Severally laid over a week under the law.

TRAFFIC SIGNS, WASHINGTON STREET, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, March 11, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of January 29, 1940, relative to the erection of "Slow" signs on Washington street, Ward 17, between Codman square and Harvard street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Traffic Commission, February 29, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 29, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the erection of 'Slow' signs on Washington street, Ward 17, between Codman square and Harvard street."

In the section of Washington street, between Codman square and Harvard street, there is only one heavily-traveled through cross street, namely, Park street.

It is our understanding that the principal reason for requesting warning signs in this area was to protect children attending the Lucy Stone School for Backward Children. The school is located in the south side of Park street, just east of Washington street. At present we are maintaining five warning signs, three of the "Slow" and two of the "School Zone" type, in the approaches to the intersection of Park street and Washington street.

We believe this number to be adequate for conditions in the area.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

VETO OF DRIVEWAY OPENING.

The following was received:

City of Boston,
Office of the Mayor, March 11, 1940.

To the City Council.

Gentlemen,—I return herewith disapproved and without my signature, permit for driveway opening at 655-665 Commonwealth avenue.

In my opinion it would be against the general interests of the public to grant the permit petitioned for at this particular location and for this reason I am constrained to veto the permit.

Respectfully,

MAURICE J. TOBIN, Mayor.

Placed on file.

SALE OF CAST-IRON PIPE.

The following was received:

City of Boston,
Office of the Mayor, March 11, 1940.

To the Honorable the City Council.

Gentlemen,—I am informed by the Commissioner of Public Works that during the present year the Public Works Department will have available for sale approximately 3,500 linear feet of 36-inch cast-iron pipe and 3,500 linear feet of 30-inch cast-iron pipe.

The commissioner has advised me that he has received bids, after publicly advertising therefor in the *City Record*, and that the highest bidder has quoted a price, based upon the foregoing estimated quantities, of \$11,865.

I therefore recommend passage of the accompanying order by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,
March 8, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—During the present year this department, under W. P. A. projects, will

replace certain cast-iron water pipes in Tremont street, between Kendall street and Arlington square.

In so doing, the present pipe will be removed and thereafter will have a junk value only. I estimate that there will be so removed about 3,500 linear feet of 36-inch cast-iron pipe and about 3,500 linear feet of 30-inch cast-iron pipe.

This pipe will be of no further use to, and is not required by, this department. Therefore it is my opinion that it should be sold. Accordingly I have obtained bids after publicly advertising therefor in the *City Record*. These bids were opened on February 23, 1940, and the highest bidder has quoted a price, based upon the foregoing estimated quantities, of \$11,865.

I respectfully request that your Honor submit the inclosed order to the City Council for consideration and passage by that Honorable Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell to the highest bidder, in accordance with bids received after public advertising, which bids were opened on February 23, 1940, approximately 3,500 linear feet of 36-inch cast-iron pipe and approximately 3,500 linear feet of 30-inch cast-iron pipe, which pipe is not required by the Department of Public Works.

Referred to Executive Committee.

DELIVERIES OF FUEL OIL AND COAL.

The following was received:

City of Boston,
Office of the Mayor, March 11, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the secretary of the Public Welfare Department relative to your order of January 2, 1940, concerning an investigation into the deliveries of fuel oil and coal to recipients of Old Age Assistance and Welfare aid.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Overseers of the Public Welfare,
February 27, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated January 2, 1940, reading as follows:

"Ordered, That the Director of Public Welfare be requested to make an immediate investigation into the deliveries of fuel oil and coal to recipients of Old Age Assistance and Welfare aid with a view to arranging a schedule whereby such recipients will not be made to suffer during the cold weather through failure to make prompt deliveries."

In reply may I state that most of the referrals made to the Welfare Department for distribution of fuel have been from those who use fuel oil. The distribution of oil in the winter months is on a basis of seventy-five gallons per month. Because of the fact that many people do not have containers which are able to take the full seventy-five gallons on the first delivery, several deliveries have to be made in order to insure a sufficient amount of fuel for the individual or family.

We have worked out with the fuel companies a system whereby the requisitions for fuel will be sent out early in each month and the companies asked to cooperate on the basis of seeing to it that a constant supply is always at hand.

We have had practically no complaint on the question of coal delivery which is done on the basis of one-half a ton a month during the winter time.

If in any case there is an emergency for fuel, either the person affected himself or the social worker calls in immediately to the central office at 43 Hawkins street and, on receipt of such notification, the companies are advised to meet the emergency that has arisen.

Fully do we realize our obligation to see to it that people do not suffer because of lack of fuel delivery and we are constantly impressing the companies to make sure that a steady supply of fuel is given to all people. May I add that during the month of February referrals for fuel distribution, despite weather conditions, were very few.

It is my sincere trust that during the balance of the winter season we will be able to meet the needs of the people affected in a manner that is satisfactory to all.

Respectfully,

WILLIAM G. O'HARE, Secretary.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Samuel A. Abraham, for compensation for injuries caused by city truck.

Helen Bowers, for compensation for injuries caused by an alleged defect at 57 Circuit street.

Irving E. Carter, for compensation for damage to car caused by an alleged defect at Arborway and South street.

Samuel P. Chiplovitz, for compensation for damage to car by ash truck.

Marion M. Collins, for compensation for injuries caused by an alleged defect at Bowdoin and Hamilton streets.

William Contillo, for compensation for damage to coat while working on snow removal job.

Charles W. Critch, for compensation for damage to car by fire engine.

V. J. Grande Company, to be paid for removing piles on Albany Street Bridge.

Andrew Jefferian, for compensation for damage to car by police car.

Dennis F. Kearney, for compensation for damage to property by Fire Department.

I. Lappin Wall Paper Company, for compensation for damage to property at 120 Staniford street, caused by break in water main.

Felix A. Marcella and Clair DeLeo, for compensation for damage to property at 94 Havre street, caused by water in cellar.

Ann McCauley, for compensation for injuries caused by an alleged defect in City Hospital.

Millen Architectural Iron Works, to be reimbursed for removal of goods by Public Buildings Department.

Joseph M. Ray, for compensation for damage to truck by city truck.

James St. Angelo, for compensation for damage to car by city car.

Esther Silverstein, for compensation for injuries caused by an alleged defect in Blue Hill avenue.

Daisy Stafford, for compensation for injuries caused by an alleged defect in Green street.

Maxwell L. Stearns, for compensation for damage to car by city car.

Francis V. Sullivan, for compensation for damage to car by city car.

Irving Goldstein, for compensation for damage to truck by city truck.

George W. Schryver, for compensation for damage to car by snowplow.

Committee on Licenses.

Petitions for driveway openings as follows:

Shell Oil Company, Walk Hill street, Ward 19.

Petitions for license to operate motor vehicles:

Warwick Coach Lines, Inc., for license to operate motor vehicles from Boston-Winthrop line over Saratoga street to Boardman street and return over same route.

Petition of Warwick Coach Lines, Inc., for license to operate motor vehicles from Winthrop-Boston line along Saratoga street to Bennington street, on Bennington street to Chelsea street at Day square, along Chelsea street from Day square to Sumner street at Maverick square, along Sumner street to Bremen street, along Bremen street to Maverick street, along Maverick street to Chelsea street at Maverick square, and return over Chelsea street and Bennington street to Saratoga street and the Winthrop-Boston line.

Petition of Winthrop Transportation Company, Inc., for license to operate motor vehicles from Winthrop line to Saratoga street to Bennington street to Bremen street to Maverick street to Chelsea street to Lewis street to South Ferry and return over same route, stopping at South Ferry and Maverick Square Station going in both directions.

Petition of Winthrop Transportation Company, Inc., for license to operate motor vehicles from site of Haymarket Square Relief Station in Boston, Haymarket square, Boston, to Cross street to and through the Sumner Tunnel to Porter street, to Chelsea street to Bennington street to Saratoga street to Winthrop line, then around Winthrop on certain streets designated by the town of Winthrop and return to Boston the same way and to the same destination.

PROBABLE EXPENDITURES AND RECEIPTS OF CITY.

The following was received:

City of Boston,

Office of the Mayor, March 11, 1940.

To the City Council.

Gentlemen,—In reply to your order of February 19, 1940, I submit herewith a statement of the probable expenditures and receipts of the city for the year 1940, as estimated by the financial officers of the city.

Many of the items, of course, are pure estimates and while the statement indicates a possible tax rate of \$41.50, I am hopeful that I will be able before the final announcement of the rate to reduce it to some extent.

It should be noticed that the increase in the rate indicated by these figures is to a large extent due to the cost of snow removal, amounting to \$1,100,000, a decrease in the payments to the City from the State of \$1,200,000 and a continued decrease in real estate valuations.

Respectfully,

MAURICE J. TOBIN, Mayor.

Placed on file.

SIDEWALK, BELVIDERE STREET.

The following was received:

City of Boston,
Office of the Mayor, March 11, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the reconstruction of the sidewalk on Belvidere street which begins in front of St. Cecilia's Church and ends at Dalton street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 1, 1940.

William T. Doyle,

Chief Clerk, Mayor Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on February 5 of the current year:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct the sidewalk on Belvidere street which begins in front of St. Cecilia's Church and ends at Dalton street, with artificial stone, said work to be done under a W. P. A. plan of construction."

A project will be submitted to the W. P. A. authorities for the removal of the existing brick sidewalk and the substituting therefor of an artificial stone sidewalk on that section of Belvidere street as referred to in the above Council order.

I contemplate starting actual construction work on this project some time this spring.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

MINORS' LICENSES.

Applications for minors' licenses were received from forty-four newsboys and six bootblacks. Approved by the Council.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petition of Thomas McIntosh, 70 Portland street (referred January 15) for driveway opening.

Report accepted; permit granted on usual conditions.

ACCOUNTS OF WATER INCOME DIVISION.

Coun. CAREY offered the following:
Ordered, That the City Collector be requested to advise the City Council:

1. What is the present system used for keeping accounts in the Water Income Division?

2. What control collection system have you over the individual account of a water customer?

3. What control system have you in knowing reasonably accurately what the outstanding daily, weekly, monthly, quarterly, or yearly balance is in the Water Income Division?

4. When were the books in the Water Income Division last balanced?

5. The recent Boston Municipal Letter published by the Committee on Municipal Finance of the Boston Chamber of Commerce stated that there was a surplus of \$869,200 in Water Income Division at the end of 1939, and \$654,999 at the end of 1938. What is the meaning of the word "surplus" in this case?

6. Is it not true that water is a commodity sold to the public by the city at a figure estimated to cover the cost charged by the Metropolitan District for the water supplied, plus the incidental expense necessary to the supplying of this commodity to the public?

7. Are the above figures arrived at by adding together the cost of the water by the Metropolitan Water Commission, plus the cost of supplying it to the city, or is it actually an excess of receipts over the cost of the water supplied?

Coun. CAREY—Mr. President, I would like to have this order referred to the Executive Committee and would ask that City Collector Thompson be invited to appear.

Coun. Carey's motion was carried, and the order was referred to the Executive Committee.

ELEVATOR SERVICE, SAVIN STREET HEALTH UNIT.

Coun. TAYLOR offered the following:
Ordered, That the Health Commissioner be instructed, through his Honor the Mayor, to resume elevator service at the Savin Street Health Unit.

Coun. TAYLOR—Mr. President, I have been informed that while the elevator service at the Savin Street Health Unit was shut down, for economic reasons, recently, a woman walking up 2½ flights of stairs, with a child, fell and was hurt, and is in bad physical condition. The elevator is an automatic one, and it does not seem that much could be saved by discontinuing it; and I think, anyway, that that is a very poor place to try to

save money. In this order I am simply asking that the Health Commissioner be instructed, through his Honor the Mayor, to resume the elevator service.

The order was passed under suspension of the rule.

WARD 18 IMPROVEMENTS

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Maynard street, between Dale street and Metropolitan avenue, in the Roslindale section of Ward 18, under the W. P. A. type of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving that section of Fairmount avenue from Logan square to Fairmount hill, Ward 18, under the W. P. A. type of construction.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Augustus avenue, between Metropolitan avenue and Whitford street, in the Roslindale section of Ward 18, under the W. P. A. type of construction.

Severally passed under suspension of the rule.

SICK LEAVE FOR HOSPITAL EMPLOYEES.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to extend two weeks' sick leave to hospital employees.

Coun. M. H. SULLIVAN—Mr. President, it has been the custom with hospital employees, prior to the term of office of the present trustees of the Boston City Hospital, to give a two weeks' sick leave to the hospital employees. I believe that that two weeks on sick leave has now been reduced to one week. In most of the departments, Mr. President, the city employees are given two weeks' sick leave, and I think that sick leave should also be granted to employees of the City Hospital. I have therefore introduced this order asking his Honor the Mayor to take the matter up with the trustees of the Boston City Hospital and see if two weeks' sick leave cannot be granted. The order was passed under suspension of the rule.

SKELETON FORCE, MARCH 16.

Coun. M. H. SULLIVAN and LINEHAN offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of authorizing a skeleton force of city employees on March 16 in order that city workers may be permitted to attend the celebration of St. Patrick's Day in South Boston.

Passed under suspension of the rule.

SKELETON FORCE, MARCH 23.

Coun. M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of authorizing a skeleton force of city employees on Easter Saturday, March 23.

Passed under suspension of the rule.

IMPROVEMENTS, MARINE PARK.

Coun. SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to submit a W. P. A. project for reseeding the grounds, repairing the dilapidated bandstand, etc., at Marine Park, South Boston.

Passed under suspension of the rule.

BASEBALL DIAMOND, SOUTH BOSTON.

Coun. SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make a baseball diamond on the grounds adjacent to the aquarium, South Boston, the work to be done as a W. P. A. project.

Passed under suspension of the rule.

SURVEY OF WEST END FOR PLAYGROUND.

Coun. RUSSO offered the following:

Ordered, That the Park Commissioners and the trustees of the George Robert White Fund be

requested, through his Honor the Mayor, to make a survey of the West End section of Boston, between Bowdoin square, Stanford street and Merrimac street, to determine the possibility of establishing and selecting a site for a small playground for children in that area.

Coun. RUSSO—Mr. President, my reason for introducing this order is that for the past twenty-five years, as far back as I can remember, the children in that particular district have been handicapped through having no playground facilities, and have been forced to cross so many streets in order to get to the Esplanade on the Charles river basin. For twenty-five years, as I have stated, that has been the situation, and I certainly feel, therefore, that we should have a small playground for children in that part of the West End. We have approximately over 3,000 children in the vicinity indicated in the order, and those children have no place to go for recreation. The only place they have had for some time was the Washington School property, and that is now denied them, since the School Department has turned it over for a garage. There is at the present time no place where little children can go and exercise themselves so that they may grow up with sound minds and bodies. I trust that the order will pass, so that the children of that district may have some recreational place where they can enjoy themselves in a healthful manner.

The order was passed under suspension of the rule.

ROPING OFF STREETS, APRIL 6.

Coun. LANGAN, LYONS, ENGLERT, CAREY and GOODE offered the following:

Ordered, That the City Messenger be, and hereby is, authorized to rope off the streets along the route of the Annual Ten-Mile Run of the William F. Reddish Associates to be held on Saturday, April 6, 1940.

Passed under suspension of the rule.

RESURFACING OF ARCHDALE ROAD.

Coun. LANGAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement the unfinished end of Archdale road, and to install tar sidewalks on same.

Passed under suspension of the rule.

TAR SIDEWALKS, HAWTHORNE STREET, WARD 19.

Coun. LANGAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install tar sidewalks on Hawthorne street, Ward 19, between Sycamore and Heathcote streets.

Passed under suspension of the rule.

REPLACING OF SIDEWALKS, WARD 4.

Coun. CHASE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the red brick sidewalks at the following locations in Ward 4 with artificial stone, the work to be done as a W. P. A. project:

West Brookline street, near corner of Tremont street.
Boylston street, at the corner of St. Cecelia street.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.40 p. m. to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 3.40 p. m.

Coun. LYONS in the chair.

NAMING OF WILLIAM F. O'BRIEN SQUARE.

Coun. KELLY offered the following:

Ordered, That the space at the junction of Columbia road and Quincy street, Ward 15, be named William F. O'Brien square, in honor of said O'Brien, veteran of the World War, who died on March 25, 1939, as the result of injuries received during the war.

Passed under suspension of the rule.

WARD 9 IMPROVEMENTS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to

prepare and present for the approval of the W. P. A. authorities, a project for the reconstruction of Tremont street, Roxbury, in Ward 9, from Massachusetts avenue to Parker street; and be it further

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install arc lights on Tremont street, Ward 9, from Upton street to Parker street, so that this important thoroughfare will have a White Way.

Passed under suspension of the rule.

ARC LIGHT, ROXBURY STREET, WARD 9.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to have an arc light installed in front of the premises located at 131 Roxbury street, Ward 9.

Passed under suspension of the rule.

IMPROVEMENT OF WILLIAM CARTER PLAYGROUND.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to prepare and present for the approval of the W. P. A. authorities a project for the complete improvement of the William Carter Playground, Columbus avenue, Ward 9, to place the grounds and field house in first-class and modern condition for the enjoyment of the people of my district.

Passed under suspension of the rule.

PLAYGROUND SUPERVISION AND CARE.

Coun. CAREY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to immediately make an intensive study into the matter of playground supervision and care, with a view to requesting a much larger W. P. A. quota of personnel and funds, in order to adequately direct the various activities.

Passed under suspension of the rule.

ABSENCE OF SCHOOL CHILDREN ON DAY OF BLIZZARD.

Coun. M. H. SULLIVAN offered the following: Ordered, That the School Committee be requested, through his Honor the Mayor, to reconsider their action and not mark any children who failed to attend school on the day of the recent blizzard as being absent.

Coun. M. H. SULLIVAN—Mr. President, I am motivated in introducing this order by reason of what I read in the newspapers of the action of the School Committee to the effect that teachers would not be marked absent if they had failed to attend school on the day of the blizzard. I understand that some children, at least, were marked absent because of non-attendance on that day, resulting in a protest from parents in my district because children who had not missed any previous school session were marked absent on that day. I am therefore asking the School Committee to reverse their action in marking children absent because of non-attendance on the day of the snow storm.

The order was passed under suspension of the rule.

WELFARE UNIT, WARD 8.

Coun. HURLEY offered an order:

Ordered, That the Director of the Overseers of the Public Welfare be requested, through his Honor the Mayor, to establish a welfare unit at the George Street School on George street, Ward 8.

Passed under suspension of the rule.

INVESTIGATION BY ATTORNEY-GENERAL OF BEANO GAMES.

Coun. CHASE offered the following:

Ordered, That the Attorney-General be requested to investigate the manner and methods of the conduct of the various Beano games in Suffolk County and also the distribution of the profits of said Beano games.

Coun. CHASE—Mr. President, sometime ago there were reports about the Council Committee on Ordinances—

Coun. TAYLOR—Mr. President, I rise to a point of order, that the City Council has no authority to order the Attorney-General to do anything.

Chairman LYONS—The point of order is well taken. The Chair will rule the order out of order.

Coun. M. H. SULLIVAN—Mr. President, I ask unanimous consent to make a statement.

Chairman LYONS—Are there any objections? (No response.) If not, the gentleman may proceed.

Coun. M. H. SULLIVAN—Mr. President, I cannot understand why Councilor Chase should endeavor to dump this matter into the lap of the Attorney-General. I don't know why any-

thing political should be mixed up with this matter, as would certainly seem to be the case under this order. I recall one of the biggest Beano affairs ever held in the City of Boston by the Republicans in Boston Garden about a year ago. Certainly if there is anything political to be introduced into this matter, I object, and I do not wish to see this question dumped into the lap of the Attorney-General.

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement.

Chairman LYONS—Granted.

Coun. CHASE—Mr. President, I wish to assure the members of the Body that I have no political purpose in introducing the order. The Attorney-General of Massachusetts is the chief law-enforcing agency of the state. He can today step into any portion of the state and over-ride district attorneys or any other investigating bodies. It is his business to investigate matters coming within the category of breaches of the law. That is my sole purpose in introducing the order asking the Attorney-General of Massachusetts to find out, in view of the action proposed by the gentleman from East Boston (Coun. Coffey), what is taking place. If the things that we heard about in the Executive Committee are true, it is largely because these games are being conducted under false pretences, and something should be done about it. If we have laws we should live up to them, and if we have a law-enforcing agency in the state, like the Attorney-General, it is to that agency that we should look for enforcement of the law. I repeat that my purpose in introducing the order was not political. My order is introduced because this Body is apparently being accused of having something to do with Beano, when as a matter of fact we have no jurisdiction whatever over Beano. The matter rests entirely in the Mayor's office. But the Attorney-General has jurisdiction in investigating matters which are going on which may involve a breach of the law.

ACCEPTANCE OF CEDAR GROVE STREET, WARD 16.

Coun. FISH offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Cedar Grove street, from Whitridge to Hallet street, Ward 16, under the W. P. A. type of construction.

Passed under suspension of the rule.

DAMAGE TO PLAYGROUNDS BY CONTRACTORS' TRUCKS.

Coun. FISH offered the following order:

Ordered, That the Park Commissioner, through his Honor the Mayor, be requested to give the Boston City Council an estimate of the amount of damage done to city playgrounds by the contractors' trucks on snow removal.

Passed under suspension of the rule.

REPAVING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Ward 13, as W. P. A. projects: Downer avenue, Mayfield street.

Passed under suspension of the rule.

TRAFFIC LIGHTS, CHARLES AND ALLEN STREETS.

Coun. RUSSO offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic signal lights at the corner of Charles and Allen streets, Ward 3.

Coun. RUSSO—Mr. President, I feel that at this time traffic signal lights should be installed immediately at the corner of Charles and Allen streets, Ward 3, for the simple reason that we have had approximately 300 or 400 accidents at that point, with eight or ten deaths, since Charles street was widened. That widening has naturally resulted in the speeding up of traffic along Cambridge and Charles streets to the circle, and naturally when they reach this particular point referred to in the order they are going at a very high speed. I find that in the summer time mothers with their babies, who are crossing to the Esplanade, have to wait perhaps twenty or thirty minutes to make the crossing with their baby carriages. I feel, therefore, that it is high time that these lights should be installed so that there shall be no recurrence of the accidents we have had in the past. I trust that the order will pass.

The order was passed under suspension of the rule.

Adjourned, on motion of Coun. HURLEY, at 4.55 p. m., to meet on Monday, March 18, 1940, at 2 p. m.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, MARCH 30, 1940.

No. 13

WE SHALL KEEP OUR HOUSE UNDIVIDED DESPITE ALL EFFORTS OF TOTALITARIAN AND DICTATORSHIP COUNTRIES, MAYOR TOBIN TELLS AUDIENCE, IN ADDRESS BEFORE THE NATIONAL CONFERENCE OF CHRISTIANS AND JEWS, DURING ANNUAL DINNER AT CHAMBER OF COMMERCE BUILDING — SAYS CAUSE WHICH PROMPTED GATHERING MORE VITAL TO AMERICA'S WELFARE THAN MAN'S MIND CAN CONCEIVE — TERMS PURPOSE OF MEETING NOBLEST CONCEPT IN WHOLE STRUCTURE OF AMERICAN LIFE.

The following is the address of Mayor Maurice J. Tobin at the annual dinner of the National Conference of Christians and Jews at the Chamber of Commerce on March 27:

Mr. Chairman, Governor Saltonstall, Reverend Members of the Clergy, Distinguished Guests, My Fellow-Readers of the Old Testament, and of the New Testament.

The mind of man cannot frame, his heart cannot enfold, a cause more vital to America's welfare than the purpose for which this great company is assembled tonight. We are met to affirm once more the principle which stands as the noblest concept in the whole structure of American life.

I refer, as you well know, to the American article of faith that all men have equality in the sight of God — the God who exalts truth and condemns falsehood, who tempers justice with mercy, who casts out destructive hate and gives to humanity the creative force of love, of charity, of tolerance, of mutual sympathy and good will.

How strange that such qualities should arouse bitter distrust and hostility anywhere in the civilized world! Yet we know — do we not? — that in many a nation of Europe today, a meeting held for the purpose which calls us together tonight would be considered an assembly potentially criminal.

The whole purpose of our conference would be attacked as subversive, likely to encourage treason to the dictatorial state.

To Promote Good Will.

Also we should be condemned for a self-confessed reason, namely, that we have met to promote good will, not within the ranks of any one class or party, but in the name of fairness and common justice to all our citizens, regardless of any circumstances of their birth save that they are all the children of one Father.

It is hard to realize that a civic assembly convened upon such a platform could anywhere be thought harmful or hazardous. Nevertheless, we in America are gradually beginning to understand the views and the ways of the dictators. The past year has been crowded with tragic events. We have been saddened by them, but also we have learned much.

How, indeed, could we fail to learn? The dictators have strident voices, but louder still are their deeds, and far more instructive.

Among the fantastic new words shouted across the Atlantic, one in particular we have heard again and again. I cannot say that we have yet learned how to pronounce it, because it strings many syllables together in a quite astonishing manner. I refer, of course, to the term "totalitarian."

Americans may find the word hard to pronounce, but not hard to define. Its meaning grows plainer each day. This totality which they talk so much about is a big idea but very simple. One man takes all the power, and the people take all the applesauce!

I use the word with good precedent. I take it from the writings of an American college graduate who for many years espoused the Communist cause, but now has had the clarity and the courage to denounce the travesty upon every principle of social justice which has been wrought in the land of Stalin.

"What is the 'secret ballot', when only one party can run candidates for office?" Max Eastman asks regarding Russia today. "What is 'free press and assemblage' when no man can form, advocate or support the platform of any but the gang in power, and when hundreds of thousands of those who have done so are in jail or exile? Is there any term in the American language to describe it except 'applesauce'?"

That's all the people can be sure of in a dictatorship. And they have to take it. When the Big Power Man speaks, everyone must listen. If any man fails to listen he may be hauled away to the police station. And there, if he breathes a word of dissent, he becomes a candidate for the firing squad.

Against Totalitarianism.

As a matter of absolute fact, in the dictator countries today, a man may be imprisoned, or even put to death, for anything that he has done, for anything he has failed to do, and for anything he never even dreamed of doing.

That's a totality as simple and plain as it is dreadful and stark. No wonder such a system of government has a name that does not come readily to the American tongue. We speak with only one purpose — and that is to pronounce ourselves against it!

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.
JOSHUA H. JONES, JR., Associate Editor.
EDWARD F. O'DOWD, Business Agent, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, April 1, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 23, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 198; nonresidents, 48; total, 246.

Death rate per 1,000 of population: All deaths, 15.7; nonresidents deducted, 12.6.

Death rate per 1,000 of population:

Last week, 13.52; corresponding week last year, 17.81.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 1; sixty years and over, 135. Total deaths: Male, 117; female, 129; deaths in hospitals and institutions, 158; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

ADDRESS OF MAYOR TOBIN.

(Continued from page 277.)

And there is another lesson which the American democracy has been learning very rapidly within the past year. We have come to see that there is little distinction, if any, between one modern tyranny and another.

Some people cling to a view that all the demons live in one city in the center of Europe while an invisible angel somehow floats above the dictator in Moscow. Gerard Raftery made some verses on this score for the New York *Herald-Tribune* the other day. He wrote:

There's quite a lot of difference, the Parlor Pinks insist,
Between the Nasty Nazi and the Moral Communist.
The Nazi is a murderer and slays for livelihood,
But the Bolshy does the slaying for the murderer's own good.

For my own part, I see an equal tragedy in the annihilation of the Czech Republic, the brutal invasion of Poland, in order to enlarge the Nordic "Living Room" no matter how many Poles are left dead upon their own hearthstones—and the ravage of gallant Finland by the Russian bullies, whose leader pretends that he seeks to enlarge "the Brotherhood of Man!"

Indeed, the outrage upon the Finns is perhaps the worse shame, on account of such vicious betrayal of the true cause of human fellowship.

America wants nothing to do with dictators striving to make the World Safe for Hypocrisy!

How glad we would all be if the totalitarian countries, for their part, wanted nothing from us! What a good riddance it would be, if they should call home their paid agents, and cease from their efforts to inject into the wholesome blood of our people the virus of inter-class hatred and racial prejudice so intense that it must destroy the sinew, nay, the very soul, of any body politic where such poison flows!

The propaganda-chiefs in the totalitarian states know that very well. They remember precious little of the Holy Scriptures, but they do not forget one verse from Saint Matthew: "Every Kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand."

To avoid division within their own houses, the dictator states are busy night and day, putting down every hand, and silencing every voice, which might by any chance be raised against a monopoly of all power by one callous boss and his privileged friends, the myriad members of a bureaucracy which now has passed beyond all control by the down-trodden people of these many lands.

TO SPREAD CIVIL STRIFE.

Yes, the dictators know well enough that a house divided against itself cannot stand. And that is the reason, and the only reason, why they are so anxious to spread the virus of civil strife here in America. They hope to hasten the day when our beloved United States may be divided against itself, so that the rich resources of our land may be less effective in competition against the dictator states throughout the world's markets, and to the end that America may be less able to defend the rights of our people, in securing a due share of the world's basic commodities.

How evident it is, come to think of it, that this is the true motive of the dictator countries in sending here the paid agents of the Nazi and Communist parties! It is absurd to suppose that Stalin, after grinding millions of Russian workers under his heel, has the slightest concern for the welfare of America's wage-earners. How ridiculous to imagine that Hitler cares for the personal comfort of either Christians or Jews here in Boston! What the dictators both want is the division of America against itself, so that the totalitarian states may more easily disregard and override America's power in world affairs.

Do we need more than to see clearly the dictators' motives, in order to resolve now and forever that they shall not gain their ends here among us?

We shall keep our house undivided! To that end, no bulwark of unity is stronger than the article of the Constitution which guarantees religious freedom to all of our people, and which we propose to preserve for all time to come.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 28:

FIRE DEPARTMENT.

Capt. Lorenzo D. Merrill of Engine Company 52 has been retired at \$1,350 a year.

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Illa Allen, 3½ days; Stacia Andrews, 1½ days; Ann Barry, 1 day; Gladys Brown, 4 days; Mary Caulfield, 2 days; Katherine Connelly, 3 days; Charlotte Doherty, 1 day; Mary Doherty, 7 days; Hannah Donahue, 1 day; Bertha Eden, 2 days; Madeline Finnegan, 3 days; Ruth Flanagan, ½ day; Ethel Glennon, Irene Griffin, Ann Lydon, 1 day; Viola MacAdam, 3 days; Mary B. MacAuley, 5 days; Mary McSweeney, 3 days; Gladys Maccione, Mary Maloney, 1 day; Alma Nobile, 7 days; Mantha Melish, 1 day; Daphne Parks, 4 days; Helen Paul, 7 days; Rose Pelletier, 1 day; Genevieve Ploski, 3½ days; Mildred Pratt, 3 days; Wanda Prsygodski, 7 days; Frances Slinger, 1 day; Douglass Spencer, 2 days; Doris Sutherland, 5 days; Ethel Tracey, 3 days; Catherine Trombley, 7 days; Doris Walker, 2 days; Rose Walker, Mary Turner, 1 day.

The Mayor has approved the following appointments:

OVERSEERS OF THE PUBLIC WELFARE.

Carmela E. Conroy, temporary clerk-typist, \$900 a year.

Clara Levett, temporary clerk-typist, \$900 a year.

Lottie Leavitt, temporary clerk-typist, \$900 a year.

Selda Kuhlbin, temporary clerk-typist, \$900 a year.

Helen M. Agnew, temporary clerk-typist, \$900 a year.

Theresa Lebovitz, temporary clerk-typist, \$900 a year.

Rosemary E. Gaffey, temporary clerk-typist, \$900 a year.

Ruby M. Gardner, temporary clerk-typist, \$900 a year.

Mary M. Badessa, temporary clerk-typist, \$900 a year.

Edith Hecht, temporary clerk-typist, \$900 a year.

M. Loretta Harnett, temporary clerk-typist, \$900 a year.

Mildred Glynn, temporary clerk-typist, \$900 a year.

Mary E. Cumiff, temporary clerk-typist, \$900 a year.

Gladys Nathanson, temporary clerk-typist, \$900 a year.

Anne Robinson, temporary clerk-typist, \$900 a year.

Andronikie Pappas, temporary clerk-typist, \$900 a year.

Eileen Moore, temporary clerk-typist, \$900 a year.

Eleanor Lighter, temporary clerk-typist, \$900 a year.

Frances Kushlan, temporary clerk-typist, \$900 a year.

Sadie Corzen, temporary clerk-typist, \$900 a year.

Helen S. Bloom, temporary clerk-typist, \$900 a year.

Sophie Beckwith, temporary clerk-typist, \$900 a year.

Anna L. Aicardi, temporary clerk-typist, \$900 a year.

Nancy Wolff, temporary clerk-typist, \$900 a year.

Helen Rudin, temporary clerk-typist, \$900 a year.

Mary C. Sullivan, temporary clerk-typist, \$900 a year.

Edward J. Bossi, temporary clerk-typist, \$900 a year.

Leo H. Deitch, temporary clerk-typist, \$900 a year.

Carroll A. Harrington, temporary clerk-typist, \$900 a year.

William T. Leahy, temporary clerk-typist, \$900 a year.

Walter T. McDonald, temporary clerk-typist, \$900 a year.

John D. O'Connell, temporary clerk-typist, \$900 a year.

Francis P. Sullivan, temporary clerk-typist, \$900 a year.

Myron Ryter, temporary clerk-typist, \$900 a year.

Rose E. Beattie, temporary clerk-typist, \$900 a year.

Dorothy Brown, temporary clerk-typist, \$900 a year.

Esther Capitman, temporary clerk-typist, \$900 a year.

Elizabeth E. Carroll, temporary clerk-typist, \$900 a year.

Esther M. Cohen, temporary clerk-typist, \$900 a year.

Norina DiSalvo, temporary clerk-typist, \$900 a year.

Catherine T. Donovan, temporary clerk-typist, \$900 a year.

Dorothy Dowd, temporary clerk-typist, \$900 a year.

Sybil C. Fagan, temporary clerk-typist, \$900 a year.

Mary M. Fitzgerald, temporary clerk-typist, \$900 a year.

Anna Gale, temporary clerk-typist, \$900 a year.

Mary M. Geaney, temporary clerk-typist, \$900 a year.

Jean Gordon, temporary clerk-typist, \$900 a year.

Anna M. Grealy, temporary clerk-typist, \$900 a year.

Evelyn Keefe, temporary clerk-typist, \$900 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Assessing Department.

For the week ending March 20:

M. A. Ahern, \$28.97; J. V. Andreoli, \$24.50; C. J. Browne, \$17.05; J. B. Buckley, \$30.58; J. H. Campbell, \$30.87; J. M. Devine, \$27.67; D. S. Donahue, \$27.50; J. R. Farrell, \$31; H. C. Fenlon, \$26.75; J. V. Hagerly, \$27.67; H. P. Ireland, \$30.87; E. J. Kelly, \$30.05; S. Kostick, \$31.27; A. J. Leary, \$31; O. L. Lomasney, \$31; W. J. Lynch, \$28.82; M. A. Malley, \$26.75; J. M. McDowell, \$27.80; C. J. Mehegan, \$26.77; J. L. Murphy, \$31; C. S. O'Connell, \$28.82; J. C. Parsons, \$23.40; L. D. Riley, \$28.97; C. W. Conley, \$31.27; J. A. DeMarco, \$27.50; J. B. Doherty, \$26.77; A. H. Fogarty, \$63.05; W. H. O'Brien, \$64.75; M. E. McCarron, \$30; T. J. Callahan, \$27.80; M. J. Walsh, \$30.58; E. J. McHugh, \$10. Total, \$960.80.

Public Works Department (Sanitary-Service).

From February 14 to March 10:

James Hennessey, Daniel McCarthy, Patrick F. Scanlon, laborers, 7½ days, \$37.50 each; Richard S. Judge, chauffeur, 7½ days, \$41.25; Patrick M. Costello, laborer, 7½ days, \$37.50; George F. Golden, chauffeur, 7½ days, \$41.25; Raymond A. Malloy, laborer, 7½ days, \$37.50; Bernard Gaffney, Henry McFadden, chauffeurs, 7½ days, \$41.25 each; Frank Diaz, chauffeur, 7½ days, \$40.56; Edward C. Merchant, chauffeur, 8 days, \$44; Samuel Rotondo, chauffeur, 9 days, \$49.50; Herbert S. Lawrence, laborer, 7½ days, \$37.81; Edward J. Murphy, chauffeur, 8½ days, \$47.09; James J. Shea, laborer, 7½ days, \$36.88; James W. Sheehan, laborer, 7½ days, \$37.81; Neil M. Murphy, laborer, 7½ days, \$36.25; Neil M. Murphy, chauffeur, 1½ days, \$6.19; James P. Johnson, laborer, 7½ days, \$36.88; Edward Batson, laborer, 3½ days, \$19.38; Charles J. Wood, laborer, 7½ days, \$37.81; John F. Doyle, chauffeur, 8 days, \$44; Samuel R. Puleo, laborer, 7½ days, \$36.88; Melvin J. Melanson, laborer, 1½ days, \$5.63; Melvin J. Melanson, chauffeur, 6½ days, \$37.81; Harry J. Kane, laborer, 5 days, \$25; Leo L. Duffy, laborer, 5½ days, \$27.50; Edward Skane, laborer, ½ day, \$2.50; Edward Skane, chauffeur, 4½ days, \$24.06; James H. McGough, laborer, 5½ days, \$27.50; John J. McDonald, chauffeur, 13½ days, \$73.91; William A. White, chauffeur, 13½ days, \$74.93; August P. Charbonnier, laborer, 8½ days, \$42.81; Julius P. Charbonnier, laborer, 6 days, \$30; Henry F. Collett, laborer, 8½ days, \$44.06; Joseph L. Gould, laborer, 5½ days, \$27.50; William McGahey, James Sweeney, Daniel Kelly, Dennis J. Dempsey, laborers, 5½ days, \$27.50 each; Michael Carroll,

David C. Kelleher, Michael J. Kelley, George E. Mason, Benjamin Glennon, laborers, 7½ days, \$37.50 each; Michael S. Ryan, James F. Cosgrove, laborers, 3 days, \$15 each; George N. Fletcher, laborer, 1 day, \$5; Walter A. Bliven, chauffeur, 6½ days, \$37.81; Warren L. Eastman, laborer, 7½ days, \$37.50; William J. Kelly, chauffeur, 7½ days, \$43.31; Walter Rose, chauffeur, 6½ days, \$35.75; Edward J. Sweeney, chauffeur, 10 days, \$55; John P. Barnes, laborer, 1½ days, \$7.50; James P. McLaughlin, laborer, 2 days, \$10; John Clancy, James W. Collins, Paul F. Daley, Daniel J. Murphy, laborers, 6½ days, \$32.50 each; William D. Watson, chauffeur, 6½ days, \$35.75; Thomas F. Smith, William T. Gillen, laborers, 6½ days, \$32.50 each; Joseph H. Monahan, chauffeur, 6½ days, \$35.75; Cornelius Sullivan, laborer, 5½ days, \$27.50; John J. Jones, laborer, 2 days, \$10; Edward McLaughlin, chauffeur, 9 days, \$49.50; William F. Hinchey, John J. Monahan, laborers, 5 days, \$25 each; Patrick Walsh, laborer, 4½ days, \$22.50; Thomas Langdon, chauffeur, 5½ days, \$30.25; Hugh Barry, chauffeur, 10½ days, \$57.75; Frank M. Kelley, laborer, 13½ days, \$68.13; Edward F. Noonan, laborer, 6½ days, \$32.50; Richard Kelley, laborer, 13½ days, \$68.13; Peter McGinley, laborer, 2½ days, \$12.50; John Lynch, laborer, 1 day, \$5; John Marley, chauffeur, 6½ days, \$35.75; Thomas E. Madden, laborer, 1 day, \$5; Charles J. Donners, chauffeur, 4½ days, \$26.13; Louis V. Kilduff, chauffeur, 9 days, \$49.50; George Brookfield, chauffeur, 7½ days, \$41.25; Daniel J. Dolan, chauffeur, 6½ days, \$35.75; John J. Hillen, laborer, 6½ days, \$32.50; Edward A. Keefe, laborer, 5 days, \$25; George M. Turner, chauffeur, 6½ days, \$35.75; John R. Martin, chauffeur, 9 days, \$49.50; Angelo Poppiano, chauffeur, 7½ days, \$41.25; Francis Archilles, laborer, 5 days, \$25; John J. Carey, laborer, 3 days, \$15; Charles Daley, laborer, 4 days, \$20; James M. Igoe, Charles F. McCarthy, laborers, 4½ days, \$22.50 each; Francis McLaughlin, laborer, 5 days, \$25; Frank H. Williams, chauffeur, 7½ days, \$41.25; Joseph Mudge, laborer, 6½ days, \$32.50; Andrew Morrissey, laborer, 3 days, \$15; Patrick Ryan, laborer, 6-1-3 days, \$32.50; Patrick J. Sullivan, laborer, 4 days, \$20; Joseph Engano, laborer, 6½ days, \$32.50; Joseph P. Bragg, laborer, 4 days, \$20; William McAduff, laborer, 1 day, \$5; George Freeman, chauffeur, 9 days, \$49.50; John J. Kenzie, laborer, 5 days, \$25; Walter G. Glennon, John J. Carter, Gordon H. Morrill, Walter Donovan, Frederick Harnden, chauffeurs, 10½ days, \$56.38 each; Roger Dennehy, laborer, 10½ days, \$51.25; Thomas F. Hession, laborer, 9½ days, \$48.75; Michael J. Kennedy, laborer, 8½ days, \$43.75; John J. Maguire, laborer, 7½ days, \$38.75; John F. O'Toole, laborer, 8½ days, \$43.75; Cornelius Sullivan, John Sullivan, laborers, 7½ days, \$38.75 each; Patrick Costello, chauffeur, 8½ days, \$46.75; Joseph R. Lucacio, laborer, 8½ days, \$42.50; Horace A. Bourdon, Lawrence L. Brennan, laborers, 2 days, \$10 each; Gregorio Campo, chauffeur, 13½ days, \$74.94; Nicholas Cesso, laborer, 9 days, \$45; Francisco Corvino, Giuseppe De Filippo, Filippo DeMaggio, Joseph F. Doherty, laborers, 8½ days, \$12.50 each; John J. Gilligan, laborer, 2 days, \$10; James J. Glancy, laborer, 10½ days, \$53.75; John F. Hannon, Guistino Marcantonio, laborers, 8½ days, \$42.50 each;

Humphrey J. McCarron, laborer, 5 days, \$25; Daniel P. Minihan, laborer, 8½ days, \$42.50; Albert A. O'Hare, laborer, 2 days, \$10; Giuseppe Salemi, laborer, 7½ days, \$39.38; Charles Connors, laborer, 8½ days, \$42.50; Edwin J. McLaughlin, chauffeur, 8½ days, \$46.75; James Kearney, laborer, 10½ days, \$53.75; John H. Horton, chauffeur, 8½ days, \$46.75; Peter Potenza, chauffeur, 8½ days, \$42.50; James E. Coyle, chauffeur, 8½ days, \$46.75; Harold J. Holmes, laborer, 2 days, \$10; Louis Pace, laborer, 10½ days, \$53.75; Arthur D. Doherty, chauffeur, 8½ days, \$46.75; William G. Earley, laborer, 7½ days, \$35.62; Michael Leahy, chauffeur, 7½ days, \$39.19; John H. Reardon, chauffeur, 5 days, \$27.50; Charles A. Calderara, chauffeur, 7½ days, \$39.19; John A. Carr, laborer, 7½ days, \$35.62; George H. Corcoran, laborer, 1½ days, \$9.37; John J. Daley, laborer, 7½ days, \$35.62; William P. Donnelly, laborer, ½ day, \$4.37; Timothy J. Donovan, laborer, 7½ days, \$35.62; Coleman F. Flaherty, laborer, 6½ days, \$32.50; Thomas Glynn, Archilleas Goulesas, laborers, 7½ days, \$35.62 each; James L. Hanley, laborer, 5½ days, \$26.25; Bernard Maraghy, laborer, 7½ days, \$35.62; James M. O'Rourke, chauffeur, 7½ days, \$39.19; Michael F. Raftery, laborer, 1½ days, \$9.37; Thomas C. Ryan, laborer, 7½ days, \$35.62; John P. Tuohy, laborer, 5½ days, \$26.25; Martin A. Weidman, laborer, ½ day, \$4.37; Patrick G. Kelley, laborer, 7½ days, \$35.62; James B. Gately, chauffeur, 6½ days, \$35.75; James H. Madden, John J. Riley, laborers, 7½ days, \$35.62 each; John W. McLean, chauffeur, 5½ days, \$32.31; Francis Walsh, chauffeur, 7½ days, \$39.19; Maurice Cashman, laborer, 6½ days, \$32.50; Domenico Pattinello, laborer, 3½ days, \$16.87; Hugh J. Foley, chauffeur, 14½ days, \$79.75; James C. Owens, James A. Doherty, laborers, 7½ days, \$35.62 each; Frank Forte, laborer, 6½ days, \$30.62; Robert E. Kelley, laborer, 7½ days, \$35.62; Hugh P. Doherty, chauffeur, 18 days, \$99; Mortimer Coakley, chauffeur, 18½ days, \$99.69; Martin J. Giovanelli, chauffeur, 6½ days, \$35.75; John P. Harnett, chauffeur, 9 days, \$49.50; Joseph P. Kolf, chauffeur, 9½ days, \$53.63; William A. Murphy, chauffeur, 9½ days, \$52.25; James McCabe, chauffeur, 10½ days, \$57.75; William T. Courtney, chauffeur, 18½ days, \$99.69; Anthony Corrado, chauffeur, 12½ days, \$68.06; John Mack, John G. Pender, Joseph Donoghue, chauffeurs, 6½ days, \$36.43 each; Dennis Walsh, laborer, 1 day, \$5; John G. Cavanaugh, laborer, ½ day, \$2.50; Matthew Muliero, chauffeur, 5½ days, \$28.87; John J. Feeley, laborer, 6½ days, \$33.13; James J. Cox, laborer, 4½ days, \$23.12; Patrick Fitzgerald, laborer, 8 days, \$40. Total, \$6,867.43.

Public Works Department (Sanitary-Service).

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon March 6 the Acting Mayor approved a contract with lowest bidders as indicated for furnishing findings to be delivered to the Army Base, South Boston, Sewing Project, Public Welfare Department. The approximate totals of awards were as follows:

J. G. Bowden & Son, Incorporated, \$680.50; Koplou Trimming Company, Incorporated, \$154.60. Total, \$835.10.

As the totals of awards do not amount to \$1,000, no formal written contracts will be made out.

Bids, opened February 16, were as follows:

100 Reels Natural Elastic, One Quarter Inch, 144 Yards Per Reel, Soft Finish, 30-2 Yarn, 8 Ends Rubber, No. 42, 170 Per Cent Stretch, Per Reel. Koplou Trimming Company, Incorporated, 84 cents; J. G. Bowden & Son, Incorporated, 74.5 cents, see samples.

200 Gross Yards Natural Elastic, Three Quarter Inch, Soft Finish, 30-2 Yarn, 14 Ends Rubber, No. 40, 250 Per Cent Stretch, Per Gross Yards.—Koplow Trimming Company, Incorporated, \$2.40; J. G. Bowden & Son, Incorporated, \$2.10,* see samples.

400 Boxes No. 4 Common Pins, Half Pound, Per Box.—Koplow Trimming Company, Incorporated, 20.5 cents*; J. G. Bowden & Son, Incorporated, 21.9 cents.

200 Gross Black Snaps No. 00, Packed in Bulk, 12 Gross to Box, Per Gross.—Koplow Trimming Company, Incorporated, 9.22 cents*; J. G. Bowden & Son, Incorporated, 11 cents.

G. Kaufman Company, Frigidaire, see specifications.

WITHOUT ADVERTISING.

The Mayor has approved the following contract as requested:

MUNICIPAL COURT OF THE CHARLESTOWN DISTRICT.

CHARLESTOWN, December 14, 1939.

HON. MAURICE J. TOBIN,

Mayor of Boston.

MY DEAR MR. MAYOR,—I desire to call your attention to the fact that M. Driscoll & Son, of 69 Warren street, Charlestown, Mass., have been committing prisoners from this court since 1904, under the direction of Judge Henry W. Bragg, now deceased, and for three other months another person was making the commitments. When I was appointed January 14, 1914, I gave the contract of commitments to Mr. Driscoll, whose work has been very satisfactory. I have the utmost confidence in his ability and dealings with the Court.

May I respectfully ask you to give me the right to continue the employment of Mr. Driscoll in the commitment of prisoners during 1940.

I am,

Very respectfully,

CHARLES S. SULLIVAN,
Justice.

FIRE DEPARTMENT ORDERS.

General Order No. 11.

I. CHANGE OF STREET NAMES.

Notice has been received from the Board of Street Commissioners of the following changes in names of streets:

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, April 3.

Springfield, Thursday, April 4.

Boston, Wednesday, May 1.

Worcester, Thursday, May 2.

Boston, Wednesday, June 5.

Boston, Wednesday, September 11.

Worcester, Thursday, September 12.

Springfield, Wednesday, October 16.

Pittsfield, Thursday, October 17.

Boston, Wednesday, November 13.

Lowell, Thursday, November 14.

Boston, Wednesday, December 4.

New Bedford, Thursday, December 5.

New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPINI,
ALBERT FRANK,
WALTER J. KENEFFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

OCCUPATIONAL THERAPIST, BOSTON INSTITUTIONS DEPARTMENT, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$1,200 a year and maintenance. (The present vacancy is at the Long Island Hospital.)

Duties: To work and teach others to work in the following branches of the arts and crafts: Applied design, basketry, bead work; bookbinding, block printing, chair seating (cane, splint, rush), costume designing and construction, crocheting, knitting, tatting and embroidering, dyeing, gardening, jewelry, leather work, marionettes, metal work, modeling, pottery, rake knitting; stenciling, rug and mat making (braided, braidwoven, coir and hooked), weaving and wood work and chip carving. Cunio, 474 Talbot avenue, Dorchester, Mass.; Elizabeth F. O'Donnell, 23 Baker road, Everett, Mass.; Anna V. Tobin, 11 Monastery road, Brighton, Mass.; Harold M. Fusoni, 868 Columbus avenue, Roxbury, Mass.; Nelson W. Hart, 10 Groaton road, West Roxbury, Mass.; William N. Hart, 10 Groaton road, West Roxbury, Mass.; Michael M. Keleher, 611 La Grange street, West Roxbury, Mass.; Joseph W. Sheehan, 22 Perkins street, Quincy, Mass.; John D. Strong, 82 Village Hill road, Belmont, Mass.; Thomas Thornton, 170 School street, Woburn, Mass.; Francis J. Tobin, 29 Parsons street, Brighton, Mass.; Arthur M. Williamson, 1350 Commonwealth avenue, Brighton, Mass.
Weighers of Goods: Walter J. H. Keddy, 24 Rich street, Mattapan, Mass.; Alan W. Smith, 103 Norfolk street, Wollaston, Mass.
Severally laid over a week under the law.

DORMITORY WORK, LONG ISLAND.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of November 20, 1939, concerning the provision in the contracts awarded for dormitory work on Long Island that only Boston citizens be employed.
Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, March 13, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Mr. Mayor,—Under date of November 20, 1939, the City Council passed the following order: "Ordered, That the Corporation Counsel be instructed, through his Honor the Mayor, to provide in the contracts awarded for dormitory work on Long Island that only Boston citizens be employed."

The contracts for the building of a dormitory on Long Island are now in course of preparation by this department in conjunction with the Institutions Commissioner, and accordingly it seems appropriate to reply at this time.

The Legislature has dealt with the matter of employment upon public works in General Laws (Ter. Ed.), chapter 149, section 26, as most recently amended by chapter 413 of the Acts of 1938. In this section the Legislature has set out a complete scheme covering not only the classes of persons to be employed but also the matter of wage rates to be paid to mechanics, teamsters, chauffeurs and laborers used on construction work. In so doing, in my opinion, the Legislature has precluded action by any local authority inconsistent with the requirements laid down by the Legislature. The section provides that preference in employment shall be given first to veterans, second to citizens of the Commonwealth generally and "if they cannot be obtained in sufficient numbers, then to citizens of the United States"; and further that every city or town, or the contractors engaged for the construction of public works by a city or town, "shall give preference to veterans and citizens who are residents of such county, town or district."

It will be noted that the Council order is inconsistent with the requirements of the statute in at least two respects: One, a provision that only Boston citizens be employed might have the effect of excluding veterans from employment; and, two, it attempts to exclude from employment other than Boston citizens totally and completely, whereas their exclusion under the statute occurs only in the event that Boston residents are available for the particular task for which they are employed.

Every contract drawn by this department that comes within the purview of this section is drawn so as to comply with the requirements of the section and contains provisions giving preference in the order contemplated by the section. Beyond this point, it is my opinion, the city cannot go for the reasons stated. It is, therefore, unnecessary to question the validity of the Council order as an attempt on the part of the Council to participate "in the conduct of the executive or administrative business of the city or county" in violation of section 8 of chapter 486 of the Acts of 1909.

Yours very truly,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

OCCUPATIONS OF EMPLOYABLES ON SOLDIERS' RELIEF ROLLS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Soldiers' Relief Department Commissioner relative to your order of January 29, 1940, concerning the submitting of a list of the numbers of able-bodied unemployed laborers and skilled tradesmen receiving welfare and soldiers' relief assistance.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Soldiers' Relief Department,
March 15, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention: William T. Doyle, Chief Clerk.
Sir,—In accordance with communication received from your office March 14, 1940, as a result of request or order of the Boston City Council of January 29, 1940, requesting the submission of a list of the numbers of able-bodied unemployed laborers and skilled tradesmen receiving soldiers' relief, I am inclosing a list of the employables on the soldiers' relief rolls as of the date of March 14, 1940.

These are classified in accordance with their normal occupations and the number on the rolls of each occupation.

Respectfully yours,
HERMAN L. BUSH, Commissioner.

REPAVING WARD 13 STREETS.

The following were received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of February 5, 1940, concerning the repaving of the following streets in Ward 13: Dewey street, Downer avenue.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 13, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works repave with smooth pavement, under the W. P. A. plan of construction, the following streets in Ward 13: Dewey street, Downer avenue.

Relative to Downer avenue, please be advised that, upon investigation, I find that there is no immediate need of the reconstruction of this street this year.

In regard to Dewey street, this will advise you that this street will be submitted for approval on a W. P. A. project for reconstruction this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the repaving with smooth pavement the following streets in Ward 13:

Denny street, Romsey street, Spring Garden street, Davitt street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 14, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works repave with smooth pavement the following streets in Ward 13, under the W. P. A. plan of construction:

Denny street, Romsey street, Spring Garden street, Davitt street.

This will advise you that the above-named streets will be submitted for approval on a W. P. A. project for construction this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Severally placed on file.

REMOVAL OF SNOW FROM CITY SIDEWALKS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department chairman relative to your order of March 4, 1940, concerning the arranging for a prompt removal of the snow from all sidewalks under their jurisdiction immediately upon the termination of future snowstorms.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, March 14, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of March 13, with inclosure, order, that the Park Commissioner arrange for the prompt removal of snow from all sidewalks.

Please be informed that one of the first plows that leaves the yard, cleans the sidewalks, and to my knowledge, no criticism of the conditions of the sidewalks has been made about the Park Department for many years.

After the last snowstorm the sidewalks were cleaned just as soon as the plows could get to them.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CONSTRUCTION OF LOMBARD STREET.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning the construction of Lombard street, Ward 16.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 18, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works construct Lombard street, Ward 16, under the W. P. A. type of construction.

This street is a private way and the matter of acceptance should be taken up with the Board of Street Commissioners before any action can be taken by this department in regard to the construction of this street.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

DISTRIBUTION OF EMERGENCY SNOW SHOVELING JOBS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning a provision for a more equitable distribution of emergency snow shoveling jobs among the citizens of Boston's twenty-two wards.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 18, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 4:

"Ordered, That his Honor the Mayor be requested to adopt the following system in order to provide a more equitable distribution of emergency snow shoveling jobs among the citizens of Boston's twenty-two wards:

1. Each ward shall be assigned an equitable proportion of the total number of jobs.
2. There shall be at least one regular city worker acting as assigning officer for each ward.
3. Each applicant for a job shall produce a voter's certificate before he is assigned to work.
4. The assigning officer shall hire in accordance with policy of 'First come, first served.'

I intend to make a thorough study of the entire system that involves the hiring of emergency workers subsequent to and necessitated by snowstorms. At the time that I am making this study, I shall give careful consideration to the instituting of a system which will embody any one or all of the provisions of the above order, in so far as it is deemed practical or advisable to do so.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

IDENTITY OF SNOW REMOVAL WORKERS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning the identity of those persons who, according to his statement, worked on snow removal under eight or nine different names.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 18, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 4:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council as to the identity of those persons who, according to his statement, worked on snow removal under eight or nine different names."

Never, at any time, did I issue a statement to the effect that persons worked under as many as eight or nine different names.

In view of this, I am unable to comply with the provisions of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

W. P. A. TRUCKS ON SNOW REMOVAL.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning whether or not trucks employed on W. P. A. projects were used in connection with recent snow removal work and were receiving pay from both the W. P. A. and the city while engaged in this work.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 18, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on March 4:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council as to whether or not trucks employed on W. P. A. projects were used in connection with recent snow removal work and were receiving pay from both the W. P. A. and the city while engaged in this work."

The situation as pictured in the above order is an impossible one, for the simple reason that the W. P. A. does not pay for the hire of trucks, as it furnishes only the labor and a certain amount of materials on projects sponsored by this department.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

WATER INCOME DIVISION SURPLUS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—For the second consecutive year the accounts of the Water Division of the Public Works Department, when closed, have indicated that receipts have been substantially in excess of expenditures. For the financial year ended December 31, 1939, a surplus of \$866,683.12 is reflected in the accounts of the Water Service.

Under the provisions of chapter 324 of the Acts of 1914, any surplus of this character "shall be used to meet interest and Sinking Fund requirements or serial loan payments on any debt of the City of Boston." In conformity with this provision, I submit the attached order authorizing the City Auditor to apply the 1939 water surplus to meet debt requirements arising during the current year. Such application will afford the taxpayers of the city a saving equivalent to 55 cents on the tax rate. Because of this feature of the order, I recommend its immediate consideration and adoption.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of section 1 of chapter 324 of the Acts of 1914, the City Auditor be authorized to apply the balance of \$866,683.12 remaining in Water Income as of December 31, 1939, to meet interest and Sinking Fund requirements or serial loan payments on any debt of the City of Boston.

Referred to Executive Committee.

APPROPRIATION FOR SNOW REMOVAL.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—Based on estimates submitted to me by heads of city departments which incurred obligations in connection with the severe snowstorm of last month, I submit herewith an appropriation order in the sum of \$1,158,000 for Snow Removal. The bulk of this expenditure naturally was made by the Public Works Department, and there is attached a letter from the Public Works Commissioner explaining in detail the various items of expenditure incurred by that department for snow removal. The balance of the appropriation requested over and beyond the needs of the Public Works Department will be required to meet obligations of the Park and Treasury Departments.

I respectfully recommend adoption by your Honorable Body of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 11, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—The total expenses incurred by this department in connection with the snow removal work necessitated by the snowstorms of February 14 and February 19 will be approximately \$1,150,000.

The following is a breakdown of the expense as estimated at the present time:

Payments to emergency workers.....	\$465,140
Plowing expenses (rental of trucks, etc.).....	84,600
Hauling expenses (rental of trucks)....	161,640
Rental of loaders and tractors.....	60,225
Hire of cranes, purchase of tools, etc...	10,000
Payments to contractors.....	295,320
Total.....	\$1,076,925

We have not as yet determined the amount that it will be necessary to pay to department employees for overtime and incidental expenses. I feel, however, that this will be a sizable sum, and so as to make it unnecessary to submit a second order to the City Council for the purpose of appropriating sufficient money to pay the cost of the snow removal work, I respectfully recommend that arrangements be made for an appropriation of \$1,150,000.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the sum of \$1,158,000 be, and hereby is, appropriated, to be expended as herein-after specified, said amount to be met by taxes or other income; and that all orders hereafter passed by the City Council relating to appropriations, taxes and the interest thereon apply to the appropriations and taxes herein provided for.

Snow Removal..... \$1,158,000
Referred to Committee on Appropriations.

CONSTRUCTION OF WARD 12 STREETS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the resurfacing of the following streets in Ward 12:

Alpine street, Glenwood street, Sherman street, Whiting street, Hollander street, Gaston street, Park View street, Devon street, Georgia street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 14, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 12 under the W. P. A. plan of construction:

Alpine street, Glenwood street, Sherman street, Whiting street, Hollander street, Gaston street, Park View street, Devon street, Georgia street.

All of the above-named streets were built quite a few years ago. It is our intention to select a certain number of streets in each ward for construction this year and we will do our best to submit as many of these streets as possible on a W. P. A. project for construction this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CONSTRUCTION OF WARD 15 STREETS.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Department relative to your order of January 29, 1940, concerning the repaving with smooth pavement of the following streets in Ward 15:

Inwood street, Olney street, Blakeville street, Longfellow street, Homes avenue.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
March 13, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works repave with smooth pavement the following streets in Ward 15, under the W. P. A. plan of construction:

Inwood street, Olney street, Blakeville street, Longfellow street, Homes avenue.

Relative to Olney street, please be advised that, upon investigation, I find that this street is in no immediate need of reconstruction.

Homes avenue, between Toppliff and Bowdoin streets, will be submitted for approval on a W. P. A. project for construction this year. Homes avenue, between Toppliff and Draper streets, I find that there is no immediate need for reconstruction.

Inwood, Blakeville and Longfellow streets will be submitted for approval on a W. P. A. project for construction this year.

Very truly yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

Placed on file.

CONSTRUCTION OF WARD 16 STREETS.

The following were received:

City of Boston,

Office of the Mayor, March 18, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning the construction of Linwood road, Ward 16.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,

March 18, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works construct Linwood road, Ward 16, under the W. P. A. type of construction.

This street is a private way and the matter of acceptance should be taken up with the Board of Street Commissioners before any action can be taken by this department in regard to the construction of this street.

Very truly yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

City of Boston,

Office of the Mayor, March 18, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of March 4, 1940, concerning the construction of Ashmont park, Ward 16.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,

March 18, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works construct Ashmont park, Ward 16, under the W. P. A. type of construction.

This street is a private way and the matter of acceptance should be taken up with the Board of Street Commissioners before any action can be taken by this department in regard to the construction of this street.

Very truly yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

Severally placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Paul F. Bradley, for compensation for damage to car by city car.

Edward C. Carroll, for compensation for damage to property at Dorchester and National streets, caused by city truck.

James Cassidy, for compensation for damage to property at 45 Rogers street, caused by bursting water pipe.

Douglas F. Conrod, for compensation for damage to car caused by an alleged defect in Huntington avenue.

Francis C. Donovan, for compensation for damage to car by city truck.

Florence A. Finneran, for compensation for injuries caused by an alleged defect in stairway, Public Library, Codman square.

John W. Foster, for compensation for damage to car by city truck.

Walter A. Gavin, to be reimbursed for judgment issued against him.

Harold V. Hamilton, for compensation for injuries caused by an alleged defect at 174 North Beacon street.

Hanover Bottling Company, Inc., for compensation for damage to truck by city vehicle.

Edward J. Hanrahan, to be reimbursed as result of accident occurring while in performance of duty.

Augusta Klose, for compensation for damage to property at 898 Canterbury street, caused by snowplow.

Joseph H. Lussier, for compensation for damage to car caused by an alleged defect at 373 Chelsea street.

Michael J. Mirisola, for refund on licenses issued by Health Department.

George J. Reagan, to be reimbursed for accident which occurred while in performance of duty.

John C. Sydenstricker, for compensation for injuries and damage to car by city truck.

Margaret Whittlesey, for compensation for damage to car by city car.

Executive.

Petition of Charles J. Gannon to be retired under provisions of Laborers Retirement Act.

Petition of Boston American League Baseball Company for Sunday sports at Fenway Park.

Petition of National League Base Ball Club for Sunday sports at Gaffney street.

Committee on Licenses.

Petition of Lynn Institution for Savings for driveway opening at 660 Beacon street, Ward 5.

Petition of Mabel Burt Davis for driveway opening at 890-896 Cummins Highway, Ward 18.

Petition of Rapid Transit, Inc., for permit to operate motor vehicles as follows:

Route A.—Saratoga street from the Winthrop-Boston line, over Saratoga street to Bennington street, over Bennington street to Chelsea street at Day square, over Chelsea street from Day square to Porter street, from the intersection of Chelsea and Porter streets in East Boston over Porter street to the entrances, exits and appurtenances of the Sumner Tunnel under the control of the Boston Transit Commission, over said entrances, exits and appurtenances and through the Sumner Tunnel, over the entrances, exits and appurtenances of the Sumner Tunnel under the control of the Boston Transit Commission to Cross street, turning right on Cross street to North street, over North street to Dock square, around Dock square to Faneuil Hall square, down Faneuil Hall square to Merchants row, turning left on Merchants row and on and over Merchants row to North street, and return over the same route.

Route B.—Saratoga street from the Winthrop-Boston line, over Saratoga street to Bennington street, over Bennington street to Chelsea street at Day square, over Chelsea street from Day square to Porter street, from the intersection of Chelsea street and Porter street in East Boston over Porter street to the entrances, exits and appurtenances of the Sumner Tunnel under the control of the Boston Transit Commission, over the said entrances, exits and appurtenances and through the Sumner Tunnel, over the entrances, exits and appurtenances of the Sumner Tunnel under the control of the Boston Transit Commission to Cross street, turning right on Cross street and over Cross street to Haymarket square, around the traffic circle at Haymarket square to Cross street and back over Cross street and through the Sumner Tunnel, and return over the same route.

APPOINTMENTS TO BOARD OF ZONING ADJUSTMENT.

Notice was received of the following appointments by the Mayor to the Board of Zoning Adjustment:

Herbert G. Perry, 453 Washington street, for term ending April 30, 1942, designated representative of Boston Real Estate Exchange.

Frank M. Gunby, 201 Devonshire street, designated representative of Boston Society of Civil Engineers.

Clifford N. Cann, 11 Beacon street, designated representative of United Improvement Association.

Placed on file.

*ATTEMPTED REVIEW OF BUDGET.

Coun. COFFEY—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the councilor will proceed.

Coun. COFFEY—Before I proceed, Mr. President, let me say that it will be a fairly lengthy statement in regard to some things that have taken place here in the Hall in regard to the budget. I understand that there have been some secret meetings that have taken place in a room in the corner here before the Committee on Appropriations. On Thursday somebody told me that there was a meeting going on there. It was a meeting which most of us knew nothing about, and therefore I wish to make a statement here today. Some five or six weeks ago the Mayor submitted a budget to the City Council. At that time, if my memory serves me right, he said that it was cut to the bone. Before the budget was submitted, Mr. Loeffler, according to information given me, had gone over every item with the Mayor. Some two weeks later the Committee on Appropriations held open hearings on the budget in this chamber. Those meetings were held for the benefit of Mr. Loeffler. Every department head was summoned, and every department head said he had cut as far as he could, and that if any further cuts were made they would have to lay off help in their departments. Later, another meeting was held in this chamber, and the public was invited. Mr. Loeffler appeared that day and was allowed to have his say, and not one member of the Council was allowed to ask him one single question in regard to items in the budget. That same day, and I know that my memory serves

me right in this, there was a school teacher who appeared here before the committee, who asked, in fact, pleaded with the committee not to cut the welfare costs, and he went on to explain how children attending his class were undernourished and insufficiently clothed. And on that day that poor soul was given the third degree, being subjected to questions which would make him out a Communist. Others appeared that day defending the poor and the unemployed, and they were classed as nuts. The proof of what I say is the statement of the last gentleman who appeared at that hearing, a Mr. Flynn of Brighton, who represented the Apartment Owners' League of Tax Dodgers. That gentleman said—and I called him on it—that he sympathized with the Council for having to listen to the type of people who represent welfare, the W. P. A. and the unemployed. A few weeks ago we had a large snowstorm, a storm that had no right to come here because the tax rate was all figured out for 1940 the way Mr. Loeffler wanted it figured, and it took no account of the snowstorm. As a result of that storm the tax rate in Boston had to go up some 70 cents per thousand dollars. So Mr. Loeffler—who gets \$6,500 a year for doing his job—decided that something drastic should be done. Former members of the Body will recall the statement made by former City Councilor Joe McGrath in 1934, when he called Mr. Loeffler "Thurston, the Magician." So Mr. Loeffler, living up to the name, recently used some of his magic to have a special meeting of the Appropriations Committee called, to be held—not in the Council Chamber, not in any of the rooms where the different committees hold their meetings here, but in an anteroom that I never even knew existed. I was not invited to that meeting, nothing was posted on the bulletin board, where meetings are supposed to be posted, and at least ten other councilors have told me that they knew nothing of the meeting, the councilor from Ward 4 (Coun. Chase) being one of the ten. Now, I want it understood that I want, and I know that every other member of this Council wants, a lower tax rate. Nobody can deny the fact that during the last snowstorm, being alert and on the job, I saved the city thousands of dollars by bringing to light the fact that men were on the pay rolls under nine or ten different names, and asking for an investigation of the snow removal situation up to date, with the result that, as I understand it, 1,050 men did not call for their checks. If we can get the exact figures we will know how much was saved the City of Boston. I only bring this out so that it may be understood that I, like other members here, wish to do everything legitimately possible to keep the tax rate down. But at the same time I'll be darned if I'm going to sit by and allow Loeffler to come in here as a representative of a pocket edition of the Good Government Association and tell me that the food bill at the City Hospital and the Mattapan Hospital should be cut 15 per cent, while he lives on a \$6,500 a year menu. He wants us to take away the meat and butter from the patients at the Mattapan Hospital, who are waiting for death. He wants to consolidate departments, he wants a no-hiring policy, he wants a reduction in the Police and Fire Departments, and he wants many other things. But he does not mention one word about the unemployed, not one word about the hundreds, yes, the thousands of children, who are undernourished, not one word about the hundreds of thousands of dollars in tax abatements to the Shepard Stores, Jordan Marsh and other large corporations. Oh, no, just slapping it on the small home owner! He does not utter one word about cutting the pay of men like Henry Parkman, who gets \$10,000 a year. No, he wants us to fire the \$30 a week clerk; and he wants to embarrass the members of the Council and his Honor the Mayor by asking them to cut the poor employees of the city, while he lets up on the rich. And, of course, his \$6,500 a year is not affected. He wants us to take away meat and butter from the patients at the Mattapan Hospital, he wants to consolidate departments, he wants a no-hiring policy, he wants a reduction in the Police and Fire Departments, and he wants many other things, as I have already said, but he has no interest in the unemployed or in the children who are undernourished—he, with his \$6,500 a year, which, of course, is to remain intact. And Mr. Loeffler, who lives in Cambridge, where the tax rate has gone up \$7 this year, was not affected when the East Boston and Haymarket Relief Stations were closed, when libraries were closed, when engine houses were closed, when convenience stations were closed. And when awhile ago the Shepard Stores, Jordan and other establishments were getting large abatements in their taxes, I don't recall Mr. Loeffler saying anything about that. When such places are getting abatements of \$150,000 or \$200,000 he is not interested. It is all right to protect the rich, but not the small people. He was not affected when Whitcomb was imported from Springfield at a salary of \$20,000 a year to shut off the water of the poor. If he and his organization or any of the tax dodgers' organizations are on the level, why don't they fight for a lower gas rate or electric light rate, or a lower telephone rate, for the people, instead of always representing the banker, the broker and the big real estate owner? The councilor from Ward 5 (Coun. Shattuck) invited Loeffler to attend that meeting last Thursday. I broke in, because I was not invited. But I understand that he invited Loeffler. What right

has he to invite anybody when the Council members were not invited? Maybe they have something in common—be being the treasurer of Harvard, located in Cambridge, and Loeffler living in Cambridge. Why shouldn't the Police Commissioner and the Fire Commissioner, for instance, be allowed the same privilege as Loeffler? Why were not city officials and others prominently connected with our city affairs in Boston invited? But there was an invitation simply to Loeffler. Does Loeffler care that store owners are being slugged, shot and robbed and that sex fiends are roaming the streets at large because the Police Force is undermanned? Does he, living in Cambridge, care if women and children are burned to death because the Fire Department is undermanned? Does he care if civil service employees are fired, so long as he produces for the banker, broker and real estate shark? No, he does not care about any of these things, so long as his \$6,500 pay roll is safe. Why were not department heads called in? I say before we act on this budget we should bring in the department heads whose departments are to be affected and hear what they have to say; and today I shall introduce an order to refer the budget to the Executive Committee, where all twenty-two councilors can be present and where we can summon department heads and act like City Councilors, instead of rubber stamps. Bring in Mr. Bloomfield, who suggests the discharge of thirty constables. If I were selfish, I might not object to some of them being fired, because some of them did try to knock me off. But they must perform some duties, regardless of what Mr. Bloomfield or Mr. Loeffler or anybody else says. Personally, I believe that the Mayor has gone far enough in the way of reducing the number of constables. After all, he is the judge and must think that those who are retained are necessary, and to a certain extent it does help out in the unemployed situation. According to the Washington figures, there are just as many loafing today as there were nine or ten years ago, when the depression first started. This Bloomfield, of course, is against the W. P. A. Like many who are enjoying nice, fat salaries, he and others are against the employment of other people. He is the man who wants to keep stores open on Armistice Day. He wants things done for the benefit of the business men, but he does not care for the unemployed. When the N. R. A. came in and objected to some of the small salaries being paid by certain Boston concerns, he did not like it. As a matter of fact, some of them were paying only \$9 or \$10 a week. Jordan's was paying \$10 a week when the minimum was supposed to be \$15. And so I repeat that before we act on this budget we should bring in here the department heads whose departments are to be affected and hear what they have to say. I ask that that action be taken, that we refer the budget to the Executive Committee, where all twenty-two councilors can be present and where we can summon department heads and act like City Councilors, instead of rubber stamps. Let us act as we should act as members of this Body, and not at the dictation of Loeffler or anybody else. Therefore, I ask the chairman of the Committee on Appropriations to call an open meeting, where we can sit every day and go over the different items, and if there are places where cuts can properly be made we can make them. But let us act on our own responsibility, regardless of whether Loeffler or anybody else tells us to cut. Let us consider the real needs of all departments, the needs in the way of relief stations, not closing them where the need exists for their being kept open, the needs in the way of hospitals, engine houses and various city activities. Let us pass on the question of whether men should be fired in the departments, whether reductions should be made that will reduce the value of important activities of our city. We are the ones passing on these questions, and not critics from other municipalities who are paid a good salary to propose things that will be a detriment to Boston. Let us not be simply rubber stamp, in the interest of Loeffler or anybody else. I might just mention a few names of these critics. There is, for instance, Charles Francis Adams. I could not get his address. Apparently some of these addresses are not even given out. But certainly a number of these men do not live in the City of Boston. In addition to Charles Francis Adams, there is Frederick C. Church, Jr., G. L. Batchelder, Jr., George E. Cabot, Walter Channing, Russell S. Codman, John J. Cornish, R. Ammi Cutter, Lee M. Friedman, and others. It is the old Good Government Association all over again. I will end with just a few words. I have already paid my respects to Mr. Loeffler, who lives in Cambridge, and there is Rodney Long, President of the Massachusetts Real Estate Exchange, who also lives in Cambridge. These men, many of whom do not live in Boston at all, are very much interested in the tax rate of this city, although the tax rates on their own cities and towns have also gone up greatly and, according to newspaper items, will undoubtedly increase again this year. It might be interesting to ask Mr. Loeffler and Mr. Long what they have done about the taxes in their own town. Can it be that Loeffler is not interested in the tax rate of Boston and is not interested in Cambridge? It seems to me that both Loeffler and Long should put in their time in an effort to reduce the tax rate in their own city, and that the other people who are so much interested in Boston should devote some time to their own communities. Mr. Hunneman lives in

Brookline, and I believe, from an item that I recently read, that the town of Brookline faces a \$5 increase in its taxes this year, the highest it has ever had. Has Hunneman done anything about it? E. J. Brehaut, manager of the Chamber, and connected with the Civic Bureau of the Boston Chamber of Commerce, lives in Danvers. The tax rate in Danvers last year was \$39.20, almost on a par with that of Boston. Why doesn't he do something about the situation in the town of Danvers? All I want to add is this. There were these meetings held for the benefit of Mr. Loeffler, to which the rest of us were not invited, including, as I understand, the councilor on my right, the gentleman from Ward 4 (Coun. Chase), who was chairman of the Committee on Appropriations last year. I say that he should certainly have been invited to that meeting, and others of us here should have been invited, members of this Council, who are certainly interested in the tax rate of Boston. As I say, I believe the matter should be opened up and that hearing on the budget should be continued, the heads of departments and others being invited in, so that the whole matter may be given proper consideration. I do not intend to vote for this budget anyway, until they open up that Relief Station in East Boston, to take care of the 70,000 people there. It had been opened since 1904, and has now been closed for the last year and a half, and just a short time ago a man fell off a roof at the corner of Porter street, falling into the concrete yard of the Relief Station, at which he could have been taken care of if it had not been closed. As it was, he had to be sent across the ferry to the City Hospital, and died fifteen minutes before they could get him there. They said there that if they could have treated him ten or fifteen minutes before he had arrived there was the possibility of saving his life. I say, keep the tax rate as low as possible, yes, but do not dispense with or reduce the proper activities of this city. And I say that Mr. Loeffler should look after his own town.

Coun. SHATTUCK—Mr. President, I would like to say just a word in answer to what the gentleman has just said. I shall not enter into a diatribe of personalities which have nothing to do with what is before us. The councilor referred to two secret meetings that we had of the Committee on Appropriations, and said he was not notified. In the first place, no person who is not a member of a committee is notified of any meeting of the committee, as we all know. Every member is familiar with the fact that notices of a meeting are sent only to members of the committee that is meeting. On occasion notice is also sent to members of the Council, but that is simply a matter of courtesy. When executive meetings are held, I never heard of sending notices to all the members of the Council. So there is nothing secret about executive meetings, simply because notice is not sent to members not on the committee. I invited Mr. Loeffler to come. I thought he might help us by the presentation of facts that would have some bearing on the budget, and that the information he presented might be helpful in this very distressing situation that we are facing. Of course, we are not rubber stamps, as the councilor has said. The idea was to give him an opportunity to make a statement, to give us facts that he had in his possession, and to give us an opportunity to consider them absolutely without prejudice. I don't recall that Mr. Loeffler said there should be a cut of 15 per cent from food items in the City Hospital or the Mattapan Hospital. He did say that he thought the increase in fuel and food in the hospital as compared with last year did not seem justified by any increase in the cost of food and fuel. It certainly seems clear that food prices as of January 1, 1938, and January 1, 1939, show that the prices as of today have gone down considerably. The price of fuel has very slightly gone up. Therefore, it was difficult to see why increases were justified on the ground that prices had gone up where there had been no increase justifying the added cost at all. We have already had meetings at which the department heads have come before us. It may be that the councilor does not know that we had those meetings, but they were held in this room and continued for about two weeks. A number of the councilors, not only members of the committee, but others, were present, and asked questions if they chose. I might say that I never knew a department head who thought he heeded less money than was recommended for him, and I have been sitting on budgets for twenty years. I started at the State House in 1920 and have been interested in budgets there and here up to the present time. But I never yet have seen a department head who would admit that he could get along with less money than was allowed him. It is claimed that Mr. Loeffler said he did not want radios in police cars. I never knew of his making such a statement. In conclusion, I will simply say that I believe we are faced with an exceedingly serious situation, an exceedingly difficult problem, and I believe that we should get light and information from every source from which we possibly can get it, in order that we may serve the public with full enlightenment to the extent of our ability and understanding. I believe that is our duty, and it is a duty that we should not neglect. If there is any person who lives in Boston, Cambridge or Kalamazoo, who can give us helpful information, we should get it.

Coun. COFFEY—Mr. President, I would like to ask unanimous consent to make a brief state-

ment. In answer to the gentleman from Ward 5 (Coun. Shattuck), I wish to say that I agree with him that if there is any light we can legitimately obtain from men coming from outside, on the budget, we should get it. But I do not put these men in that category. They have come here not disinterested, but with ulterior motives, and therefore whatever they say is to be taken very carefully. They are not primarily interested in the City of Boston, but simply in certain elements in our community. Therefore, I believe this whole matter should be opened up again, that the heads of departments should be called in, and that we should go over the whole question carefully. I am willing to sit in with the Executive Committee every day this next week, or longer, if necessary, in open meetings held in the Council Chamber, meetings that we can all attend as members of the Executive Committee. As for the meetings of the Appropriations Committee to consider the budget, to which the councilor has referred, I attended them myself. They went on for a week or more, and the councilor from Ward 5 did not put in an appearance at at least four or five of them. That is a fact, because I sat here every day.

Coun. SHATTUCK—Mr. President, the statement that the gentleman has just made is not the fact. It is a falsehood. I was present at every one of the meetings except two. At the first of the two I was unavoidably absent by reason of a longstanding engagement that I could not change. At the other meeting I was absent because I was held up by the storm in getting back to Boston. Except for that I attended all the meetings.

OBJECTION TO DOUBLE SALARIES.

Coun. GOODE offered the following:

Ordered, That his Honor the Mayor and the Corporation Counsel consider the preparation of rules, regulations or laws to prevent individuals now gainfully employed by any branch of the Government, State, County, City or School Departments, from employment in any city position whether temporary or not, and whether outside the regular hours of their employment or not; so that no individual receiving one salary from any branch of the Government may be eligible to receive another salary or wage, thus depriving unemployed, worthy and capable persons of obtaining employment, no matter how limited, in the School or other City Departments.

Coun. GOODE—Mr. President, as a former city employee I realize that there are many competent and diligent men and women on the city pay roll who are a credit to the City of Boston. For these people I have only the highest respect and regard. There are others on the city pay roll, not satisfied with the protection and security of a permanent civil service position, who continually reach out grasping for more. These pay roll patriots and salary-grabbing chisellers prevent capable young men and women from securing temporary work in city departments. I have investigated the pay rolls of the Department for Extended Use of Public Schools and I find that there are many holding two positions who live outside of the City of Boston and pay their taxes in other cities and towns while taxpayers of Boston are unable to find any type of work. The City of Boston should be the last to encourage such a vicious system. This particular department spends \$50,000 annually in salaries, most of it to persons who are already on either a City, State, or Federal pay roll. Any person who holds a position as chief clerk in the county or city should be ashamed to take a temporary school position in the evening when hundreds of capable young men and women in the city are unemployed. I have investigated the situation in the city of New York and have had a memorandum from Mayor La Guardia, who informs me that this situation could never arise in the city of New York under chapter 771 of the Acts of 1939. As a matter of fact, the Babylonians of 15 Beacon street have made the school centers a haven for their friends and relatives and a refuge for salary hogs who have done everything but go down to the commodity stations for a daily ration of milk. This order will prevent permanently employed persons from being on two pay rolls at the same time, and I respectfully request its passage at this time. Certainly this is a vicious system that is prevailing at a time like this when so many of our citizens are continually seeking employment and appealing to us for assistance in getting it.

The order was passed under suspension of the rule.

SANDING SAVIN HILL BEACH.

Coun. HUTCHINSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to start work immediately on the W. P. A. project of sanding Savin Hill Beach.

Passed under suspension of the rule.

REPAVING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor,

to repave with smooth pavement, as W. P. A. projects, the following streets in Ward 13:
Hartland street, Dewey street, Dacia street, Newport street.

MORE CITY HOSPITAL NURSES.

Coun. HURLEY offered the following:
Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to arrange to have more nurses assigned to floor duty at the Boston City Hospital due to the present crowded conditions of the hospital.

Coun. HURLEY—Mr. President and members of the Honorable Body, I trust that the order I have presented will receive favorable action at the hands of this Council. Being on the Hospital Committee, I have spent from four to eight hours a day at the Boston City Hospital and I am very familiar with the workings of the institution. The hospital is crowded to capacity and should have an increased staff. The lack of sufficient personnel to look after the patients is particularly noticeable at night, after eight o'clock, when you will find one nurse, and not a graduate nurse, in charge of a large ward. It is impossible to properly take care of patients and give them the care they should have in a ward under such conditions. The hospital employees as a whole are doing a fine job and are unusually conscientious employees. But the fact remains that the hospital is very much under-manned. I trust, therefore, notwithstanding the budget cut in the department, that the Hospital Trustees will take steps to have more nurses assigned to floor duty at the present time.

The order was passed under suspension of the rule.

WAGE SYSTEM FOR TEMPORARY TEACHERS.

Coun. M. H. SULLIVAN offered the following:
Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to study the possibility of working out a more equitable wage system for those unappointed teachers, who, although they have been teaching steadily for several years, are denied both the security and the salary of permanent appointees.

Coun. M. H. SULLIVAN—Mr. President, I understand that there are in the aggregate about five hundred of these unappointed teachers in the Boston school system who, although they have been teaching steadily, some of them for ten years, are denied both the security and the salary of permanent employees. They are what are called permanent substitutes, and are receiving a daily wage. Much publicity has been given to their situation lately, and there is no question that a wage system should be worked out whereby these unappointed teachers will be placed on an annual basis and given an annual salary. I understand that the average salary that they now receive is about \$16 a week, and that, with the work they are doing, on an equitable basis they should be granted a \$1,200 annual salary.

The order was passed under suspension of the rule.

W. P. A. PERSONNEL IN GREATER BOSTON.

Coun. M. H. SULLIVAN offered the following:
Whereas, It has been publicly stated that thirteen thousand W. P. A. employees in Massachusetts—twenty-five hundred of whom reside in Boston—will be dropped from the W. P. A. pay rolls as of April 1, 1940; and

Whereas, This seasonal layoff comes as the result of a purported increase in employment in private industry; and

Whereas, Boston, as an industrial city, does not benefit by this seasonal increase which affects only agricultural centers; therefore, be it

Resolved, That the members of the Massachusetts delegation in Congress be requested to communicate with the President for the purpose of having Washington authorities maintain, or if possible increase, the W. P. A. personnel in greater Boston.

Coun. M. H. SULLIVAN—Mr. President, I know of no place where it is so important as it is here to have action taken in Washington to maintain, or if possible increase, the W. P. A. personnel in greater Boston. Here in Massachusetts our chief employment is in the winter-time; it is an industrial employment, very largely in rubber, boot and shoe and textile factories. There is more employment in such industrial lines in winter than at any other time in the year. So the news we receive from Washington that 13,000 W. P. A. employees in Massachusetts, 2,500 of whom reside in Boston, will be dropped from the W. P. A. pay rolls as of April 1 is very sad news for our city and our state. This is not an agricultural area. I do not believe there are two people in Boston who are engaged in farming. In the agricultural parts of the country, of course, the situation is different, and there is a seasonal increase in employment in the summer and fall. But I believe if this proposed action takes effect in Boston and Massachusetts, it will hamstring our people. I know some myself who will be very seriously affected by the layoff of thirty days each, eighteen months under the W. P. A. pro-

visions. I believe, therefore, that we should request the Massachusetts delegation in Congress to communicate with the President with the object of having the Washington authorities maintain or increase the W. P. A. personnel in greater Boston. Certainly Boston and Massachusetts, as industrial centers, would benefit by such action. The resolution was passed under suspension of the rule.

IMPROVEMENT OF RANDOLPH STREET PLAYGROUND.

Coun. HURLEY and RUSSO offered the following:

Ordered, That the chairman of the Park Commission be requested, through his Honor the Mayor, to remove the foundation of the old building at the Randolph Street Playground, as it is a menace to the boys playing baseball there, and to resurface the entire playground with loam.

Passed under suspension of the rule.

ADVERTISING OF UNPAID 1938 TAXES.

Coun. CAREY offered the following:

Ordered, That the City Collector be requested, through his Honor the Mayor, to defer advertising 1938 unpaid taxes until such time as the Board of Assessors has had ample time to review all abatement applications, and until such time as a notice either of denial or granting of the abatement has been received by the taxpayer.

Coun. CAREY—Mr. President, notice has been issued from the collector's office during the last ten days or two weeks about the proposed advertising of 1938 unpaid taxes, with the consequent threat of sale of the property. Such notices have been received by a number of taxpayers in my district, and the same thing is undoubtedly true throughout the entire city. It seems to me very unfair to advertise delinquent taxes in this way until the taxpayer has at least had an opportunity to know whether his application to the Board of Assessors for abatement has been either denied or granted. Many of the members of the Board of Assessors have to spend much time before the Board of Tax Appeals and have not yet had sufficient opportunity to go over the applications by taxpayers for abatement. I feel that certainly nothing should be done in the way of advertising the properties until the taxpayers have had a chance to receive notice from the Board of Assessors to the effect that their application for abatement has been either denied or granted. I trust, therefore, that the order will pass.

Coun. TAYLOR—Mr. President, I had intended to submit an order similar to this asking that such action be delayed until those who have thus far been unable to pay the 1938 taxes have had a chance to find out whether application for abatement has been granted under Clause 18. I do not understand why the Collector of Taxes does not use better judgment in matters of this kind, year in and year out. He knows that the property owners have a right to appeal for abatement to the Board of Assessors under Clause 18, and he should certainly wait until the Board of Assessors have a chance to decide whether the application should be granted or denied. The Board of Assessors are busy before the Board of Tax Appeals until March, and during March, April and May are supposed to pass on the question of abatements under this particular clause. In the meantime, until those applications are passed upon, there is absolutely no reason why the Tax Collector should take hasty action in advertising sales of these properties. When he does so, what is the result? It simply adds expense to the poor widows and others unable to pay, and certainly nothing is lost to the city by waiting until these applications for abatements have been passed upon by the assessors. The city is not going to suffer if the collector fails to act until that opportunity is granted to the taxpayers and the Board has passed upon their application. It simply means arbitrary action with the idea of being efficient, action that results in an injustice to these taxpayers. I would suggest, therefore, that the City Collector, under Clause 18, refrain from advertising the sales of such properties until the Board of Assessors has acted upon the application for abatement, because those people who would so apply under Clause 18 have no money to spend unnecessarily. The idea of granting them, under Clause 18, the right to apply for abatement, is action that has been taken for their protection. So why should this possible extra financial burden be forced upon these poor people? Why should they not be given the benefit of their right to apply for abatement under Clause 18, and to have their petition either granted or denied?

The order was passed under suspension of the rule.

EXPENDITURES FOR PLAYGROUNDS AND JUVENILE COURTS.

Coun. CAREY offered the following:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to inform the City Council:

1. The total expenditures yearly during 1937, 1938 and 1939 for repairs to and equipment for all of the playgrounds in the city.

2. The total expenditures yearly during 1937, 1938 and 1939 for maintenance of the juvenile courts in the city.

Coun. CAREY—Mr. President, there has been considerable agitation in my district and throughout the city in favor of better playground facilities, and many orders along that line have been introduced by my colleagues and by myself. I have stood time and again on the floor of the Council and said that our playgrounds are not a credit to the city, these small areas laid out with poor surfaces and with no proper equipment. There is no reason why more should not be done for the youngsters, for instance, during the time when such playgrounds can be used for skating purposes, and when the areas are not properly flooded, the excuse being given that it cannot be done for this reason or that. We know, of course, that these things will cost a little money, but I think we should consider not only the money but the fact that these youngsters are starting out in life, and that many get a poor physical start because of lack of proper playground facilities. I don't think the desirable repairs and equipment in the playgrounds of the city would cost over a quarter of a million dollars, which would add only about 15 cents to the tax rate, and many of the young folks would thereby be given the benefit of ball grounds, tennis courts, and that sort of thing. The result would be to take many of our young people off the streets and keep them out of the Juvenile Court. I certainly trust, therefore, particularly in view of the criticism and the efforts that have been made from time to time in this direction, that some action will be taken. It seems to me that no finer thing can be done than to give the youngsters of our city, playground and outdoor facilities that will help to make them strong, healthy men and women. The information requested as to the total expenditures for maintenance of the Juvenile Court in the city will also, I think, throw some light on the importance of spending money on the playgrounds which will tend to reduce the expenditures for the Juvenile Court.

The order was passed under suspension of the rule.

PAINTING OF CROSSWALKS, WARD 10.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to paint crosswalks at the approaches to all churches and schools in Ward 10.

Passed under suspension of the rule.

AUTOMOBILE REPAIRS BY CITY MECHANICS.

Coun. CHASE offered the following:

Ordered, That the Municipal Survey Committee be requested, through his Honor the Mayor, to make a complete survey of methods followed by the various city department heads in awarding outside automobile repair contracts, with a view to formulating a plan whereby this type of work will be performed by regular city automobile mechanics.

Coun. CHASE—Mr. President, as I understand it, considerably over \$100,000 is provided in the municipal budget this year for automobile repairs outside of the automobile repair forces of the various city departments. I believe the Public Works Department has approximately thirty-two automobile mechanics employed. It would seem to me that thirty-two men could repair a considerable number of automobiles in the course of a year. Nevertheless, last year we found that thousands of dollars were provided in the city budget for outside repair contracts. In that particular department alone, the Public Works Department, I believe the amount ran up to \$50,000. Throughout all the departments we found various department heads awarding outside contracts for automobile mechanical work. I contend, inasmuch as the City of Boston is one of the largest, if not the largest, corporation in New England, that the same business methods should be followed that are followed by outside corporations and I contend that there is not a corporation in Massachusetts or New England, other than a municipal corporation, that would follow our methods in the matter of automobile repairs. There is no question but what the Boston system in this matter is radically wrong, and I feel, inasmuch as the Mayor has seen fit to ask the Council to provide funds for a Municipal Survey Committee, which would be supposed to take up matters of cost and efficiency, that here is one place where the Municipal Survey Committee can make a survey that will undoubtedly save thousands of dollars to the city in the course of a year. I trust, therefore, that the Council will pass the order.

The order was passed under suspension of the rule.

TRAFFIC SURVEY, WARD 4.

Coun. CHASE offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to conduct a traffic survey in the Back Bay section of Ward 4 in order to formulate a plan to relieve traffic con-

gestion due to the extraordinary flow of vehicular traffic through the district; and be it further

Ordered, That a survey be made in the said district of the parking conditions in the narrow streets with a view to reducing unnecessary congestion and probable fire hazards occasioned thereby.

Passed under suspension of the rule.

FINANCE COMMISSION INVESTIGATION OF BEANO GAMES.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to conduct a complete investigation of all Beano games licensed in the City of Boston.

Coun. CHASE—Mr. President, I have introduced this order simply because not long ago I read an editorial in the *Boston Traveler* at the time when the City Council Committee on Ordinances was proposing to conduct an investigation of Beano games in this city. Up to today no investigation has been made. I doubt very much whether the Committee on Ordinances of the City Council has the power to make such an investigation. We lack the power, for instance, to place people under oath, and, because we lack such power, if we should attempt to conduct an investigation I doubt very much whether we could get anywhere. We have read all sorts of charges in the newspapers, and much has been said about Beano in this Body. Only yesterday I saw that the District Attorney of Middlesex County was conducting an investigation of Beano in Watertown. Supposedly the proceeds of the game out there were going to charity, but it appears that approximately \$2,000 annually was given to charity, while the rest of the gross receipts from the game totalled in the vicinity of \$150,000 a year. I say if such a situation can exist in Watertown, it can exist here. The councilor from East Boston (Coun. Coffey), while admitting that such conditions may exist in Revere, claims that they do not exist in this city. Well, let us have an investigation made by the Finance Commission; let us not be hoodwinked in this matter. In spite of what has been stated by certain members of the Body, we have heard about what happens at Beano games in certain parts of the city, and I say it is about time that the officials of the City of Boston did something about it. I trust that the Finance Commission, the investigating authority of the city, will conduct a complete investigation of all Beano games licensed in Boston. I trust that his Honor the Mayor will see fit to request the Finance Commission to make such an investigation, as it is a matter completely outside the jurisdiction of the Council, and I believe the result will benefit the City of Boston. Therefore, I hope the Mayor will see fit to ask the Finance Commission to do this.

Coun. TAYLOR—Mr. President, I hold no brief for Beano operators, but I think the chief investigating officers to deal with a question of this kind are the District Attorney or the Police Department. The Finance Commission has no authority over Beano games. Its sole function is to investigate matters relating to the finances of the city. How are they concerned in this matter? If the Beano operators are conducting business unlawfully, that is a matter for the District Attorney or the Police Department, and not for the Finance Commission. Certainly they have no authority in the matter. I have no interest in Beano one way or the other, but it seems to me that any proposed investigation of this kind should be conducted in a proper manner and by the proper investigating officials.

The order was referred to the Executive Committee.

Later in the session Coun. COFFEY said: Mr. President, I would like the consent of the Council to say a word.

President GALVIN—Unless there is objection, the gentleman may proceed.

Coun. COFFEY—Mr. President, I read an article in one of yesterday's Boston papers saying that there was going to be a Beano battle take place here today. The councilor from Ward 4 (Coun. Chase) claimed in conversation with me previous to today's meeting that he knew nothing about that article in the paper. Now, I have an order in about prizes being given up to \$100. I did make a statement about Beano rackets in Revere, yes. I also made a statement that there are no Beano rackets in East Boston, the section that I represent, and I do not think there are any elsewhere in the City of Boston. There were some two and one half years ago, before the Mayor took office, but the matter was taken up and the rackets are out. I have, as I say, an order in regard to this matter that will probably come out next week, in regard to giving Beano prizes up to \$100. I have tried to explain to the Council how you can eliminate Beano racketeering in Boston if my order is passed. I have an order, which will probably come out next week, which allows Beano prizes up to \$100, and I shall try to explain to the councilman from Ward 4 how you can eliminate Beano racketeering here if my order is passed. Today Beano can be operated in a hall only one night in the week. Now, suppose there should be a Beano operating here, charging 5 cents for two cards, with which you could win \$2, and 10 cents for five cards, with which you could win \$5. Some of the racketeering Beanos in this state have been run on that basis. Well, if you have a place, operated

just the one night in a week, where a person can go in and pay a dollar for the whole evening, keeping his two cards, with the possibility of winning a \$100 prize, nobody is going to patronize the two for 5-cent cards or the five for 10-cent cards, when they can go in this other place and stay the whole evening, paying a dollar for the evening, with the chance of winning the \$100 prize. The first place cannot afford to give more than the \$5, while next door a person can go in, spend a dollar, and have a chance to win \$100. With that inducement, they will go to that place, where they do not have to give up a large amount of money and where they may win a worthwhile prize, besides having a good evening's entertainment. The same principle applies to these out-of-town racketeering Beano games, where they send buses in from Cambridge, Melrose, Taunton or other places, and give the patrons of their games a free ride. Under my order, they would have a better time right here in Boston, would not pay a large amount and would have a chance of winning a good prize. The gentleman from Ward 4 (Coun. Chase) last week introduced an order, which was ruled out, asking the Attorney-General to investigate Beano games. I would now suggest to the gentleman from Ward 4, if the Beano situation is so serious, that he should introduce an order petitioning the Governor to call out the militia! (Laughter.)

Coun. LINEHAN—Mr. President, I ask unanimous consent to make a statement. Since the first of the year we have had these investigation orders introduced by the gentleman from Ward 4 (Coun. Chase). Early in the year he filed an order to investigate the Housing situation. Whenever he introduces such orders, if he produces facts showing that what he wishes investigated is dishonest, producing evidence in support of his statement, I will gladly vote for such investigations. But there was no such evidence produced in that case, and now he has introduced an order in regard to the Beano situation, without any evidence to support his allegations. So far as I am concerned, I have yet to learn of a Beano racket in Boston. We have read about the game in the papers, as it is played in various places, but nothing has been shown to us to prove that there are improper conditions surrounding Beano as it is played in our districts. So I don't think the introduction of these orders is fair. I suggest, therefore, before we have these orders introduced to investigate Beano, Housing or anything else, and before we are asked to cast aspersions on the way these things are conducted, some kind of evidence should be produced here. Every week some member of the Council files an investigation order, probably seeking publicity which, of course, those of us in public life at times enjoy. But before we are asked to vote for these investigations, with accompanying statements casting aspersions on certain people and the way they are conducting certain affairs in the City of Boston, we should at least have the facts. We have heard about Revere and we have heard about Watertown, but I have not heard anything indicating dishonest Beano in Boston. If evidence is produced showing that there is dishonesty here in this game, I shall be as ready to vote for an investigation as anybody; but I say that before we do so we should have some kind of evidence in support of such orders. In court you cannot win unless you prove your case, and you have to come in with some kind of evidence. We have heard a good deal of poppycock here in regard to Beano, but I have yet to see evidence, in the papers or otherwise, showing dishonesty or racketeering in the conduct of Beano in the City of Boston. So I repeat that I shall not vote for any kind of investigation, such as is proposed in orders of this kind, of Housing or of Beano games, or things casting aspersions upon the Mayor or others in the public service, unless facts are presented to support them. It does not help the City of Boston, the City Council or anybody else, to have such orders presented without evidence to support them, and such investigation orders should in the future, without accompanying evidence, be kicked out the window.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of March.

Report accepted; order passed.

TRAFFIC LIGHTS, WALK HILL STREET AND AMERICAN LEGION HIGHWAY.

Coun. GOODE and GOTTLEB offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to install traffic lights at the intersection of Walk Hill street and American Legion Highway, where six persons were badly injured today.

Passed under suspension of the rule.

CONSTRUCTION OF WARD 18 STREETS.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the

Mayor, to accept and lay out under the W. P. A. plan of construction Orlando street, Ward 18.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out under the W. P. A. plan of construction Newcastle street, Ward 18.

Severally passed under suspension of the rule.

RECESS.

The Council voted, on motion of Coun. KELLY, at 3.39 p. m. to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President GALVIN at 4.25 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on petition (referred today) of Boston American League Baseball Company for Sunday sports at Fenway Park—that permit be granted.

Report accepted; license granted under usual conditions.

2. Report on petition (referred today) of National League Baseball Club for Sunday sports at Gaffney street—that permit be granted.

Report accepted; license granted under usual conditions.

3. Report on petition of Charles J. Gannon (referred March 18) to be retired under provisions of Laborers' Retirement Act—recommending passage of following order, viz.:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, Charles J. Gannon, employed as teamster-laborer in the Paving Service of the Public Works Department, he having reached the age of sixty-two and being physically incapacitated.

Report accepted; said order passed.

4. Report on order (referred February 19) with reference to operation of taxicabs in City of Boston—recommending passage of order in following new draft, viz.:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to amend his recent ruling with reference to the operation of taxicabs so that no individual operating less than five cabs will be obliged to keep a cab off the streets one day a week.

Report accepted; said order passed.

5. Report on message of Mayor and order (referred today) that City Auditor be authorized to apply balance of \$866,683.12 remaining in Water Income as of December 31, 1939, to meet interest and Sinking Fund requirements or serial loan payments on any debt of city—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, I simply want to say that this item of surplus water income, which we are asked to transfer towards the debt, is one of the items necessary to the Mayor's program on which has been estimated a city tax of \$41.50; that, if we do not pass this order, the tax rate will be increased 55 cents, to \$42.05. Therefore, this is a very desirable order. I think also that the Water Division is to be congratulated, in view of the deficit of two years ago, upon this large surplus.

The order was passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

1. Report on petition of Samuel Rotondo (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Street Cleaning Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred twenty-five dollars (\$125) be allowed and paid to Samuel Rotondo in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Street Cleaning Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Samuel Rotondo (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Street Cleaning Division—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred fifty dollars (\$150) be allowed and paid to Samuel Rotondo in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Street Cleaning Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

3. Report on petition of Samuel Rotondo (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator

of motor vehicle belonging to Street Cleaning Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred seventy-five dollars (\$175) be allowed and paid to Samuel Rotondo in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Street Cleaning Division, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

4. Report on petition of Edmund F. McKenna (referred February 19) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sewer Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred thirty-six dollars and eighty-eight cents (\$136.88) be allowed and paid to Edmund F. McKenna in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sewer Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

5. Report on petition of John J. Marshall (referred February 5) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred four dollars and thirty-nine cents (\$104.39) be allowed and paid to John J. Marshall in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

6. Report on petition of Michael Kaczka (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of thirty dollars (\$30) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

7. Report on petition of Michael Kaczka (referred March 4) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred five dollars (\$105) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

8. Report on petition of Michael Kaczka (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of twenty-five dollars (\$25) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

9. Report on petition of Michael Kaczka (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred five dollars (\$105) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

10. Report on petition of John F. Gallagher (referred January 29) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred twenty-seven dollars and thirty-two cents (\$127.32) be allowed and paid to John F. Gallagher in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

11. Report on petition of Alfred T. Flannery (referred December 18, 1939) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to

Paving Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of twenty-five dollars (\$25) be allowed and paid to Alfred T. Flannery in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

12. Report on petition of Thomas N. Ranahan (referred January 15) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Paving Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of sixteen dollars and twenty cents (\$16.20) be allowed and paid to Thomas N. Ranahan in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

13. Report on petition of Mark A. Foley (referred January 15) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Paving Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of sixty dollars (\$60) be allowed and paid to Mark A. Foley in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

14. Report on petition of Frank Balletto (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of eighty-two dollars and ninety-seven cents (\$82.97) be allowed and paid to Frank Balletto in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

15. Report on petition of John J. Monahan (referred March 4) to be reimbursed for judgment issued against him on account of his acts as operator of motor vehicle belonging to Fire Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred ten dollars (\$110) be allowed and paid to John J. Monahan in reimbursement for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor March 4, 1940, of P. H. Sheridan, John T. Shanahan and John Lowney, to be Weighers of Goods; and Thomas T. N. Irwin, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. M. H. Sullivan and Coffey. Whole number of ballots 19, yeas 14, nays 5, and the appointments were confirmed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petition of Rapid Transit, Inc. (referred March 4), for permit to operate buses from Winthrop line to Maverick square—that leave be granted.

The report was accepted and the question came on granting the license.

Coun. COFFEY—Mr. President, some forty-five days ago an emergency was created in Winthrop when the old Narrow Gauge Railroad was abandoned.

Previous to that time there was a committee appointed in Winthrop, known as the Winthrop Transportation Committee. A town meeting was attended by 280 citizens of the town, who constituted themselves a committee to find ways and means to transport the people of Winthrop in and out of Boston after the Narrow Gauge road ceased running. They had several meetings, and I attended one. At that time an effort was made to create a fund of \$1,300,000-odd to try to buy up the stocks, bonds and equipment of the Narrow Gauge road. Well, the thing fell through, the road was closed, and the only means of transportation was by buses. The Department of Public Utilities granted a temporary permit for sixty days. That will expire on March 27 of this year. The Winthrop Transportation Committee, at one of the meetings they held recently, stated through their attorney, Nathan R.

Chapin, that they tried to buy assets of the Narrow Gauge road and were agreeable to paying \$100,000 to the seven or eight bondholders of the defunct Narrow Gauge. But nothing definite was arrived at. What I am trying to bring out is this, that the town itself has not given any proper consideration to its residents. Winthrop has 17,000 residents, and they were faced with the situation of having no transportation to Boston. They claim that they have as much right to get into Boston as anyone in my section. We have had protest meetings in East Boston, and there was another meeting held by the so-called East Boston Improvement Association. I did not know when the second meeting took place, but I appeared at the protest meeting and spoke for 500 people, who were opposed to all these buses running through the district. At the time the East Boston Improvement Association favored that position, as I understood it, but they have now taken a right-about-face, having issued a statement that they are in favor of the transportation company having this permit, because they claim that it will improve business in the district. Having these buses run from Winthrop to the Maverick square section of East Boston will certainly not improve the business of any concern. One of the meetings they held was attended by some thirty-five or forty people, and based on that they made an about-face, favoring the taking away from the people of the district their personal rights in the streets as against the bus company. At the present time, through no fault of mine, there are 146 buses running through the Sumner Tunnel to Lynn, Saugus, Cliftondale and Salem and other points along the shore. Those 146 buses are in addition to the regular traffic that we have through that section, and in addition there is the traffic congestion when they have the horse and dog races. On top of that, we have there a really congested area, and it is now proposed to have the Winthrop people running all these additional buses through the same streets in the section. Therefore, I am making an appeal here today, to see if something cannot be done to stop this kind of thing. Of course, these things are all done in the name of "emergency." But I am certainly going to do my best to stop these additional buses coming through the streets of East Boston. Through that section we have 12,000 to 14,000 children, who play in the streets continually, and still we are told that East Boston will benefit by these buses running through. I certainly think that time should be taken for proper consideration of this question, in the interest of the citizens of East Boston. Personally, I was given to understand, as far as the people of Winthrop are concerned, that I would have something from them here today in connection with my proposed order to prepare for use and to use the old roadbed of the Narrow Gauge as a highway, in an attempt to solve this transportation problem between Winthrop and East Boston. It was thought that there might be joint action towards filling in this roadbed and using it as a highway, at an estimated expense of about \$250,000. But we have heard nothing from them. By means of such a roadbed a transportation connection could be arranged through the East Boston district to Boston, using that highway. There was an understanding that some action along this line would be taken by Winthrop recently, but no action has been taken. Evidently, there is no disposition to really cooperate with us in East Boston. I was led to believe that something would be done, but nothing has resulted. Judging by what has appeared in the papers recently, there is nothing to show a real attempt to cooperate with us or with the City of Boston. Therefore, as nothing has been done by Winthrop, and nothing in that line has been suggested by the Winthrop Transportation Committee, I don't think this Body should do anything, either.

Coun. FISH—Mr. President, of course I don't come from East Boston, so I have to depend on what has been said at the meetings that were held and also upon the information given in answer to various questions asked in East Boston. I made it my business recently to go over there, and in doing so I got copies of some of the local papers. There are four papers in East Boston, and in two of them nothing was mentioned about the buses. Apparently they are not interested in it in any way whatever. One of the others, the *East Boston Free Press*, is very much in favor of the buses, and the *East Boston Leader*, also, is strongly in favor of the buses coming through East Boston. There is an emergency. We grant that. I think the people of East Boston are reasonable enough to see that there is an emergency. The people of Winthrop who have in the past been fortunate enough to enjoy their Narrow Gauge line for many years are now deprived of it, and will have to get into Boston in some other way. As one man said at a meeting, they cannot fly in. An Orient Heights route has been proposed. That route is not favored by the residents of East Boston because if the Winthrop population is taken over by the Elevated at Orient Heights, the people of East Boston, going to and coming from work in the morning and evening, could not be properly accommodated. The other route is through the Sumner Tunnel. I, for one, would object to that. I believe in the case of the Sumner Tunnel, with the deficit that there already is, we would not be warranted in allowing those buses to go through and bring 4,000 people to Boston from Winthrop

and take them home again, where we in Boston are paying for it. I might also add that I personally was very much surprised at the lack of interest in the matter over there. In the East Boston High School there were not 150 people present at the first protest meeting, and usually the first protest meeting is the one that attracts the crowd. At the hearing that this Council gave, there was not a great response from East Boston, other than from a few heads of clubs there and office holders. As I looked at the balcony, I don't think there were over forty people from that district, with a population of seventy thousand. I sympathize with our councilor from East Boston, because I don't think he has had the solid backing of the residents of the district, as he should have had if they were interested. Apparently, so far as I can judge, they are not interested in any way. So I think this bus line should be accepted as the proper means of transportation for the residents of Winthrop coming into and going out of Boston. I would like to submit these papers, which include articles which I would like to have incorporated in our record.

(In the papers submitted by Coun. FISH there are these articles.

From the East Boston *Free Press* of March 16, 1940:

"President R. C. Kirby Discusses the Buses.

President Richard C. Kirby of the East Boston Improvement Association has issued the following statement concerning the operation of buses through East Boston streets:

"I firmly believe the people of East Boston are sympathetic with the people of Winthrop in the problems that confront them with reference to transportation from their homes through East Boston streets to the Maverick square terminal of the car tunnel. It is merely being neighborly to assist them in getting to and from Boston.

"The bus company which was given the permit by the officials of Winthrop with the approval of the Public Utilities Commission to carry passengers to and from Winthrop has a splendid record for safety and efficiency of operation. Judge Charles E. Flynn, general counsel for the company, assures me that the company will do everything in its power to make the operation of its buses safe. This means up-to-date devices on the buses. It means the operation of the buses by expert men. It means readiness to stop at crossings. It means above all the operation of the buses at a reasonable rate of speed. In short the company will try to meet every demand made upon it in the interest of the passengers which they carry, and of the people of East Boston through whose territory they operate.

"Now on the facts as presented it seems only fair that East Boston should be willing to help the people of Winthrop. We are neighbors. Regulation of the traffic, meaning all vehicles using East Boston streets, is the solution of the problem. And this can be secured through adequate numbers of the local police, who are doing great work now. A few more men, and a few more traffic lights placed at proper points are all that is needed."

(From the East Boston *Leader* of March 15, 1940.)

"Bus Situation Is Coming to a Head.

Many Plans Being Offered But None Yet Approved. Mass Meetings Not Getting Anywhere. Rapid Transit to Orient Heights Only Solution. More Police to Protect Intersecting Streets for Buses.

Buses, buses and buses is still the main talk in homes, street corners, clubs, and everywhere there is a gathering. After raising a howl to stop the buses from our streets many have come to their senses, and know that Winthrop must have transportation. With the situation as it is today, buses are the only means of transportation. The talk of reviving the old Narrow Gauge is just like going back to the horse and buggy days. As far as the people of East Boston and Winthrop are concerned, that's out.

Before we go much farther, we must remember that this is our fight just as much, if not more than that of the people of Winthrop. From what can be seen, down there the fight is picking their favorite transportation concern, not transportation problem. As far as we are concerned the one that is in operation who has done a nice job for them, and with their record of safety I think should be given the preference, speaking to many residents of the entire district of Noddle Island.

Many after sensible reasoning have agreed that the townspeople of the isthmus must be given service. But how? Merchants want them to run to Central square. The business men in Maverick square are satisfied, and want them to continue as they are.

Stopping the buses at Orient Heights may stop the buses from our downtown streets, but how about those that use the street cars? The people have a hard time now getting on street cars since the Revere line was dumped on us. What would happen if the Winthrop crowd would be dumped at Orient Heights? There is no question but that those in business want the buses to stop or unload near their place of business.

The firm that now has the special permit to operate buses from Maverick square to Winthrop should be granted the permit until the tunnel is built from reports I heard, read, etc. The

company has a three-year safety certificate, not an accident in three years. They have about fifteen new buses, the latest that can stop short, and I understand they have also placed another order for twenty more.

The people of East Boston are concerned of the lives and limbs of their children and elders. That is our aim. We want to be fair, but must protect our interests first.

As the Winthrop Selectmen and the State Public Utilities Commission have granted the Rapid Transit a permanent license to operate, and it is now up to the Mayor and City Council we believe that with their latest equipment and their safety record they should be given the permit until the tunnel is built to Orient Heights."

Coun. FISH also submitted the following letter from the Boston Elevated Railway:

Boston Elevated Railway,
February 29, 1940.

Coun. Philip A. Fish, Chairman of the Jitney Committee, City of Boston, Mass.

Dear Councilor Fish,—In connection with your consideration of a permanent motor bus license from Winthrop, I should like to present certain factors which, because of the close financial relationship between the Boston Elevated Railway, the City of Boston, and the other cities and towns of the Metropolitan District, affect the problem.

The Trustees of the Boston Elevated Railway oppose the operation of motor buses from Winthrop through the Sumner Tunnel to Haymarket square because such operation would substantially decrease the revenue of the Elevated and consequently affect the Elevated deficit.

This result would not follow if operation of Winthrop service were continued to the Maverick square terminus where the Elevated receives fares which help materially in the Elevated deficit situation.

Consideration has been given at times to the operation of this bus line to Orient Heights. Such operation would result in the Elevated receiving less net revenue because it would become necessary to increase the car service on the Bennington street line. The operation of cars in addition to those now operated through narrow portions of Bennington street, Central square and Meridian street and the addition of 4,000 people a day to those riding on the line which is now used by East Boston patrons, would add to the congestion and increase the unavoidably slow movement of this particular line as well as decrease the revenue as compared with revenue received from the operation of the bus line to Maverick square.

In consideration of this problem, all of these factors should be weighed because it would seem that no solution should be made which disadvantageously affects the Boston Elevated Railway, a publicly operated system.

Very truly yours,
EDWARD DANA,
President and General Manager.

Coun. FISH also submitted the following letter from Club Camafræ, Inc.:

3 Chelsea Street, East Boston, March 2, 1940.

Mr. Philip Austin Fish, 2 Fairfax Street, Boston, Mass.

Dear Mr. Fish,—In order that you may better understand the Winthrop bus situation in East Boston, we are sending, under separate cover, a copy of the East Boston *Leader* showing the public's attitude towards it and also the spirit of the local organizations to combat in unison the issuance of a permanent permit by your Council Body.

As the renewal of the present bus permit will rest in the hands of the Council Body, I feel that each and every one of you should realize the importance of your vote.

Never in the history of this district has such an issue taken the interest of all the people. Our committee is made up of delegates from every organization of the island; on this cause we present a united front.

The result of the Council vote will be intensely watched and it is my hope that it will be in our favor. Being one of New England's largest single voting wards, with over 22,000 voters, it can prove very instrumental for the interest of any honest ambitious politician.

The result of the Council Body will then be your entire responsibility.

Sincerely yours,
FRANK GUIDO,
Committee Chairman.

Coun. COFFEY—Mr. President, there are only two things on which I want to touch. I mentioned the fact, before the chairman of the Committee on Licenses (Coun. Fish) took the floor, that the East Boston neighbors in the beginning were up in arms against these buses coming through East Boston, and I admitted that some of these papers in their last editions have seemed to favor the buses coming into East Boston, doing a complete about-face. I admit that. I also referred to the attempt on the part of the town fathers of Winthrop, by raising \$1,300,000, to provide facilities for the 17,000 residents of Winthrop to get transportation into the City of Boston. These men were ordered to go out and spend that money and try to make some arrangement to continue the system of transportation. They had meetings of the Board of Selectmen and I was led to believe,

through the papers and otherwise, that they would be glad to cooperate in ways and means, if possible with the aid of the Federal Government, filling in and macadamizing that old roadbed at an estimated approximate expense of \$250,000. With the original proposed \$1,300,000 they could have done the work on the roadbed themselves and run buses over it, undoubtedly at a profit, and the town of Winthrop would have owned the line and have had some means of transportation in and out of Boston. But nothing was done. I had reason to believe that we would hear something from them in regard to this proposed cooperation on the roadbed, but they have done nothing, and are still proposing to run buses through our congested streets, streets that are congested now and that will be in a still worse condition when these proposed buses are running. And that congestion will be far worse when the horse and dog track races are on.

The order reported by the committee was declared passed. Coun. COFFEY doubted the vote, and asked for the yeas and nays. The order was passed, yeas 17, nays 3:

Yeas—Coun. Carey, Chase, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Kelly, Langgan, Linehan, Lyons, Scannell, Shattuck, D. F. Sullivan, Taylor, Wickes—17.

Nays—Coun. Coffey, Russo, M. H. Sullivan—3.

MUNICIPAL BEANO.

Coun. SCANNELL offered the following: Whereas, The expenses of the Public Welfare Department have increased during the past several years to the enormous amount of fourteen million dollars a year, which accounts for a large portion of our tax rate; and

Whereas, The fund to provide special nurses for patients on the danger list at the City Hospital is insufficient to meet requirements; therefore be it

Resolved, That his Honor the Mayor consider the advisability of conducting a Municipal Beano twice a month, the proceeds from which are to be used for the above-mentioned purposes.

Coun. SCANNELL—Mr. President, there has been so much talk about Beano in this Honorable Body, and we are facing so much trouble in the increasing demand for municipal expenditures, that I have introduced this order. It is evident that the taxes of the city are going up to \$41.50 on a thousand, that the expense of the welfare rolls is up to \$14,000,000, and that the amount available to provide special nurses for patients on the danger list at the City Hospital is insufficient to meet the requirements. Therefore, I submit this order, and I hope that the Honorable Body will pass it. There seems to be nothing in sight to meet the necessary expenses after the funds at the Boston City Hospital are exhausted, and I feel that the plan I have proposed here will alleviate these conditions that should be met. My idea in presenting this order is to have municipal Beano in Boston, run twice a month, in charge of employees of the city departments, who will work free of charge, to help out our welfare fund and also build up the special nurse fund at the Boston City Hospital. I hope that the order will pass.

The order was referred to the Executive Committee.

ROPING OFF STREETS APRIL 13.

Coun. HURLEY offered the following: Ordered, That the City Messenger be requested to rope off the streets along the route of the Annual Ten Mile Road Race of the Cathedral Club to be conducted on Saturday, April 13, particularly that section of Union Park street between Washington street and Harrison avenue and Harrison avenue to Canton street, Ward 8.

Passed under suspension of the rule.

SURVEY OF CITY HOSPITAL SALARIES.

Coun. HURLEY offered the following: Ordered, That the trustees of the Boston City Hospital, through his Honor the Mayor, be requested to make a survey of wage and salary scales at the City Hospital, with a view to making more equitable the rates of pay to hospital employees, to establish such scales of pay as will compare with other city and county departments, and to increase salaries to worthy and deserving and competent employees so that equality may be shown in this large department of the city to its employees.

Coun. HURLEY—Mr. President, in introducing this order let me say that I am very much interested in having the trustees of the City Hospital make a survey of wage and salary scales at the hospital, with a view to making more equitable the rates of pay to hospital employees. Practically every department, with the exception of the Hospital Department, is located here in City Hall and has access to the Mayor and the Council, while the Boston City Hospital has been an isolated place so far as city officials are concerned, the employees not being able to press their demands for equal pay and equal hours. I think it is only fitting that a survey should be made of the wages and hours of employees at the City Hospital. The operators of the elevators, for instance, are getting but \$16.50 a week, while elevator operators in City Hall are getting \$30 a

week. Those operators at the hospital do the same amount of work and are whole-heartedly interested in the people they are taking care of every day. Other employees of the City Hospital, I think, are not being paid on an equal basis with that prevailing in other departments of the city. I trust, therefore, that this Honorable Body will pass this order and that something will materialize very soon.

The order was passed under suspension of the rule.

SIDEWALKS, MYRTLE STREET, WARD 19

Coun. LANGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct and place a tar surface on the sidewalks along both sides of Myrtle street, Ward 19, under the W. P. A. type of construction.

Passed under suspension of the rule.

Adjourned at 4.55 p. m., on motion of Coun. WICKES, to meet on Monday, March 25, 1940, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

SUPERVISOR OF MEDICAL SOCIAL WORK,
DEPARTMENT OF PUBLIC WELFARE,
APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to females only.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To assist in the formulation of policies and procedures relative to granting assistance for medical care. To review case records submitted by local agencies where a question of state policy is involved or where unusual expenditures are indicated in order to advise local agencies as to state reimbursement or plans for the medical and social needs of the individual. To review through the area offices, local practices and procedures with regard to the system for authorization of medical care. To assist in the formulation of policies and procedures in public assistance where technical advice is needed in relation to the medical social work aspects of a departmental program. To assist in the formulation of training programs for medical social workers. To develop plans for the use of public and private medical resources and facilities such as free clinics, hospitals, etc., in local communities.

Entrance Requirement: Applicants must have six (6) years within the last twelve (12) years of satisfactory, full time, paid social work experience in a public or private agency adhering to acceptable standards. Three (3) years must have been spent in performing medical social case work in a hospital, dispensary or other organized medical service. One (1) year of the three (3) years in medical social case work must have been under supervision. Of the six (6) years experience, two (2) years must have been in the capacity of supervisor, consultant, or administrator.

Substitution of Education: Education may be substituted for experience other than supervisory or consultant experience, year for year of graduate study in a recognized school of social work, and one year undergraduate college for six months' experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

MALE INDUSTRIAL INSTRUCTOR—SHOE, STATE PRISON, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To instruct inmates to operate shoe machine; used in the Goodyear welt process. To inspect the work produced by inmates. To be able to correct unsatisfactory adjustments of the machines employed. To cooperate with the prison officers in maintaining discipline and morale. To perform such other duties as may be properly required by the Warden and his subordinate staff.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time the following vacancies exist: Female Psychologist, Springfield Child Guidance Clinic, \$1,140 a year (to be employed two-thirds time); and Male Psychologist, State Farm, \$1,680 a year.

Duties: To assist in determination of mentality of patients by applying standard tests and making case studies. To perform related work as required.

Entrance Requirement: Applicants must have at least two years' clinical experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STATE SELECTING AGENT FOR CIVILIAN CONSERVATION CORPS, DEPARTMENT OF PUBLIC WELFARE, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under the general direction of the Commissioner of Public Welfare to organize and supervise the activities of local welfare agencies in the conduct of a State-wide program for selecting junior applicants for the Civilian Conservation Corps and for maintaining necessary relationships with C. C. C. enrollees in

camp; to maintain liaison with other agencies cooperating in the work of the Civilian Conservation Corps; to interpret to local welfare officials nationally announced C. C. C. policies through bulletins, letters and direct field contact; to coordinate C. C. C. activities with other functions of the State Department of Public Welfare, in cooperation with other division heads and district supervisors; to conduct periodic training conferences of officials concerned with the C. C. C. selection program; to supervise a State C. C. C. headquarters staff for the handling of correspondence, the preparation of reports and the maintenance of necessary records; to conduct necessary study and research with a view to improving selection methods and techniques; and to perform related work as required.

Entrance Requirement: Applicants must have five (5) years within the last seven (7) years of satisfactory full time, paid experience in a responsible capacity in a welfare agency serving as State or local C. C. C. selecting agency; or in a public or private agency, adhering to acceptable standards, dealing with boys' work, or youth counseling, guidance and placement; or in a responsible supervisory capacity in the Civilian Conservation Corps; or a suitable combination of above-listed types of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

**X-RAY AND LABORATORY TECHNICIAN,

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

INLAND MATE (INTERMITTENT), BOSTON INSTITUTIONS DEPARTMENT, APRIL 13, 1940.

Last date for filing applications, Saturday, March 30, 1940, at 12 noon.

Salary: \$2,000 a year.

Duties: To assign passengers to the space they may occupy on board the vessel. To direct and advise the passengers in case of any emergency. To enforce proper conduct among passengers and crew. To direct the activities of the deck crew. To inspect the labels of any packages, freight, or other cargo to see whether it can be legally transported, and supervise the stowage of same. To take charge of life preservers. To launch and handle life boats. To handle and operate fire apparatus. To perform related duties assigned by the captain.

Entrance Requirements: Applicants must possess a life boat certificate, and an inland mate's license for vessels of two hundred tons or over for or including the waters of Boston Harbor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

SCHOOL PHYSICIAN, BOSTON SCHOOL DEPARTMENT, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$5 a day.

Applicants should have a general knowledge of medicine and surgery and of the statutes relating to school hygiene and child hygiene; sanitation; causes, prevention, and correction of bad posture in school children; pediatrics, epidemiology; the differential diagnosis of the various communicable diseases and contagious skin diseases common to school children, including the prevention and methods of curing same; nutrition; malnutrition, its etiology, diagnosis, and treatment; childhood tuberculosis, diagnosis and care of known cases; practical methods of examining the eyesight and hearing of school children; standards of admission to classes for the conservation of eyesight and lip-reading classes; the ten-point examination used in connection

with special class (mentally retarded) children; the Schick test and the Dick test; methods of immunizing children against diphtheria by means of toxin-antitoxin and toxoid methods; the procedure to be followed in the examination of food handlers; the procedure to be followed in detecting the diplococcus intracellularis meningitis organism among health carriers; serology (in so far as it relates to typing of pneumonia); and diseases reportable to the Massachusetts Department of Public Health.

Applicants must be registered physicians under the State Division of Registration in Medicine.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, *i e.*, admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MALE ASSISTANT PHARMACIST, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$25 a week. (The hours are from 7.30 a. m. to 5 p. m. daily, with two afternoons off each week, and every other Sunday and holiday.)

Duties: Manufacturing U. S. P. and N. F. pharmaceutical preparations. Preparing laboratory reagents. Dispensing and compounding prescription work and formularies compiled by the hospital. Supervising the filling of the requisitions requested by the Medical Staff for the use of the patients; and the various details of the work of the department. To keep the records of the narcotics and alcohol used; and a constant check on the supplies needed in the pharmacy.

Entrance Requirement: Applicants must be registered pharmacists under the State Board of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

POLICE DEPARTMENT ORDERS.

General Order No. 455.

A trial board consisting of Captains Mullen, McKinnon and Donovan, having heard by reference a complaint made by Capt. Francis M. Tiernan, Division 11, against Warren F. Dole, patrolman, Division 11, for alleged violation of the Rules and Regulations of the Police Department, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Warren F. Dole be suspended from duty for a period of fifteen days, effective as of 5.45 p. m., February 21, 1940, and at the expiration of said suspension he perform 105 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

PROCEEDINGS OF SCHOOL COMMITTEE.

Mar. 11, 1940

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.40 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the death of the following-named teacher:

Mary Hemenway District—Bessie M. Cosgrove, master's assistant, Feb. 18, 1940.

EVENING SCHOOLS

1939-40

Central Evening High School—John A. O'Brien, assistant, Feb. 6, 1940 (one evening).

Roslindale Evening High School—Mary M. Lee, assistant, Feb. 5, 1940 (one evening).

Franklin Evening School—Kathleen D. Cox, assistant, Feb. 29, 1940 (one evening).

Michelangelo Evening School—John J. Fiumaro, assistant, Feb. 8, and Feb. 29, 1940 (two evenings).

Patrick F. Gavin Evening School—Loreto M. Creed, assistant, Feb. 5, 1940.

Patrick T. Campbell Evening School—Arlene D. A'Hearn, assistant Feb. 1 to Feb. 29, 1940 (six evenings); Joseph E. Hughes, assistant, Feb. 5 to Feb. 8, 1940 (three evenings); Mary J. Larkin, assistant Feb. 27, 1940 (one evening).

Roger Wolcott Evening School—Mary J. Larkin, assistant Feb. 6, 1940 (one evening).

Approved.

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that subject to the approval of the School Committee, he has appointed

the following-named clerical assistants for service in the evening schools for the term 1939-1940:

South Boston Evening Commercial High School—Mary A. Walsh, Feb. 26 to Feb. 29, 1940 (three evenings).

Grover Cleveland Evening School—Elizabeth M. Sullivan, Feb. 12, 1940 (one evening).

Roger Wolcott Evening School—Muriel J. E. Connell, Feb. 5, 1940.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers:

Mary I. MacGibbon, assistant, special class, Henry Grew District, to the same position in the Sherwin District, Mar. 18, 1940

Alice A. Rask, assistant, elementary, Dearborn District, to the same position in the Washington Allston District, Mar. 18, 1940

Charlotte A. Regele, assistant, elementary, Longfellow District, to the same position in the Agassiz District, Mar. 18, 1940

Margaret M. Tague, assistant, elementary, Mather District, to the same position in the Prince District, Mar. 18, 1940

Catherine B. Waggett, assistant, special class, Chapman District, to the same position in the Dillaway District, Mar. 18, 1940.

Approved.

Joseph P. Casey, assistant, Dorchester Evening Commercial High School, to the same position in the Hyde Park Evening Commercial High School, Feb. 12 to Feb. 29, 1940 (five evenings).

Elizabeth M. Cronin, assistant, Roxbury Evening Commercial High School, to the same position in the Dorchester Evening Commercial High School, Feb. 1 to Feb. 8, 1940 (four evenings).

Lillian F. MacConnachie, assistant, Grover Cleveland Evening School, to the same position in the Patrick F. Gavin Evening School, Feb. 8, 1940.

Catherine H. McDonagh, assistant, Hyde Park Evening School, to the same position in the Michelangelo Evening School, Feb. 26, 1940.

Gerald F. O'Donnell, assistant, Brighton Evening Commercial High School, to the same position in the Charlestown Evening Commercial High School, Feb. 6 and Feb. 8, 1940 (two evenings)

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leaves of absence were granted as follows:

English High School—Deane S. Feacock, junior master, Feb. 7, 1940, one day, court summons.

Mechanic Arts High School—William J. Doherty, senior instructor, Feb. 14, 1940, court summons, one day.

Donald McKay Intermediate District—Emma H. Kinsela, assistant, intermediate, Feb. 5, 1940, court summons, one day.

Oliver Wendell Holmes Intermediate District—Paul E. Dowling, assistant, intermediate, Feb. 12, 1940, court summons, one-half day.

Woodrow Wilson Intermediate District—Josephine T. Collagan, assistant, intermediate, Feb. 27, 1940, court summons, one day; Geraldine F. Corbett, assistant, intermediate, Feb. 26, 1940, court summons, one day; May Harty, assistant, intermediate, Feb. 26, 1940, court summons, one day; Richard W. Newman, assistant, intermediate, Feb. 26, 1940, court summons, one day.

A communication was received from the Superintendent, under date of Mar. 11, 1940, recommending that the leaves of absence for military duty granted at the meeting of Dec. 18, 1939 (see p. 233) to Albert C. Dunphy, junior master, military drill, Department of Physical Education; and to Henry F. Barry, supervisor of attendance, Department of Attendance, at the meeting of Jan. 15, 1940 (see p. 12); be amended to provide that the leaves of absence shall be without loss of pay.

The action is recommended in view of the statement received from Brigadier General Edgar C. Erickson that the periods of military service were ordered and under the law such leaves must be without loss of pay.

Placed on file and the leaves of absence amended accordingly.

DESIGNATIONS

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1940:

Franklin District—Ethel M. Park, assistant elementary, as acting master's assistant (vice Ella A. Curtis, absent on leave), Feb. 26, 1940

Mary Hemenway District—Mary A. Sullivan, assistant, elementary, as acting master's assistant, Feb. 16, 1940

Thomas Gardner District—Eva M. Neth, assistant, elementary, as acting master's assistant (vice Anna L. Ziersch, absent on leave), Jan. 2, 1940

Woodrow Wilson Intermediate District—Kathryn F. Mahoney, assistant, intermediate, as acting master's assistant (vice Mary G. Cahill, absent on leave), Jan. 16 to 29, 1940, inclusive, and from Feb. 7, 1940.

Placed on file.

ASSIGNMENT

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that subject to the approval of the School Committee, he has assigned Mary J. Benson, teacher of sewing, elementary, Department of Household Science and Arts, to the Jeremiah E. Burke High School for Girls, without change of rank or salary, to take effect Mar. 1, 1940, and to continue for the school year

ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

APPOINTMENTS FOR CLASSES IN DISTRIBUTIVE OCCUPATIONS

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of Feb. 12, 1940, he has appointed the following-named persons to the classes in distributive occupations, to take effect on the dates stated:

Harry M. Lester, instructor, Feb. 5, 1940; Forrest E. MacLean, instructor, Mar. 5, 1940.

Approved.

CLASSES IN AUTOMOBILE BODY AND FENDER WORK, SOUTH BOSTON HIGH SCHOOL

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct classes in automobile body and fender work in the South Boston High School.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED, That Philip J. Bond, Chief Examiner, Board of Examiners, is hereby authorized to attend the conference of boards of examiners under the auspices of the American Council of Education, to be held in Washington, D. C., March 28 and 29, 1940, at an expense to the city not to exceed fifty dollars (\$50).

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Alice McCarthy, late trade assistant in the Continuation School, be paid her sister, Margaret L. McCarthy.

REINSTATEMENT OF JAMES J. MAHAR

A communication was received from the Superintendent, under date of Mar. 11, 1940, reporting that in compliance with Civil Service regulations, he has reinstated Mr. James J. Mahar, as Engineer in the office of the Superintendent of Public Schools for one day, Mar. 7, 1940.

This reinstatement is made in order to protect the Civil Service status of Mr. Mahar, who has been granted leave of absence by the School Committee, without pay, beginning Mar. 5, 1938, and con-

tinuing during the period that, and as long as, he holds the office of Superintendent of Construction in the Department of School Buildings.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Mar. 11, 1940, recommending that the following-named custodians be granted further leaves of absence on one-half net compensation for the periods specified because of personal illness:

John J. Shea, custodian, Edward Southworth School-house, Feb. 28 to Mar. 31, 1940, inclusive.

John J. Downey, custodian, Lucretia Crocker School-house, Mar. 1 to 31, 1940, inclusive.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Mar. 11, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated to take effect Mar. 17, 1940:

William M. Barry, from the James J. Chittick to the custodianship of the Pauline Agassiz Shaw School-house.

John F. Muldoon, from the Albert Palmer to the custodianship of the Richard C. Humphreys School-house.

Francis J. Wachenheim, from the Hobart Street to the custodianship of the Winchell School-house.

James J. Walsh, from the Thomas J. Kenny to the custodianship of the Theodore Roosevelt School house.

Frederick C. Yerkes, from regular substitute custodian to the custodianship of the Cyrus Alger School-house.

Henry W. Young, from the Emily A. Fifield to the custodianship of the Robert Treat Paine School-house.

Placed on file and the transfers approved, to take effect on the date stated.

STATEMENT OF MR. LEE—CHANGES FOR IMPROVEMENT OF SCHOOL SYSTEM

Mr. Lee read the following statement:

Gentlemen, in a city of many financially wounded homes, I sought on January 3rd in our opening meeting to set forth those policies and procedures in the School System which could best be adopted to prepare the youth of the city to cope with the unfortunate situation apparently in store for them. This was by way of a personal pledge of effort following the Chairman's inaugural remarks.

I stated then that I would like the guidance of the Board of Superintendents. At that time the Board of Superintendents had never told us what sort of a school system they thought we ought to have. The question of their ad-

vice came up at that meeting, and the mention of it created so much difficulty that no other topics were reached. Like the most admirable and modest Caesars, the Board of Superintendents three times, at that meeting and later, refused the crown of educational leadership which I tried to put on their heads. On the fourth attempt I partly succeeded. The Board of Superintendents did undertake to appear before a later conference of the School Committee and did tell the Committee how in their educational opinion the schools ought to look. The crown of expert and technical educational leadership is now on the side of their head. It keeps slipping off but I'm trying to hold it in place.

That conference, in the words of one member of the School Committee, was the most interesting meeting that he had ever attended. The suggestions given by the Board of Superintendents were of highest excellence. The School Committee received the best educational advice on how the School System ought to develop and, in fact, on what it might have been today. I should like to make the points which the Superintendents brought up the basis of the aims and objectives which I would particularly like to pursue this year. In the stimulating words of his inaugural address, our Chairman said, "The schools that you and I attended would be hopelessly inadequate to provide for the needs of the children today. The schools today are prepared to accept the challenge of the changing social order."

Now I find that twenty-five distinct proposals were made by Miss Mellyn, Mr. Downey, Mr. Muldoon, and Mr. Gould, Mr. Gillis being absent. These proposals were all ones that they would like to see in effect if they had a free hand,—that is, if they were proceeding, as Mr. Downey expressed it, "without any consideration of tradition or the established policy." In first refusing the crown of educational leadership members of the Board of Superintendents pretended that it was useless to discuss what ought to be done on this basis, as there was no money to do it anyway. This was a rather flimsy excuse. I find that out of twenty-five proposals seven—and some of these the most important—require no more money at all. These seven are:

1. "A single salary schedule to people with the same qualifications, the same experience, and the same training."

2. "A compulsory course in home making in every year of high school for every girl in the city."

3. "An extensive course of vocational nature emphasizing broad training and not the specialized skills."

4. "Courses to prepare students for technical and semi-professional occupations."

5. "Courses for the maladjusted children."

6. "Centers for the gifted children."

7. "Radio programs and possibly centralized radio broadcasting."

It will be noted, on the first item, that the "single salary schedule," subscribed to by all the Assistant Superintendents present, might cost

less, the same, or more than now. However, if a uniform percentage of increase were applied to the lower paid teachers and a uniform percentage of decrease applied to the highest paid teachers, in approaching the basis of a "single salary schedule," a large net saving would result, because the downward percentages would be applied to the greater salary figures. Otherwise, presumably the same amount of money would be spent in adopting the "single salary schedule"—being merely more effectively redistributed. I do not presume that in these times one would advocate an increase in the total amount spent for salaries. (The town of Wellesley—by way of example—which has one of the best educational reputations of any city in the Commonwealth, pays the same amount to its elementary teachers as it does to its high school teachers, and the average salary lies about in the middle of our present salary range, half way between our high and our low).

As for the second item, a "Compulsory program of home making in every year of high school for every girl in the City" would cost no more than the present curriculum. It doesn't cost any more to teach a girl one subject than it does to teach her another.

For the third and fourth items, an "extensive course of vocational nature emphasizing broad training and not the specialized skills," and likewise "courses to prepare students for technical and semi-professional occupations" do not cost any more, and for the same reason: namely, that it does not cost any more to teach a child a good thing than it does to give him an indifferent course. Also, the fifth and sixth items, "courses for maladjusted children," and "centers for gifted children" do not cost any more, owing to the same reason. Gifted children, for example, being taught in a separate classroom congenial to them, while the more normal child stays in a class more congenial to him, does not take any more teachers, but merely a redistribution of pupils to teachers.

The last item, "radio programs and possibly centralized radio broadcasting," costs slightly more by reason of installing the central apparatus,—about \$100, I believe—but may in turn make a saving in that one period a day, in every grade, can be taken over by a central lesson given by radio,—inevitably releasing the load on the local teacher.

It is admitted that some of these new courses will cost slightly more,—by reason, for example, of extra equipment needed, as in household arts. Likewise instruction for "maladjusted children" may require more teachers for a smaller number of children. For this reason I have purposely put those proposals which might lead to a slight extra cost nearer to the end of the list, and I have opened the list with proposals which could be carried out with no added cost or with less cost than today. Thus the Committee or the Board of Superintendents can judge when the educational cost in any one item would be significant and would become a financial consideration.

I recommend that all these changes be put into effect forthwith, except for the "single salary schedule," which I believe should be put into effect gradually.

The other recommendations which would, indeed, cost money, as mentioned by members of the Board of Superintendents, are, in many cases, restorations of services already suspended. These include (continuing):

8. "Summer vacation schools" and "summer review schools."

9. "Evening opportunity schools."

10. "School centers."

11. "Playgrounds."

A new extension which would cost additional money is in the field of child and character guidance as follows:

12. "A comprehensive service of guidance."

(a) "Adjustment teachers for all classes requiring individual attention."

(b) "Extension of Department of Educational Investigation to reach the boy who is a problem and find out . . . a class where he will not be a failure."

(c) "Full-time guidance councilor in every high school."

(d) "An employment service which would be specific and up-to-date in order to advise employment applicants of new opportunities and new re-training requisites."

Outside of the field of guidance, the remaining proposals were:

13. "Re-training and occupational up-grading of those who are out of work and out of school."

14. "Gradual additions to school program beyond grade 12."

15. "Adult education."

16. "Pre-primary make-up classes throughout the system, closely coordinated with the Department of Educational Investigation and Measurement."

17. "Broader program for the physically and mentally handicapped."

18. "Examination of children with defective vision."

19. "Two full-time otologists."

20. "An expansion of visual aid work."

21. "Reading centers in every one of our sections."

22. "Library service in our intermediate and elementary schools."

23. "Commercial machines or typewriters—a battery of all the machines that they needed."

24. "Building buildings immediately."

25. "A center for school exhibits."

It would seem well, however, that the Committee would confine itself to those proposals which cost no more money or which are but negligibly more expensive. The bulk of the other suggested improvements must probably be left untouched, under present financial duress, although this recent formulation of them will serve as an educationally valuable magnet-needle in guiding the School Committee through the mass of weekly administrative decisions, which though small in themselves, serve to head toward an educationally wise or an educationally less wise school system.

Of those proposals which cost little or no more money, the Committee will doubtless want to call for fairly immediate action,—by virtue

of their unquestioned rightness and excellence. However, I should recommend that those proposals dealing with maladjusted children be deferred till the School Committee has given a hearing—following the suggestion of Committeeman Norton—to those persons in our city who have been adept in dealing with the problem of troubled and untamed youth. This hearing is scheduled for Wednesday. I shall move, at the conclusion of this statement, that plans be made directly for inauguration of the broadcasting program suggested by Superintendent Gould. I shall also move for the preparation and adoption of the course in home-making for every high school girl's yearly work, as advanced by Miss Mellyn,—lest the American home be overlooked in our child's education.

However, beyond these adjustments which can be made, in keeping with the Chairman's inaugural remarks on policy and the Board of Superintendents' suggestions, with little or no cost, we are left still with the question of taking in one or two of the other major adjustments which have been mentioned by the Board of Superintendents and which would, to be sure, cost money. Figures now are being prepared by the Board of Apportionment along these lines. These figures will show how much money can be applied (1) to reopening the Evening Opportunity School, (2) to extending the evening use of our gymnasiums for recreation and (3) to extending the guidance work of the school system, if savings derived from a revision in the salary schedule are used.

To be sure, the Board of Superintendents are making these estimates at my suggestion, and may not recommend these revisions. However, if they demur or have demurred at revising the present salary schedule in a way to approach the so-called "single salary schedule," and also in a way to yield money meantime for sorely pinched school services, I do not think that the Committee should believe that the Board of Superintendents is wholly genuine. We have already seen that they demurred at bringing in any organized suggestions about the school system on the grounds that there was no money for accomplishing them anyway, when many of them were found to take no more money at all. It has often, too, been conveyed as the sentiment of the Board of Superintendents that, should reductions, under compunction of the depression, become necessary, these should be on a basis of "share and share alike." Yet we find that the depression did come. We find that reductions were made. And what was reduced? Only that which was of benefit to the children and to the students was reduced. (1) The summer vacation schools enabling the child to keep up with life were cut out. (2) The summer review schools enabling the child to keep up with school were cut out. (3) The outdoor playground work enabling the child to keep up with happiness was stabbed with a \$60,000 knife. Next, the Evening Opportunity School—the one chance for the man out of a job to re-fit himself for another calling

and bring earning power to our population—was tossed into the scrap heap.

On top of that, the taxpayers of Boston, who lost an average of 40 percent of their income when the depression hit, under the Superintendent's theory of "share and share alike" were still asked to carry the full burden of support, on their weakened shoulders, of those high salaries in the school system which most exceeded the conception of a "single salary schedule," and which, by common admission, most exceeded every normal market value, and which did not make the concession of one penny. The "sharing," then, was on the part of the School Department top employees who retained everything, and the shearing was on the part of the children, the students, and the taxpayers who lost everything. This was called "sharing and sharing alike." It should be called "sharing and shearing." One side shared the financial handle of the sword, and the other side shared the wound inflicted by the other end. It would be difficult for any right-minded person to believe that the advocates were genuine in their pretension to the principle of "share and share alike."

If the citizens have any backbone they will tell a Board of Apportionment which extols a "single salary schedule" as the proper thing for an untrammelled school system, and yet will not recommend even the slightest adjustment toward it, that they have had enough. Surely, if a reduction of those now enjoying highest salaries beyond the proprieties of a "single salary schedule", and way beyond the level of a normal market, is not in order during a depression, when the saving would best relieve the wounded taxpayer, the public may well resign themselves to a babyish and craven Board of Apportionment that would perpetuate any admittedly inequitable and less than desirable system for ever. In short, if genuineness was involved in the thought of the Board of Apportionment in regard to their desire to protect the full perquisites of those in highest salary brackets, an equal genuineness should have flowed in their desire to preserve the benefits formerly had by the children, in services now cut out: and they would have recommended "sharing and sharing alike" with equal sympathy, in a way that did not drain the veins of the child's education and the taxpayers' purse in order to supply the juice of the higher salary plums.

I am appealing here to the better nature of the Board of Apportionment and of the Board of Superintendents, whose suggestions were excellent and whose recommendations former School Committees have often so respectfully heeded. I am asking them to use some common sense and to realize that the schools are not to be run so much for the benefit of one group of teachers and officials as for the taxpayer and the child. I recall now, with new meaning, our earlier Chairman's statement, on the first day that I sat on the School Committee, that the School Administration was not just to be an "employment agency." I am appealing to the better nature of

those to whom the Board of Superintendents make their recommendations. In the combined advantages that would follow from the adoption of those improvements proposed by the Board of Superintendents which cost no more money and one or two of those for which, admittedly, more money would have to be found—as contrasted with lifting no hand nor foot to plow out the educational road ahead—we have all the difference between a running brook and a puddle. It is the difference between doing your best to look after a difficult situation and doing nothing but looking after a few vassals.

Adequate recreation throughout our school gymnasiums in the evening (ringing with the cries of decently occupied youth); the holding up of the smelling salts of life to the sometimes unventilated atmosphere of the classroom through an adequate guidance program, adequate opportunity in evening school to refit for a paying job after loss of one's employment in adult days—all these stand ready on the one hand. The omission of this vital and cooperative program, if the curtailment incident to the depression leaves the honorariums wholly in one set of hands, stands on the other. Last year's Committee chose only to consider those most powerful and those closest to them—not those whose voice was small but whose needs were great. For all that, you shall not press down this crown of thorns upon the head of childhood. You shall not crucify our youth upon a cross of gold.

Mr. Norton. Mr. Chairman, there are a good many of the recommendations there that I am in favor of, but Rome wasn't built in a day, even though William Jennings Bryan did use that closing expression that the member did. It is going to take some time. I am a member of this Committee for the first time this year.

I move that this statement be accepted, to be studied by the Committee and considered at the next meeting or future meetings.

Chairman: Mr. Norton, I would suggest a change in that motion, to read, that this statement of Mr. Lee's be spread upon the records and referred to the Board of Superintendents for consideration and report back to the School Committee.

Mr. Norton: If that is the procedure, yes.

Chairman: I should like to make one thing clear there before we vote on that motion, Mr. Norton. I haven't read this statement thoroughly. I just listened to it. I see that Mr. Lee refers to an earlier Chairman's statement about the School Committee not being an employment agency, and not to any statement of mine. That wasn't my statement.

Another thing I would like to get cleared up in my mind is our responsibilities, and I am willing to accept them, and not dodge them. The responsibility for the salary schedule for this whole school system belongs not to the Board of Apportionment, or to the Board of Superintendents, but rests squarely on our shoulders, and I don't be-

lieve that we should blame the Board of Superintendents or the Board of Apportionment for the salary schedules. I believe that is our responsibility, and we accept that responsibility, and until we have a report on this statement from the Board of Superintendents, we will consider Mr. Norton's motion, that the statement be spread upon the records and referred to the Board of Superintendents for study and report, passed.

Superintendent: Mr. Chairman, there is one other point I should like to mention. I haven't seen this paper before, and so I am not sure that I understood the gentleman correctly. Do I understand his reference to certain suggestions as recommendations of the Board of Superintendents? Was it not individual members of the Board of Superintendents who stated that they would like to see certain things in the school system, provided funds were available? There is a place there where it seemed to me to indicate that the suggestions were from the Board of Superintendents, and we were particularly asked to appear at that School Committee Conference without Board recommendations; that we were to be perfectly free to say what things we should like in the school system if we had funds available.

Mr. Sullivan: I think you are right in that. If I remember correctly, each assistant superintendent expressed his or her opinion.

Chairman: And it was particularly specified that if certain conditions prevailed—if money were available.

Mr. Lee: I tried to use language that would make it clear, at times, and to emphasize that it was the different members speaking. For example, I said that 25 distinct proposals were made by the four members of the Board of Superintendents, naming the individuals, and then later on, having said that several times, I did adopt the phrase "Board of Superintendents," merely for the sake of not repeating that language. I am glad to have that correction brought out by the Superintendent.

I also am glad of my own accord to note the use of the word "recommendation." Again I tried in the opening pages to use the word "suggestion," or indicate that these were thoughts struck off by the Board of Superintendents, and not recommendations which they thought should be acted upon, and then again later I did use the word "recommendations" because they were their thoughts of what they thought a model school system might be. I am glad to make that clarification.

Mr. Norton: Of course, this statement here on page 1, I don't agree with, to the effect that "Like modest Caesars the Board of Superintendents three times, at that meeting and later, refused the crown of educational leadership which I tried to put on their heads." I think that is an unfair inference on the Board. But we can discuss that later.

Now on page 2, seven specific suggestions are made, and many of these are splendid suggestions. We are all in favor of helping the mal-

adjusted child. We are all in favor of retraining the man out of work. We are all in favor of having more equitable salary systems. Certainly there isn't a member of this Board or a member of the Board of Superintendents who is not in favor of it.

Here on page 2 it says: "I find that out of 25 proposals, seven—and some of these the most important—require no money at all." I question that statement. These are the proposals: Use your common sense. No. 2, a compulsory training in home making in every year of high school for every girl in the city. And that is going to cost no extra money?

Superintendent: It will cost plenty of money.

Mr. Norton: We all want this. Every member of the Board wants it. We want every girl in the school system to have that training.

Now an extensive course of vocational nature emphasizing broad training and not the specialized skills; that is going to cost money.

Courses to prepare students for technical and semi-professional occupations; that is marvelous. We are all in favor of it, but it is going to cost money.

Courses for maladjusted children.

Radio programs, centralized broadcasting—all going to cost money.

Mr. Sullivan: I don't think that any one of these can be considered by itself, without considering at the same time something for which it would be substituted.

Mr. Lee: That was the point.

Mr. Sullivan: Our facilities are limited. The children are with us just so long.

Chairman: You will have to find where you are going to fit them in. You only have the children five hours a day.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

POLICE DEPARTMENT ORDERS.

General Order No. 466.

A trial board consisting of Captains Mullen, McKinnon and Fitzpatrick, having heard by reference a complaint made by Capt. Francis M. Tiernan, Division 11, against Charles E. Lenz, patrolman, Division 11, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding of the Trial Board and hereby orders that the said Patrolman Charles E. Lenz be suspended from duty for a period of forty-five days, effective as of 5.45 p. m., January 31, 1940.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 457.

General Order No. 281, dated January 7, 1939, is hereby amended by striking out paragraph one on page three of said order and inserting in place thereof the following new paragraph:

"All officers attending the criminal courts, either as complainants or as witnesses, except officers regularly assigned to the Bureau of Criminal Investigation, and approved special officers, shall report promptly at 9 a. m., in uniform, to the Supervising Officer."

Complaining officers, including officers of the Bureau of Criminal Investigation and approved special officers, in all cases before the criminal courts, except drunkenness, domestic relations, violation of traffic regulations, or minor automobile laws, which are *appealed or defendants are held for the Grand Jury* shall submit in their own handwriting, in duplicate, a statement of all the facts on forms furnished for this purpose and will deliver the same to their respective commanding officers. Commanding officers shall see that the forms are properly filled out and will have them forwarded forthwith to the superintendent. The superintendent shall cause the carbon copy of such forms to be sent to the supervising sergeant detailed to the District Attorney's office, who, upon completion of the cases in the Superior Court, shall fill in the required data on the forms which will be returned to the superintendent.

Form No. 210, copy of which is attached, will be used in making out reports. Commanding officers will submit a requisition to the Property Clerk for a supply of these forms which may be obtained at the Department Stock Room at 229 Milk street.

All General Orders and rules and regulations inconsistent herewith are hereby rescinded.

This order becomes effective Thursday, March 28, 1940, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "DANIEL A. MACCORMACK."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Daniel A. MacCormack." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Daniel A. MacCormack,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, April 5, 1940, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of specifications taken out. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(March 30.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COKE TO LONG ISLAND HOSPITAL (TO BE DELIVERED IN BINS).

The Supply Department of the City of Boston invites proposals for furnishing coke for the Institutions Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR COKE." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Thursday, April 4, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

POLICE DEPARTMENT.

PROPOSALS FOR GASOLINE.

The Police Department of the City of Boston invites proposals for furnishing and delivering gasoline. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$1,000, payable to and to become the property of the Police Commissioner for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Friday, April 5, 1940, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

PROPOSALS FOR NEW TIDE GATES IN DORCHESTER BROOK SEWER AT MASSACHUSETTS AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for new tide gates in Dorchester brook sewer at Massachusetts avenue. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for New Tide Gates in Dorchester Brook Sewer at Massachusetts Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, April 17, 1940, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

VOTE OF METROPOLITAN DISTRICT IN 1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, *i. e.*, Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL DISTRICTS. STATISTICS FOR YEAR 1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent.

Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

PUBLIC DEBT, JANUARY 1, 1938.

Gross funded debt, January 1, 1938, \$153,803,833.27 (including \$25,333.27 issued by State); sinking funds, \$23,647,516.77 (no other redemption means); net debt, \$130,156,316.50, or \$3,235,023.31 less than on January 1, 1937. Of said net debt, \$65,668,308.01, or 50.45 per cent, was City debt; \$43,145,191.76, or 33.15 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,542,333.27, or 1.18 per cent, County debt; \$852,000, or 0.65 per cent, Water debt; \$18,948,483.46, or 14.57 per cent, Traffic Tunnel debt.

The City debt includes \$6,055,000 for W. P. A. Projects; the County debt includes \$1,100,000 for W. P. A. Projects and the Water debt includes \$664,000 for W. P. A. Projects.

Debt paid in 1937 was \$13,579,166.67 and there was a decrease in total gross debt of \$6,372,166.67.

Net debt per capita, \$161.31 (approximate); net debt, exclusive of Rapid Transit debt, \$87,011,124.74, or \$107.84 per capita (approximate).

Per capita are based on United States Census Bureau's estimated population (806,848) on January 1, 1938.

Loans authorized but not issued (within debt limit), \$613,000; same outside of tax limit, \$1,399,963; total \$2,012,963.

TAX TITLE LOANS. (Chapter 49, Acts of 1933 as Amended.)

Loans outstanding December 31, 1938.....	\$8,814,500 00
Loans issued during 1939.....	3,500,000 00
	* \$12,314,500 00
Less payments to Treasurer of the Commonwealth.....	3,814,500 00
Balance outstanding November 30, 1939.....	<u>\$8,500,000 00</u>

* Under the provisions of Chapter 49, Acts of 1933, this amount will be liquidated by monthly payments to the Treasurer of the Commonwealth, of receipts from Tax Titles pledged to the redemption of the Loan.

LOANS IN ANTICIPATION OF TAXES.

Loans brought forward from 1938.....	\$14,000,000 00
Loans issued during 1939.....	* 32,000,000 00
	\$46,000,000 00
Less 1938 Loans paid off.....	\$14,000,000 00
Less 1939 Loans paid off.....	17,000,000 00
	31,000,000 00
Net Outstanding Obligations.....	<u>\$15,000,000 00</u>

* Total authorized by City Council, \$45,000,000 00

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough 2,560,401; Manhattan 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, APRIL 6, 1940.

NO. 14

THE CARE AND GUIDANCE OF YOUTH OF AMERICA, MORE THAN EVER THE PROBLEM OF EDUCATORS — SUPERINTENDENT ARTHUR L. GOULD, OF THE BOSTON PUBLIC SCHOOLS, MAKES REPORT ON OBSERVATIONS AND CONCLUSIONS RESULTING FROM ATTENDANCE AT ANNUAL SESSIONS OF SCHOOL ADMINISTRATORS — EDUCATORS MUST BATTLE HANDICAP OF UNEMPLOYMENT, MENTAL AND PHYSICAL ILLS, DISILLUSION AND CONFUSION, IF PROPER SOCIAL ADJUSTMENTS ARE TO BE MADE POSSIBLE.

The care and guidance of the youth of the land is the main theme concerning the educators of the country, according to Superintendent, Arthur L. Gould, of the Boston Public Schools, who has returned from the annual meeting of the American Association of School Administrators, at St. Louis. The conclusion reached, says Superintendent Gould, in his report to the School Committee, is that youth, handicapped by unemployment, mental and physical ills, disillusion and confusion, must be the chief concern of all, if proper social adjustments are to be made possible.

The report, in full, reads as follows:

The 70th Annual Convention of the American Association of School Administrators was held in St. Louis, February 24-29, 1940. The convention headquarters was the large Municipal Auditorium in the center of the business section of the city.

More than 12,000 school officials were in attendance and these were readily accommodated in the main convention hall and the many assembly halls of the auditorium.

On Saturday, previous to the opening of the convention, it is customary to have an all-day meeting of the superintendents of the large cities of the country. The day is given over to a discussion of educational problems submitted in advance by the superintendents.

This year, as last, one of the chief problems considered was that of financing education. Welfare costs, social security, unemployment insurance, N. Y. A., C. C. C., National defence, all call for a substantial part of the tax dollar. Many cities, particularly where State funds form an appreciable part of the school budget, have suffered severe curtailment of school funds, causing suspension of essential services, salary reductions, suspension of salary increments and closing of schools. In many of the cities, parent-teacher organizations and other civic groups have devoted much time and energy to the support of an adequate education program.

Lack of Work.

One of the most serious problems is the adjustment of the program of the general high school to care for the large number of boys and girls who attend high school because no work is open to them. Many of these boys and girls have little interest in and aptitude for an academic program, and often are unable to profit by the instruction offered. These young people have to be cared for, and a thorough reorganization of courses and materials of instruction is already in progress. There is under way an expansion program of training for the skilled and semi-skilled trades. Vocational schools, trade schools, cooperative courses, and opportunities for specific training for jobs, are being provided for this group in many of the larger cities. These are being supported in part by Federal and State funds on the theory that if young people cannot obtain experience through employment in private industry, the Government will aid in providing actual work experience to assist in closing the gap between the completion of school and the opportunity for gainful employment.

The opening meeting of the convention was held on Sunday afternoon. The principal address was given by Bishop G. Bromley Oxnam, of the Boston Area, who selected for his subject, "Contemporary Crucifixion and Crusade." He made a strong appeal to the schools to preserve democratic ideals through training of the youth for effective self-government. He emphasized the fact that the American people struggling through the worst depression in history, facing courageously the world-wide challenge to democracy, resisting the influence of the paid propagandists, had evidenced no desire for the totalitarian state. This, he stated, was the real tribute to the American system of education.

The evening meeting was a presentation of "Musica Americana" by pupils of the St. Louis schools, under the direction of Ernest Hares, Supervisor of Instrumental Music in the city schools. "Musica Americana", given by 3,000 pupils in the St. Louis schools, was a dramatic portrayal of American music from the days of the Indian to modern composers. Music from the Bay Psalm Book, plantation songs and spirituals of the Negro, black-faced minstrels, a group of songs by Stephen Foster, songs of Civil War days, all were beautifully done by groups of pupils representing different high schools of the city. Art songs and modern classics lent variety to the program, which was decidedly of educational and social significance.

(Continued on page 311.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 30, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 191; nonresidents, 52; total, 243.

Death rate per 1,000 of population: All deaths, 15.50; nonresidents deducted, 12.18.

Death rate per 1,000 of population:

Last week, 15.7; corresponding week last year, 17.81.

Deaths by age periods, sex, etc.: Under one year, 20; one year to four years, inclusive, ; sixty years and over, 135. Total deaths: Male, 127; female, 116; deaths in hospitals and institutions, 155; deaths of colored, 10.

REPORTABLE DISEASES: CASES AND DEATHS.*

ADDRESS OF SUPERINTENDENT GOULD.

(Continued from page 309.)

ADDED CURRICULA.

"What is Right with the Schools" was the central theme of one of the general sessions in which appraisal was made of modern elementary and secondary education. Dr. Edgar G. Doudna of Wisconsin pointed out that the elementary schools, free from the pressure of collegiate examinations, without sacrifice of the fundamental three R's, had been able to add to the curriculum art, music, home-making, plays and games, safety education and principles of healthful living. They were able, he said, to profit by the scientific movements in education, and thus develop among teachers increased understanding of child nature, to the great advantage of the child and his education.

Progress in secondary schools was discussed by Dr. Francis T. Spaulding, Dean of the Graduate School of Education, Harvard University. Dr. Spaulding stated that boys and girls in our high schools have attained a higher degree of literacy than any comparable group in the history of the world. He stressed the fact that the average high school student of today can read and write and use arithmetic better than his parents when they left school; that he knows more history, science, literature, art than his parents did at a comparable time; that his school work has given him a broader background of knowledge than similar pupils in any other nation in the world.

Not the least achievement of the secondary schools, he stated, is that, more than any other institution, they have helped minimize class distinctions by bringing boys and girls together, where what a boy or girl can do is the measure of his importance, rather than background or social status.

Other speakers stressed the need of continued development of political democracy in America to meet new needs of its citizens through the creation of a better type of social intelligence.

Afternoon meetings were given over to discussion groups where such problems as administration of schools, occupational adjustment, special education for adults, Federal support of an equalization program, vocational and educational guidance occupied the attention of the administrators and teachers. Throughout all these discussions, the central theme was the care and guidance of youth.

Youth, described as handicapped by unemployment, by mental and physical ills, by disillusion and confusion upon entering adulthood, must be a chief concern of educators in order to make possible necessary social adjustments, without which there is no solid foundation upon which to build.

Education problems discussed at the convention were brought to the people by means of fifteen coast-to-coast hook-ups. The Committee on Resolutions urged the Government to put forth every effort to keep the nation out of war; to extend the long-established policy of material support of public education in order to lessen existing inequalities of educational opportunities within the several states and the nation as a whole; and to defend the integrity of the schools by keeping them from the control of special interest groups.

REPORT OF JOHN P. SULLIVAN, SUPERVISOR OF HEALTH EDUCATION AND SAFETY EDUCATION, ON HIS ATTENDANCE AT THE ANNUAL MEETING OF THE AMERICAN ASSOCIATION OF SCHOOL ADMINISTRATORS OF THE NATIONAL EDUCATION ASSOCIATION.

The following is the report of John P. Sullivan, Supervisor of Health and Safety Education, at School Administrators annual meeting, at St. Louis:

TO: SUPERINTENDENT ARTHUR L. GOULD, Boston Public Schools.

I was present at all general morning sessions of the convention. In addition I attended three afternoon safety discussion groups. The Tuesday morning general session and the three afternoon group discussion periods were given over entirely to safety education. In addition to my convention attendance, I also had an opportunity, through the kindness of a member of the Board of Education, to visit some thirteen schools in the St. Louis Public School System. I also had many individual conferences with local, state and national safety leaders.

As one of the major themes of the N. E. A. Convention this year was safety, I am confining this report to the safety phase of the convention. The 1940 Year Book of the American Association of School Administrators was given over entirely to safety. Boston was well represented in this book. The writer has been carrying on correspondence with members of the committee, and as a result the Boston program has been made known to the country through official channels. For example, on page 293 of the year book, may be found one of our School Accident Report Forms.

The Tuesday morning general safety conference was limited to three problems. One was discussed by Mr. Hoffman, speaking for the Automotive Safety Institute, who spoke on the highway phase of safety. Mrs. Ethridge, author, and wife of the managing editor of the Louisville, Kentucky, *Courier*, who represented the Parent-Teachers Organizations of the country, spoke on home safety. Dr. Hill, Superintendent of Schools in Lexington, Kentucky, spoke as chairman of the 1940 Year Book Committee.

The afternoon groups were by far the most practical and fruitful. Here it was possible to meet with the safety leaders of the country and to discuss the various safety problems, — namely, Curriculum, School Patrols, Visual Aids, Accidents Records, Fire Prevention, and other phases of safety. Here it was possible in a sort of human laboratory to appraise our program in the light of other city programs, all using a common yardstick.

These afternoon discussion groups consisted of leaders not only in the field of school safety, but also in the field of enforcement and engineering. I should say that one of the highlights of these discussion groups was the admission by the non-school groups that safety education in the schools is paying real dividends. The conclusion that "accidents are preventable through education" was contained in the year book. Publication of the 544-page volume marks the association's first formal recognition of organized safety education. It has been carried on in the schools here in Boston,

for example, since 1924, but the N. E. A. had not previously taken a hand, officially.

I should say after many personal conferences that Boston can well be proud of its safety education program. We are on a par with the leading big cities concerning curriculum, fire prevention, school patrols, and safety activities. We are superior to other cities in accident reporting, fire drill procedures, and in cooperation with existing governmental agencies concerned with child safety. There is only one phase of safety which Boston has not participated in to date and that is actual driving training in the senior high schools. As the question of cost and responsibility enters into any discussion of driver training, it is my belief that our policy of making haste slowly will turn out to be the better part of wisdom in this particular phase of safety. There was a trend some few years ago to increase this function in the high schools; however, during 1939 there was a notable decrease in the number of cities participating in this activity.

One of the interesting reactions of leaders in large cities was their comment on our excellent school child fatality record of six school child deaths for 1939. Both Milwaukee and St. Louis which were our betters in the National Contest did not have the fine school child record that we had. It would appear that the western cities gave much more attention to the adult problem than we do in the East.

It is a pleasure to report that from the official records for 1939, Boston, for the second successive year, is the safest city for school children among cities of 500,000 or more.

Attendance at this convention has given me a fresh viewpoint, renewed courage and strengthened convictions to carry on the safety program in Boston. I feel that the expense involved will more than be repaid with interest by a broader vision and the ability to help the teachers to the end that the pupils may be benefited.

Respectfully submitted,

JOHN P. SULLIVAN,
Supervisor of Health and Safety.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

FIRE DEPARTMENT— WIRE DIVISION.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 28:

FIRE DEPARTMENT.

Mary G. McDermott, widow of John J. McDermott, a member of the Fire Department who died on March 26, 1939, on account of injuries received in the performance of his duty, has been pensioned at \$1,200 per annum, made up of the following allowances:

For the widow, Mary G. McDermott, so long as she remains unmarried, \$1,000 a year.

For the following child during such time as she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$200 per annum: Grace F. McDermott, born December 10, 1922.

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Eva Aisenberg, 1042 Rosseter street, 1 day; Illa Allen, 702 Massachusetts avenue, 6 days; Helen Anderson, 92 Selden street, Marion Arznen, 18 Worcester square, 1½ days; Ann Barry, 72 Linden street, 1 day; Gladys Brown, 440 Ashmont street, 7 days; Beatrice Campbell, Norfolk street, 1 day; Mary Caulfield, 569 East Eighth street, 7 days; Catherine Connelly, 52 Copeland street, Martha Costello, 344 Market street, Catherine Cunningham, 20 Mallett street, 1 day; Marion Cuzner, 17 Forsyth street, 1½ days; Edith DeLoffi, Newtonville, Loretta DuBois, Belmont, 1 day; Ruth David, 301 Newbury street, 4 days; Elizabeth Diamond, 34 Whitford street, 3 days; Jane Dignan, 12 Worcester square, 1 day; Belle Dodge, Hotel Essex, 4 days; Charlotte Doherty, 106 Warren street, 1 day; Mary Doherty, 16 Emerald street, 7 days; Joseph Doran, Brookline, 3 days; Mary Dyas, 219 Park Drive, 4 days; Madeline Finnegan, 23 Blackville street, Mary M. Flaherty, 2 Worcester square, Ann Forman, 511 Beacon street, 1 day; Rita Gaffney, 107 Centre street, 1½ days; Gladys Goulet, Queensberry street, Mary Haskell, 105 Bay street, Grace Jones, Melrose, 1 day; Marie Kozelsky, 39 Worcester square, 4 days; Margaret Lehman, 96 W. Walnut park, 2 days; Viola MacAdam, 354 Chestnut street, 6 days; Mary B. McAuley, 121 Saratoga street, 7 days; Martha Mellish, 440 Ashmont street, 1 day; Dorothy Monahan, Newton, 2 days; Alma Noble, Revere, 7 days; Kathleen O'Donnell, 38 Hemenway street, 4 days; Harry Plant, 11 Forest street, 7 days; Harry Plenty, 42 Worcester square, 1 day; Genevieve Ploski, 36 Worcester square, 6 days; Mildred Pratt, 1203 Boylston street, 1 day; Wanda Presygodski, 23 Worcester square, 3 days; Catherine Schneider, 2 Bower park, 2 days; Frances Smith, 5 Spaulding square, 5 days; Helen C. Sullivan, 5 Inwood street, 2 days; Margaret Sullivan, 379 Marlboro street, ½ day; Alice Travers, 69 Woodford street, 1 day; Catherine Trombley, Brockton, 7 days; Mary Turner, 511 Beacon street, 1 day; Doris Walker, Cambridge, 7 days; Bernice Wharff, 200 Main street, Anna Ferraira, Lawrence, Ethel Lobacz, 11 Worcester square, 1 day.

The following monthly nurses have been employed:

Probationers, No Pay: Stacia Anderson, Justine Balutis, Adele Barnovitch, Verna Bodycote, Mary Bonnette, Mary Buckley, Helen Burns, Olivette Bragg, Helen Bartkiewicz, Esther Brownell, Catherine Cleary, Ellen Conway, Gertrude Conley, Marguerite Conway, Jeanette Cole, Irene Coughlin, Carmella Criscitelli, Catherine Curley, Ann Cullen, Mary Daly, Mary Engel, Caryl Elms, Mary George, Ruth Gillespie, Dorothy Gough, Grace Gladwyn, Gladys Inglis, Helen Jedziniak, Rose Kaplan, Anna Kirwan, Nurjahan Khan, Gledella Kilson, Jennie Kallosy, Frances Levitte, Kathleen Lamas, Irene Labee, Margaret Mercer, Margaret Mitchell, Mildred Moulton, Mary McColgan, Helen O'Connell, Juanita Outlaw, Estelle Peters, Carolyn Roan, Rita Roberts, Lillian Rovno, Louise Sacco, Dorothy Simpson, Ruth Shapiro, Ruth Stead, Mary Tierney, Dorothy Titelman, Mary Tucker, Venetia Valasakos, Blanche Verette, Ruth Vieteron, Mary Wilkins, Caroline Wright, Shirley Young, Elizabeth Yourell.

Monthly Increases: Margaret Callaghan, Irene Connelly, Sarah Gass, Barbara Hogan, Veronica McGary, Rachelle Perrault, Alice Newfield, \$12.50 to \$16.67 a month; Ruth Mintz, \$10 to \$12.50 a month; Dorothy Newton, Ellen O'Leary, \$10 a month, reemployed.

The following persons have terminated their services in the Hospital Department:

Michael F. Murphy, orderly, \$16.50 a week; Eva D. Ostberg, temporary dietitian's assistant, \$1,200 a year; Olga Olsen, temporary floor nurse, \$1,200 a year; Samuel Odiorne, temporary male nurse, \$32 a week; Margaret L. Lovely, clerk, \$1,600 a year.

South Department.

Dr. Robert S. Evans, assistant physician, \$1,500 a year; Joseph Woroneicki, cook's assistant, \$24 a week.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

Robert Gillman, 40 Lawrence avenue, Roxbury, temporary street clerk, \$4 a day.

COLLECTING DEPARTMENT.

Marjorie M. Cook, 15 Rochdale street, Mattapan, key punch operator, \$900 a year.

Catherine V. Canny, 115 Marine road, South Boston, key punch operator, \$900 a year.

Frances E. O'Brien, 180 Adams street, Dorchester, key punch operator, \$900 a year.

HOSPITAL DEPARTMENT.

Ethel Branca, 23 Selden street, Dorchester, floor duty nurse, \$1,200 a year.
Dora Barretto, 3 Worcester square, floor duty nurse, \$1,200 a year.

Mary Condon, Franklin Square House, floor duty nurse, \$1,200 a year.

Eva Durkin, 50 Chester street, Allston, floor duty nurse, \$1,200 a year.

Frances Quinn, 559 Massachusetts avenue, Boston, floor duty nurse, \$1,200 a year.

Helen McCabe, 171 Florence street, Roslindale, floor duty nurse, \$1,200 a year.

From Crescent avenue to Harbor View street.

Shepard Street, Brighton.

From Union street to Washington street.

Snow Street, Brighton.

From Union street to Washington street.

FIRE DEPARTMENT ORDERS.

General Order No. 12.

I. RETIREMENTS.

The following retirement which took effect at 8 a. m., Wednesday, March 20, 1940, is hereby announced:

Ladderman Thomas J. Sheridan of Ladder Company 18.

The following retirement which took effect at 8 a. m., Friday, March 22, 1940, is hereby announced:

Capt. Lorenzo D. Merrill of Engine Company 52.

Captain Merrill was appointed to the department on February 10, 1893, and Ladderman Sheridan was appointed on May 2, 1919. Both of these men leave the department with the best wishes of their associates.

II. A. D. T. COMPANY.

New pages, numbers 1, 2, 3, 4, 5 and 6, dated March 21, 1940, for the A. D. T. assignment book, are being issued to the department today. These cards will take the place of old cards, numbers 1, 2, 3, 4, 5 and 6, which are to be returned to Headquarters, in the envelopes provided, on or before Friday, April 5, 1940.

The following A. D. T. signals have been discontinued:

Page 6, Signal 142, 516 Columbia road, Lincoln Oil Company.

Page 15, Signal 431, 29 and 31 Sleeper street, C. H. Graves & Son Company.

Page 19, Signal 529, 1230 Columbia road, United Car Fastener Corporation.

III. BOSTON AUTOMATIC FIRE ALARM COMPANY.

Notice has been received from the Boston Automatic Fire Alarm Company that they have equipped the fifth floor of the building 49 Beach street, corner Tyler street, with an Aero Fire Alarm System. Company commanders are requested to cancel the wording "6th floor only" aside of automatic signal 136 on page 5 of the Boston Automatic Assignment book, so that it will read as follows:

Signal 136, 49 Beach street, corner Tyler street.

IV. G. A. C. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 127, Wiggin Terminals, Incorporated (Valve House No. 1), 540 E street.

Signal 128, Wiggin Terminals, Incorporated (Valve House No. 2), 540 E street.

Signal 129, Wiggin Terminals, Incorporated (Valve House No. 3), 540 E street.

Signal 131, Wiggin Terminals, Incorporated (Valve House No. 4), 540 E street.

Apparatus to respond to all the foregoing signals: Engine 1, Ladder 5, District Chief 6. Nearest box is No. 7146.

Signal 132, I. J. Fox, 411 Washington street. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box is No. 1273.

Signal 133, building, 626-636 Washington street. Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is No. 1471.

All the above are sprinkler systems.

V. COMMENDATIONS.

Hoseman Patrick T. Burke of the Fire Prevention Division is hereby commended for responding to and working at fire, Box 3243, on March 23, 1940, while off duty.

Lieut. George L. Evanson of Tower Company 2, Apparatus Operator John E. Doherty of Engine Company 11, Hoseman James F. Mahoney of Engine Company 8, Hoseman Nicholas B. Connell of Engine Company 10 and Hoseman John L. Donovan of Engine Company 12 are hereby commended for responding to and working at fire, Box 4154, four alarms, on March 23, 1940, while off duty.

Hoseman John J. Kelley of Engine Company 14 is hereby commended for volunteering and donating blood in transfusion to a patient at the New England Baptist Hospital on March 29, 1940.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

NEW SYSTEM OF ACCOUNTING AND BILLING PROPOSED FOR WATER INCOME DIVISION.

On March 25 the Mayor sent to the Council the following proposal:

To the City Council.

GENTLEMEN,—I submit herewith proposed amendments to the Revised Ordinances of 1925 which, if adopted, will modernize the methods and procedure of the Water Income Division of the Public Works Department.

Through the efforts of the Municipal Survey Committee, and the officials of the Public Works Department, a new system of accounting and billing procedure has been installed in the Water Division. This new system eliminates the division of responsibility between the Collecting and Public Works Departments. It also proposes the elimination of the twenty-five cents summons charge; lengthens the shut-off period from fifteen to forty-five days after due date of bill; permits a waiver of the two-dollar charge after shut-off, and provides for a new method of mailing water bills.

The purposes to be accomplished by the proposed amendments to the ordinances are more fully set out in the accompanying letter of the Commissioner of Public Works. The changes in the ordinances are necessary in order that the changes in the operations of the Water Division may comply with the provisions of the ordinances. In my opinion, the proposed changes in the ordinances will meet the advances and improvements in the Water Division's business methods, and I respectfully recommend adoption of the amendments as submitted herewith.

Respectfully,

MAURICE J. TOBIN,
Mayor of Boston.

POLICE DEPARTMENT ORDERS.

General Order No. 458.

The Annual Police Memorial Mass will be celebrated on Sunday, May 5, 1940, at 8 a. m. in the Cathedral of the Holy Cross, Washington street, Boston, in commemoration of departed members of the Boston Police Department.

A Communion Breakfast will be served at the Copley-Plaza Hotel following the church services, at which the following distinguished guests have been invited to speak:

His Excellency Laverett Saltonstall, Governor of Massachusetts.

His Excellency Francis P. Murphy, Governor of New Hampshire.

Hon. Maurice J. Tobin, Mayor of the City of Boston.

Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation.

Hon. James J. Ronan, Associate Justice, Massachusetts Supreme Judicial Court.

Right Reverend Monsignor Richard J. Haberlin, Vicar-General, Archdiocese of Boston.

The commissioner extends a cordial invitation to all members of the department, irrespective of creed, who can do so, to be present at the Mass and the Communion Breakfast, and sincerely urges all Catholic members to receive Holy Communion.

This memorial will serve, through the Holy Sacrifice of the Mass, to freshen anew the memory of our departed comrades as we assemble to honor them for

their services and heroism. While our hearts are saddened by their departure, we may be comforted in the thought that they are with us in spirit.

A committee composed of Deputy Superintendent Benjamin A. Wall, Capt. Charles F. Eldridge and Capt. William D. Donovan will be in charge of these exercises.

Members of the department who will participate will assemble in uniform at Station 4 at 7.30 a. m. sharp, on Sunday, May 5, 1940, and march in a body to the Cathedral. At the conclusion of the services they will assemble outside the church and march directly to the Copley-Plaza Hotel.

Tickets for the Communion Breakfast will be one dollar and may be applied for through commanding officers of all divisions and units. Commanding officers will notify the superintendent of the number of tickets required and all returns must be made by April 27, 1940, at the latest.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 459.

The resignation of Patrolman John C. Blake, Jr., of Division 14, having been presented, is hereby accepted, to take effect as of April 1, 1940, at 7.45 o'clock a. m., seven days' notice waived.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 460.

Sergt. James L. Culleton of Division 6, detailed to Division 4; Sergt. George F. Smith and Patrolmen John J. Barry, Maurice A. Breen and Bartholomew E. Spellman of Division 4; and Patrolmen Thomas F. Meagher and Leo R. Lombard, both attached to Division 2, are commended for meritorious police duty performed in connection with the capture of a man in the South End on February 21, 1940, who had just previously shot and killed an eye doctor in his office in the City Proper, and who had fled to his home armed with a loaded revolver where he was captured by these officers.

The Acting Commissioner is pleased to recognize and commend the splendid judgment and devotion to duty shown by these officers whose lives were endangered in performing this hazardous police duty.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board held on the following dates, March 15, March 27 and March 30, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved to become effective at the close of business March 31, 1940.

HOSPITAL DEPARTMENT.

Dorothy Q. Hale, medical social worker, salary at time of retirement \$1,700 a year.

PARK DEPARTMENT.

Frances V. Bonner, matron, salary at time of retirement \$1,144 a year.

John Kernan, gardener-laborer, salary at time of retirement \$1,560 a year.

Mary A. McDermott, matron, salary at time of retirement \$1,144 a year.

Jennie E. N. Wentworth, telephone operator and clerk, salary at time of retirement \$1,700 a year.

PUBLIC WORKS DEPARTMENT.

John P. Barnes, laborer, salary at time of retirement \$1,560 a year.

John Bowen, laborer, salary at time of retirement \$1,560 a year.

William J. Donovan, assistant draw-tender, salary at time of retirement \$1,800 a year.

Maurice J. Fitzgerald, laborer, salary at time of retirement \$1,560 a year.

Patrick Lane, watchman, salary at time of retirement \$1,560 a year.

Daniel D. Nolan, laborer, salary at time of retirement \$1,560 a year.

SCHOOL DEPARTMENT.

William P. Flanagan, custodian, salary at time of retirement \$1,820 a year.

Attest:

W. J. DOYLE, Chairman.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

X-RAY AND LABORATORY TECHNICIAN, CAMBRIDGE HEALTH DEPARTMENT, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to residents of the State.

Requisition is for a female, but the examination is open to both males and females.

The entrance salary is \$1,020 a year and maintenance.

Duties, X-Ray Work: To take, develop and finish X-ray pictures. Applicants should be familiar with the taking of X-ray films of the chest, including stereoscopic films; radiographs of the gastrointestinal tract; with the method of taking fluoroscopic examinations; the filing of films; and such general X-ray work as may be required in a hospital.

Duties, Laboratory Work: To make blood counts, urine examinations, take measurements of vital capacity, and make tests for basal metabolism. Applicants should have a general knowledge of bacteriology.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

SUPERVISOR OF MEDICAL SOCIAL WORK,
DEPARTMENT OF PUBLIC WELFARE,
APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to females only.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To assist in the formulation of policies and procedures relative to granting assistance for medical care. To review case records submitted by local agencies where a question of state policy is involved or where unusual expenditures are indicated in order to advise local agencies as to state reimbursement or plans for the medical and social needs of the individual. To review through the area offices, local practices and procedures with regard to the system for authorization of medical care. To assist in the formulation of policies and procedures in public assistance where technical advice is needed in relation to the medical social work aspects of a departmental program. To assist in the formulation of training programs for medical social workers. To develop plans for the use of public and private medical resources and facilities such as free clinics, hospitals, etc., in local communities.

Entrance Requirement: Applicants must have six (6) years within the last twelve (12) years of satisfactory, full time, paid social work experience in a public or private agency adhering to acceptable standards. Three (3) years must have been spent in performing medical social case work in a hospital, dispensary or other organized medical service. One (1) year of the three (3) years in medical social case work must have been under supervision. Of the six (6) years experience, two (2) years must have been in the capacity of supervisor, consultant, or administrator.

Substitution of Education: Education may be substituted for experience other than supervisory or consultant experience, year for year of graduate study in a recognized school of social work, and one year undergraduate college for six months' experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BIOMETRICIAN, DIVISION OF ADULT
HYGIENE, DEPARTMENT OF PUBLIC
HEALTH, APRIL 20, 1940.

Last date for filing applications, Saturday, April 6, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$2,640 a year; the maximum salary is \$3,180 a year.

Duties: To plan, direct, analyze, and report statistical investigations in cancer; to analyze critically and prepare technical reports, monographs, or bulletins embodying the results of such investigations; to plan and execute the transference to code for an eighty-line punch card of the material on individual cancer records at Pondville and Westfield with special attention to the types of tumors, their grading, and changes that occur in subsequent life history.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 6.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

MEDICAL SOCIAL WORKER, BOSTON CITY
HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, i. e., admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MALE ASSISTANT PHARMACIST, BOSTON
CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$25 a week. (The hours are from 7.30 a. m. to 5 p. m. daily, with two afternoons off each week, and every other Sunday and holiday.)

Duties: Manufacturing U. S. P. and N. F. pharmaceutical preparations. Preparing laboratory reagents. Dispensing and compounding prescription work and formularies compiled by the hospital. Supervising the filling of the requisitions requested by the Medical Staff for the use of the patients; and the various details of the work of the department. To keep the records of the narcotics and alcohol used; and a constant check on the supplies needed in the pharmacy.

Entrance Requirement: Applicants must be registered pharmacists under the State Board of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

PROCEEDINGS OF CITY COUNCIL.

Monday, March 25, 1940.

Regular meeting of City Council held in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Gottlieb.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:
Weigher of Coal: Vincent Roscia, 114 High street, Cambridge.
Laid over a week under the law.

VETO OF POSITION OF COUNCIL TELEPHONE OPERATOR.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1940.
To the City Council.

Gentlemen,—I return herewith disapproved, and without my signature, the order passed by your Honorable Body on February 26, 1940, establishing the position of telephone operator in the City Council.

It has been my policy to disallow the creation of new positions in the city service unless there is a pressing and urgent necessity for such position.

In view of this policy, and in view of the necessity of keeping expenses of all departments at a bare minimum, I feel obliged to veto the attached order.

While there is no question that the services of a telephone operator would be of great convenience to the members of your Body, and would facilitate the performance of your duties, nevertheless, I believe that, under present conditions, every effort must be made in all city departments to avoid the creation of new positions.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF ORDINANCE RE SUNDAY SPORTS.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1940.
To the City Council.

Gentlemen,—I return herewith disapproved, and without my signature, the amendment to the City Ordinances concerning Sunday sports.

I append herewith report of a committee appointed by me to advise on proposed increases in license fees.

I concur with the report of this committee, and believe that the ordinance as it stands is open to objection as outlined in the accompanying report.

It is my belief that an ordinance substantially as recommended by the committee would be legal in its objectives and consistent with previous ordinances relative to Sunday sports. Such an ordinance would receive my approval.

For the reasons as stated above, I am obliged to veto the ordinance in question.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
March 20, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—The recent ordinance passed by the City Council concerning license fees for Sunday hockey and basketball has been referred to this committee. Consideration of this matter brings forth the following facts:

At the present time there is no license fee for Sunday hockey or basketball games. The proposed ordinance for Sunday hockey contemplates a fee of \$1,000 from September 1st to the last day of February, and \$500 from March 1st to the last day of August, or a total annual fee for the Boston Garden of \$1,500 per year. The total fee for Sunday hockey games at the Boston Arena would be \$750 annually.

During the course of the hockey season, six Sunday night games are played at the Boston Garden by the Boston Bruins, and about six Sunday afternoon games by the Boston Olympics, an amateur club. At the Boston Arena, two Sunday afternoon games have been played during this present season by the amateur club. If the Boston Bruins, playing at the Garden, are in the play-off series, two, three or four additional Sunday games may be played. In any event the hockey season is over by the 20th of April of any year, and the limit of Sunday hockey games by the Boston Bruins would be ten, and perhaps less.

The management of the Boston Bruins lease the Boston Garden for Sunday and other games, from the Boston Garden Arena Corporation, and the proposed license fee, if approved by you, would be assumed by this latter corporation. Our inquiries disclose that at the present time the Boston Garden Corporation pays taxes on \$1,500,000 of valuation on the Garden building. In addition,

this corporation pays to the city some \$1,500 annually for various license fees, some of which were recently increased.

The capacity of the Boston Garden for hockey games is 14,144. At each hockey game, one police lieutenant, one sergeant, and fourteen patrolmen are on duty, and their salaries are paid by the Garden Corporation. Admission prices at the Garden are from forty cents to \$2.50 for Bruins games, but only twenty-five cents and fifty-five cents for the Olympics.

The proposed ordinance establishes a license fee comparable with that paid by the Red Sox and Bees managements for Sunday baseball games at the respective fields. The capacity of Fenway Park is approximately 35,000; the capacity of Bees Field approximately 43,000. The admission fees are about the same as charged by the Bruins for hockey. The baseball managements play about twenty-five Sunday games throughout the year.

The license fee for Sunday baseball is \$1,000 for the term March 15th to October 10th—the full regular season. If football games are to be played at either park on Sundays after October 10th, an additional permit is granted running to March 14th the following year for an additional \$500. In other words, there is no splitting of the regular baseball season, as there is in the proposed hockey ordinance.

After consideration of the factors involved, your committee is of the following opinion:

1. That the proposed fee for Sunday hockey may be termed excessive, and in reality a tax.

2. That a license fee for Sunday hockey at the Boston Garden, if consistent with the fee charged for Sunday baseball, should be \$500 and the fee for Sunday hockey at the Boston Arena \$250, or \$25 per game.

3. That the permit for Sunday hockey should run from October 20th to April 20th, the full hockey season.

Your committee is anxious to obtain additional revenues for the city, but is doubtful of the wisdom of establishing license fees at a figure which might be attacked with success as excessive. Fees for licenses or permits must be commensurate with the amount of service rendered by a municipality. If fees are excessive, they might rightfully be termed a tax, and, consequently, outlawed by the proper authorities.

Respectfully,
JOHN J. SPENCER.
CHARLES J. FOX.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Harry Bornstein, for compensation for damage to property caused by city truck.

Boston Chair Company, for compensation for damage to truck by city vehicle.

W. K. Coburn, for compensation for damage to car by city truck.

John F. Lane, to be reimbursed for use of car on city business.

Jennie Levine, for compensation for injuries caused by an alleged defect at 55 Elm Hill avenue.

George S. Libby, for compensation for damage to car caused by car of Traffic Commission.

Elizabeth O. Lynch, for compensation for injuries caused by an alleged defect at 208 Ashmont street.

Lula C. MacKenzie, for compensation for damage to car by city team.

John J. Mahoney, to be reimbursed for execution issued against him.

Mary R. Malfa, for compensation for damage to property at 754 Huntington avenue, by men drilling.

Mary F. Pfeffer for compensation for damage to property at 46 Louder's lane, Jamaica Plain, caused by excavating brook.

Ethel Robertson, for compensation for damage to property at 100 Brook avenue, Roxbury, caused by building being demolished.

Leo Rosenberg, for compensation for damage to car by city truck.

John H. Wilfert *et al.*, for compensation for damage to property at 19 Evergreen street, caused by broken sewer drain.

BOND OF NATIONAL LEAGUE BASEBALL CLUB.

The bond of the National League Baseball Club for Sunday sports was received and approved.

APPROPRIATION FOR TRAFFIC LIGHTS.

Coun. HUTCHINSON offered the following:

Ordered, That his Honor the Mayor be requested to include in his supplementary budget the sum of \$100,000 for the installation of traffic lights at dangerous intersections throughout the city.

Passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following locations in Ward 13: Savin Hill and Dorchester avenues, Blue Hill avenue and Quincy street, Dorchester and Crescent avenues.

Passed under suspension of the rule.

BUDGET FOR 1940.

Coun. M. H. SULLIVAN, for the Committee on Appropriations, submitted the following:

The Committee on Appropriations, to whom was referred January 29, 1940, appropriation and tax orders for the year 1940, commonly referred to as the budget, having considered the same, respectfully submit the following report:

Examination, investigation and hearings attended by department officials and representatives of various civic organizations were held by the committee in the interim since the submission of the budget. The committee gave intensive study to every major item in the budget, and as much consideration as time permitted to minor items. The committee is of the belief that the appropriations as submitted by the Mayor were so close to the absolute necessities required to keep the departments of the city in operation that there was left no reasonable opportunity for further reductions without seriously crippling the services required to be rendered. However, the work of the committee has resulted in the opinion that one substantial reduction may safely be made, that is, in the Library Department where the item of \$70,000 for roof repairs to the main Library Building is reduced to \$15,000, a saving of \$55,000. The committee feels that this latter amount will be sufficient to prevent any catastrophe or disaster at the Library during the year, and that further repairs should be deferred until next year, or at some further time when the financial condition of the city may be better able to bear the cost of extensive repairs to the main Library roof.

On the supplementary appropriation submitted by the Mayor March 19, 1940, of \$1,158,000, to cover the cost of snow removal, the committee, after conferences with the Commissioner of Public Works, is of the opinion that an appropriation of \$1,100,000 will be sufficient to meet all snow removal charges.

The committee, therefore, recommends passage of the accompanying orders which are the same as those submitted by his Honor the Mayor, with the exception of a reduction of \$55,000 in the item for roof repairs in the Library Department, and a reduction of \$58,000 in the item for snow removal in the Public Works Department.

Respectfully submitted,

For the Committee,

MAURICE H. SULLIVAN, Chairman.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1940.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1940, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; and the appropriation for the Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; and the appropriation for the Real Estate Division be met by the income of said division, exclusive of proceeds from the sale of foreclosed property, and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1939, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation by the income of the financial year beginning January 1, 1940, and by taxes on the polls and estates in the City of Boston, and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation

be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the State tax for the year 1940, or for any other taxes or assessments payable to the Commonwealth shall be payable in two equal installments, on July first and on October first of 1940; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1940, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1940, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

The report was accepted and the question came on the passage of the appropriation orders.

Coun. SHATTUCK—Mr. President, speaking as a member of the Committee on Appropriations I shall move the appropriation bill be returned to the Mayor for comprehensive revision. I recorded my dissent in committee, and I now propose to state the reasons for my dissent. Every increase in the tax rate on real estate means a decrease in the market value of this real estate. It means that we are cutting away the support on which our essential revenue depends. Last year's rate of \$39.90 should be decreased. It must not be increased. The rate of \$41.50 forecast by the Mayor would be a new all-time high. The establishment of any such rate would have devastating effects. The hope of relief raised by the lowering of the rate last year would turn once more to despair. This would lead to more tax delinquency, to more tax foreclosures, to a further drop in values. Not alone would home owners and other real estate owners be hurt. Every citizen of Boston would be hurt, for Boston is a partner in all this real estate. It holds the first mortgage, through its prior lien for taxes. It is vital to Boston that the values on which this mortgage depends be maintained. It is also vital to every savings bank depositor that these values be maintained. The savings banks have invested millions of their depositors' money in mortgages on Boston real estate. These mortgages come second to taxes. If taxes cannot be paid, these mortgages will suffer default, the property will be thrown back on the banks, and the depositors will lose. The city employees also have a large stake. Their pay depends on restoring healthy real estate values. It is from the taxes on these values that the city gets the money to meet its pay roll. If values are allowed to collapse further, these pay rolls cannot be met. In studying the Mayor's budget, I have had these essential considerations in mind. When the budget was filed it showed a slight decrease in appropriations over last year. But all provision for snow removal was omitted. Since then, about \$1,000,000 has been spent for snow removal, and it also appears that certain miscellaneous revenue receipts will be smaller and the debt service charges will be greater, so that all in all an increase of \$1.60 in the tax rate is forecast. Clearly, this is a time of crisis. It is a time when heroic remedies must be applied. It is no time to talk of an irreducible minimum. Ways must be found to retrench further. This retrenchment should take the form

of a cut of not less than \$2,304,000 in total appropriations, so as to cut the tax rate down by \$1.60 on the thousand, from \$41.50 to last year's figure of \$39.90. This figure of \$2,304,000 is adjusted for the reduced overlay which will be required on the reduced appropriations. In my opinion, this reduction can be brought about in part by cuts in recommended appropriations, such as the following:

Savings through mergers.....	\$20,000
Cut in Police, Library, City and Long Island Hospitals to 1939 expenditures.....	150,000
1½ per cent cut on Personal Service appropriations of other city and county departments, to give full effect to the no-hiring policy.....	200,000
Cut in Reserve Fund.....	25,000
Eliminating thirty Constables (8 months).....	*32,000
Cut in Public Celebrations and Conventions.....	†25,000
Cut in City Printing bills.....	25,000
Reduction in drafter crews from 3 to 2 (6 months).....	43,000

Leaving unfilled position of Editor of City Record.....	\$3,000
Reduction in allowance for new positions in the Boston Port Authority.....	6,000
1½ per cent cut on School pay roll to give full effect to no-hiring policy.....	220,000
	\$749,000
Cut already made by Appropriations Committee on appropriation for Library roof.....	55,000
	\$804,000

* There are 72 constables at present, I believe.
† This does not affect the amount for the American Legion Convention.

The Food and Fuel items for the City Hospital, the Sanatorium, and Long Island should be re-examined. These items are as follows:

	1939 Expenditure.	1940 Allowance.	Per Cent Increase.
City Hospital:			
D-2, Food and Ice.....	\$442,118 33	\$510,514 27	15.5
D-3, Fuel.....	98,341 81	125,000 00	27.1
Sanatorium Division:			
D-2, Food and Ice.....	160,341 93	185,000 00	15.4
D-3, Fuel.....	27,101 17	35,000 00	29.1
Long Island Hospital:			
D-2, Food and Ice.....	220,276 19	242,000 00	9.8
D-3, Fuel.....	46,232 03	49,000 00	5.9

The principal reason given for these increases is increased unit costs as compared with last year. This, I believe, will not bear examination. The State Commission on Necessaries of Life's retail food index figure stood at 116.5 in January, 1939, and at 106.1 in January, 1940, a drop of over 10 points. The fuel and ice figure in January, 1939, stood at 151.7 and in January, 1940, at 156.6, an increase of less than 5 points. Fuel oil, which is used for the most part by the City Hospital and the Sanatorium, has gone up somewhat more than other fuel, but the increase is less than the 27.1 and 29.1 per cent increases in the appropriations. With respect to food prices, it is true that wholesale prices do not seem to have fallen with retail prices, but information which I have received from a purchasing agent of long experience indicates that wholesale prices of meats and vegetables are about the same as last year, and that dairy products and canned goods have gone up not over 10 per cent; and that on the average there has been a rise of about 5 per cent in wholesale food prices. The weakness in retail prices seems to indicate that this rise in wholesale prices may be wiped out before the end of the year. Compare this small rise with the 15.5 and 15.4 per cent increases in the appropriations for food and ice at the City Hospital and Sanatorium and the 9.8 per cent increase at Long Island Hospital. The superintendent has pointed out that there has been an increase in the number of meals served at the City Hospital, but this increase amounts to only about two-tenths of 1 per cent and is therefore a very small factor. Very probably these large increases in the food and fuel appropriations were influenced by the flurry in prices which took place last autumn at the beginning of the European war, but which lasted for only a short time and was followed by lower prices. I have no doubt that cuts may properly be made in these items. Further study would doubtless disclose other places where immediate cuts could be made. And over the longer term additional economies which would be effective in 1941 and subsequent years could be made. For the current year the remainder necessary to cut back the tax rate to a maximum of \$39.90 should be obtained by a graduated pay cut of 2½ per cent on salaries below \$1,000, mostly people who are getting board and lodging at the institutions—5 per cent on salaries between \$1,000 and \$1,600, and 7½ per cent on salaries over \$1,600. The percentages I give are just half of those which were used when a graduated pay cut was in effect during most of 1933 and all of 1934. I do not suggest any suspension of step-rate salary increases. A suspension of these step rates without a pay cut would fall only on those employees who have not reached their maximum and would not effect the needed economy. And a suspension of step rates added to a pay cut would cast a double burden on those who have not reached their maximum. For these reasons, I would leave the step rates undisturbed. I estimate that the suggested pay cut will reduce pay roll costs in City and School Departments for the eight months of 1940, starting with May 1st, by about \$1,500,000. For the calendar year 1940 the cut will amount to less 2 per cent in

the first classification, to less than 3½ per cent in the second classification, and to 5 per cent in the highest classification, as full salaries will be paid for the first four months of the year. That cooperation from the School Committee may be expected is indicated by a statement of Mr. Alexander M. Sullivan, the Business Manager, in which "for the School Committee" he is reported to have said:

"If the Mayor called for a reduction in school and all other municipal expenditures for the purpose of safeguarding the city's credit or reducing the tax rate any intelligent and public-spirited school committee responsive to the interests of the citizens as a whole would not fail to cooperate with the Mayor in such a program."

This is a fair and reasonable position. But be it noted that the initiative must come from the Mayor. As to the Library and Police Department salaries, which are provided by appropriation as part of the city budget, it is true that the Mayor and City Council have no direct control over these salary scales, but they can in effect exercise control through a cut in appropriation which will force a revision. It is to be hoped, however, that if the Mayor takes the initiative these departments also will cooperate in his program. I have not attempted to apply the same principle to the comparatively small county budget, but wherever these salaries are not governed by statutory requirements I should make similar cuts. As bearing on the fairness of the small pay cut suggested, the following additional factors should be borne in mind. Not only do the city employees have a large stake in maintaining the values on which the city depends for its revenue. They have also in many ways been peculiarly fortunate. They have had steady jobs. They have had the protection of civil service. They have had liberal pensions upon retirement. Except for 1934 and part of 1933, they have suffered no pay cuts. With a few interruptions, they have had step-rate increases. In the meantime the cost of living has gone down from an index number of 160.6 in 1929 to an index number of 136.9 in February, 1940. This has given them an increased purchasing power which in effect is an increase in pay. Those who must pay the bills, on the other hand, have had unsteady employment, no protection in their jobs such as is given by civil service, pay cuts in many cases or part time employment, and no complete pension coverage. The public are alive to the seriousness of the situation. They demand action. Witness the editorial comment:

The Boston Record says:

"As a city interested in obtaining its rightful share of the nation's business and prosperity, Boston ought to have a tax rate that attracts new industries and new jobs."

"What about the needed and long neglected economies that could be made and have not been made?"

The Boston Herald says:

"The fact is that the budget is not at a level which admits of no reductions, provided there exists an actual will to achieve them."

The Boston Evening Transcript says:

"Mayor Tobin's estimate of a record-high tax rate of \$41.50 for 1940 means that Boston's financial situation has reached an intolerable stage in its ten-year retrogression."

"After one brief year in which city costs experienced a mild reversal of their upward trend, the city confronts anew the startling climb of its tax rate and the increasing weight of the tax burden that falls with crushing and stultifying pressure upon the property values of the city, speeding vacancies and blight, postponing recovery, jeopardizing the stability of industry and encouraging migrations of existing plants and avoidance of Boston by concerns that might come to the city."

The Christian Science Monitor says:

"If proof were needed that important reforms in Boston's city government are desirable, Mayor Maurice J. Tobin's forecast of an all-time high real estate tax rate of \$41.50 surely supplies it. Only 45 cents in the rate represents increases in snow removal expense."

The Boston Post says:

"The prospect of a \$41.50 tax rate is alarming to the taxpayers. True, snow removal costs add 70 cents or more to the rate, but that does not lessen the burden."

"Real estate is in a precarious state now. The still higher taxes will surely depress property further."

"City costs must come down. Mayor Tobin has made a beginning, but there is much to do yet. The city is living at a more extravagant rate than the financial position justifies."

The Boston American says:

"It is not too late for Mayor Tobin and the members of the City Council to pare down the tax rate."

"It is not too late for these officials, in whose hands the fate of Boston rests, to act constructively."

"They have all the authority, all the information, all the public support they will ever require."

"The one, big, important question is: 'Have they the courage?'"

The Boston Globe says:

"The Boston impost on real estate is the most crushing to be found in any large American city. This being so, steps to obtain relief are decidedly in order. Yet, no great effort has been made in this direction. Pay rolls of city and county are on their way to an increase over 1939. Possible economies have been passed over."

That takes in about all the papers in Boston and includes the Boston Globe, which seldom expresses an opinion on controversial subjects. If we have a garden, we must fertilize and water it. If we have live stock, we must feed and care for it. A neglected garden or an abused animal brings no returns. Any farmer who fails to observe these essentials is bound for the poorhouse. Real estate is the city's garden. Instead of fostering it, we have neglected and abused it. By excessive taxation we have cast a blight upon it. If for the present we cannot reduce the burden, we must at least peg the rate. We must at least give notice that the upward surge of the tax rate has come to an end. This small relief is all I suggest at this time. Our next task will be to bring to pass a lower rate. Only by this course can we avoid a financial crisis which will engulf not alone real estate owners, but also the savings bank depositors, city employees and all who make their livelihood in this city of ours. The duty which confronts us now is the most important given us under the City Charter. We have control of the purse-strings. We cannot initiate, but we can veto. Ours is the negative voice. As always, the easiest course is to say "Yes, Yes," and let it go at that. But the public expects more of us. We must not fail. For the reasons already pointed out, this budget requires a major and fundamental revision. We in the Council lack the facilities for this task. The entire document should be returned to the Mayor for revision along the lines I have indicated, and I so move.

Coun. TAYLOR—Mr. President, at various public meetings of the Committee on Appropriations I listened with varying degrees of interest to the many speakers who came before that committee. While many of them were very serious and came before the committee in good faith, their knowledge of municipal government was very slight. For those people who came there in good faith we, the City Council—and I know that I include most of our members—had the utmost sympathy because of the predicament in which they find themselves, where they own homes or real estate. But most of the speakers who came before the committee were gentlemen who have appeared here year in and year out before the committee, that being the only time when we ever see them, gentlemen who come here with no regard—no sincere regard, at least—for the interests of the taxpayers of Boston, but who come here as fakers, only because they have a pecuniary, selfish, material interest. I was rather amused when I heard one gentleman who appeared before the Committee on Appropriations and who delivered a scholarly address to the committee, suggesting many cuts. I was amused because that gentleman formerly was a School-house Commissioner of Boston, who at that time pursued a very different course, and who apparently now has decided to repent for the sins of the past. That gentleman, while a School-house Commissioner of the City of Boston, spent money so lavishly, so recklessly and so wastefully,

that I don't see how he had the temerity to come here before the committee and say that he represented some taxpayers' association and expect the Council to give even the remotest consideration to his remarks. But that gentleman, Mr. President and members of the Council, came here with an ulterior motive, because he had a selfish interest in representing, with others, those who are interested in securing abatements of taxes for many real estate owners of the City of Boston, to such an extent that it has become a racket. And let me tell you, members of the Council, that that abatement business is a very lucrative business. Those men do not come here with the sincere interest of the people of Boston at heart, but only with a selfish interest. The average taxpayer, while naturally he does not want to pay a high rate, does expect to pay a proper rate to carry on the functions of the city, but the conscientious man does not want to have his taxes reduced and to have the burden fall on other shoulders. I listened with great interest to Mr. Loeffler, who comes before the Body every year. I have no quarrel with Mr. Loeffler, whom I believe to be a respectable man, a man of integrity. I realize that he comes before the Body because he is a hired man and represents the Municipal Research Bureau. I am informed that he receives \$6,500 a year, a fairly tidy sum to live upon. This gentleman simply came before the Body because he had a job to perform and because he was being paid to perform it. He did not come solely with a sincere desire to help the poor taxpayers of the City of Boston, but came because he has this employment and comes in order to earn his money, to show those who hire him that he is doing something. And so he comes here and asks us to cut down the tax rate of Boston. He comes because he is paid to do so, and if he were not being paid we would not find him within five miles of City Hall. And so he comes here and asks us to cut down the appropriations for Schools, Hospital, Sanatorium, Fire Department, Police Department, Public Works and Health Departments. Of course, as far as the School Department is concerned, we have no control over it and I, for one, would not do anything, even if I had the power, to lower the standard of education that my boy or your boy receives in our schools today. They are entitled to the equal opportunity of education that the rest of the country is giving its boys and girls. As far as the Fire Department is concerned, Mr. Loeffler, you must realize that that department today is undermanned, and not only undermanned, but under equipped in a modern manner. Do you, Mr. Loeffler, think that we as conscientious public servants are going to reduce the budget of the Fire Department and thereby endanger the lives and the property of the people of the City of Boston? If we reduce the budget that department will not be able to properly furnish the service that it is expected to give. And, Mr. Loeffler, do you think we are going to cut the appropriation of the Police Department, knowing the conditions in our districts, knowing the threat to the lives and property of our citizens in their homes and on the streets? Do you think that we, as conscientious public servants, are going to take away from the people the right of protection to their lives, safety and property, or do you think we are only here to protect the banking interests? Mr. Loeffler, do you think you are going to cut down the expenses of the Hospital Department, with its accompanying threat to the proper care and health of our sick and injured? And I have in mind in this connection, also, the cuts proposed by Councilor Shattuck. Mr. President and gentlemen, this government, as I look at it, is not run for profit, but to render public service. Do you, Mr. Loeffler, think that we would be proper public servants if we should vote to take away from those emaciated people, suffering from illness in the City Hospital or at Mattapan, anything that would add to their comfort or chance to recover? Do you think we could sleep at night if we should take away from those people the butter, eggs and cream necessary to bring them back into the fold as normal human beings? When the day comes that I am expected to do that, I am going to resign from public office, because we cannot possibly, as representatives of the people, render our duty faithfully and honestly if we vote to cut the hospital budget in such a way that the hospital cannot render the service that it is supposed to render to our people. So far as snow removal is concerned, the Public Works Department unfortunately was compelled to spend \$1,100,000. But how could that be avoided? The people of my district, the people of every district, want our streets cleaned up. Every councilor in the City of Boston was faced with the same demand, but at the very time when that was being granted, those same people who wished our streets cleaned were resisting the expenditure of the taxpayers' money with that end in view. They wanted the streets of Boston cleaned, and still a shriek went up when they found that it would mean an increase of 70 cents per thousand in the tax levy. I say that the city has to render service to its citizens although, of course, that service costs money. Last, but not least, comes the matter of public welfare. I say this to you, Mr. Loeffler. You have spent a lot of time around City Hall, poring over the city's books, attending Council meetings, and you have put in a good deal of time preparing public pamphlets which you have so graciously and generously given to members of the City Council.

I want to refer you to your own figures, as submitted in one of your pamphlets. Today the Public Welfare Department is spending over \$14,000,000 a year. Back in 1930 the amount expended for that department was \$5,000,000, which means that there has been an increase of over \$9,000,000 in the expense to the City of Boston for maintaining that department, owing to conditions over which we have no control. That is the reason for the increase in the tax levy over last year. Mr. Loeffler, why don't you be honest? Instead of coming here and criticizing the Mayor and the City Council today, why not have a reversal of form and refer to your own figures, showing that for 1939 the administrative expenses of the City of Boston were the lowest that they have been in the last ten years? Does that show that the Mayor and the City Council are asleep on their jobs? Mayor Tobin, in his last two years in office, cut down the city's expenses to the bone, without impairing the public service, even though some of the departments have not been receiving the amounts to which they are fairly entitled. Why not tell the people of Boston that the Mayor and the City Council have done a great job? Of course, it is impossible for us to cut to a greater extent unless we cut somebody's heads off and unless we curtail some important activities. The trouble, Mr. Loeffler, is that you spend too much time in City Hall. You ought to spend more time at the State House, where you can do a lot of good. The Commonwealth of Massachusetts is the sovereign under which we are governed. The City of Boston has no right to tax except as it gets authority from the State of Massachusetts. We can only get income from valuations on property. The State of Massachusetts realizes, must realize, the situation that the City of Boston is in. But the Legislature of Massachusetts, with its small-town legislators, has for years crushed Boston with burdens which do not belong here. For example, the Legislature has compelled Boston to pay county expenses that Winthrop, Chelsea and Revere should pay. But the Legislature has determined that the City of Boston shall pay the entire amount. The Legislature has allowed the Metropolitan Commission to charge the City of Boston for activities for which we have no use whatsoever. The Legislature has gone so far as to be unwilling to aid the City of Boston in the matter of the East Boston Tunnel, when the figures show that 70 per cent of the people who use the tunnel come from outside of Boston. And the City of Boston has been compelled to pay much more than its fair share of the Boston Elevated deficit. Every year we have paid \$2,000,000 or more because those small town legislators have seen fit to throw that expense onto our backs. Much more than a proper proportion of the compulsory automobile insurance expense has been saddled upon this city. And so I say, Mr. Loeffler, if you will go up there on Beacon Hill and show them the evil of their ways, you will accomplish a great deal for the taxpayers of this city. You can do more effective work and can accomplish far more important results by going there and showing them how the burdens of the City of Boston should be relieved by the State. Teach them this, Mr. Loeffler, also, that the welfare burden of the City of Boston should be handled by the State of Massachusetts. The Commonwealth should bear that burden. I say that with all seriousness, because the more favorable treatment given in all these respects to towns like Milton, Brookline, Attleboro and others, which as a consequence of preferential treatment have a small tax rate and have small welfare costs, resulting in this back-breaking burden for the City of Boston. I say that the welfare should be equally distributed throughout the state, and should not all be put in one spot, charged, the same as many of these other expenses I have referred to are charged, to the City of Boston. Until the time comes when the state is willing to assume the burden of welfare, I say that the tax rate of Boston is never going to be materially reduced. You gentlemen expect us to reduce the welfare load of Boston under present conditions, Mr. Loeffler. Oh, no, you cannot expect twenty-two members of this Council to take away from those poor people the pittance that they now obtain. Through circumstances over which they have no control—because they are honestly unable to find work—they are on welfare but you propose to take away from them the right to exist as human beings. When the time comes that we, the City Council, are going to recommend reductions in welfare, then I say this will not be a democratic form of government. It will then be time to tear down the flag and call over Hitler and Stalin, because we are not able to help those poor people to help themselves. As long as the City Council are here, I know that the members will do what they can to help our people in different ways. Councilor Shattuck refers to pay cuts. Well, it is very easy when you sit in your luxurious chair in your beautiful home, with plenty of money so that you can live comfortably and well, to say, "Cut these fellows' pay." That is a very easy thing to say. But the employees of the City of Boston are not being paid enough today in most cases. One of the newspaper articles says that it takes courage to reduce. It does not take courage to do that. It takes natural meanness to do it. It does not take courage to take something away from somebody. Councilor Shattuck refers to real estate as a city garden. Well, parts of the city may

look like a garden, but I personally do not regard real estate as a city garden. I regard the people who live in the City of Boston as the city's garden. Those are the one we have to care for. We can reduce the tax rate, of course, provided we can get help from the State of Massachusetts, and in no other way can we reduce it, because the Mayor has already cut it to the bone. He has carried the no-hiring policy to such an extent that, in my opinion, some of the departments are impaired today, and I certainly don't know how they get along with the money allotted to them. All I can say to the taxpayers is that they can thank God that they live in a country where they have an opportunity to be taxed, because people in other countries across the sea don't even have the right to be taxed, but have their property taken away from them altogether.

Coun. M. H. SULLIVAN—Mr. President and gentlemen, I rise not for the purpose of debating this matter, but to thank all the members of the Council for the work they have given during the past six weeks in examining the items in the municipal budget for 1940. It was a thankless task to a certain extent. We could not increase the budget, and we could not reduce the items without curtailing important municipal services which the people of Boston demand and have a right to expect. There was a group who appeared here requesting that we reduce the budget for 1940. The councilor from Ward 12 (Coun. Taylor) referred to them a moment ago in his statement. The things that have been said on one side and the other have brought clearly to my mind the old allusion that we could not be all things to all men. We have tried to approach this problem from the humanitarian standpoint as well as from other standpoints. Our purpose here today is to do our best by the city and its citizens. The argument of economy, of course, appeals to everyone of us, but we also have to consider the humane point of view in any action we take. We listened attentively to those who appeared before us. We agreed that if cuts could be made without seriously interfering with the functions of the city they would be commendable, but in most cases we failed to agree as to means to accomplish that end. We were told that a million could be saved, for instance, by reducing pay rolls and other economies at the various hospitals. Well, if we succeeded in cutting off a million the tax rate would have been reduced about 65 cents a thousand. The average home owner has a \$5,000 home. The normal home owner is a poor man. If the average man could save in his taxes 65 cents on a thousand, the result of such economy would be a saving in his tax bill of \$3.75, but I think in the end he would lose more than he obtained. Also, the majority of the taxpayers of the city, in the words of Gilbert and Sullivan, have sisters and cousins and aunts, who might be on the pay roll of the city and who might, if there were a reduction in the pay roll, lose their positions, be fired from municipal employ. In that case the \$3.75 that might be saved through a 65 cents per thousand reduction in the tax on a \$5,000 home would be eaten up in other ways, either because of the fact that such a taxpayer might be called upon to assist his relatives or might himself be one of the sufferers. Accordingly, we felt that we would be on dangerous ground in attempting to effect a further reduction in the budget as submitted, a budget which had already been cut to the bone. We also felt that more money should be expended upon the Library roof, but that this year only a small amount should be allowed, the rest to come later, that this was not the time to appropriate a larger amount. In the matter of snow removal, we felt that the amount we have allowed will cover the cost of the snow removal. Our action in that respect was taken upon the advice and with the active consent of the Public Works Commissioner, who revised his statement. And so we believe that the budget has been cut as low as it is possible without curtailing the important municipal services which the people of Boston demand and have a right to expect. There have been recommendations from many sides as to slashes that your committee might make in this budget. I believe that most of these proposals were advanced with the best of intentions, but that those making them were not entirely informed upon the problems of running the City of Boston. Some groups have advocated wholesale discharges of city employees and drastic salary reductions. Obviously, such a move would result in savings, but as Chairman of your Appropriations Committee, I believe it would be unsound and unfair. It is unfortunate, perhaps, that when times are hard and the tax rate mounts the city employees all too often are singled out for criticism and attack, irrespective of the fact that they are performing their jobs at least as efficiently and thoroughly as in the good times when the tax rate was low and they received scant attention. It is only fair to say that the great majority of city employees are doing their work loyally and well. They are striving to give the taxpayers an honest week's work for the salaries paid them. Many of these city employees would be much more highly paid if they were performing the same duties in private industry. The average taxpayer has felt the pinch of the depression and knows the problem of making both ends meet under depression conditions. He probably would be the last to advocate the discharge of a single city employee or a single pay cut for a city worker doing his job loyally and

(Continued on page 421.)

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

April 6, 1940.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the twenty-fourth day of April, 1940, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time the following vacancies exist: Female Psychologist, Springfield Child Guidance Clinic, \$1,140 a year (to be employed two-thirds time); and Male Psychologist, State Farm, \$1,680 a year.

Duties: To assist in determination of mentality of patients by applying standard tests and making case studies. To perform related work as required.

Entrance Requirement: Applicants must have at least two years' clinical experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STATE SELECTING AGENT FOR CIVILIAN CONSERVATION CORPS, DEPARTMENT OF PUBLIC WELFARE, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under the general direction of the Commissioner of Public Welfare to organize and supervise the activities of local welfare agencies in the conduct of a State-wide program for selecting junior applicants for the Civilian Conservation Corps and for maintaining necessary relationships with C. C. C. enrollees in camp; to maintain liaison with other agencies cooperating in the work of the Civilian Conservation Corps; to interpret to local welfare officials nationally announced C. C. C. policies through bulletins, letters and direct field contact; to coordinate C. C. C. activities with other functions of the State Department of Public Welfare, in cooperation with other division heads and district supervisors; to conduct periodic training conferences of officials concerned with the C. C. C. selection program; to supervise a State C. C. C. headquarters staff for the handling of correspondence, the preparation of reports and the maintenance of necessary records; to conduct necessary study and research with a view to improving selection methods and techniques; and to perform related work as required.

Entrance Requirement: Applicants must have five (5) years within the last seven (7) years of satisfactory full time, paid experience in a responsible capacity in a welfare agency serving as State or local C. C. C. selecting agency; or in a public or private agency, adhering to acceptable standards, dealing with boys' work, or youth counseling, guidance and placement; or in a responsible supervisory capacity in the Civilian Conservation Corps; or a suitable combination of above-listed types of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

OCCUPATIONAL THERAPIST, BOSTON INSTITUTIONS DEPARTMENT, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$1,200 a year and maintenance. (The present vacancy is at the Long Island Hospital.)

Duties: To work and teach others to work in the following branches of the arts and crafts: Applied design, basketry, bead work; bookbinding, block printing, chair seating (cane, splint, rush), costume designing and construction, crocheting, knitting, tatting and embroidering, dyeing, gardening, jewelry, leather work, marionettes, metal work, modeling, pottery, rake knitting; stenciling, rug and mat making (braided, braidwoven, coir and hooked), weaving and wood work and chip carving. To hold classes in the various arts and crafts for the benefit of patients and inmates and such individual instruction in the arts and crafts room and at the bedside as may seem indicated. To supervise the work of a paid helper in her department and inmate-helpers in the Occupational Therapy rooms and in the library. To supervise the hospital library.

Entrance Requirements: Applicants who have not reached their twenty-first birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have at least one year's experience in occupational therapy work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MILK.

The Supply Department of the City of Boston invites proposals for furnishing milk for city departments, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR MILK." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, April 15, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(April 6.) Superintendent of Supplies.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EARTH EXCAVATION AND REFILLING TO ALLOW THE WATER DIVISION EMPLOYEES TO INSTALL, REGULATE OR REPAIR WATER DIVISION STRUCTURES IN DORCHESTER (WATER DIVISION) DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Division structures in Dorchester (Water Division) District, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Earth Excavation and Refilling to Allow the Water Division Employees to Install, Regulate or Repair Water Division Structures in Dorchester (Water Division) District," and left at Room 508, City Hall Annex, before 12 o'clock noon, on Friday, April 12, 1940, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,
(April 6.) Commissioner of Public Works.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand thirty-five (6,035) square feet of land on the northerly side of Sanborn avenue, West Roxbury, being lot one hundred seventy-eight (178), Varney and Churchill plan, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5550, page 464, on Thursday, April 18, 1940, at 10.15 a. m., on the premises, at a minimum price of three hundred and fifty dollars (\$350).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

PROCEEDINGS OF CITY COUNCIL.

(Continued from page 324.)

well. The amount of \$55,000 which has been reduced from the item for roof repairs in the Library Department and of \$58,000 in the item for snow removal in the Public Works Department—which, in the opinion of the Commissioner of Public Works, after conference with the committee, will leave \$1,100,000, sufficient to meet all snow removal charges, makes a total of \$113,000, which has been reduced this year from the budget as submitted, and I feel, under the circumstances, that that reduction is all that can be reasonably expected, having in mind the functions of the city which must be met in a time like this. I wish again to thank the committee for their cooperation on the budget and for the faithful work that they have done.

Coun. CHASE—Mr. President, I can fully appreciate the difficulties with which his Honor the Mayor has had to contend in preparing the budget which he has presented to us and in attempting to reduce it to the minimum. I can also appreciate the difficulties that the average taxpayer has in meeting his tax bill. So, having these things in mind, I shall not indulge in any personalities but rather shall attempt to be fair to his Honor the Mayor and to be fair with Mr. Loeffler and other critics who have criticized the present budget. I have many ways in mind by which I think his Honor the Mayor could reduce the budget, thereby lowering the tax rate. I feel, therefore, that the Body should resubmit the budget to his Honor the Mayor and ask him to do what he did last year—to give a little more study to the budget, study the minority report, and take from that report things which are logical and which he may think he might adopt. I personally am not in favor of reducing the hospital budget. I am not in favor of reducing welfare, the appropriation for the Sanatorium, or appropriations for food, appropriations the reduction of which will injuriously affect the poor and sick of Boston. I am not in favor of discharging any employee of the city or county or of reducing their pay. But I do feel, Mr. President, that there are many items in the budget which could be reduced considerably more. For example, there is the matter which I questioned last year and which I have questioned this year, of the money appropriated for the repair of automobiles and auto trucks in the City of Boston. We have a municipal garage and we have a number of automobile mechanics in the employ of the city, enough, I believe, to do that sort of work for the city without going outside. As a matter of fact, I believe that business corporations, having the same number of autos and trucks to repair that we have and having the same number of mechanics, would not find it necessary to go outside and to hire that type of work done. I think, therefore, on that particular item alone that his Honor the Mayor could make a considerable reduction. I also feel that his Honor has not yet adopted this year the rigid no-hiring policy that he has promised us. I feel, Mr. President, that many thousands of dollars could be saved if he did so, in that particular item. I do not recommend the firing of men or the reducing of their salaries, but I do say that if his Honor the Mayor rigidly follows the no-hiring policy he can save money, probably hundreds of thousands of dollars. As Chairman of the Committee on Appropriations last year, I was told that we could not cut the budget, that the amounts in it had been reduced to the minimum and yet, lo and behold, the Committee on Appropriations drew up a report that recommended reductions from many thousands of dollars to a few thousand, and before we submitted the budget, the Mayor called the Council to his office and said he wanted us to cut the budget to the tune of \$220,000-odd. I trust that his Honor the Mayor is as broadminded and will show the same willingness to compromise that he showed last year. I then thought, and I think now, that he is a reasonable man, that he is willing to adopt another man's suggestions if they are fair and reasonable; and I think if this Council recommended to his Honor the Mayor that he give further study to the budget with a view to reducing it, and pointed out to him specific items that would substantiate the claim they make, he could reduce the budget many thousands of dollars. I move, therefore, that we submit the budget to his Honor the Mayor with a recommendation that he give further study to it.

President GALVIN—That motion has already been made by Councilor Shattuck.

Coun. LINEHAN—Mr. President, I would ask if it would be in order for us to consider these items separately and report on them in that way?

President GALVIN—The question before the house is recommendal to the Mayor.

Coun. LINEHAN—I just asked for information, whether that could be done?

President GALVIN—It can be done, councilor. The question is on Councilor Shattuck's motion to send the budget back to the Mayor for further consideration.

Coun. LINEHAN—Mr. President, now that I have obtained that information from you, I suppose it would be proper for me to tell you that I believe at this time it should be done. Personally, I am going to vote for most of the budget as it now stands, but I am also cognizant of the fact that when the councilor from the Back Bay (Coun. Shattuck) mentioned the savings that

could possibly be made on the fuel and food items, personally I agreed with him. I have sat here day after day and have been informed that there are certain reductions in fuel costs, for example, as compared with last year, and yet we are confronted in the budget with a proposed increase in prices. I am prepared to vote for a reduction in that item in various departments, if it can be proved to be a fact that the costs are less than those of last year. If that is so, I shall vote to cut it down in the budget this year to what it was last year. Of course, all of us, whether from South Boston, the Back Bay or any other section of the city, would like to lower the tax rate if it can be done. We all agree to that. Those of us who are members of the House of Representatives as well as members of this Council, have had the serious threat of the real estate tax load brought directly to our attention. We realize, as much as the different trade bodies and chambers the importance, if it can be properly done, with justice to all, of having a lower tax rate. And so, if it can be shown that there is a reduction in prices of food or fuel as compared with last year, I believe that is a proper matter to consider in passing the budget. Of course, taxes must be raised to meet the legitimate requirements of our citizens, and I believe taxes should be assessed according to the ability to pay. In my district, for example, as in other districts of Boston, we have small property owners, who perhaps pay on a \$5,000 house. But they feel a high tax rate the same as those owning more valuable property. They are going to pay plenty under a high tax rate, representing an increase of even \$1 or \$2. We have had the gentleman from Ward 12 (Coun. Taylor) tell us about a client of his who was placed in difficulty by even the payment of a \$1 increase in the amount he had customarily been paying for recording in connection with a small piece of property. Of course, we all want to see a low real estate tax if it is feasible. The whole story is this, that everyone of us in this chamber and in the Legislature, representing the City of Boston, wants a lower real estate tax. But how can it be effected? How is a lower real estate tax going to affect different people in the community who now depend upon certain activities of the city? This is a problem that is affecting not only Massachusetts but the whole country and the whole world at the present time. You cannot appreciably lower the real estate tax by cutting out a few hundred thousand dollars here. That is going to lower the tax very little. I go along with the gentleman from Ward 12 (Coun. Taylor). He has harped on the fact that the Legislature of Massachusetts is largely responsible for the financial condition of the City of Boston. I, as a member of the Legislature, agree with him. But the representatives of the people of Boston in the Legislature cannot do one thing about it. And why? Because of the fact that the membership of the House of Representatives comprises 240, and there are only forty from Boston. Take the Boston Elevated deficit—we cannot help that. We cannot help a lot of other things. Representatives of Boston on Beacon Hill, in the House of Representatives and the Senate, year after year have filed bills to do away with the present injustices as far as Boston is concerned, but we don't get anywhere because we have only forty votes in the House and a few votes in the Senate. The situation is the same with compulsory automobile insurance and other things, as they affect our city. When we attempt to have equitable compulsory insurance rates we are outvoted by the other representatives. But if there are any items in this budget which can be called to my attention where the amounts should be as low or lower than they were last year, I certainly will not vote for higher amounts in this budget on those items. Food items have been referred to, and I would like to have the facts. If you can show me that the increase in any case is because there is to be more butter or more cream or more eggs given to the inmates of our hospital institutions, I would certainly favor a more abundant diet where the necessities of the case seem to indicate that it should be given. But if the amount of food and fuel is to be the same, I should certainly not vote for an increase in such items in this budget. Therefore, I would like to vote on those items separately.

Coun. COFFEY—Mr. President, I am in hearty agreement with the councilor from Ward 12 (Coun. Taylor). I intend to vote for every item here without a cut. I recall reading a speech of former Councilor Joe McGrath in which he said that Mayor Mansfield in his campaign said that 65 cents out of every dollar spent by the city was wasted. But all we have to do is to look back a few years and compare Mansfield's administration with that of former Mayors Nichols and Curley. Not one word has been said about what took place last year and the year before. Loeffler says that the budget must be cut, and we know what has happened in attempts to cut the budget. We know that the Relief Station over in East Boston was closed, affecting 70,000 people over there and that an engine house in my section was closed. We know also that in attempting to carry out the no-hiring policy there has been a great deal of detriment to the proper activities of the city. I see sitting here in the gallery today, in the second row of the second section, Mr. Loeffler, who, with his very comfortable \$6,500 a year—and he is not even a citizen of Boston—is very much concerned about what the taxpayers of Boston may have to

pay. He is not interested in the high taxes that are being assessed in his own city of Cambridge. He has been going on here for years, and I wager that there are sitting right close to him now men who are unemployed, who are loafing because of no fault of their own, and looking for jobs, while he is getting his \$6,500 a year and comes here wanting to cut the Boston tax rate. I say, when we have these thousands loafing not only in Boston but in other parts of the country, it might be well to have the taxes go up a little bit, instead of trying to reduce them. In 1936 I aspired to office for the first time, and since then I have been serving as a representative of the people of East Boston. During that time I have not had one person in East Boston say to me that the tax rate is too high. But they have said to me—and I have in mind one gentleman in particular, in the same section where I live, who said to me recently, "I am willing to pay taxes, I don't care how big they are, if they will help to prevent my three children from loafing." We are continually having the unemployed situation brought to our attention. If it were not for the W. F. A. there would be about 18,000,000, instead of 10,000,000, unemployed throughout the United States today. Not one word has been mentioned here about the investigation that Coffey asked for in regard to snow removal. According to the Public Works Commissioner, when he asked for \$1,100,000 instead of \$1,158,000 for snow removal, he explained the difference because of the fact that many people who did not work but who put in names on the pay roll, did not dare to present themselves for payment of what they claimed. That was because of the threat of investigation of the matter by Coffey. There was a saving there of \$58,000, due to Coffey alone. I might refer to just one thing, as showing what is happening today in connection with these efforts, as we are told, to cut expenses. Take the case of Representative Roland D. Sawyer. He has been in the Legislature for twenty-eight years, one of the highly respected members of the Body, and a member of the Democratic party. He has resigned after that long term of service, because he cannot afford to go on, as a poor man, with the reduced pay he will now get as a Representative because of the biennial sessions of the Legislature. He paid his respects to Norman McDonald, representing one of the tax leagues of the state, with a salary of \$12,000 a year, stating that he was resigning after all these years of service because, as an honest man—and nobody doubts his honesty—he cannot live on the amount he would now receive. I say that he is one of the best and most highly respected legislators that Massachusetts has had probably in the last one hundred years. I also have here a letter from a gentleman in Roslindale giving figures in regard to the Fire Department. I am going to touch on this matter more lightly than I otherwise would, because of the fact that the gentleman from Ward 12 (Coun. Taylor) has done a pretty good job, as has also the gentleman who is running for Registrar of Deeds. This Roslindale gentleman sets forth the facts in regard to the Fire Department, to which I will briefly refer. He says that in the year 1938 there were 51 vacancies, in the year 1939, 61 vacancies, and in 1940 up to the present time 20 vacancies, due to retirements, deaths and resignations; that in February of 1939 Fire Commissioner Reilly made ten appointments to the personnel of his department after promising fifty, at the same time promoting 17 privates to the rank of lieutenant, thereby making seven additional vacancies in the rank of private. In November, 1939, he promised to make 100 appointments to the department, and abolish the long day by reducing the working hours from 84 to 72. He adds that when former Mayor Mansfield left office, there still existed 40 vacancies in the department, despite the fact that he made 114 appointments in the year 1937 through his commissioner. He wants to know if this is the kind of fire protection that the taxpayers are content to receive, and states that the fire apparatus responds to alarms undermanned, and so on. I am not afraid to say that the Mayor has listened too much to these tax groups. They are here for only one purpose, to make a reduction in taxes, and the representatives of those groups are simply looking to retain their jobs. As I have already stated, Loeffler receives \$6,500 a year, which will furnish a pretty good diet to live on, and I think he is able to get along very comfortably.

Coun. WARD—Mr. President, I did not intend to talk on the budget, but we listened at some length to department heads, stating their trials and tribulations, and finally what is almost a skeleton budget has been submitted by the Mayor. I talked with the gentleman from the Back Bay (Coun. Shattuck) during a committee hearing, and asked him if he thought the city departments could get along with any less money than was proposed under the budget, and the gentleman from the Back Bay agreed that he did not think the city departments could function properly with less money. There is no question of that fact in my mind, with 100,000 unemployed walking the streets of Boston. I feel that the facts in the situation have been well brought to our attention by the gentleman from Ward 12 (Coun. Taylor). Each of us knows the demands made upon us in our different districts, as well as throughout the entire city, in these times. I attended recently a meeting of a Catholic Club with Councilor Langan, the councilor from Jamaica Plain,

There we discussed at length municipal government and improvements that each district needed. One gentleman got up and said, "I believe we should have in this section a playground on this side, and one on that side, and a public library in the center." Everybody agreed with him. I asked this question, "If you had a public library and two playgrounds in the district, and every section of Boston is similarly treated in the matter of libraries and playgrounds, would you then sign a petition to increase the tax levy to \$60 on a thousand?" He said that he would not. So there you are. He and others want to have all the money possible spent in their districts, but they don't want to pay the bills. We have here what is really, I believe, a skeleton budget. The councilor from the Back Bay, as I have said, agreed with me in executive that the departments could not run on less money, which led me to believe that the budget reported by the committee would be acceptable to the gentleman from the Back Bay. He said that, and I agreed with him. I think the committee has worked hard. I believe it gave every ounce of consideration to the complaints of the taxpaying group, and I believe that this budget, without further comment, should be accepted as is.

Coun. CAREY—Mr. President, there has been a great deal said about minor cuts that might be made in this budget, for instance, that there might be a saving, we will say, of \$50,000 on equipment and on fuel. But I believe that his Honor the Mayor will see to it that if anything can be saved on these items it will be saved. There has been one point brought out, to the effect that the total valuation of the City of Boston in 1939 was \$1,524,806,000, and that in 1940 it is \$1,500,000,000. In other words, there has been a drop of \$24,000,000 in assessed valuations during the past year. True, that might be because of abatements that have been allowed. But, if so, it must be borne in mind that the sizable cuts were undoubtedly made in the downtown districts, districts controlled and operated by these so-called taxpayers' organizations, representing people who do not live in the city and do not care about the upkeep of the districts which have the lower valuations. They want to have the valuations on their property lowered, and don't care whether or not the outlying districts exist or have proper care given to them. Those people would like to see a large decrease in the tax rate, a decrease which would not allow of the proper functioning of our city departments. But the money for the functioning of those departments must be provided in some way, if our city is to be properly run. I certainly feel that the Mayor has done a good job on this budget, and I am therefore prepared to vote for the budget as presented.

Coun. SHATTUCK—Mr. President, the gentleman from Brighton (Coun. Ward) referred to a conversation that he had with me. I think he misunderstood what I said. I may have said that cuts could not be made to a large extent, but I don't think I said to him, and I certainly did not mean, that there could be no cuts. The cuts, I have suggested, outside of the pay cuts, amount to about one per cent of the total budget, and in many departments, such as Welfare, I have not suggested any cuts at all. I made no such suggestion, and I do not approve of any cuts in that appropriation. As far as food and fuel are concerned, the Mayor in his message transmitting the budget, under the head of "Supplies," said:

"Because of increased prices of fuel, medical and surgical supplies, and for food necessary for the feeding of some 6,500 patients, inmates and employees in our hospital, Sanatorium and institutions, provision has been made for a margin of safety beyond last year's appropriation in the supply item of this year's budget."

In other words, it was stated that the increase in the item for food and fuel was because of increased prices this year. I have disputed the increase in those prices. The budget calls for about 15½ per cent increase for these items. I find from the indices of such prices brought out every month that retail prices, on the whole, have gone down. I find from talking with a gentleman whose business it is to buy for public institutions that the cost of beef is just about the same as last year, a little less if anything, and that dairy products cost not over ten per cent or five per cent more than they did. So the present-day figures show that there is no warrant for a fifteen per cent increase in those categories. The increase at Long Island is 9.8 per cent, whereas in the hospital and Sanatorium the figures remain fairly constant. At Long Island the increase in fuel is about 6 per cent, and in the hospital and Sanatorium 27 and 29 per cent. It is true that at Long Island the fuel is mainly coal, and in the hospitals it is fuel oil, and it is also true that fuel oil has gone up some more than coal, which would justify some of the spread, but the spread between 6 and 27 or 29 per cent is some spread. I have not suggested that the amount of food be decreased one iota. I have shown, I think, that the excuse of increased prices is not a valid excuse. We can say all we like about the owners of real estate, but, even if their name is mud, even if you do call them all sorts of names, the taxes we collect in that way are practically all there is, and furnishes us with practically all the income we have. If we allow the property to be further devalued, the source of our income is injured and destroyed. So the city has an interest in the matter. A

reduction of \$1.50 in the tax rate would not be very tremendous, but the effect of such action would be much greater than the amount, because we have the taxes going up, up and up, until there seems to be no limit, and the property owners are discouraged. They have got to the point where they will not put up new buildings or repair old buildings, and I don't know where the end is. The city is first mortgagee of the property, and there is no limit. So I suggest putting a check on increased taxes, so as to give people a little encouragement. Let them see that the taxes levied for 1939 and 1940 are the limit, and that there will be no further increase, so that the property owners can have some courage to build new buildings and improve the old ones. The blight that has struck real estate will then be removed or mitigated.

Coun. WARD—Mr. President, let me simply say that, if I misunderstood Councilor Shattuck in executive session in regard to the budget, I apologize, but in answer to what has been said in regard to being unfair to people who own real estate, during the boom real estate was commercialized, and many of the evils that have been connected with it were brought about by non-resident property owners, men living outside the city limits, who now wish the city to protect their investments, and who now ask that the appropriations for the Police Department, the Fire Department and other departments concerned with safety in Boston be cut down, so as to reduce their burden on the property that they are now carrying. That, I repeat, is not quite fair.

Coun. RUSSO—Mr. President, after listening here to the pros and cons for over an hour, I feel that I should express my own sentiments upon this budget, as a member of the committee that considered the budget. We worked upon it for some time, and arrived at what we thought was the best conclusion. I am in full accord with the gentleman from Ward 12 (Coun. Taylor). I feel that he has done a good job. In expressing his sentiments, he has expressed my own. But when, at a hearing of the committee recently held, the gentleman from Ward 1 (Coun. Coffey) said that we were a parcel of chumps because we listened to a gentleman who came before the committee, I was present and listened to what that man had to say, and I don't think because I did so I should be called a chump, because I am willing to listen to any individual who expresses his opinion, after which I will form my own. I have formed my own opinion in this matter, and I don't feel that any reduction of this budget should be made, especially in connection with the hospital or Sanatorium. I have had the good fortune to go into the Sanatorium in Mattapan, and view the patients there. If the reduction suggested on that appropriation means that the patients will have to have skimmed milk, as one of the doctors told me, I am certainly not in accord with any such reduction. When things get to a point that there is a threat to the lives or health of those who are in our charge in the hospitals or other such institutions, I say, let the budget go as it is. My feeling is the same in regard to the Welfare Department. I know that in my district I am confronted every day and night by people who are seeking aid. I have to call on the Welfare Department to render such aid as can be given to those who are sick and out of work. I feel that his Honor the Mayor has done a good job and that the budget has been reduced to the minimum, and that it should pass as presented.

Coun. COFFEY—Mr. President, in regard to the remarks of the gentleman from Ward 3 in regard to the hearing that was held in the secret room, where Loeffler was invited to speak, I don't think that what I have said in regard to that meeting was unfair. After I found out where the room was and that this meeting was going on, I walked in and spoke as has been stated to the gentlemen present at this secret meeting of the Committee on Appropriations. I asked if the meeting was held for the benefit of Loeffler and was told that it was not. But Loeffler had been invited there and was proposing cuts here, there and everywhere in the budget. So I said that the committee were a bunch of chumps, and I repeat that any member was a chump for sitting and listening to a gentleman coming in here from the City of Cambridge, where the tax rate on property has gone up 60 or 70 cents, and telling councilors of this Body what they should do in the way of cutting the budget of the City of Boston. So I did say that those who would sit there and listen to that gentleman, telling how to reduce the taxes of the people of Boston, were chumps. Of course, he will probably continue in his \$6,500 job, doing his best to reduce the budget of the City of Boston, while the people of Boston are walking the streets looking for a job.

Coun. LYONS—Mr. President, I happened to be one of the members of the committee on that day, and nobody here can call me a chump. This happened to be a meeting of the Appropriations Committee, a meeting for the committee itself, although those who wanted to come in were welcome to do so. We had a short meeting before Mr. Loeffler was invited in, and we heard what he had to say. I hold no brief for Mr. Loeffler, and I am not influenced in the position I may take upon this or any other matter by what Mr. Loeffler may say. Of course, he was granted the courtesy of a hearing, although what he said did not influence me one way or the other. I am always willing to receive information, however,

from any source. If the devil himself can teach me anything, I will listen. Mr. Loeffler is a pretty smart, capable man, and I am glad to listen to him at any time. But he cannot sway me one way or the other. When I come to vote, I shall vote as my conscience dictates.

Coun. WARD—Mr. President, to square up one thing, so far as the invitation to Mr. Loeffler by the gentleman from Ward 5 (Coun. Shattuck) is concerned, I think, when it was suggested that we invite Mr. Loeffler into executive session, a poll of the committee was taken. So Mr. Loeffler did not appear against the wish of the committee. I was entirely willing to hear what Mr. Loeffler had to say with regard to the budget, and I don't think I have been called a chump for the last fifteen years.

Coun. Shattuck's motion to send the budget back to the Mayor for consideration and possible revision was rejected, yeas 2, nays 19:

Yeas—Coun. Chase, Shattuck—2.

Nays—Coun. Carey, Coffey, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—19.

The budget as reported by the committee was passed, yeas 19, nays 2:

Yeas—Coun. Carey, Coffey, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—19.

Nays—Coun. Chase, Shattuck—2.

COLLECTION OF TAXES FOR 1929 AND 1930.

Coun. TAYLOR and LYONS offered the following:

Ordered, That the City Collector be requested, through his Honor the Mayor, to instruct his constables to refrain from any proceedings in the collection of the excise and personal property taxes for the years 1929 and 1930.

Coun. TAYLOR—Mr. President, I have been contacted by many people who have complained that they have been receiving threats from the City of Boston of proceedings against them in connection with their excise and personal property taxes for the years 1929 and 1930. I don't know what has been going on in the Collecting Department for the past ten years, but I, for one, certainly am not in favor of penalizing people for the sins of the department during that time. Many people are now being asked to pay excise and personal property taxes for 1929 and 1930, taxes of ten and eleven years ago, on something that they claim they do not own. We all know about the six years' statute of limitations in this state in the case of ordinary debt. In other words, a man in business or in connection with his home expenses receives a bill, and if that bill is for something that happened over six years before, and which it is claimed has not been paid, he has the right to set up the statute of limitations as a bar. I don't know exactly what the law in Massachusetts is in regard to the payment of taxes, in that respect, whether there is such a statute of limitations. I have looked up the law and cannot find a decision in such a case as to whether that is a good defence. In some states of the Union it is held to be a good defence, and I feel that there is good ground for claiming that it should be so held here, because after all the City of Boston is nothing more than a corporation, and if the city submits a bill for anything it is up to the city to see that the money is collected within the six years, or to bring the necessary legal action to collect it. I need not go into the history of some constables, but I think we have all heard of constables who have taken money from taxpayers and have not paid it to the City of Boston. I know there are cases where constables have been fired for that sort of thing. As a result, there are no doubt thousands of people in the City of Boston who have paid taxes which have never been turned into the city. We know also that the ordinary business man does not keep receipts after six years, and you cannot expect a taxpayer to keep his receipts longer than six years. So I say it is unfair for the City Collector to present a bill to a man ten or eleven years afterwards and demand its collection, when in most cases it has probably been paid. Being a member of the Committee on Constables, I will simply add that if constables persist in harassing individuals in such cases after ten or eleven years, for the payment of bills which the taxpayers claim have been paid but of which they are unable to find the receipts, I, as a member of the Constable Committee, will recommend that the services of such constables be not continued; because when it is claimed as far back as 1929 that a tax bill has not been paid, there is certainly at least very reasonable doubt that that is the case, and a fair assumption that it was paid, even though the receipt cannot be found after this late date. I believe that most of the members of the City Council will agree with me.

The order was passed under suspension of the rule.

ABOLITION OF PHARMACISTS' LIST, CITY HOSPITAL.

Coun. KELLY offered the following:

Whereas, The civil service list of pharmacists expired on November 8, 1939; and

Whereas, The Director of Civil Service extended said list on February 24, 1940, and submitted three names to the trustees of the Boston City Hospital from which one was to be selected for appointment; and

Whereas, Each of the three persons certified notified the Director of Civil Service in writing that he was willing to accept this work; and

Whereas, Doctor Manary, Superintendent of the City Hospital, interviewed the three persons whose names were certified on March 4, 1940; and

Whereas, on March 5, 1940, the Director of Civil Service declared the pharmacists' list abolished forthwith; therefore be it

Ordered, That the trustees of the City Hospital be requested to inform the City Council, if possible, the reason ascribed by the Director of Civil Service for abolishing said list.

Coun. KELLY—Mr. President, the reason why I have introduced this resolution is because of the action taken by the Director of Civil Service, Mr. Lupien, in the State House. I realize that the civil service list for pharmacists was established November 8, 1937, and I also realize that it expired two years later on November 8, 1939, but I also realize that the Director of Civil Service extended said list on February 24, 1940, and submitted three names to the trustees of the Boston City Hospital from which one was to be selected for appointment. In turn, these three persons notified the Director of Civil Service in writing that they were willing to accept this work and they were also interviewed by Doctor Manary on March 4, but the next day, March 5, Mr. Lupien for some unknown reason, or a reason which is known only to himself, suddenly abolished the pharmacists' list. Assuming that the Director of Civil Service, Mr. Lupien, claims to live up to the law, I wonder if he can explain his action in submitting to the trustees those three names, from which one was to be selected for appointment, and his action, after each one of the three persons certified notified the director in writing that he was willing to accept the work, and after Doctor Manary had interviewed the three persons, in then declaring the pharmacists' list forthwith abolished. Therefore, I have introduced these resolutions and this order, requesting the trustees of the City Hospital to inform the City Council, if possible, the reason ascribed by the Director of Civil Service for abolishing the list on March 5, after the three names were submitted by him to the trustees of the hospital and after their statement of willingness to accept the work on March 4. I believe the City Council should have this information.
